**What Becomes of the Money You Earn?**

If it goes into a bank or into an investment for your maintenance in the later years of life, you are wise—also fortunate.

If it is frittered away from day to day you are unfortunate now, and you will be even more unfortunate when old age overtakes you.

A savings account starts you right and keeps you going. It also gets you there.

**No Meal Is Perfect Without Good Meat**

Relishing a meal puts a fellow in a good humor (the ladies are always that way).

Without meat there is always a feeling of something lacking. And if you have meat, and it is not of the best, the relish is not there.

The obvious thing, therefore, is to buy the best meat—meat that produces a relish—that puts you in a good humor—that keeps you in the pink of condition.

The quality of the meat you eat is more important than the quantity. Is has QUALITY if bought from us.
