**TO MOTORISTS**

When the grease runs out the part will soon wear out

DO you know the location of EVERY PART of your car that requires lubrication? Many motorists do not, and their lack of knowledge costs them money.

Drive by and we will gladly point them ALL out to you.

This is a good time to prolong the life of your car by having it overhauled and tightened up for the summer's work.

Little defects in a car lead to big breaks. Correcting little defects is inexpensive. Repairing big breaks runs into money. Have it done while little.
