## COEBURN BANK DEPOSITS INCREASE \$40,000 IN 30 DAYS

First National Bank, of Coeburn, Installs Burglar Proof Vault—Was Strong Bidder for \$220,000 Lipps District Bond Issue

Coeburn, Va., June 26.—(Special to The Post.)—In addition to the many improvements being made in our town in the way of better streets, better sidewalks, better buildings, sewerage system, water works, the First National Bank, with resources of about one million dollars—being ever alert to the interests of its patrons and the citizens of the town, has recently, for the benefit of its patrons and our citizens, put in a new and large burglar proof vault of the modern type. This vault is built of concrete, brick and reinforced steel and is lined throughout with solid steel and equipped with a modern burglar proof door that weighs many tons. In this vault the money and valuable papers of the bank are kept, and in addition to the space for the use of the bank, a large space has been reserved for its patrons and the citizens of the town and community for the storage of valuables. In addition to the splendid equipment mentioned the bank has recently secured a large supply of the new Protec-U checks, both pocket size and desk size, for the use of its patrons. These cannot be raised at all and are the greatest protection to be had in that line. The bank has also enlarged and greatly improved its banking rooms. The bank was in such a strong financial condition during the depression that swept over the country during the past eighteen months that it was able to make loans to its regular patrons when nearly every other bank throughout the country was unable to do so. Business is now increasing from week to week and has shown an increase of from \$30,000.00 to \$40,000.00 during the past thirty days. The bank was a very strong bidder for the entire issue of \$220,000.00 Lipps District bonds recently sold, through a technicality the bonds were awarded to a Cincinnati bond house, but it is generally conceded that on account of the strong bidding of the bank the district was enabled to secure several thousand dollars more for the bonds.

## GOOD BUSINESS IS HERE ONCE MORE

During the last two years the people of the United States have become accustomed to having the old story of hard times dinned into their ears. There is no use disguising the fact that business suffered. Prominent men the country over have commented upon this improvement and there is no shadow of a doubt that better business is already with us.

## How did your neighbor's last bargain tire turn out

PROBABLY you know at least one car-owner who is always on the look-out for the cheapest tires he can find. He likes to get them by mail or at a sale or at some place where they have big red bargain signs over the door.

It would be fine if he could get "the edge" in every tire trade.

But the dealer can't afford to let him have it.

Even if a man saw any slight percentage in tire shopping at all—it disappeared when the "Usco" brought the price down.

A standard product—and the dealer sells it with pride.

A good tire. The dealer has no desire to trade you into a larger profit for himself.

An out-in-the-open tire. The dealer sells you confidence, not price. He wants you satisfied with performance and value. The only way he knows to get your business is to deserve it.

This is the "Usco" idea.

Compared with the ten-minute thrill of the bargain appeal, the "Usco" is just plain commonsense.
