METHODISTS WIN FROM BAPTISTS

Extra Base Hitting by Victors a Feature—Youell Hits Two Home Runs in One Inning

The Methodists easily defeated the Baptists Saturday afternoon by a score of 19 to 6 in a game that was featured with much extra base hitting on the part of the Methodists. The Baptists used four pitchers in an effort to stop the slugging of their opponents which was in evidence in almost all the games. Gilly, the last pitcher, succeeded in striking out several men, but walked a number of batsmen and the Methodists continued scoring.

In the fifth inning the Methodists made eight scores when they hit two home runs, two three bangers and two singles. Youell was at the bat twice in this inning and bared out two home runs. Jarvis pitched a steady game for the Methodists and did not show any signs of weakness until the eighth and ninth innings.

LYNCH, KY., TEAM PLAYS HERE

The Lynch, Ky., base ball team, who have been playing several different teams in Southwest Virginia for the past few days, visited Big Stone Gap Thursday and easily defeated a team picked from this place, Appalachia and Pennington Gap by a score of 12 to 2. Heavy hitting by the visitors were the main features. Sufferino, Kirkpatrick and Foster getting home runs. Littrell, local school pitcher, was on the mound for the home team, and did creditable work for a youngster. He was given poor support in the field.

Innings 123 456 789 R H E
Lynch 100 112 160 12 14
B. S. G. 001 004 000 2 6

Help You Choose Tires

500 miles at 94.48 miles an hour—a relentless grind over a rough-finished, sun-baked concrete and brick pavement at record-breaking speed—that is the grueling test Oldfield Cord Tires underwent successfully at Indianapolis Speedway May 30th. They were on the winner's car for the third successive year and on eight of the ten finishing in the money, upholding the confidence successful race drivers have in the trustworthiness and ability of these tires to meet the greatest demands of speed, endurance and safety. Their records in every other important race have been equally as good.

Consider this achievement along with another test of Oldfield quality made at Wichita, Kansas, this past winter and early spring.

34,525 miles on rutted, icy Kansas roads, running day and night on a Studebaker stock car without a single tire change. This test was made by a group of Wichita automotive dealers in a tire, oil and gasoline economy run. Mayor Kemp of Wichita was official observer and made affidavit to the mileage and service given by Oldfield tires.

You may never subject your tires to the grueling experience of Indianapolis nor the steady grind of bad winter roads, but it is good to know you can get such safety and mileage economy by buying Oldfield tires. Ask your nearest dealer.

165% Increased Business
The buying public is the greatest barometer of the value of any article. Their approval of Oldfield value has been demonstrated by the increase of 165% in business for the first five months of 1922 over the corresponding period of 1921.

Agents Everywhere
Oldfield Tires are distributed through 11 branches and distributing warehouses in all parts of the United States. More dealers are constantly becoming Oldfield agencies and Oldfield Tires are now available in your community.
