STALLED BEEVES,

Muttons, and 15000 weight of choice Bacon,

FOR SALE.

FOR cash, or respectable merchants notes at 60 days. I can furnish a purchaser with seventy or eight bullocks as any in the state, perhaps not quite so large boned as the cattle from the South Branch of the Potomack, but equally fat. In preference I would sell them on the spot were they stalled, but will drive them to *Norfolk, Richmond, or Petersburg*, if previously engaged by a butcher, or any other person inclined to buy, and as it may not be convenient, to take, or pay for the whole at one time, a purchaser may have any part not less than ten if taken here, but if driven by my own people, they must all go at one time. I have also a number of exceeding fat muttons, and 15000 weight of choice bacon, the hams salt-petred with particular care, and the whole made out of large fat hogs, and intended for the use of private families. Letters, post-paid, directed to me by mail to *MARSHALLSVILLE, MECKLENBURG county* shall be duly noticed.

CITY OF RICHMOND.

In Common Hall, Jan. 17th 1803

WHEREAS the present funds of the corporation are not adequate to the expense of erecting a WORKHOUSE for the city, which would combine within itself all the conveniences which a well regulated institution of this kind would require; having a regard to the future population of this city, yet it is wise and expedient that the funds now destined for this useful institution should be laid out in such a manner as to answer the present purposes of the corporation, and to admit such future additions as the increasing population may require. Your Committee, therefore, beg leave to recommend to the consideration of the Common Hall, to call in the aid of those who have experience of such institutions, and to offer a premium for the best plan of a Workhouse, which will be considered as to admit of being erected in parts, as the funds of the corporation will from time to time afford.

Resolved, therefore, that the committee appointed to prepare a plan of a Workhouse be discharged from further proceeding therein. And that the Mayor be requested to give notice in the newspapers, or otherwise, that the sum of thirty dollars will be given by the corporation, as a premium to the person who shall present to the Hall, on the third Monday in February next, the best plan of a Workhouse, approved of as above mentioned, and to be approved of by the Hall, estimating the cost at four thousand dollars.

RICHMOND MILLS.

THE subscriber hereby informs the public, that as length, after much trouble and expense, he has nearly completed one of his Mills on the *James River Canal*, in which there are two pair of Burr mills for manufacturing WHEAT, and two pair of Colonges mills now ready to grind CORN.

That the inconvenience which might arise from delay and difference of measures may be avoided, CORN will be received only by weight, at fifty pounds to the bushel, and a supply of MEAL and HOMINY will always be kept ready to give in exchange, at the rate of eighty-five pounds of Meal, or ninety-two pounds of Hominy, for one hundred pounds of Corn.

After the loss of weight by cleaning, and evaporation in grinding is deducted, the toll on Meal will be only about one tenth, and on Hominy one twentieth; it will, therefore, be much to the interest of those who keep horses, to have all their Corn ground.

As the subscriber is now providing a Fan and Screen for the purpose of cleaning the Corn effectually before it is ground, and the Meal will be made from the best Corn only, and none but such as is merchantable will be received; he hopes that general satisfaction will be given.

THOMAS RUTHERFOORD.

N. B. The deduction for Storage and Shrinkage on Corn, deposited to be exchanged for Meal and Hominy, will be made as moderate as possible.

January 1, 1803.

TO THE PUBLIC.

Gentlemen, who wish to subscribe to the Saturday's Recorder, are requested to send in their subscriptions, within a very few days. But this they need not do, unless they send in the same time, two dollars in advance. The next Saturday's paper, to wit, that of the 25th current, is the last that can be issued to any person either in town or country, unless to those that have paid for it, one year in advance.

In pleading before the court of Henrico against the *King of Clubs*, Mr. William Marshall observed that "The Recorder had the most extensive circulation of any newspaper, perhaps in Virginia; and that there was never, perhaps, an instance of such an extensive patronage acquired by any other newspaper, in so short a time."—This patronage has been acquired by exposing, with an impartial hand, the faults of all parties.

There never was more occasion for political vigilance than at present. As the bible says, *there is death in the pot*. There exists an atrocious conspiracy against the liberty of the press, and of course, against the liberty of the people. This can be doubted by nobody that has heard of Croswell's trial, on which we have enlarged at so much length.

Again, the right of meeting their own magistrates has in effect, been torn from a majority of the citizens of Richmond, by a phalanx of democratical usurpers.

Take notice, also, of what follows. In last session of assembly, Mr. Venable proposed a declaratory resolution *that the truth shall be given in evidence in cases of libel*. This resolution was, for that time, defeated by Peter Carr, the correspondent, such as he was, of general Washington, and the confidential agent and nephew of Thomas Jefferson. There can be no doubt that Peter, like his apostolical namesake, was inspired from above.
