

Y. M. C. A. IN PETERSBURG

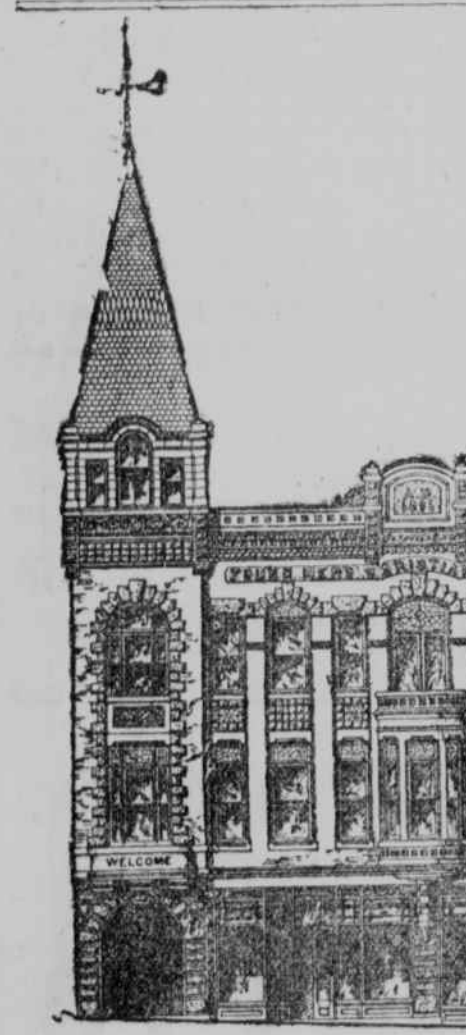

To Have the Finest Building of the Sort in Virginia.

Will Contain Modern Improvements.

Arrangement of the Different Departments. Stage and Dressing-Rooms-Description and Plans.

The finest association building in the South will before long be erected by the Young Men's Christian Association of Petersburg. For some time past the committee on plans and building have been hard at work to study up the best plan and they have in company with the architect, Mr. Harrison Waits of Petersburg, visited the association buildings of New York, Brooklyn, Worcester, Mass., Providence, R. I., Albany, Utica, Rochester, Boston.

The building will be erected on Sycamore near Tabb streets, on the site of the old iron front building which burned down about eighteen months ago. The building will have a frontage of 88 feet and will be 175 feet deep. It will practically consist of two buildings, the rear building of which will contain the gymnasium, baths and hall. The lot on which the structure will be erected has cost \$11,000, and the construction of the building will involve an estimated expenditure of \$30,000.

NEW YOUNG MEN'S CHRISTIAN ASSOCIATION BUILDING, PETERSBURG.

stories. The rest of this floor will be taken up by three large stores, each are twenty-three feet wide and 100, 100 and 100 feet deep respectively. In the rear building, which is separated from the front by the area, the gymnasium will be located. This part can be reached only from the second story, although an iron bridge has been provided across the area for a case of necessity. The gymnasium will be 40 by 70 feet, and will be furnished with the very best apparatus of the latest patterns and improvements.

The second floor will contain a reception room 25 by 27 1/2 feet, a general parlor 25 by 25 feet, a ladies' parlor 14 by 21 feet, a reading room 15 by 45 feet, a library 17 by 31 feet, a directors' room 10x22 feet, a boys' room 18 by 19 feet, the secretary's office 10 by 16 feet, an assembly room 30 by 40 feet, and the main hall 53 by 54 feet. The hall will be constructed similar to a theatre, and its seating capacity, including the gallery in the third story, will be 900. Opera chairs of the latest pattern will form the seats both in the hall and gallery.

STAGE AND DRESSING ROOMS. In the rear of the hall will be a stage with a dressing-room on each end. At the lower side of the main hall a corridor will lead over an iron bridge across the area into the rear building and down into the gymnasium. At the foot of the stairway will be a room set aside for the gymnasium instructor. The second story of the rear building will be taken up by the visitors' gallery on one side, while a gallery five feet wide surrounds the gymnasium. This gallery will be turned into a running track; it will be constructed some what slanting towards the inner edge and will be thickly covered with rubber. Twenty-four rounds or laps will make a mile.

THIRD FLOOR. The third floor, which will only extend over the second story of the front building in its rear part, is to contain the gallery for the main hall. Next to it there will be a spacious kitchen, pantry and storage-rooms. The front part of the third floor will contain four class-rooms, which will be so constructed as to be eventually thrown into one room. Each one of them will be 14 by 16 feet. There will be also on the same floor two lodging-rooms, which will be furnished and attended to by the ladies' auxiliary board of the Association. These rooms will be rented out to young men, members of the Association, at reasonable figures.

The whole building will be heated by steam and the light will be provided by electricity. The Young Men's Christian Association of Petersburg has at present over three hundred members, every one of whom pays a membership fee of \$2 a year, while in this city only those who want to join the gymnasium pay \$5 and the rest are satisfied with a membership ticket for \$3 per year. As soon as the new

building is opened the membership of the Petersburg Association will no doubt be largely increased. It is the intention to push the building so that it can be put under roof before the next winter sets in.

SOCIAL AFFAIRS.

Miss Thaw's Military German-Miss Hill's Private Party.

Miss Mary Thaw gave her last german Thursday evening, and the entertainment was a fitting finale to the successful session. About 9:30 o'clock the young ladies and men had gathered in Monticello Hall, and to the strains of the "Santitas" waltz the handsome couples began their evening's pleasure. Miss Thaw led the first part of the german, and was later assisted by Mr. John Hill. Much beauty was added by the young lady carrying a United States flag, while the leader gave his orders with the movement of a sword. A collation was served during the evening and dancing ended about 2 o'clock in the morning. At the affair many lovely girls were present. Thursday evening at the residence of Miss Maud Hill on south Pine street. Among those present were Misses Maud and Mary Hill, Lucy Haynes, Elsie Calder, Emma Brown, Minnie and Olive Bethel, Linder, Foster, Maud, Charles Owens, Ferdinand L. Leinewaber, Mr. Smith, B. H. Crouch, Charles Carter, John Wood, Lloyd Bullock, Willie Flournoy, Wilton Farmer, Earl Gibbs, Wilton Carter, Eddie Phillips, Frank Wells and George Hundley. The chaperons were Mrs. Edward Bernard, Mrs. Wells and Mrs. A. J. Haynes. After spending a very pleasant evening the young people left for their homes at an early hour in the morning.

Under the auspices of the Friday German Club a tug party to Warwick Park has been arranged for Thursday evening, May 21st. From fifty to sixty couples are expected to take part in the entertainment, and judging from the preparations made the affair will be a very stylish one. Immediately after the arrival at Warwick Park aerman will be in charge of the well-known leadership of Mr. John Boisseau. During the intermission supper will be served by Pizzini. The first moonlight excursion of this season to Dutch Gap on board of the steamer Ariel will be given next Tuesday evening, May 14th, for the benefit of the Church of the Covenant. The ladies of the church, under the well-known leadership of Mrs. William James Epps, have completed their arrangements, and the affair promises to be a very enjoyable one. Refreshments will be furnished on board of the steamer at very reasonable figures, and a large crowd is expected for a great many tickets have already been sold.

THIRTY-SECOND REUNION

Of the Richmond Howitzers at Young's Pond Monday.

The thirty-second annual reunion of the Richmond Howitzers will occur at Young's pond Monday. Conveyances will leave the armory, Eighth street beyond Leigh, at 9 A. M. sharp. The Association and also the lady friends of the battery will go. The following committees, with Lieutenant Bosher as chairman, leave the affair in hand: Invitation-Sergeant H. M. Starke, Sergeant J. Stuart, Corporal W. McK. Fisher, Walter G. Duke, and W. C. Ammons. Transportation-Corporal W. S. Woodson, James Healey, R. D. Austin. Amusements-Corporal John S. Eubank, H. G. Whitte, E. M. Crutcheff. Refreshments-Sergeant W. C. Ammons, Walter G. Duke, R. D. Austin.

RICHMOND'S OAR PULLERS

Earnestly Preparing for the Contest Here Next July.

THE CONTESTING CREWS' COMPOSITION.

Bad Weather Interrupted Rowing During the Week Somewhat-General Notes From Over the State.

The week just past has been rather unfortunate for the rowing interests in this city, for on three afternoons rain prevented the oarsmen enjoying themselves. However, the crew which is now in training for the defense of the challenge cup at the coming State regatta could not be frightened away as long as it did not rain bricks, and in that instance they would have only stopped for fear that their boat might be injured. Every afternoon the crew went down the river, and it goes without saying that the boys are progressing nicely. The crew, as it stands now, will consist of Robert Pegram, George B. A. Adams, 2, W. F. Brodman, 3, Calisch, with his mother and brother, then went to Toledo, while his father endeavored to re-establish a home. Mr. Calisch returned soon after, and went to school until 1875, when his father died.

At the beginning of the season Mr. Dorsey Cullen had a very good chance to become a member of the crew, but he had the misfortune to sprain his right foot several weeks ago. While he has since recovered and is enabled to play ball again, a certain stiffness has remained in his foot, which incapacitates him from rowing. The question as to who the coxswain is to be is a subject upon which no doubt the right man will be found for the place before the day of the regatta.

OLD MEMBER. Last Wednesday Mr. William Tinsley, an old member of the club, made his appearance at the boat-house and was welcomed in the most cordial manner. "Tilly" is well liked by everybody and he well deserves it, for many times he has won the famous cup to victory. He was the coxswain of the famous crew of 1889 who won the race at Baltimore and a few days later took the challenge cup away from the Rives at Warwick Park.

Mr. J. Welsh of Philadelphia, who has been visiting the boat-house, has just returned from a week and a half in Europe. He was very much pleased and admiration for his brilliant performance in his single, has returned home. Mr. Worman of the Atlanta Boat Club of New York city, an old oarsman who has participated in a number of regattas, was also a visitor at the boat-house last Tuesday afternoon. An old oarsman from across the big river, Mr. Gersch, a native of Germany, visited the Virginia boys yesterday afternoon. Mr. Gersch has been successful at rowing in Germany, and has just returned from a tour of the world, well pleased with the Virginia club and intends to join it.

COLLEGE CLUB. The crew of the Richmond College club failed to make an appearance on the river during the past week, presumably on account of the stormy weather. However, they expect to be in trim to meet the University School of Petersburg, or the Washington and Lee, of Lexington, prior to the State regatta.

During the coming week that crew will be compelled to shift for themselves, for their trainer, Mr. James C. Gaub, will be obliged to leave the city to-morrow morning on some legal business, and he will not be able to return before Friday or Saturday. The club of the Young Men's Christian Association is making very good progress. Since the election of officers last Tuesday evening a good deal of the money subscribed has been collected. Committees on boats and boat-houses have been appointed, who, within a day or two, will report to the executive board, and in all probability the construction of the boat-house will be begun before another week has gone by.

The Old Dominion base-ball nine were to have gone to Charlottesville on Friday evening to play a nine of the University of Virginia yesterday afternoon. On account of the heavy rain on Friday, however, the game has been postponed until to-morrow afternoon, and the Old Dominion will only leave this evening to cross bats with the Universities.

EMORY AND HENRY COLLEGE. The students of Emory and Henry College will have their field day on June 9th and a very interesting programme has been arranged for this occasion.

At the commencement exercises of the college, Dr. Thomas Nelson, president of this city, will be one of the orators. Other speakers will be Dr. Buckley, of the New York Christian Advocate, Dr. Steele, of Nashville, Tenn., and Walter Lambuth, head of the Japanese mission.

The athletic exercises have received a new impetus at Emory and Henry College during the past year. Through the liberality of Sam Small, the noted evangelist, and a number of friends the gymnasium of these boys was built three years ago. It is a large, airy, well-ventilated building, and is a very fine one of the best buildings of its kind in the South.

A year ago the board of trustees elected a regular instructor, supplied the gymnasium with some very fine apparatus, and made the physical culture work compulsory upon every student. The result of these steps has far exceeded the hopes of those in charge of this department. The students have improved wonderfully in lung-power, muscle and weight, while sickness has been almost unknown.

At a preliminary trial for the field day, held two weeks ago, some very good records were made, and it is believed that the result of the field day will give the college the record of the State on that test year of its age. The system used has been strictly one of light-weight exercise, and while the rings, bars, trapeze, ladders, etc., have been freely used most of the work has been done with light dumb-bells and clubs, nothing heavier than four pounds being used, and thirty of Professor D. L. Dowd's well machines have also proven very beneficial.

Out-of-door sports have also been carried on very successfully: base-ball, foot-ball, tennis, skating, running and jumping have had full swing when the weather permitted. In the late match games of base-ball played the poorest score was 7 to 2, the best 5 to 0. The association game of foot-ball is played exclusively with Abingdon, and resulted in a score of 2 goals to 1 in favor of the college. Only a beginning has been made at tennis, but there are some promising players among the students.

The future of athletics at Emory and Henry looks very bright. With a beautiful campus and gymnasium which is rapidly being fitted up with all the appliances needed for training, our students are very apt to become men of muscle as well as men of brain. Such care is taken that the whole physical man might be built up that at the end of the four years' work the student has made himself not an acrobat or gymnast, but a symmetrically developed man.

Mr. Goldsby Dead. Mr. David M. Goldsby died at his home, No. 1023 west Chestnut street, last evening at 7:30 o'clock, in the forty-first year of his age. Mr. Goldsby was the popular and efficient assistant freight agent of the Richmond Fredericksburg and Potomac railroad, which position he has occupied for a number of years. He possessed a large host of friends in Richmond and elsewhere, and his death was well mourned by all who knew him.

Mrs. Parsons Dead. Mrs. James Parsons, wife of Mr. W. A. Parsons, of the Anna River Immigration Society, died very suddenly at her home near Goodland Courthouse, about 9 o'clock last Friday night. Mrs. Parsons was well known in Goodland, where she had many friends. Her life was that of a noble Christian, and her deeds will continue to live.

FEATHERS AND HATS BLEACHED OR COLORED TO MATCH DRESS OR TRIMMING. N. NO. 215 EAST BROAD ST. Second Floor.

THE NEW BABBL

Rev. Mr. Calisch Soon to Take Charge at Beth Abahah.

Rev. Edward N. Calisch has identified that he would accept the pastorate of Beth Abahah congregation, and will soon leave his home in Peoria, Ill., to do so. Mr. Calisch was born in Toledo June 23, 1855, at present being twenty-five years of age. His parents moved to Michigan soon thereafter, and remained till he was six years old. They then moved to Chicago, just one month prior to the great fire of 1871, where every thing was lost but the clothes they wore. Mr. Calisch, with his mother and brother, then went to Toledo, while his father endeavored to re-establish a home. Mr. Calisch returned soon after, and went to school until 1875, when his father died.

REV. EDWARD N. CALISCH.

He was then at the age of ten years and began work as a cash-boy in a large dry goods store. He remained there a year, when he was sent to the Jewish Orphan Home at Cleveland, O. He remained there three years, and while there won a scholarship in the Hebrew Union College at Cincinnati. He went to that city in 1879 and remained there eight years, graduating in 1883 from Hughes High School and in 1887 from the College and University in Peoria, Ill., where he is at present. Mr. Calisch was married in January, 1890, to Miss Woolner, of Peoria.

Manchester Notes. Miss Anna Vandercloot, of Suffolk, is visiting friends in Manchester.

Rev. J. C. Cornick will not be able to preach at Meade-Memorial church this morning, as was expected.

The lambs' snits against the Richmond and Danville Railroad Company, which were expected to be tried in the Circuit Court of Chesterfield next week, have been continued until the latter part of the term.

There will be no preaching at the Presbyterian church this morning. Rev. W. S. Campbell will preach this evening, when the usual services will be held.

Mr. John Totty died yesterday morning at 6:30 o'clock at his residence, corner of Third and Everett streets. The funeral will take place this morning at 8 o'clock from the Fifth-street Methodist church, and the remains will be taken to the country for burial.

HIS SENTENCE PRONOUNCED.

Grymes to Go to the Penitentiary in a Few Days.

CLOSING SCENES IN COURT YESTERDAY.

It is Probable That a Pardon or a Commutation Will be Asked For.

E. B. Grymes was sentenced by Judge Aiken in the Hustings Court yesterday. A few moments after 11 o'clock the prisoner was brought into the room by the Sergeant and sympathetic friends gathered round him, pressed his hand and gave cheering words of encouragement. There were quite a number of spectators present, but not of the personnel that made up the crowd the latter days of the trial. Mr. Grymes' wife and mother were not present, but his brother, Mr. Peyton Grymes, who has remained by his side during the entire trial, was present and occupied a seat by his brother. Mr. Louis Rawlings and other personal friends were present.

At 11 o'clock Judge Aiken ascended the bench, and in a few moments Major Strick-fellow arose and, addressing the Court, said he felt certain that every one would agree that the ends of justice had been reached in the verdict already rendered against his client, and while he and his associates entertained no objection to the same, they did when on exactly the same opinion they did when on yesterday evening they asked for an arrest of judgment, they were willing that the controversy should end, and, therefore, he withdrew the motion he had made, and felt that the Commonwealth's Attorney would be satisfied to end the prosecution.

Nothing to Say. The clerk then told E. B. Grymes to stand up, and the prisoner arose. The Court asked him if he had anything to say why sentence should not be pronounced upon him. Mr. Grymes with a motion of his head indicated that he had not. The prisoner, who had been looking the judge in the face, now cast his eyes downward, while Judge Aiken in feeling very sorry that the duty he had to perform was so painful to him that he would sympathize with the sentence of the court was in accordance with the verdict rendered by the jury.

The Commonwealth's Attorney said he was satisfied the ends of justice had been met, and with the consent of the Court he would not prosecute the remaining indictments. Judge Aiken readily gave his consent to this. The Court then took a recess until 2 o'clock in order to give the clerk time to prepare the record for the signature of the judge.

WORDS FROM THE HEART. As soon as the adjournment was taken several friends pressed Mr. Grymes' hand in sympathy and left the room.

Mr. H. M. Smith, Jr., who has so ably represented the Commonwealth, although a warm friend of the young man whom it was his duty to prosecute, went over and shook

hands with Mr. Grymes and his brother, and in a low tone whispered a few words of sympathy with them.

Mr. Grymes was then taken to jail, and then shortly after Judge Aiken signed the record.

PARDON OR COMMUTATION.

Judge Aiken, the prisoner's counsel, his mother and his brother were in consultation yesterday, but no action was decided on. It is probable, however, that a petition will be gotten up asking the Governor to pardon the prisoner or commute the sentence to imprisonment in jail.

Mr. Grymes was asked last evening by a Times' reporter what his opinion was of the verdict. He replied he had nothing to say. He further said that he did not know anything in reference to the conference held yesterday afternoon.

Mr. Grymes will be made as comfortable as possible while in jail, for every one had a desire to do anything that will ameliorate his condition. He has ten days in which to remain in jail before he is conveyed to the penitentiary. It is but just to say that the trial and investigation of the Grymes case proved conclusively that Mr. Robert M. Reynolds, who was at one time employed in the Treasurer's office by Mr. Grymes, was not in the least implicated in the discrepancies. Mr. Reynolds stated in his testimony that in no instance did he find Mr. Reynolds' accounts irregular. It was thought by many at one time in the trial that the defense would attempt to prove that Mr. Reynolds was connected with the discrepancies.

Judge Aiken while in the city stopped at the Exchange Hotel. He was the recipient of considerable social attention, and made many friends while here. He left for his home in Danville last evening. He is an excellent jurist and lawyer, and the Danville people are very proud of him.

Three Pardons.

The Governor yesterday pardoned Richard Lane, Granville Moody and Willie Harvey. Lane and Moody are liberated on the certificate of the prison surgeon that they have an incurable disease. The Governor's reasons for clemency in Harvey's case, as shown by the indorsement, are: He was a youth at the time of his trial in 1887. There was no reason why he should have been sent to prison for longer term than those who were associated with him and convicted of the same crime and whose terms have expired. The prisoner is now suffering with an incurable disease. The Governor refused to pardon Mason Sims, convicted of housebreaking in Prince Edward.

Books Received.

"Elizabeth," translated from the German by Mrs. M. A. Shryock. Porter & Coates, Philadelphia, Pa. "In the Heart of the Storm," by Maxwell Grey. D. Appleton & Co., New York. "Casar's Gallic War," by W. R. Harper and H. Tolman. American Book Company, New York. "Mademoiselle Renee Mauperrin," from the French. Belford Company, New York.
