ROSA C. WILLIAMS.
Farmville, Va.

Has a Top Notch Door.

Actual deeds compel regard. The world recognizes doers. That's why the intelligent people have crowned Dr. King's New Discovery the King of throat and lung remedies. Every dose a health force. It kills germs and la grippe vanish. It heals inflamed membranes and stops hacking coughs. Sore, inflamed bronchial tubes and lungs are cured and strength comes. Dr. Geo. More, Bellaire, N. C., writes: "It cured my trouble, pronounced hopeless by doctors." 50c, $1.00. Guaranteed by White Drug Co.

Harsh physics. The remedy that acts on the bowels, leads to constipation. Get Doan's Regulets. They operate easily, tone the bowels, cure constipation.

My child was burned terribly about the face, neck and chest. I applied Bucklen's Arnica Salve and Electric Oil. The pain ceased, the child sank into a restful sleep. Mrs. Nancy M. Hanson, Hamburg, N. Y.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse anything but the genuine in the yellow package. Sold by all druggists

If you want matting or art-square be sure and see Doyne

H. E. Barrow & Co., have just received car Union Grain. Best thing known for dairy purposes

PERSONALS AND BRIEFS.

Notes of Happenings and People You Know.

I lived with Love; all she possest
Was but a tent beside a stream;
She warmed my cold hands in her breast,
She wove around my sleep a dream.
And one there was with face divine,
Who softly came, when day was spent,
And turned our water into wine,
And made our life a sacrament.

Mrs. H. Tucker Graham went to Richmond on Monday.

Mr. Burton Blanton is now with Messrs. Verser & Son.

Capt. S. W. Paulett has been meeting with brother Masons in Richmond.

Mr. John Booker has been walking a little around his room.

Mrs. Blackiston left for Hampton on Tuesday for a visit to friends.

Mr. Branch J. Worsham is visitihg his son, Mettauer, in Decator, Ga.

We never watched a 2.02 stepper in motion, but 2.13 is moving some.

Miss Dunn and her mother are in Washington where Mrs. Dunn went to consult a specialist.

Miss Mildred Richardson, who is teaching at Natalie, spent last Sunday with home folks.

Dr. Anderson has been busy with that grass lot of late, and we are going to watch things grow.

The Fair is over, but the piano contest is still on and won't be off until the 1st of January comes.

Mrs. Alice Jennings, who has been the guest of Mr. and Mrs. R. H. Paulett, left on Wednesday for Amherst.

Mrs. Ligon and Mrs. McNutt, sisters of the late Maj. A. R. Venable, Jr., have been quite sick, but are reported better.

Dr. Needham received a purse of $300 and Professor Weaver $80, the expenses of each being paid in addition.

The Farmville Library Association will meet at the home of Capt. S. W. Watkins next Tuesday evening at 8 o'clock.

Mr. D. L. Pierce, of Arvonia, sang a fine tenor solo at the Presbyterian Church at the morning hour of worship on last Sunday.

Miss Mary Melton went to Richmond on Monday to consult a specialist. She was accompanied by Mr. and Mrs. G. M. Robeson.

We never before appreciated the fullness nor force of the expression: "Just let loose from school," until we saw the Normalites at the Fair.

"The bow mustn't always be bent." No, we must have a Fair week now and then to unbend the business bow.

Mr. W. P. Richardson left on Tuesday for a business trip to North Carolina. He frankly confessed that he would prefer to go bird hunting.

Our hopes were all centered on the little bay, Farmville's pet and pride, on the race track. No more graceful animal ever moved along our streets.

Have you seen the residence of Mr. Arthur Barrow on High street since it has received finishing touches? It presents and imposing and impressive front.

Chief of Police Fogus picked up a party the other day he had been looking for during the past three years. A long chase and a cold track, but he bagged the game.

The ladies of Browns Church, who furnished that stew during the Fair days, took in something over $100, we are told. Would that we could hope that all of the amount was profit.

Three cheers for the boys who worked the corn. Congratulations to Masters Roy Gilliam and Frank Nat Watkins. Heroes behind the hoes, winning victories no less renowned than war.

Mrs. Fannie Hayes, nee Price, daughter of the late Mr. R. W. Price, of the Prospect neighborhood, but whose home is now in Montana, is visiting relatives in Farmville. Her little son is with her.

Those Cumberland ladies who fed so bountifully at the Fair must have been tired when the work ended. We know of at least one of them who served all day, rode five miles to her home and then went to work to get the stew ready for the next day.

We were fortunate not to have a serious accident during the days of our Fair. The breaking of a rein while driving a spirited animal around the track, did place Mr. R. S. Chamberlayne in imminent danger, but he made marvellous escape.

Rev. W. C. Vaden, who was a former beloved pastor of the Methodist Church here, died on last Sunday in Hampton. He is survived by a widow, three daughters and three sons. At the time of his death he was pastor of the Calvary Methodist Church, Danville.

Mrs. R. B. Tuggle is spending the week in Richmond.

Confetti falls lightly, but it sometimes stirs hot blood.

Aren't you glad you were not one of the judges of the baby show?

What's a 20-pound turkey going to "fetch" when Thanksgiving is on?

Mr. and Mrs. Beary, of Bridgewater, have been guests of Mrs. C. A. Price.

Mrs. P. W. McKinney and Miss Frankie went to Richmond on Monday.

A crowded cafe after the close of a Fair day presents an animated and animating scene.

Of course we had a dull Saturday after three days of Fair, and no one complained.

It is gratifying to know that our boys have not lost the art of horseback riding.

Mr. R. B. Tuggle has returned from a swing of thousands of miles around the business circle.

Don't stop advertising now that the Fair is over. Legions of folks have yet to buy winter goods.

Mr. C. A. Price spent Sunday with his family, having returned from an extensive Western business trip.

Cold weather was predicted and it came on time. But didn't we revel in sunshine during the days of our Fair?

Suppose we had had that Saturday afternoon storm on Friday afternoon? But we didn't, and further we are still grateful and glad.

Mr. and Mrs. Creyke returned from their wedding tour on Monday, and left again on Wednesday for Washington, their future home.

A number of land buyers from other States have been with us of late, and it should be impressed upon them that the man who buys land in this section has glorious sunshine thrown in free of cost.

During the three Fair days the dispensary receipts amounted to $1,276.90 and we repeat we saw no drunken man in all the crowd. We do not pretend to say, however, that we saw all or heard all that happened.

At the 1,500 voting precincts in Virginia there will be present on next Tuesday any number of Democrats who will know just how to mark the ballot, and if you are in doubt consult one of the number and make no mistake.

A number of Farmville folks went to Hampden-Sidney on Saturday afternoon to witness the football contest and were caught in a furious storm. The Hampden-Sidney boys caught it in "the necks." Cheer, young friends, and do better next time.

Friend "Theo." Carter carried a bridle home with him which had been won at the tournament, and as he passed the Herald Office said: "I told you so, you can't down the Darlington Heights boys." And next time we want them to win the gold.

Mr. W. H. Robertson will in the near future move his family to Norfolk, and Norfolk's gain will be Farmville's loss. Mr. Robertson has his plant for the manufacture of fertilizers well nigh finished and is hopeful of doing a profitable business.

We heard one complaining of the length of a sermon, and then we read in Nehemiah 9-3: "And they stood up in their place and read in the book of the law of the Lord their God one-fourth part of the day; and another fourth part they confessed and worshipped the Lord their God." Those people must have been more in earnest than we are.

Mayor Blanton held his court on Saturday afternoon, and out of the Fair unfortunates increased the revenues of the town some $80. Folks who will have fun must make up their minds to pay for it. The town was put to extra expense during Fair days and this will cover the outlay.

Hon. Stephen Henry Love, of Lunenburg, attended our Fair and was busy shaking hands with friends. He represented Lunenburg in the last legislature and will be in the next. Mr. Love had the misfortune to lose his entire crop of tobacco recently by fire, the loss amounting to some $3,000.

Pitcher Adams, of Pittsburg, who pitched three victorious games in the seven played with Detroit, got $3,117 for his work on those three days. His share of the winnings was $1,853, and he got a donation of $1,264 in addition from the people of Western Pennsylvania and the other Pittsburg players, each of whom chipped in $25.

Mr. T. O. Sandy was with us at the Fair and took great interest in the corn exhibits. He was pioneer in that line in this section, and is worthy of high honor. Mr. J. J. Gilliam is one of his apt scholars, and he too is teaching others how to grow corn. When Southside Virginia farmers have learned the lesson we will have as much of paradise as the children of men are allowed in this life.

Miss Hattie Paulette left on Wednesday for a visit to New York.

Mrs. H. E. Wall is at home again after a ten days visit in Savannah, Ga.

Don't neglect to read the creamery notes week by week. The work goes bravely on.

Rev. Dudley Boogher is attending the meeting of the Convocation in Boydton this week.

Read the tax notice of treasurer S. W. Watkins and be ready to pay your taxes and save the per cent. Pay now and you are free for another year.

Don't forget the auction sale of Dr. Stuart on next Wednesday, Nov. 3rd. He will sell a choice lot of stock, feed, hay and farm implements at his farm near High Bridge.

Mr. A. T. McDanald will leave on Monday for Norfolk where he goes to take position under Mr. W. H. Robertson. His family will join him later and they will be greatly missed from the religious and social circles of Farmville.

Miss Courtney Cox went to Lynchburg on Wednesday to visit the Presbyterian Orphanage and to select some little girl to take the place of the one for whom they have been caring and who perished in the flames. "In as much as ye have done it to one of the least of these ye have done it unto me."

Mr. and Mrs Flippen have returned from their wedding tour and are living with Mrs. Mattie Lee Walker, on East Third street. Mr. and Mrs. Hugh Gilliam are also with us and living in the home of Mr. R. W. Garnett. We rather prefer these marriages that do not result in the loss of our girls.

Mr. W. C. Newman is having a large ice house built, which he will fill with ice before he shuts down the ice plant for the winter. In this way he will be able to furnish his customers pure manufactured ice all winter. The ice house and cold storage house will hold about two hundred tons of ice.

A petition is being circulated in town and generally signed by the patrons of the electric plant asking for better service. It will be presented at the next meeting of the Council and will speak for itself. The right of petition is a time honored one, and is rarely rejected by the powers that be. The plant is the property of the people and should be made to serve them.

Mrs. Booker has introduced to Normal circles a Victor musical instrument encased in a cabinet, which gives out music, vocal and instrumental, of genuine merit. At the entertainment given in the Auditorium on last Friday evening the audience was charmed with the reproductions of the master-pieces of players and singers of international reputation. This will be followed by other entertainments of like character from time to time, and at small cost you may hear Patti sing and Paderewski play.

Dress Hints.

Chiffon velvet is a most excellent thing for brushing a felt hat, whether a man's or a woman's.

After removing your veil roll it carefully and pin. This prevents a mussy, stringy veil when next you use it.

One of the first rules to be observed in the proper treatment of silk dresses or silk material is that silk must never be folded.

The woman who always continues to look smart on nothing a year makes a point of buying a couple more yards of material than she needs for her frocks. Then when the sleeves go out of fashion, as they are sure to do long before the rest of the gown, she can have them altered.

Train and Track.

German railroads are experimenting extensively with cars operated by electric storage batteries.

For handling heavy rails an eastern railroad has equipped a flat car with pneumatic hoists operated from the air brake system.

Nearly all the railroads in Argentina are planning or already have under way extensive improvements and enlargements to their systems.

A new type of electric locomotive of which the New York Central railroad will soon have twenty is capable of 4,000 horsepower at high speed, the armatures being mounted on the driving axles.

Letter to A. J. Davis.
Farmville, Va.

Dear Sir: Brevity is the soul of truth: Devoe takes less gallons for a job than any other paint.

And the paint that takes least gallons wears longest: Always. We can't help it.

Yours truly
F. W. DEVOE & CO

P. S.—J. F. Walton & Co., sell our paint.

C. B. Kluger, the Jeweler, 1060 Virginia Ave., Indianoplis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to bsiness every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed."

GEN. O. O. HOWARD DIES SUDDENLY

Last of Union's Civil War Commanders Passes Away.

HAD LONG MILITARY RECORD

Served Throughout the Civil War and Saw Action at Antietam, Gettysburg and Chattanooga—Retired in 1894.

Burlington, Vt., Oct. 27—Major General Oliver Otis Howard, U. S. A., retired, died suddenly at his home in this city of angina pectoris. He was the last of the Union commanders of the Civil War.

Major General Howard was born in Maine in 1830. He graduated from Bowdoin college at the age of twenty and received an appointment at the military academy at West Point. Upon graduating in 1854 he was made a second lieutenant in the ordnance department. During the next year he accepted the position as professor of mathematics at West Point, with the rank of first lieutenant.

When the Civil War broke out General Howard resigned from the chair of mathematics, saying, when leave was refused him at the academy: "My country needs me." He went to the war as colonel of the Third Maine volunteers. At the first battle of Bull Run he commanded a brigade and was made a brigadier general soon after. He lost an arm at the battle of Fair Oaks on June 1, 1862, but he resumed his command the next month and saw action at Antietam, Gettysburg and Chattanooga. For his services during Sherman's march to the sea he was made a brigadier general in the regular army. It was at this time that Sherman wrote to Grant concerning Howard: "I find him a polished and Christian gentleman, exhibiting the highest and most chivalrous traits of character."

At the close of the war he was appointed head of the Freedmen's Bureau and held this position for nine years. In 1877 General Howard engaged in Indian fighting, commanding an expedition against the Nez Perces. He afterward commanded the department of the Platte at Omaha, the department of the Pacific and finally came to Governor's Island as commander of the department of the east. In 1894 he was retired with the rank of major general, and in 1908 the senate passed a bill placing General Howard on the retired list as a lieutenant general.

U. S. SUES THE READING FOR 50 CENTS

Filing of Suit Costs More Than the Reparation Demanded.

Washington, Oct. 27.—"Uncle Sam" does not overlook the pennies, although it may cost him dollars to collect them. A complaint was filed with the interstate commerce commission involving reparation to the United States in the sum of 50 cents.

The typewriting of the complaint cost the government more than the amount of the reparation demanded.

The complaint was that of the United States of America against the Philadelphia & Reading Railway company and the New England Navigation company, on account of an alleged overcharge of passenger fare from Philadelphia to Newport, R. I., and return.

The regular fare for the round trip, according to the published tariffs, is $8.50. The fare collected was $9.

The government, through W. P. Potter, acting secretary of the navy, demands a refund of 50 cents, and the chances are that it will get it.

FIVE CHILDREN CREMATED

Killed In Fire at Orphans' Home at Lynchburg, Va.

Lynchburg, Va., Oct. 27.—Five children, all inmates of the nursery, were burned to death in a fire which destroyed Shelton cottage, the home for girls, at the Virginia Synod Presbyterian Orphans' home.

The children were all on the second floor of the wing of the building and they were caught by the fire in a manner that made their rescue impossible. Ruby Moorefield was taken out of the building, but when she ascertained that her younger sister was still inside she ran back into the flames and lost her life. The other little inmates escaped by jumping from the building.

Boy's Dog Guards His Grave.

Reading, Pa., Oct. 27. — Stanley Green, thirteen years old, died here several days ago and was buried at a local cemetery. His brown dog lay under his bed during his illness, and under his coffin before he was buried. A day after the funeral the animal disappeared and was found crouching upon his former master's grave in a half famished condition.

Coal Breaker Burned.

Scranton, Pa., Oct. 28.—The Sterrick Creek breaker of the Temple Iron company in Jessup was destroyed by fire. Loss, $150,000.

SUGGESTIVE QUESTIONS

On the Sunday School Lesson by Rev. Dr. Linscott For the International Newspaper Bible Study Club.

(Copyright, 1909, by Rev. T. S. Linscott, D.D.)

November 7th, 1909.

Paul a Prisoner — The Shipwreck. Acts xxvii:27 to xxviii:10.

Golden Text—The Lord redeemeth the soul of his servants: and none of them that trust in him shall be desolate. Ps. xxxiv:22.

Verses 27-29—Why does God permit storm and stress to come into most lives, and sometimes permit them to continue until all human hope is abandoned? (This question must be answered in writing by members of the club.)

What is the Christian's anchor which never fails him, no matter what danger his ship may be in? (See Heb. vi:19)

Verses 30-32—Are all God's promises of help or deliverance conditional, or are some of them absolute and unconditional?

If these men had forsaken the ship, as they planned, how would that affect the saving of the rest of them?

Here is a case of casting away a boat to save a ship, what principle does that suggest in human life?

Verses 33-38—There are two things, at least, possible no matter how great the distress: one is to wring your hands and bemoan your fate, and give up hope; the other is to be cheerful, and see how best to save the ship; which is the better, and how can it be accomplished?

Why is it that the courage and good cheer of one man can save an entire crew from despondency and defeat?

May praying and fasting, when you ought to be eating and working, be as great a practical crime as scuttling the ship?

Why does God generally need our help when he would save us from any impending calamity? v:28.)

Verses 39-44—To a true man is it always so that after the night comes the day, after sorrow comes joy, and after so-called defeat comes victory?

Does God, in these days, ever save a family, a business, a community, or a nation, for the sake of one man as he saved the passengers and crew of this ship for the sake of Paul?

Julius prevented the killing of the prisoners for the sake of Paul; is there any analogy between that and the saving of sinners for the sake of Jesus?

God told Paul that all hands should be saved, and the ship lost, and this is what happened; speaking from your own experience are all God's promises equally dependable, whether of a general character as in the Bible, or given to the individual soul?

Chap. xxviii:1—Where is the island of Melita where this wreck occurred?

Verse 2—Are uncivilized people before they have had experience with white men generally kind to strangers?

Verses 3-4—When an accident, or sickness, or other natural calamity comes to a man, is it any sure sign that he is a sinner?

Verses 5-6—If a poisonous viper should fasten on a good man's hand today, God would probably not prevent the poison from taking effect; is that a fact to be regretted or otherwise?

Verses 7-10—Is there always "a silver lining to every dark cloud?"

Are there any circumstances in which a good man cannot help his fellows?

Lesson for Sunday, Nov. 14th, 1909. Paul a Prisoner in Rome. Acts xxviii: 11-31.

Mr. F. G. Fritz, Oneonta, N. Y., writes: "My little girl was greatly benefitted by taking Foley's Orino Laxative, and I think it is the best remedy for constipation and liver trouble." Foley's Orino Laxative is mild, pleasant and effective, and cures habitual constipation. Sold by all druggists.

Fall colds are quickly cured by Foley's Honey and Tar, the great throat and lung remedy. The genuine contains no harmful drugs. Sold by all druggists.

Children's Pennies Erect Monument.

Cleveland, O., Oct. 27.—A monument that is the gift of the school children of the United States will be erected in Lake View cemetery to the memory of the 165 school children who lost their lives in the burning of the Collinwood school building on March 4, 1908. A penny collection for this purpose totalled $1900.
