When Working for The Mutual Life

You needn't introduce the Company—the Company introduces you. There you have it. You needn't take a minute or a word to prove where The Mutua stands or what it stands for. The whole world knows its masterful leadership—ust as you know it yourself. But there are some things you may not know

DO YOU KNOW

That THE MUTUAL LIFE is especially helpful to agents?
That THE MUTUAL LIFE writes the most liberal policies?
That THE MUTUAL LIFE gives the highest guarantees?
That THE MUTUAL LIFE has policies that meet every requirement of investment as well as of protection?

LOOK INTO THESE THINGS. TAKE NO ONE'S SAY SO BUT INVESTIGATE.

Isn't it Worth 25c. To Be Cured of Constipation

People who suffer from habitual constipation with all its attendant ills, clogged stomach and bowels, sluggish liver, heartburn, indigestion, and thin and impure blood, are too apt to believe that the only remedy is violent purgatives. The contrary is the case. Such cathartics, even if they do move the bowels, are irritating and griping, leave the stomach inflamed and enfeebled and the constipated condition recurs with greater difficulty of cure and the sufferer constantly growing worse. There is a laxative that moves the bowels without pain or griping, cleanses the stomach, sharpens the appetite, stimulates the liver, strengthens the nerves, and purifies the blood, while its marvellous tonic properties tone up the entire system and keep it healthy.

Laxakola Does It

Its remarkable tonic properties reach every organ—the liver, kidneys and stomach, nerve, heart and brain—and removes the cause of your debilitated condition. This is the only way to secure an absolute and permanent cure.

Laxakola is the only medicine for babies, is purely vegetable and its action is gentle, speedy and effective. For coated tongue, simple fevers, colds, chills and languid feeling it is the ideal medicine.

It tastes good. ☞ *Children like it and ask for it.*

Laxakola, the great tonic laxative, is not only the most efficient of family remedies, but the most economical, because it combines two medicines, viz: laxative and tonic, and at one price. No other remedy gives so much for the money. At druggists, 25c. and 50c., or send for free sample to LAXAKOLA CO., 132 Nassau Street, N. Y., or 356 Dearborn Street, Chicago.

Professor Novy's Discovery.

If the chemical discovery of Prof. Frederick G. Novy, of the University of Michigan, which was proclaimed in a special dispatch from Ann Arbor, does what he thinks it will do, he will certainly be entitled to be classed among the foremost benefactors of humanity. In brief, Prof. Novy claims to have discovered an intestinal antiseptic by means of which Asiatic cholera, typhoid fever, dysentery, and other diseases having their seat in the intestinal tract, may not only be cured but prevented. Of recent years physicians have adopted this mode of treatment for typhoid fever, which is, of course, the most common of the dangerous intestinal diseases to which the people of this country are subject. Various germicides are resorted to in the treatment of this disease, and, in connection with ice water baths, they have resulted in a material decrease in the typhoid death rate. Yet, says the Cleveland Leader, the antiseptic treatment is not always successful, because a large number of patients die of the disease. If Prof. Novy has found a chemical agent which will do this work successfully two of the chief terrors of modern military camps, typhoid and dysentery, will have been disposed of and the death rate of large cities is likely to be cut down very materially as well.

Disgraceful Snobbishness.

Men are not given to snobbishness as a general thing, but I lately heard of one case that riled me, says a writer for the Cincinnati Tribune. An Avondalean who patronizes a swell tailor was often quite familiar with him, often joking, and, perhaps, drinking with him occasionally. Now it comes about that the tailor was at the opera the other night with a charming lady who, while not a member of the swell set, is one whom it is a pleasure to know. The tailor passed the Avondalean during an intermission, and, for a polite bow, received an icy stare—because the snob had a swell society girl with him. He showed an absolute lack of breeding and for this reason: If he does not want the acquaintance of his tailor it is his business to treat him as a merchant and let it end there. But if he jokes and chats and drinks with him occasionally, it is his business to answer a polite bow in public, especially if ladies are in the party.
