VARIETY.

Teaching by Analogies.

A village schoolmaster announced one day to his pupils that an inspector would soon come to examine them—"If he questions you on geography, he will probably ask you what he is the shape of the earth; and if you don't remember you need only look towards me. I will show you my snuff box so as to remind you it is round.

Now he had two snuff boxes, one was round, which he used Sunday and to scrape, which he carried during the week. The fatal day arrived. The dean as the master anticipated, asked one of the scholars, what is the shape of the earth? The latter, afraid a little and at a loss, turned round to the master as he always his snuff box answers [illegible]?

Peas and Sunday, and square the rest of the week.

The preceding anecdote reminds us of the nature of the risk in teaching by analogies. A farmer had erected a mill that stood on the banks of a quiet English stream, once wished to give a lesson to his pupils an idea of faith. While she was trying to explain the meaning of the word, a small covered boat glided in sight along the stream. Seizing upon the incident for an illustration she exclaimed:

"I want to tell you that there is a legal matter in that boat, you would trust me, would ye, even without seeing it yourselves?"

Yes, has said the scholars.

Well now is faith, said the schoolmistress.

The next day in order to test their recollection of the lesson, she inquired 'What is faith?'

'A leg of mutton in a boat!' was the answer elicited from all parts of the school room.

The longer the delirium continues in fevers, the sooner the disease proves fatal. It leaves the nervous system in a debilitated state after the disease.

For the Removal and Permanent Cure of all

NERVOUS DISEASES,

And of those complaints which are caused by an impaired condition of the

NERVOUS SYSTEM.

The beautiful and convenient application of the wonderful powers of GALVANISM, has been pronounced by the greatest physicians, both in Europe and the United States, to be the most valuable medicinal discovery of the age.

Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the nervous system and invigorating the entire system. Also in PAIN, CHAIN, PARALYSIS and FALSE DYSPEPSIA or INDIGESTION, HOBGOBLINS, ACUTE and CHRONIC GOUT, RHEUMS, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE, and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT and DERANGEMENTS of the STOMACH, HIP COMPLAINT, DISEASES of the KIDNEYS, FEMALE WEAKNESS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES which complaints arise from one simple cause, namely,

A Derangement of the Nervous System.

Dr. Christie's NERVOUS CORDIALS, Drops and Vitalizer cannot be directed for they weaken the vital energies of the already prostrated system, while under the strengthening, life giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives,

consists, in the fact that they arrest and cure disease by *solvent application*, in place of the usual mode of drugging and thereby making the patient till exhausted Nature sinks hopelessly under the infliction.

They strengthen the nervous system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction in the United States, only three years since, more than

60,000 Persons

including all ages, classes and conditions among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain.

To illustrate the use of the **GALVANIC BELT**, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford temporary relief, but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body using the Magnetic Fluid as directed. In a short period the vegetable preparation will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative and thence back again to the positive thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS often AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

CERTIFICATES AND TESTIMONIALS

Of the most Undoubted Character,

from all parts of the country could be given, sufficient for a volume in this paper.

AN EXTRAORDINARY CASE,

is conclusively proved that

CURE OF

Rheumatism, Bronchitis and Dyspepsia.

REV DR. LANDIS, A CLERGYMAN

of New Jersey of distinguished attainments and exalted reputation.

Sussex, New Jersey, July 12, 1849.

Dr. A. B. Christie, Dear Sir: You wish to know of me what has been the result in my case of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For almost twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, my general health gradually declined, and I received no relief from any medical treatment whatever. About fourteen years since, in consequence of frequent exposure in the weather, in the discharge of my pastoral duties, I became subject to a severe chronic rheumatism, which I never after knew entirely to leave me. Further, in the winter of 48 and 49, in consequence of preaching a great deal in my own church, and in the churches in this region, I was the means of exciting a bronchial affection, which soon became so severe as to threaten me with consumption. This, in connection with my pastoral labors, My nervous system was becoming prostrated, and as my Rheumatism affected those exercising that system, I became more and more sensitive of their approach. Dyspepsia, Rheumatism, and Bronchitis were combined with each other through the medium of the Nervous System. In the whole pharmacopeia there seemed to be no remedial agent which could reach and recuperate my Nervous System, everything that I had tried for that purpose had completely failed. At last I was led to my friends to examine your advertisement, and though with no very sanguine hopes of their efficacy, I determined to try the effects of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June 1848. To my great astonishment, in two days my Dyspepsia had gone, in about four days I was enabled to pursue my pastoral labors. Now, for more than a month, I have enjoyed a degree of health which I had not known for years. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Nervous affections. They have tried them with happy results, I believe in every case.

I am, dear sir, very respectfully, yours,

ROBERT W. LANDIS.
