

CZAR ON A PILGRIMAGE

Goes to Saroff to Assist in Canonizing a Holy Hermit.

OZARINA ACCOMPANIES HIM

Great Pilgrimage to Ancient Monastery in Honor of St. Seraphim Will Include Six Thousand Bishops and Lesser Clergy.

St. Petersburg, July 31.—The czar, zarina and their suits have left here to join the great pilgrimage to Saroff, province of Tamboff, where the Orthodox church is to celebrate the canonization of the hermit Prakhor Moshnin under the name of St. Seraphim. About 6,000 bishops and clergy of European Russia will participate in the ceremonies, at the monastery at Saroff, which promise to be very interesting. The relics of St. Seraphim will be exposed for adoration after five days of religious exercises. These relics have been installed in a solid silver casket beneath a silver baldachin. The expense of the installation was borne by the emperor from his private purse, and his majesty testified his interest by writing the following marginal note on the act of canonization:

"Read with feelings of genuine pleasure and deep emotion."

The monastery, which is the scene of the ceremonial, is a women's asylum several miles from the village of Saroff, and this village in turn is forty miles from the nearest railway station. Temporary barracks have been erected to shelter the more favored guests, but the great majority of the pilgrims will be forced to sleep in stables or in the open air.

The holy synod has issued a statement that it regards the "appearance of a new miraculous intercessor as a renewal of heaven's blessing upon the government of our most exalted monarch, who labors unceasingly for the welfare of the Orthodox Russian people and embraces in his royal love and care all of his true subjects of every class and condition."

Most elaborate preparations have been made for the celebration. All of the pomp and magnificence of the eastern church, with its most impressive and elaborate ceremonies, its imposing processions and its solemn liturgies, will be employed.

New Saint a Noted Hermit.

The hermit, Prakhor Moshnin, died in 1833 at an advanced age. Belief in his sanctity and miraculous intercession with heaven seems to have been widespread during his life and to have grown steadily since his demise. An inquiry was begun in 1862 into the alleged miracles attributed to his relics and satisfied the holy synod of their verity.

As a result an act of canonization under the name of St. Seraphim was issued on Jan. 29, which date was added to the Orthodox calendar.

An authorized biography says that St. Seraphim's father was a pious merchant who built stone and brick churches in south Russia. His widow continued the work, and it is related that her little son accompanied her on a tour of inspection and fell from a great height to the ground without being hurt.

The boy entered the monastery of Saroff when only seventeen years old. There he distinguished himself in all religious exercises, even carrying a great granite rock into his cell in order that his knees might not rest easily during his long prayers. Later in life he spent fifteen years in silent meditation, during which time he did not leave his hermit's cell except when absolutely necessary. When he resumed intercourse with the world all classes of people flocked to him for advice. It is said that he answered questions before they were put and letters that he never unsealed, that he revealed the innermost secrets of the heart and foretold future events. Since his death many millions of pilgrims have visited his grave.

PENNSYLVANIA BANK CLOSED.

Doylestown Institution in Hands of Comptroller of Currency.

Doylestown, Pa., July 31.—The following notice has been posted on the door of the Doylestown National bank: "This bank closed and in the hands of the comptroller of the currency." The notice was signed by T. P. Kane, deputy comptroller of the currency, and J. W. Schofield, national bank examiner. The posting of the notice caused considerable excitement in the town, as the deposits of the institution are large. The bank examiners have been working on the books for two days, but no official statement has been issued either by them or the officers of the bank.

The capital of the bank was \$100,000, and the last report to the comptroller showed: Surplus and profits, \$131,780; deposits of more than \$1,000,000, and loans and discounts and stock and securities, \$1,051,390. The bank is one of the oldest in the state.

The president of the bank is Harry Lee, a prominent lawyer and candidate for judge on the Republican ticket. George P. Brock is cashier.

THE JETT-WHITE TRIAL.

Commonwealth secures Additional Evidence From Former Witnesses. Cynthia, Ky., July 31.—The commonwealth in the second trial of Curtis Jett and Thomas White for the murder of Colonel Marcus, Judge J. J. Osborne presiding, not only produced new witnesses, but also secured additional evidence from those who had testified at the first trial in Jackson.

S. S. Taubee, clerk of Breathitt county, testified to standing at Hargis Bros. store, across the street from the Jackson courthouse, and seeing Marcus fall and Ewen running away. He did not see Jett in the street, where the prisoner claims to have been at the time of the shooting.

William Combs testified to holding county offices at Jackson for thirty-

seven years. He was in Judge Black's office when he heard the shooting. Looking out, he saw Marcus fall and Jett afterward emerging from the courthouse.

Hesekiah Combs, a new witness, testified to seeing John Noble, Curtis Jett and Thomas White together just before the shooting. White beckoned Jett to the side door of the courthouse, where both entered. He talked with Noble then, and soon he heard shooting and saw Ewen running away.

PAYNE AT OYSTER BAY.

Postmaster General Has an Interview With the President.

Oyster Bay, N. Y., July 31.—President Roosevelt's guests at luncheon were Postmaster General and Mrs. Payne and Immigration Commissioner William Williams and Mr. Van Ingen of New York. Mr. and Mrs. Payne arrived on the revenue cutter Onondaga at noon.

Mr. Payne has been absent from Washington for several weeks and therefore is not in close touch with the details of the post office investigation. In a general way he discussed the situation with the president. As Mr. Payne is to return to Washington in a few days the president, it is understood, impressed upon him the desirability of concluding the investigation as early a date as practicable, although thoroughness was not to be sacrificed for haste.

It is perfectly understood between the president and the postmaster general that every person in the department whom the facts show to be guilty of irregularities or crimes shall pay the penalty required by law.

UNION MEN DRIVEN OUT.

Officers of Miners' Organization Expelled From Idaho Springs.

Idaho Springs, Colo., July 31.—After a meeting of business men 500 citizens of Idaho Springs went to the city jail and took fourteen of the men arrested in connection with the blowing up of the Sun and Moon mine buildings, marched them to the city limits and told them to leave the place and never return.

The men driven out include the president of the local union, the vice president, secretary and treasurer, and two or three members of the executive committee. All the others are prominent members of the union. Some of the men complained that they had no money and a purse was made up.

Philippines Customs Receipts.

Washington, July 31.—A statement prepared by the bureau of insular affairs of the war department shows the customs revenues in the Philippines for the first four months of 1903 to have been \$2,931,782, against \$2,901,011 in the same period in 1902 and \$1,215,657 in 1899. A comparison of the customs revenues under Spanish administration during the ten years from 1885 to 1895 with the period from Aug. 20, 1898, to April 30, 1903, under American occupation, shows the volume of business to have increased about four fold.

Littauer-Lyon Report Received.

Washington, July 31.—Secretary Root has received the report of Colonel Garlington, the inspector general who was detailed to investigate the facts in connection with the contract for gloves made with E. R. Lyon and the relations of Representative Lucius N. Littauer of New York to the contractor. The secretary has not examined the report and will not make it public at present.

REVOLUTION IN CUBA

Armed Band Inciting Santiago Province to Rise.

RURAL GUARD MOBILIZING.

Insurgents Demand Payment of Veterans—Popular Sentiment Upholds Government, to Which Volunteers Offer Their Services.

Havana, July 31.—In spite of the assertion made by Senor Yero, secretary of the interior, that the killing of three men and the capture of a fourth man, their leader, who had attempted to cause an uprising in the vicinity of Bayamo, province of Santiago, effectually ended the only semblance of an uprising in Cuba, the rumors of uprisings in eastern Cuba have been fully confirmed in the government's reports received from the governor and other officials of Santiago province.

These are to the effect that since the night of Sunday last sixty armed and mounted men have appeared outside villages in the Cauto river district proclaiming a revolution and demanding the payment of the former members of the revolutionary army. No acts of violence have been reported, but the inhabitants of the Cauto region are excited. The leader of the revolutionary party is name Pupo. He is a brother of one of the bandits killed by the rural guard on Tuesday.

Rodriguez Orders Out Guards.

General Rodriguez, commander in chief of the rural guard, has ordered the mobilization of all the rural guards in eastern Cuba, and the governor of Santiago province has been instructed to enlist as many volunteers as may be deemed necessary to co-operate with the mounted troops.

Secretary of the interior Yero says there is no doubt that the authorities will be able to cope successfully with the situation, as all reports, he adds, agree that popular sentiment is with the government of President Palma and that those who have risen in rebellion mostly belong to the wanton, lazy class of Puerto Principe.

It is reported that many volunteers are offering their services to the government.

FIRE AT OLD ORCHARD.

Two Women Missing After Hotel Was Destroyed.

Old Orchard, Me., July 31.—The Seaview House on the camp ground at Old Orchard was burned to the ground today and two women guests are missing. It is feared that they did not escape from the hotel. The value of the property consumed was about \$4,000. There were twenty persons in the house, including the manager, John F. Woodbury of Waterville, his wife and six children.

The missing women are Mrs. Helen Martin and Mrs. E. A. Stevens, both of East Grafton, N. H.

The Seaview House was a three story structure having accommodations for about fifty guests. The missing women occupied a room on the third floor.

Mrs. El Hooper of Paris, Me., came down from the top story and sank unconscious on a sofa on the second floor, where she was found by the firemen and taken out through a window. S. E. Packard of Brockton, Mass., fell or stumbled on the second floor, badly cutting his leg. He was also taken out through a window.

One thousand dollars in bills belonging to J. H. Terrell of Manchester, N. H., was burned. The guests had just time enough to flee in light clothing. The fire started around the kitchen range.

JUDGE GRAY ACCEPTS.

Will Sit With Alabama Coal Strike Commission.

Wilmington, Del., July 31.—Judge George Gray has decided to accept his appointment as the fifth member of the Alabama coal strike commission and so telegraphed to the other members of the commission at Atlantic City.

He made his acceptance conditional, however, upon the commission's work being done during August, as he will have to preside over a session of the United States circuit court of appeals beginning the second week in September. In order to attend to the commission work he will have to forego his usual August vacation.

Judge Gray will leave Wilmington on Saturday, Aug. 8, for Birmingham, Ala., where the commission will sit, and expects the session to begin on the following Monday morning.

COTTON MEETS PRINCES.

American Sailors Having a Good Time in Portugal.

Lisbon, Portugal, July 31.—Rear Admiral Cotton, commanding the United States European squadron now in these waters, was presented to the crown prince, Louis Philippe, and to the infant Manuel, second son of King Charles, who will accompany his majesty when he visits the American war ships.

The Portuguese newspapers are referring approvingly to the speech made by King Charles when he received Admiral Cotton and the other American officers and entertained them with exquisite taste at the royal castle at Oeiras. His majesty expressed himself in such sympathetic terms in regard to President Roosevelt and the people of the United States that Minister Bryan, Admiral Cotton and the other Americans present were really affected by the king's remarks.

DID LAMAR HIRE THUGS?

His Coachman, Who Was Assaulted, Says He Did.

New York, July 31.—Following his statement that he had convincing evidence to show that David Lamar, the Wall street millionaire, had hired "Monk" Eastman and Joseph Brown to assault his former coachman, James McMahon, Police Inspector McClusky has detailed Detective Sergeants Kinsler and Duggan to find the man who acted as alleged "go between" for the broker and the thugs. This alleged "go between" is known to the police. He is described as a prize fighter and thug.

The sudden appearance in the case of the law firm of Stern & Spoorborg of 60 Wall street is a matter that is attracting attention from Inspector McClusky. When E. H. Stern of the firm appeared at police headquarters and announced that he had been retained as counsel for Eastman and Brown the prisoners declared that they had not engaged the lawyer, and said they had never heard of the firm.

Mr. Stern declared Lamar had not engaged him, and that he did not even know Lamar.

The alleged assault grew out of the coachman having refused to get down from the Lamar carriage to chase Mrs. Lamar's dog. When Mrs. Lamar told her husband of the incident the latter interviewed the coachman with disastrous results to himself. A few days later the coachman was "done up" by two men whom he alleges were in Lamar's pay.

NO TRACE OF CONVICTS.

Militia Has Lost Scent of California Fugitives.

Sacramento, Cal., July 31.—A special to the Bee from the Folsom state prison says that the latest reports received show that the militia has had absolutely no trace of the escaped convicts since Monday night.

The fugitives are thought to be doubling back from the vicinity of Lotus to the neighborhood of Rattlesnake Bar and the Zentgraf mine. The country in which the fugitives are supposed to be has a number of deserted cabins and several orchards, which will afford them shelter and food.

Guard Cochran, who was stabbed in the prison fight, is slightly worse, and his recovery is still doubtful.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

TWENTY-FIVE DEATHS.

Lowell's Casualty List Not Expected to Exceed This Estimate.

Lowell, Mass., July 31.—It is certain that at least nineteen persons are dead as the result of the explosion at the United States Cartridge company's plant. The police are inclined to think that the number may be increased by two or three. It was reported that Zephraim Perusse, husband of one of the dead and father of another in the list of fatalities, had himself died, but the report was incorrect. Mr. Perusse, who was one of the many French Canadians residing in the vicinity of the magazine, is in a serious condition, suffering from internal injuries and cuts, but it is believed his chances for recovering are favorable.

Alfred Lybrand (or Labrun), one of the United States Cartridge company's employees, who was also reported dead, is alive at St. John's hospital, but in a serious condition. He has severe abrasions, and powder and dirt are imbedded over the left side of the body from head to foot.

Of the list of dead the bodies of George Flynn, Louis E. Richard and James Grady, all employees of the United States Cartridge company, have not been recovered. The expectation of the police and militia is that they never will be found, as they were undoubtedly blown to atoms.

Outside of these three missing bodies it is considered possible two or three others may have lost their lives whose names have not been reported. An unknown man is reported to have been burned to death in the wreckage of a dwelling in spite of the desperate efforts of a dozen men to get to him.

Allowing for possible deaths of those now on the dangerous lists at the hospital, it is not anticipated that the death list will exceed twenty-five, and it may be nearer twenty.
