## THE MAINE ORDERED SOUTH

### Powerful Battles Ship Rushed to Isthmus.

## THE NEW ENVOY RECEIVED

### Panama's Representative Informs Secretary Hay That His Country Wants Canal Treaty.

Washington, Nov. 9.—The battle ship Maine has been ordered to Colon. She has sailed from Martha's Vineyard, where she has been at target practice, for Hampton Roads, where she will coal and proceed to her destination.

It is stated at the navy department that the sudden dispatch of the Maine to Colon is not because there is any particular necessity for the presence there of the big battle ship. The navy, it is stated, is deficient in squadron movements, and the navigation bureau desires to remedy this deficiency wherever practicable. The Maine, it is further said, has been at the navy yards during a good part of the past year, and the cruise to the isthmus will be beneficial to discipline. If the trouble at the isthmus is over before the Maine arrives there she may be diverted to Cuba, where Admiral Barker's north Atlantic squadron will be engaged in practice about Christmas time.

Admiral Coghlan, who sails from Washington with Consul General Goddard for Colon, has decided to retain the Mayflower as his flagship while at Colon until the arrival of his permanent flagship, the Olympia, which should follow him from Norfolk in about one month.

Bearing the name of her ill-fated predecessor that went down in Havana, the new Maine is one of the most powerful fighting machines in the American navy. With a speed of eighteen knots, seven inch armor and guns of almost every inch from twelve down to the big battle ship, is counted on by the government as most effective. Moreover, the new ship carries two submerged torpedo tubes.

## NEW REPUBLIC'S ENVOY.

### Washington Government Receives Panama's First Diplomatic Agent.

Washington, Nov. 9.—After the state department had received unofficial but reliable notification of the appointment of M. Bunau Varilla as diplomatic agent at Washington for the new republic of Panama and had decided to recognize him in that capacity, M. Varilla called on Secretary of State Hay and presented to the latter his credentials and full powers as minister plenipotentiary and envoy extraordinary of the republic of Panama accredited to the United States of America.

M. Varilla has informed Mr. Hay that he is ready and empowered to begin canal negotiations immediately. He thinks the people of Panama will vote the new president full powers to ratify a treaty at once.

## VARILLA MAKES STATEMENT.

### Explains His Connection With the Isthmian Canal Project.

Washington, Nov. 8.—M. Varilla has issued the following statement:

"First let me correct the impression that I am an agent of the Panama Canal company. It is true that I have been chief engineer of the Panama canal on the isthmus during my association with the old Panama Canal company from 1884 to 1889. I never was an official of the new company in any capacity whatsoever. Far from representing this company, my relations with it are anything but friendly. The history of my connection with the Panama question since 1889 is that of a soldier to his flag. I have spared neither time nor my efforts nor my money to vindicate this great and generous conception of the isthmus under which it has succeeded. I have concentrated my life and endeavors to the triumph of an idea for which France has shed much blood and rightly expended so much money. I ply the people whose hearts attach only mercenary causes to human actions, and their opinions are indifferent to me. They do not rise to the level of my contempt. Nevertheless I am bound to the republic I represent.

"You can say for me," added the minister, with great earnestness, "not only that the isthmian people want a canal, but that they will have one and that they will readily grant every facility to the United States to complete a treaty and construct the canal."

In response to his embargos accepting the appointment and informing the junta of the American government's recognition of the new republic the minister has received this cablegram from M. Espella, minister of foreign affairs:

"Notice of official recognition of Pan-

ama by American government and of its notification to Bogota, which is equivalent to formally forbidding that government from making war on us, received here with joy and enthusiastic gratitude by the government of Panama, who recognize the importance and efficiency of your services. Your name will be inscribed high on the new republic's roll of fame."

## TREMENDOUS GAINS FOR LABOR MOVEMENT

### President Gompers Addresses Opening Meeting of American Federation of Labor.

Boston, Nov. 9.—The 26th annual convention of the American Federation of Labor was called to order in Faneuil Hall this morning by President Gompers, who, in his annual report, said that never in the history of the labor movement in this or in any other country had there been such a growth as during the past year. The gain in the membership of affiliated international unions and the American Federation of Labor has been 443,100.

Per capita there was paid for the last month of the fiscal year upon a membership of 1,745,270. He said that the reaction in industrial activity, which has set in, is due to the labor movement and he said the remedy for industrial stagnation did not lie in the direction of reducing working men's wage and that working people should resist any attempt to reduce wages or raise hours of labor.

Before the annual report was read Dennis Driscoll, president of the Boston Central Labor Union, delivered an address of welcome, in which he thanked President Elton of Harvard and the Western Union Telegraph Co. over the coals for their attitude regarding trade unionism.

## CLEMENT TO RUN AGAIN.

### Reduction of Expenses and State Highways Chief Planks in Platform.

White River Junction, Nov. 7.—The announcement comes from Rutland that Percival W. Clement will strive for the Republican nomination for governor next year. Reduction of state expenses and the construction of two trunk state highways are the chief measures he advocates. He will stand for restraining the local option law against repeal by the next legislature.

Clement's fight against prohibition last year and his picturesque canvass for the governorship, attended by a oon quartet, made him the leading figure in Vermont politics. He will enter the field regardless of the traditional nonpartisan rule under which the next governor should come from the east side of the state. The battle for high license with the other issues involved promises a highly exciting campaign in 1904.

Clement will open his campaign on educational lines this winter, appealing directly to the people. A large part of the Democratic vote was cast for him last year.

## A LEAVE FOR PRESIDENT BROWN.

### Professor Bell to be Acting President of Norwich University for Six Months.

Northfield, Nov. 9.—At a meeting of the executive committee of the board of trustees of Norwich university, held Friday afternoon, President A. D. Brown requested that he be granted a six months' leave of absence, and such leave was granted because of the state of health of the president, who has labored earnestly and faithfully, beyond his strength and capacity, for the interests of the university, and now he feels that he must take a rest in order to recuperate. President Brown expects to go South for the winter, planning to return about the first of May to resume his duties. In his absence it is reported that the trustees have delegated the powers and duties of the president to the dean of the faculty, Prof. C. C. Brill.

President Brown will start south this week, accompanied by Mrs. Brown. They will go first to North Carolina and from that state to other points in the South.

## RESISTED ARREST.

### Patrick McGuire of Burlington Brandished Log Chain.

Burlington, Nov. 8.—Patrick McGuire, half crazed with drink, tried to spit open the heads of Sheriff Horton and turkey Quinn with a piece of a log chain which he had been saving for that express purpose. This afternoon the officers met their man and when told that he was wanted made no objections, but asked to go in the house. He instantly reappeared and flourished the big log chain in the face of the sheriff.

"Come another step," he said, "and I'll knock your brains out." McGuire started for him. Deputy Sheriff Quinn slipped in behind him and pinioned his arms. Sheriff Horton then got the chain after a struggle and McGuire was secured.

This is the fourth arrest for intoxication under the new law.

## COMMENT ON VARILLA.

### Paris Newspaper Reviews His Efforts in Behalf of the Canal.

Paris, Nov. 9.—Commenting on M. Philippe Bunau Varilla's appointment, the Temps reviews his long efforts in behalf of the canal and says:

"His conference throughout the United States largely contributed to the final choice of the Panama route. He afterwards went to Colombia and sought to induce the acceptance of the Hay-Herran treaty. This so strongly inclined popular sentiment at Panama in his favor that on the new republic being constituted and recognized by the United States it gave the post of honor to the man who had devoted all his energies to seeing the canal realized."

Other evening papers devoted leading articles to the action of the United States in recognizing the de facto government of Panama. The tone was temperate.

## \$5,000 BLAZE IN BURLINGTON.

### Property on Winoski Avenue Damaged Saturday Night.

Burlington, Nov. 9.—Fire broke out Saturday night shortly after 11 o'clock in James J. Kennedy's laundry on Winoski avenue and before it was extinguished had destroyed property valued at about \$5,000. The flames were communicated to John Looney's furniture store, located southwest, and to Dr. D. C. Hawley's stable located directly east.

The laundry was entirely gutted and the machinery was badly damaged. Dr. Hawley's barn is located within two or three feet of the laundry and the flames were communicated to that building. The horses and valuables in the barn were quickly taken out and by heroic work the firemen extinguished the fire in the barn, where the hay was burning and thereafter confined the flames to the laundry. The damage to the barn is considerable.

## ALLEGED SWINDLER.

### J. H. Marshall Brought Back to Burlington.

Burlington, Nov. 9.—One of the cleverest alleged swindlers and confidence men in this country is now safely behind the walls of Chittenden county jail, where he was brought from New York and turned over to Sheriff Barney F. Kelley of St. Albans on Saturday.

The crime for which this man, who represented himself as being Joseph H. Marshall of Atlantic, Ia., was wanted for swindling the O. L. Hinds company of Burlington out of about \$300 in cash and samples.

## A RANDOLPH ANNIVERSARY.

### Mr. and Mrs. Albert Manchester Married 50 Years Saturday.

Randolph, Nov. 9.—At the home of Mr. and Mrs. Albert Manchester, Saturday evening, occurred a very pleasant surprise party and reception in honor of Mr. and Mrs. Manchester's fiftieth wedding anniversary. The house had been very prettily decorated with evergreen and in the dining room the figure fifty in evergreen hung from the ceiling over the table. Mr. and Mrs. Manchester were presented fifty dollars in gold from the members of the grange and other friends. An orchestra was in attendance and the evening very pleasantly passed by about one hundred and fifty of their friends who extended congratulations to Mr. and Mrs. Manchester.

The weight of years rests very lightly on the shoulders of this couple who have lived happily together for the past half century. Among those from out of town who attended the reception were Mr. and Mrs. Henry Manchester of Concord, N. H.

## FOR SCHOOL HOUSE.

### Plainfield School Directors Authorized to Secure Plans for Same.

Plainfield, Nov. 8.—This village is wrestling with the project of building a school house to replace the one recently destroyed by fire. A special village meeting was held in the Congregational vestry yesterday forenoon. A motion was made to build a school house, and the motion was carried, only to be rescinded a little later.

Then the school directors were authorized to get plans for a wooden structure and report at an adjourned meeting.

Arrangements have been made to hold a school in the Congregational vestry until the new building is erected.

She was admitted to bail in the sum of \$2,000, her husband and two others becoming sureties. Mrs. Moffatt went home with her husband on the evening train.
