FROM MEXICO. ARRIVAL.—

By te[legraph] to N[ew] Orleans, Vera Cruz is [illegible] ten days later. Troops arrived—one regt. later than previous advices. No battle.

The force to Mary, with troops for Vera Cruz, had been attacked on Anton Lizardo. Troops saved. Vessel total loss.

Gen. Wood had been elected Governor of Texas.

SACRIFICE OF LIFE BY THE WAR.

The officers of the army and those who have the means of ascertaining the loss sustained by our army since the commencement of the Mexican war, put it down, says the N. Y. Telegraph, at 20,000 men whose bodies mingle with the soil of Mexico. The mortality or sacrifice of life at the present time is estimated at fifteen soldiers a day! Think of this! Look at it!—What trophies have we gained by this sacrifice of life! What shrieks of lamentation cloud the glorious achievements of our arms! What appalling misery and woe is sent over the country to brighten our national escutcheon! The loss of life seems to be lost sight of by those who do not taste of the bitter cup of its affliction. The sacrfices of the war seem drowned in the glitter of the conquest. Human beings are wiped from the face of the earth with as little regard as insects. But there are hearts that feel, and widows and orphans that mourn as deeply as if their fathers and husbands had died in their midst.

CINCINNAAL, Dec 6—9 P. M.—A terrible explosion took place, yesterday, caused by the bursting of a steam engine, in Mr. Reamolds' Foundary, in this city, which caused the death of two men, and severely wounded three others, all of whom were employed in the building. The building was much injured.

Impurities of the Blood.

I wish to impress it particularly on the minds of those who are troubled with impurities of the blood—bad humors, old ulcers, and diseases brought on by the use of mercury, calomel and that it is a sovereign remedy. It is well known to every physician that Sarsaparilla is almost the only article that can be successfully used to root out such diseases, and when mixed with the pure extract of Tomatoes it has been known to cure such cases where Sarsaparilla alone has had no effect. This can be accounted for from the fact that the Tomatoes operate greatly on the bowels, carrying off all those impurities which, if allowed to remain, create dangerous and incurable diseases.

One more proof of the efficacy of the Sarsaparilla and Tomato when combined.

A gentlemen from Vermont writes as follows:

Cambridge Vt, June 18, 1846.

Mr Seth W. Fowle—Dear sir, for several years past, my usual good has been occasionally interrupted by spells of coughing produced by colds; a year ago last winter I was brought to the verge of the grave by a very severe cough, accompanied with pains in both sides between the shoulders, &c. which with long continued night sweats and other alarming symptoms, reduced me so low that my friends despaired of my recovery. I consulted physicians and tried the various remedies of the day, but none of them cured me. At last I procured Dr. Wistar's Balsam of Wild Cherry, and it saved my life; I have not enjoyed better health for many years, therefore I recommend others who need it to try it. SAMUEL NENTLEY.

What does P. Jacobs of Centreville, state of Michigan, say regarding the medicince we alluded to last week. In a letter dated Nov. 12, 1846, he holds the following language. "We shall certainly be out before any more gets here, send us you forward immediately. Send plenty of pamphlets. I must say there is no medicine we have ever dealt in which takes so well and we great and decided a reputation as yours. The most singular and unaccountable part of the matter is, the uniform and unexceptionable testimony of its curative properties in every case." We have good medicines for many single complaints—but yours seems to obviate the use of all other panaceas—it goes over the whole ground. You will be surprised to learn that in every case of fever and ague I have tried it for, it has never failed to cure. And not only in one kind, but all kinds of billious diseases its effect is alike. Thus writes Mr Jacobs, concerning the Great American Remedy. G. C. Vaughan Vegetable Lithontriptic Mixture. See our columns for his advertisement—call upon Agents for a pamphlet.

**Wright's Indian Vegetable Pills are a most delightful medicine for carrying off a cold, because they expel from the system all morbid and corrupt humors (the cause of every kind of disease) in so easy and natural a manner that the body is relieved of all its sufferings as if by magic. Four or five of said Indian Vegetable Pills taken every night on going to bed, will in a short time remove the most obstinate cold,—at the same time the digestive organs will be restored to a healthy tone, and the blood so completely purified, that inflamation of the lungs, consumption or any other form of disease will be absolutely impossible.

Beware of counterfeits of all kinds. Some are coated with sugar, others are made to resemble in outward appearance the original medicine. The safest course is to purchase from the regular agents, one or more of whom may be found in every village and town in the state.

STATE OF VERMONT, } TO the Hon
Rutland County, ss. } orable Supreme Court next to be holden at Rutland within and for the county of Rutland, on the sixth Tuesday next after the fourth Tuesday in December, A. D. 1847.

Humble complaining, sheweth Oramel Ames of Middletown in the County of Rutland, that at Whitehall in the county of Washington and State of New York, on or about the 14th day of December 1845 he was lawfully married to Adeline A. Blackley, then of Whitehall aforesaid, by the Rev Mr Robinson, a clergyman of the Methodist denomination, duly authorized to administer the marriage ceremony, and from that time to the 20th day of February A. D. 1846, he lived with the said Adaline A. in the strict observance of all the duties required by the marriage covenant, when the said Adaline, without any just provocation on the part of your petitioner, left him and has since that time lived separate from your petitioner.

And your petitioner further sheweth that the said Adaline A. during the time she lived with him, committed the crime of adultery with one Carlos Williams and one Levi Plumley, and with divers other men, and during the whole period since her intermarriage with your petitioner, she has led the life of a prostitute, strolling about the country seeking opportunities for prostitution.

Your petitioner therefore humbly prays this Hon. Court that the bonds of matrimony between him and the said Adaline A. may be dissolved, and a bill of divorce granted him, and in fine, that he may be restored in all things which he has lost by reason of his said covenant of marriage.

ORAMEL AMES.

Dated at Middletown this 9th day of November, A. D. 1847.

WHEREAS it has been made to appear to me that the said Adaline A. Ames does not reside within this State, it is therefore ordered that the said Adaline be summoned to appear before the Supreme Court next to be holden at Rutland in and for the County of Rutland, on the sixth Tuesday next after the fourth Tuesday of December A. D. 1847, to answer the foregoing libel of Oramel Ames, by publishing the substance of said libel, with this order, in the Rutland Herald, printed at Rutland aforesaid, three weeks successively, the last of which shall be at least twenty days previous to the session of the court aforesaid.

The Libel of Silas Hathorn of Mountholly in the County of Rutland sheweth that at Salem in the County of Washington and State of New York, on the 20th February A. D. 1840, he was lawfully married to Susan Snow, to the Rev. Mr Lamberts, a minister of the Gospel, and from that time until the ninth of June, 1841, he lived with the said Susan, in Manchester in the County of Bennington, in the strict observance of all the duties required by the marriage covenant, when the said Susan, without any just cause, wilfully deserted this libellant, and has ever since continued such desertion, refusing to live with him, or to perform any of the duties required of her by the marriage covenant. Your Libellant therefore prays this Hon. Court that the bonds of Matrimony between him and the said Susan may be dissolved, and a bill of divorce granted him.—And this libellant will ever prey.

Dated at Rutland this 27th day of November, A. D. 1847. SILAS HATHORN.

STATE OF VERMONT, } BE it remembered that
District of Rutland ss. } at a special probate court holden at Rutland, within and for said district on the 27th day of November, A. D. 1847.

Present Wm. Hall, Judge.

Whereas Albert R. Wilson, administrator of the estate of Peter Wilson, late of Sherburne, in said district, deceased, intestate, has this day made application in writing to said court, setting forth such facts as tend to show that the personal estate of said deceased is insufficient to pay the debts of said deceased and the expenses of administration and that after the assignment by said court to the widow of said deceased of her portion of said personal estate it will be necessary to sell part of the real estate of said deceased to pay said debts and expenses, that a sale of a part of the real estate would be injurious to those interested in the remainder and therefore praying said court to grant him license to sell all of said real estate consisting of 27 acres of land with the appurtenances thereto, belonging and situated in said Sherburne, except the widow's dower, including the reversion thereof.

Therefore it is Ordered by said Court that said application be referred for hearing and decision to the first Monday, being the 3d day of January next, and that a copy of this record be published three weeks successively previous thereto in the Rutland Herald a newspaper printed at Rutland, that all persons interested may appear and object to the granting of said license if they see cause. Whereas Benj. F. Blanchard, guardian of Ezra M. Smith, Laura E. Smith, Adaline Smith, and Julia L. Smith, minor children of Hiram Smith, late of Rutland, in said District, deceased, intestate, has this day made application to said court, representing that his said wards as heirs of said Hiram are seized of four equal undivided fifth parts of all the real estate of which said Hiram died seized, to wit: the Farm containing 50 acres of land, the back Lot of 51 acres, one Lot of 8 acres, one slip in the West Rutland Meeting House, and one Shed near the same, all subject to the dower of the widow of said Hiram—also that said wards are seized as representatives of said Hiram of four equal undivided fifth parts of a certain tract of land containing 13 acres, which was set out to them in common with others by the commissioners appointed by said Court to divide the estate of Ezra Smith late of said Rutland, deceased, among the heirs thereof. Also further representing that it would be conducive to the interest of his said wards to sell all of said real estate of his said wards, in the reversion of the dower of the widow of said Hiram, and put the proceeds of said sale at interest for the same to accrue to them, and therefore requesting said court to grant him license to sell the aforesaid real estate. Therefore,

It is ordered by said court that said application be referred for hearing and decision to the first Monday, being the 3d day of January next, and that a copy of this record be published three weeks successively previous thereto in the Rutland Herald, a newspaper printed at Rutland, that all persons interested may appear and object to the granting of said license if they see cause. Books recommended by the State & Co. Superintendents.

1. *Davis's First Lessons in Arithmetic.*
2. *Davis's School Arithmetic*
3. *Willard's School History of the United States*

At the meeting of the State and County Superintendents at Montpelier on the 6th day of Oct. 1847, it was

Resolved, That the convention, inasmuch as Adams' Arithmetic is regarded by us as superior to all other treatises on Arithmetic now before the public, excepting the series of Professor Davies, and inasmuch as Adams is now in general use in our schools, would not at this time recommend any change or hasty measures by way of introducing any new books, but impressed with a firm conviction that Davis's Elementary and Common School Arithmetics, whether used as a means of securing thorough mental training or for practical purposes, is the highest and most liberal ever decidedly superior to any other with which we are acquainted and would unhesitatingly and strongly recommend the introduction of these books as fast as a change can be made.

DAVID M. CAMP, President.
Signed, J. B. CHASE, Secretary.

Montpelier, Oct. 21 1847.

NOTE. The School History of Mrs. Willard was recommended by the convention of 1846. The above books are sold by Wm. E. C. Stoddard, Rutland, Wm. Ward, Castleton, and booksellers generally throughout the U. States. 47 2
