NUX IRON PEPSIN and SANSAPARILLA - Effective Spring Medicine Combination.

As compared in Hood's Sarsaparilla and Pepsin, taken in conjunction, these valuable remedies possess unparalleled value for the quick relief of a long trail of ailments common in the Spring season. You know well the great tonic properties of iron. They are much increased and improved in this combination—Hood's Sarsaparilla before lunch and Pepsin after.

In these days of rushing and pushing, beyond the endurance of even the most robust, nearly every man and woman needs this blood-purifying, cleansing, up-building in the Spring. If it is not supplied, the depletion of the blood and the broken-down nerves may soon give way to permanent ill-health.

If a cathartic is needed, as where there is biliousness or constipation, Hood's Pills should be taken. They are purely vegetable, do not irritate, and work all right with Hood's Sarsaparilla and Pepsin.
