

These Cool Days Help to Keep Down the Ice Bill. Here's Hoping We Have Some Warm Ones Next December to Help Out the Coal Bin

ALBANIAN DRIVE FAVORS ALLIES ALL ALONG LINE

New Action Started in Balkan Area.

1000 PRISONERS TAKEN

Allied Success in Albania Cause Nervousness in Ferdinand's Troops.

Washington, July 11.—An official dispatch to the Italian embassy at Washington yesterday from Rome said that the Italian and French troops in their offensive in Albania, which is continuing, have captured 1000 prisoners, including 50 officers, several airplanes and much war material.

Successes won by the allied troops in Albania, according to a London dispatch, will aid seriously to the troubles of the Austrians. They were won by a fresh determined action in the Balkan area, where any military success must always have immediate and valuable political reaction.

The line on which fighting is going on at present runs from the Rhyar Devoite to the Adriatic, a distance of over 70 miles. In addition to the French and Italian troops engaged in the battle, Albanian troops, under Essad Pasha, are fighting against the Austrians and because of their familiarity with the country, are in a position to give valuable assistance.

Although the region of the allied advance is 70 miles from the Salonik front, there are already signs of nervousness among the enemy troops in that area. The advance in Albania is a serious threat to the right flank of the Bulgarian armies in the region of Monastir. This is evident, it will have, too, the effect of bringing to the side of the allies many from the hill tribes, which are among the finest fighters in the world. Every fresh success of the allies will hasten the south slav races, who are already in revolt against their Austrian rulers.

A further short advance will bring the allies to Berat, the chief town of southern Albania, and it is significant the Austrian official statements admit the progress of the French and Italians.

The text of the official statement issued by the Austrian war office last night reads:—

"In the Brenta valley our reserve troops repulsed an Italian advance.

"In the face of pressure from strong enemy forces, our southern Albanian front has been withdrawn across the Beral-Pieri line. Since yesterday morning the fighting activity there has been very moderate."

London, July 11.—In a local operation last night near Villers-Bretonneux, the British improved their positions, the war office announced. The Germans bombarded the locality heavily.

Italian Headquarters, July 11.—Evidence from Austrian prisoners indicates that the Austro-Hungarian losses during the recent offensive amount approximately to two hundred fifty thousand. Also that corporal punishment in Austrian army has been resumed; and that crops of wheat and potatoes in Austria are poor.

Rome, July 10.—Italians on the offensive in Albania are continuing their advance, the war office announced. The enemy yesterday was beaten back on both sides of the Osum river.

Paris July 11.—French last night captured the town of Corey on the front southwest of Soissons, the war office announced. The French also took the farm of St. Paul and the Chateau to the south of Corey.

ARMED PRISONERS WERE DEFEATED

Czecho-Slovak Troops Captured 600 and Took Town of Nikolok.

Washington, D. C., July 10.—The definite news of an armed body of German and Hungarian prisoners in Siberia was contained in a report received today at the state department from the United States consul at Vladivostok telling of the capture by Czecho-Slovak forces of 600 prisoners and the town of Nikolok, about 80 miles northwest of Vladivostok.

The Czecho-Slovaks lost 40 killed and 200 wounded. They were opposed by a large force of bolshevik red guards and armed Germans and Hungarian prisoners. The defeated red guard and prisoners took armored trains and retreated toward Haborsisk on the Amur river, filling eight trains. They took all the rolling stock at Nikolok and did some damage to the road bed.

The population of Nikolok were reported very friendly to the Czecho-Slovaks and aided in repairing the road. The prisoners taken are being held and examined in an effort to learn where they got their arms.

The consul reported that the bolshevik hanged several members of the Nikolok city administration and a number of railway employees.

NEW GOVERNMENT HAS BEEN SET UP WITHIN SIBERIA

VL. State Library MONTPELLIER

ADOPT NATIONAL FLAG

Japanese Professor Says Japan Should Intervene to Save Siberia from Germany.

Peking, July 10.—A new Provisional Siberian Government has been established at Novonikolayevsk.

The defeat of the Bolsheviki in Western Siberia is confirmed. The Bolsheviki have evacuated Irkutsk.

London, July 10.—In reporting the establishment of a new Provisional Government for Siberia, which has the nearly unanimous support of the population and will continue to fight the Central Powers a dispatch from Tokyo quotes the Vladivostok correspondent of the Asahi as saying that the new Government intends to summon a Constituent Assembly and restore law and order throughout the country.

The program of the new Government includes the liberation of Siberia from the Bolsheviki; the avoidance, if possible, of foreign intervention; universal suffrage; establishment of provincial councils and a labor bureau; distribution of the land among the landless, and control of economic activities.

Siberia thus will become the first democratic State in the history of Russia, and it is hoped, will be the forerunner of a great Russia. The flag adopted by the new Government consists of two stripes of white and red.

The counter-revolution assisted by the Czechoslovaks is spreading all over Western Siberia, says a dispatch to The Times from Peking dated July 10.

The Bolsheviki are being driven westward from Irkutsk and many are endeavoring to escape into Mongolia.

Referring to the Czechoslovak movement as a basis for the struggle against Bolshevism in Siberia, the correspondent predicts that it will aid to the elimination of the Bolsheviki in a short time. "The question of intervention is still pressing, he adds, because Russia is torn with political differences and personal jealousies and there is urgent need of responsible Government."

Political circles in Harbin are discussing the danger of a new Government in the eastern provinces, which may be formed of elements favoring the old regime. Proably forces at Harbin have declared for an immediate summoning of a Constituent Assembly.

Dr. Sakue Takahashi, Professor of international Law at Tokio University, is quoted as saying:

"Japan's defeat of Russia exposed Russia's weakness, especially to the Kaiser; hence Japan is probably responsible for Russia's collapse and Japan's duty to save her. I think resident Wilson errs in placing Bolshevism professions on a plane comparable with the democracy of the United States."

"When we think of the danger to Siberia which threatens the future of Japan, a danger from a nation far more efficient and more to be dreaded than ever was Russia in the old regime, it becomes our right to intervene in Siberia."

Professor Takahashi says that the salvation of Siberia should be carried out by supplying the people with necessities and by conserving the means of transportation for men and material. To put these measures into effect, he says, Japan must send an army strong enough to gain the confidence of the anti-Bolsheviki and to protect men, material and railways.

Professor Takahashi proposes to make Siberia a buffer State in order to counteract German penetration in the Far East. It would be populated by the Russian bourgeoisie now in Siberia, by Russian refugees of that class from Russia, Japan and America, and by Slavs desiring to escape from the oppression of the Central Powers.

LIEUT. DAVID PUTNAM IS LEADING AMERICAN ACE

He Succeeds Lieut Baylies Who Has Been Missing Since June Seventeen.

Paris, July 10.—Lieutenant David Putnam of Brookline, Mass., has formally become the leading American ace, succeeding Lieut. Baylies, who has been missing since June 17. Lieut. Putnam's tenth victory on June 30 has been verified officially. In June he brought down seven German machines, equalling the monthly records by late Captain Guynener.

LEE DECORATED

Grandson of Confederate General Robert E. Lee Cited.

Chicago, July 10.—Lieut. Robert E. Lee, a grandson of the famous Confederate General, has been cited for the Croix de Guerre, according to a letter just received from him by his wife. It is assumed that the citation was for an exploit several weeks ago, in which the Lieutenant and his company captured a machine gun, the Lieutenant being wounded.

BANDITS LOOT EXPRESS TRAIN AND ESCAPE

Posse of Two Hundred to Rush Patch of Timber.

BELIEVE BANDITS THERE

Robbers Had Automobiles But Abandoned Them When Pursued—Passengers Not Molested.

Paola, Kansas, July 11.—A posse of two hundred men is patrolling the Marais De Cygne river banks near here awaiting the signal to rush a large patch of timber in which it is believed were hiding a dozen men who, late last night, held up a south bound Missouri, Kansas and Texas passenger train, shot three men, looted the express and mail cars and escaped. The bandits left the scene in automobiles; but on being closely pursued, abandoned the cars and took refuge in the timber. No attempt was made to rob the passengers.

EXPLAINS WHY MILK CHECKS ARE DELAYED

Letter From Milk Administrator for New England to Vermont Creamery Commissioners.

The creamery commissioners have received many inquiries from the farmers of the State in regard to delay of payments by foreign creamery companies to them of the amounts owing farmers for milk purchased of them by such creamery companies. The commissioners have written Dr. Arthur W. Gilbert—milk administrator for New England—for an explanation in regard to the cause of such delay and the following letter has been received:

"Boston, Mass., July 2, 1918 Secretary of State

Morrisville, Vt.

Dear Sir:

Your letter of June 26 remained unanswered for a few days because of the pressure of work connected with the recent sessions of the New England Regional Milk Commission of which I am secretary.

On May 1st the Federal Milk Commission put into effect a Surplus Plan for buying milk, which requires dealers to pay once a month instead of twice a month as formerly. Under this plan the Boston dealers pay the full price named by the Milk Commission for all milk which is sold by them as whole milk, and the portion of milk which they buy which cannot be sold as whole milk and known as surplus milk is manufactured into various by-products, less the cost of manufacture, is paid back to the farmers. Therefore, it is impossible to determine, until at least ten to fifteen days after the end of the month, what price shall be paid for the milk of that month.

I shall be pleased, if you desire, that you make this letter or any portion of it public.

Very truly yours,

Arthur W. Gilbert Milk Administrator for New England.

This letter is published by the commissioners in order that the public may have full information in regard to the matters contained therein.

Frederick G. Fleetwood Charles A. Flimley Creamery Commissioners.

IMPOSSIBLE TO REACH DECISION ABOUT RUSSIA

Situation is Changing so Rapidly That United States Sees Difficulty in Trying to Give Military Aid

Washington July 10.—The government regards the Russian situation as so rapidly and constantly changing as to make it impossible to reach any decision as to what military aid may be extended by the United States. This was stated authoritatively today. All plans that have been submitted, involving military action, the United States feels, involve at the same time a weakening of the western front. It is the decision of the government that nothing must be permitted to detract from the military strength in France and Belgium. The project of extending economic aid is progressing favorably.

CHESTER MAN PRISONER

Corporal F. R. Hyde is in Hands of Germans.

Washington, July 10.—Corporal F. R. Hyde of Chester, Vt., who was previously reported as missing, is a prisoner in Germany, according to the official report of Gen. Pershing.

INSTANT POSTUM

has a delicious coffee-like flavor but requires less sugar. Absolutely pure—no caffeine in POSTUM

MRS. FRANK M. CRAWFORD

Estimable Woman Resident Passed Away Early This Morning.

Agnes J. Stone, daughter of the late Seymour Stone of Bennington and wife of Frank M. Crawford, died at her home on Park street early this morning, after a long and painful illness. Mrs. Crawford had been in failing health for the past three years and had been confined to her bed during the past few weeks. Her suffering at times was intense, but she was uncomplaining and so long as she was conscious maintained an unflinching interest in her home and her friends. Her appreciation of every act of kindness on the part of her neighbors and attention to her comfort will long be remembered.

Mrs. Crawford was in her 59th year at the time of her death and for a quarter of a century her home had been the house in which she passed away. Both the interior and the exterior radiated her home-loving personality. She was passionately fond of flowers and each season the abundance of bloom that responded to her painstaking care and which was so freely distributed to her acquaintances made her garden one of the beautiful spots in the village.

An only child she left few surviving relatives, but her never-failing generosity, her sympathy for all who were afflicted and her thorough honesty of act and thought had endeared her to many who will learn of her death with the deepest regret.

Arrangements for the funeral have not been completed but the service will probably be held from the house Sunday, Rev. P. L. Dow will officiate.

ANNUAL PARTY

James C. Colgate to Entertain the Children of Bennington.

Tomorrow afternoon James C. Colgate will entertain the children at the playground by giving a party in honor of his daughter Mrs. Hope Colgate Jerome who was married last year after the playground was closed.

Mr. Colgate entertains the children each year and the children look forward with great anticipation for the annual party.

A special program of singing, folk dancing and games will be carried out and ice cream and cake served. In case it rains Friday the party will be held on Saturday afternoon.

50 WOMEN KILLED BY HUN AIR RAID

Victims Were Belgian Women Who Were Making Bandages for Wounded Soldiers.

London, July 10.—In a recent German raid on the Belgians, more than 50 girls were killed by air bombs launched upon an ambulance park at La Paune, behind the Yser front, says a London dispatch. According to a special dispatch from The Hague, 50 bombs were dropped in the immediate neighborhood of the park, and several struck a large villa about 200 yards from the hospital.

Of the many girls in the villa engaged in making bandages and repairing linen for the wounded, 30 were killed instantly or died from injuries within a few minutes; 40 injured were removed from the village of whom 24 died later.

E. L. TAYLOR'S VIEWS

Manchester Man Expresses His Views on Several Subjects.

Bennington Banner:—Would you kindly give me space in your columns to express my views and opinions in regard to matters of much importance to the residents of the state, county and town? When the authorities select men for the army and navy, the rules for the examinations are rigid and were formulated with the idea that only those who camp up to the standard would be accepted, and in consequence the reports show that our boys "over there" are "making good". Words of commendation from General Pershing are a guarantee that we have the material and the goods to make good any claim we have put forth. As to what others may expect from the people of Vermont, we have sent from this state our young veterans. We have young men of ability left who are just as capable, and there isn't the least bit of doubt in my mind that we older ones need not fear for the future of the little, grand, old big state of Vermont. What we have asked of our boys in uniform we must also ask of our officials of the state, county and town—that is "they shall be fit."

Bennington County's candidate for governor, Frank E. Howe, has made a statement in which he is perfectly fair and honorable to Governor Graham and I am sure the Governor will not have the slightest ill feeling towards Mr. Howe because of it. I will be just as candid and say that I would be pleased to see Governor Graham re-elected if he especially desires to serve another term. There is not a doubt but he is better equipped to carry on the business of the state, because of the experience, than almost any other man. But if he retires from office now, the record he has made cannot be dimmed should he, during a second term, make mistakes of judgment.

In regard to the resources of the state, I contend that agriculture and the men most actively engaged in that industry should be prominently recognized by our state officials, Mr. Cotton, National Meat Administrator declared recently that we had shipped 16000 lbs. of pork and 6000 lbs. of beef every minute of every working day. In my judgment the sale and

(Continued on Page Four)

SENATE "DRYS" DEFEAT "WETS" ON TEST VOTE

Gore Prohibition Amendment Kept in Food Bill.

ITS ADOPTION EXPECTED

Prohibits Sale of All Alcoholic Drinks After Jan 1.—"Wets" Concede Their Outlook Unfavorable.

Washington, July 10.—The likelihood of nation-wide prohibition becoming effective on Jan. 1 next for the remainder of the war assumed a tangible aspect today when the Senate, 36 to 33, voted to retain the Gore-bone-dry amendment in the Food Stimulation bill, the "drys" gaining an unexpected victory.

The Senate action came on a ruling made by Senator Sainsbury, President pro tempore, in which he sustained the point of order raised yesterday by Senator Penrose of Pennsylvania against retaining the Gore amendment in the food measure. Senator Penrose, urging a ruling by the Chair today, reiterated that the prohibition amendment touched upon matter extraneous to the bill, and under parliamentary procedure ought to be cast out.

The President pro tempore, in sustaining the point of order, ruled that the Gore amendment embraced special legislation in a general appropriation bill. Immediately Senator Jones of Washington, one of the foremost prohibition advocates, challenged the Chair's ruling. After two and a half hours of debate the Senate overruled the Chair.

On this ballot, Christie Benet, the new Senator from South Carolina, who was appointed by the Governor to succeed the late Senator Tillman, cast his first vote in the Senate. He voted to overrule the Chair, aligning himself with the "dry" forces.

The vote convinced Senate leaders that the fight to put the prohibition rider through with the Food bill probably would be won. In the vote on whether to sustain the Chair there were Republican and Democratic Senators avowedly for nation-wide prohibition, but who voted to support the Chair, as they explained, simply from the parliamentary viewpoint. These Senators, now that the Gore amendment has been retained, will vote for it when the bill comes up for final passage.

Under the Gore amendment the sale of distilled spirits would be prohibited except for export, after Dec. 31 next, for the period of the war; after Nov. 1 next the use of food products in the manufacture of beer or wine would be prohibited, and all sales of beer and wine would end on Dec. 31.

Prohibition leaders in the Senate predicted tonight that the Gore amendment would be passed by a substantial vote. Leaders among the "wets" made no prophecies, but conceded that the "drys" seemed to have the upper hand.

An effort will be made by the "wet" leaders to make the Gore amendment less drastic, but no Senator among them was willing to say he expected any compromise to be effected.

MAN'S BODY FOUND BESIDE THE ROAD

John Barnes, First R. F. D. Carrier in Pittsford Was Probably Thrown Off Wagon By His Horse.

Rutland, July 10.—John Barnes the first rural free delivery carrier in Pittsford, was almost instantly killed yesterday afternoon when he was thrown from his wagon while on his route on the Furnace hill. Barnes was discovered lying beside the road by M. H. Merrill, director of the United States fish hatchery at Holden.

How the accident happened is not known. It is thought the horse became frightened and jumped, throwing the driver into the roadway. Barnes has been a rural carrier for the last 16 years. He was born in Pittsford on Jan. 3, 1853. He is survived by his widow and four children, J. Edwin Barnes and Mrs. Mary E. Hanson, both of this town; Clinton C. Barnes of Northfield and Frank C. Barnes of Pittsford. He also leaves a brother, George of Claremont, N. H.

PRISONERS STRUCK

And They Spent the Day in Their Cells Without Food.

Parford, Conn., July 9.—One hundred and two prisoners in the state prison at Wethersfield spent the day in their cells without food today, because they refused to go to work in the shirt shop in the morning. Warden Charles C. McLaughlin said he had no official knowledge up to noon of why the prisoners decided to strike but he had learned indirectly that they were not satisfied with the meals they had been getting. The prison bill of fare, he said, was ample not only in quantity and quality, but was also approved every week by the prison physicians.

No excitement attended the strike. The entire number did not strike together, but in small groups during the early morning hours and as fast as they stopped work they were returned to their cells and put on a diet of water.

TWO PETITIONS VS. TWIN STATE G. AND E. CO.

Village Charges Neglect and Unlawful Prices.

ASKS FOR ADJUSTMENT

Public Service Commission Will Hold Public Hearing at County Court House Tuesday, July 10.

The village of Bennington, through Henry Chase, its corporation attorney has filed two petitions with the Public Service Commission of Vermont against the Twin State Gas & Electric company. In one of the petitions alleges that the company has failed in its legal duty to the citizens of Bennington and vicinity to furnish them with adequate service, accommodations and facilities, and in this connection the petition charges specifically that the company has neglected and refused at different times to connect up its electric wires and system, and also its gas mains and system with many houses and buildings in this community; that it has failed to provide itself with adequate equipment, materials and fixtures to serve the reasonable need of its patrons; that it has failed to employ a sufficient number of competent employees to meet its obligations; that it has discriminated against persons here; that it has not provided itself with adequate equipment and service at its power house to meet the conditions that prevail during emergencies, and other charges of a similar nature.

The second petition alleges that the company is charging an unlawful rate to the consumers of its gas within the corporate limits of the village. This petition is filed in connection with the bill in chancery brought by the village some time ago, and on which a temporary injunction was secured from Chancellor Stanton restraining the company from increasing its rates for gas above that agreed upon in its franchise from the village trustees, and the petitioner asks the Public Service Commission to establish a reasonable rate for this community.

The Commission has set Tuesday, July 16th, at 10 o'clock in the forenoon at the Municipal Court room in its village as the time and place when and where it will hold a hearing in the two petitions.

FUNERAL AT RUTLAND

Lieut. Frederic P. Clement, Killed in Aeroplane Accident.

Rutland July 10.—The funeral of Lieut. Frederic Percival Clement, Jr., who was killed at the fair grounds in Dallas, Tex., on July 4, where he with several other flyers, was giving an exhibition, was held at the Trinity church last night at 7 o'clock. Rev. Joseph Reynolds, rector, officiated.

At the close the casket, wrapped in an American flag and covered with beautiful flowers, was borne out of the edifice escorted by a platoon of the National Guard.

The pall bearers were Lieut. Scott Bowen of Langely Field, Va., a brother-in-law; Lieut. Rex P. Arthur of Tallapoosa Field, Tex.; Robert H. Halverson of Roadville, Edward T. Kiggins of New York, Charles Lunt of Boston and Horace S. Brown of Springfield.

A number of friends and relatives from this and other states attended the services and among those was Lieut. Furber I. Marshall, who came from Texas, bringing the last respects of the commanding officer at Fort Dick.

Lieut. Roger C. Conant at Camp Devens, a brother, attended services. Lieut. Clement was killed when in the middle of a "tail spin" his machine crashing to earth.

SON OF FORMER CZAR KILLED

Reported Murdered by Bolsheviki Soldier With Bomb.

London, July 11.—Swedish newspapers publish a statement by a Swede just returned from Moscow that Alexis Romanoff, son of the former Czar Nicholas, has been killed by a Bolsheviki soldier by a bomb, says a Copenhagen despatch.

There have been numerous rumors recently of the death of help-apparent Alexis, but none have been confirmed.

GENERAL LAWS TO BE \$8.

Price is Fixed by Trustees of the State Library.

Montpelier, July 10.—The trustees of the state library met this afternoon in the governor's office for the purpose of fixing the price on the General Laws. The price was fixed at \$8 a copy and the state librarian was authorized to sell them.

TOO LATE TO CLASSIFY

FOR SALE—Limb wood in the woods \$1.00 per cord. 611 Main street. 4411

FOR SALE—Good wood, cut stove length. Nelson Rose, tel. 121-2. 4416

BURGLARS MADE GOOD HAUL BUT SOON CAUGHT

Clothing Taken from Levin Store Last Night.

BROKE WINDOW TO ENTER

Edward Carrigan and Charles Aubertin Arrested and Held for County Court.

Edward Carrigan, aged 30, who gave his home as North Adams, and Charles Aubertin, aged 25, and who says that his home town is New Bedford, Mass., are in the county jail awaiting hearing on the charge of breaking and entering the store of Joe Levin store at the corner of North and River streets Wednesday night. The stolen goods were recovered.

Entrance to the store was effected by breaking out a pane of glass in a window on the south side of the store. About daylight this morning Chief of Police Brazil observed two or three shoes on the ground just outside the window and it required but the briefest investigation to discover that the store had been entered.

Maurice Levin was awakened at his home on River street and the store was opened. It was evident that considerable clothing had been stolen for the hangers near the window. A look through the stock disclosed the fact that two Panama hats were also missing.

Blood stains on some of the hangers showed that one of the burglars had cut his hand on the broken glass. This was the only clue that could help the officers in their search for the thieves. Chief Brazil and Officer Richard Hurley immediately went to work on the case and about 11 o'clock had Carrigan and Aubertine before Municipal Judge Holden.

The two men were arrested near the Bennington and North Adams Street Railway trestle over the upper neck of Benton's pond. They were discovered by Officer Hurley and were at once arrested.

The men had a "suit" case into which had been crowded as much as possible of the stolen clothing. Carrigan was also wearing one of the suits taken from the store over his own clothes and was apparently not suffering from the cold. There was a good-sized cut on Aubertine's hand believed to have been caused by contact with the broken window glass.

Ten suits of clothes, a raincoat, five heavy shirts and two Panama hats were recovered. There is good reason to believe that several odd shoes were also taken and if found it is desired that they be returned to the store.

It is evident that the burglars when they left the store traveled over North street to County street and north over Park street extension before turning south and making their way to the clump of bushes off from North street in which they were found asleep by Officer Hurley. Some of the missing articles were recovered near the Vermont soldiers' home.

Carrigan and Aubertine have been in the village for about two weeks and have been working nights at the "Lorraine" restaurant.

BULGARIANS DESERTING

Army Conditions Unbearable and Hope of Victory Vanishes.

London, July 10.—Desertions from the Bulgarian army on the Macedonian front are increasing, the Italy-French headquarters in Macedonia informs the Saloniki correspondent of The Times.

The deserters say conditions in Bulgaria have become unbearable and that hopes of an ultimate victory have vanished. Insubordination in the Bulgarian army has increased.

The submarines in the Mediterranean are declared to be a failure, the report says.

WEATHER FORECAST

For eastern New York and western Vermont, partly cloudy tonight and Friday.

Base Ball! BLACK CAT NORTH ADAMS Sat., 3.30 p.m. Morgan Park

BLACK CAT BERLIN Sun., 3.30 p.m. At the Desert Admission 25c Plus War Tax of three cents.
