Every married woman knows "The Eleventh Commandment." Besides the Ten Commandments of the Decalogue there is another unwritten, an eleventh, which every woman knows: "Thou shalt marry none but the man thou lovest"—to disobey is often to open wide the door to infelicity and even tragedy. ARE YOU DISAPPOINTED

often by not feeling well enough to attend some social gathering, or to keep an appointment, on account of an attack of indigestion? Such experiences cause disappointment, don't they?

You can ward off these attacks, and keep your stomach and digestive organs healthy by taking SEVEN BARKS, Nature's remedy of roots and herbs.

When the stomach is out of order, the liver not working properly, or the bowels are sluggish, a few doses of SEVEN BARKS will stimulate the liver, regulate the flow of bile, expel distressing acids and dangerous poisons, and quickly restore you back to good digestion and normal health.

Stomach disorders are the direct cause of nearly all the ailments that affect the human system, and make life a burden, instead of a pleasure.

Digestive trouble also spoils beauty, robs you of sleep, makes dark rings around the eyes, and ruins the complexion. Let SEVEN BARKS digest your food and tone your stomach, then you may eat what you like and bright eyes will soon return.

Ask your druggist for SEVEN BARKS. If he does not happen to have it, he will get it for you. Accept no substitute. PRICE, 50 cents.

Daily Thought

As a vessel is known by the sound, whether it be cracked or not, so men are proved by their speech, whether they be wise or foolish.—Demosthenes

The Roosevelt Memorial

James P. Goodrich, Governor of Indiana, has written as follows to Mr. Thompson.

"If there is any one thing, above all others, for which the name of Theodore Roosevelt stands, that one thing is sturdy Americanism. I believe that it is this one quality more than any one thing which has endeared Theodore Roosevelt to the American heart. His devotion to his country and its institutions was so wholehearted, so unselfish, that his name will ever prove an inspiration to the thorough American who seeks to further the interest of his country and the things which it typifies.

"At this time when the Heaven of Internationalism is working in the land, and not without a certain insidious effect, the guiding influence of Theodore Roosevelt is needed as never before. If he were alive today

we know that he would take his stand with the patriots who are working to brighten the flame of intense American nationalism. Since we cannot have him in person, let us commune with him through his works rededicating ourselves to the cause of one flag one language and one loyalty. This I am sure, above all else, is what he would have us do in his memory."

Berkey & Gay Furniture for Good Homes

What the word "Sterling" is to silver, the name Berkey and Gay is to furniture. In July last, when our buyers were attending the big furniture exposition in Grand Rapids, Mich., they were impressed more than ever with the designs, construction and finish of this reliable furniture, with the result that they bought generously. To people of refined taste who appreciate beautiful furniture for the bedroom or dining room, it will appeal strongly. A splendid display is now being made on our salesfloors. Come, and welcome.

CONTRACT PAYMENTS

When we couple small profits and quick service with our Contract Payment Plan, which permits of the equipment of an entire house, a single room or the purchase of a single piece of furniture upon a small payment at time of selection and the balance of bill to be liquidated in small amounts—spared from your pay envelope weekly or monthly, or as best suits your convenience, the secret of the R. C. Reynolds growth in business is laid bare.

The R. C. Reynolds Store will always be a store for people who believe that thrift creates content.

GERMAN OFFICIALS FOR TRIAL

Lists Prepared But Do Not Contain Name of Kaiser.

Paris, Oct. 7.—Newspapers announce that lists of German officials and others to be delivered to the allies for trial are now practically ready for submission to Germany. The papers point out that the lists do not contain the name of the former emperor, who is to be dealt with separately.

Americanism

We have previously touched upon the necessity of our neighboring state of Massachusetts re-selecting Governor Coolidge this fall and we are again impelled to consider the subject when we learn that one hundred of the Boston Policemen's Union have taken the stump against him and will campaign actively until election day.

Further we have the statement of the campaign manager of the Democratic candidate that—"Within a few months you will find Coolidge out. Long in the chair and the 'cops' back on their jobs in Boston."

Certainly the issue could not be more clear cut. The defeat of Governor Coolidge is to be interpreted a statewide demand that the Boston police be reinstated and the splendid principle of Americanism for which Mr. Coolidge stood controverted in the interest of class prejudice.

It was not a labor trouble which Boston suffered from but the wholesale desertion from posts of duty by the police force of the city. Massachusetts cannot very well stand for law and order and defeat Governor Coolidge in view of the stand taken by the Democratic campaign manager. In the meantime the ex-members of the Boston police force may gain wisdom from what happened in Norfolk, Va.

Some weeks ago the police force of Norfolk, then affiliated with organized labor, was served with an ultimatum at 1:30 p. m. The next day this ultimatum required that they divorce themselves absolutely from any affiliation with labor or any organization outside of the police force or be dismissed.

By 10 A. M. the next day the police force of Norfolk had fanned their better judgment. They gave up their charter, disbanded their union, and are now affiliated with no organization outside of the police force. And further, the fire department of the City of Norfolk, appreciating the policy of the city government in declaring affiliation with organizations outside of the force to be inadmissible, has divorced itself from organized labor
