CAUSE AND EFFECT

I Have Moved My Stock of Maxwell Cars to the Palace Garage

The absolute supremacy of this machine over anything in the market, even at a much larger price, is recognized the whole country over, and the people of this part of Vermont recognizes this in a most gratifying way. That is, **THEY BUY THE CARS**, and after they buy, **THEY BOAST**. THEN THE NEIGHBOR GETS ONE and he boasts. The Maxwell business grows--we need more room and better quarters to show these winners--and the Palace Garage fills the bill--so does the **MAXWELL**.

There is just one class of men driving Maxwell Cars. Buy one and join the fast-growing Maxwell Club of **SATISFIED AUTO OWNERS**.

WANT TO KNOW WHY COAL HAS BECOME SO HIGH

Merchants' Association of New York Will Ask Principals to Explain.

New York, June 1.—The committee of the Merchants' association to investigate the advance in the price of domestic hard coal is to begin its work next week, and several operators, it is expected, will be asked to come to the hearings and answer questions. Coal dealers also will be requested to appear.

This is the first time that the coal trade had undergone an investigation of this kind. Henry R. Towne, presi-

dent of the association, said that while the committee had no power to compel the attendance of the operators, it was hardly likely they would refuse to testify. Mr. Towne said:

"We are not going off at half cock on this matter. It is the public's right to know everything about the case. The price of anthracite has been increased since 1902, and now 25 cents a ton is added, ostensibly because the wages of the miners have been increased a little over 5 per cent. New York, which on account of the anti-smoke ordinance, has to burn anthracite coal, is particularly interested in the matter."

SUFFRAGIST SENTENCED FOR BEATING HUSBY

Court Says Those Who Ask the Men's Prerogatives Can Have Punishment, Too.

Binghamton, N. Y., June 1.—Mrs. Mary Dubal of this city is believed to be the first suffragist in the United States to be given a penitentiary sentence for husband beating.

She was arrested on a warrant obtained by Mr. Dubal, who complained that in a fit of rage she gave him a sound beating. City Judge Albert Hotchkiss found her guilty and declared if women desired men's prerogatives they should also have men's punishment when found guilty of violation of law.

He always dealt severely with wife beaters, he said, and accordingly he sentenced her to three months in the penitentiary.

SUSPECTED OF MANY ASSAULTS.

Former Little Rock, Ark., Policeman Is Charged With Murder of Child.

Little Rock, Ark., June 1.—The search in which citizens of Little Rock have engaged for a mysterious "Jack the shooter," is recalled by the arrest at Searcy, Ark., of Samuel Brassfield, a former Little Rock policeman. Brassfield is charged with the murder here on May 21 of nine-months-old Paul Coulter, who was shot while in his mother's arms. Miss Marion Smith was at the Coulter home at the time and she declares positively that the prisoner is the man she saw there. Brassfield is confined in the state penitentiary as a precaution against possible mob violence. He denies that he is guilty of the crime. The killing of the Coulter infant was the last of a series of attacks on women, apparently by the same man, who terrorized Little Rock for weeks and caused the mayor to issue a proclamation calling on citizens to arm themselves and aid the police. Hundreds of men responded to the call and vigilantes patrolled the streets at night guarding the residence sections. Mrs. Coulter was attacked by a man who entered her home early in the morning. She picked up her baby and screamed for help. Her assailant shot at her, the bullet striking the child and killing it instantly. Previous to that, one woman had been criminally assaulted, several attacked and shot at and two of them wounded when they, like Mrs. Coulter, made outcry.

JOB HARRIMAN ACCUSED IN THE DARROW TRIAL

Witness Said He Furnished Cash to Buy Jurors With—Franklin Tells of Buying Juror.

Los Angeles, Cal., June 1.—Job Harriman, late Socialist candidate for mayor of Los Angeles, yesterday heard himself accused of being the man who provided Clarence S. Darrow with money for the alleged jury bribing in the McNamara case.

Sensations crowded thick into yesterday's session of the Darrow trial. Bert H. Franklin, testifying for the state said he had entered negotiations with A. K. Kruger and been "turned down" by three other jurors.

He said Kruger told him he had been offered \$4,000 for his vote as juror by another man and wanted to know if they were both working for the same side.

HANDS WOULD CRACK OPEN AND BLEED

Blisters Formed, Skin Scaled Off, and Flesh Burned and Itched Dreadfully. Healed by Less Than One Cake of Cuticura Soap and One Box of Cuticura Ointment.

"About two months ago my hands started to crack open and bleed, the skin would scale off, and the good flesh would burn and itch dreadfully. When my hands first started to get sore, there were small blisters like water blisters which formed. They itched dreadfully. I just scratched them and the skin would peel off, and the flesh would be all red and crack open and bleed. It worried me very much, as I had never had anything the matter with my skin. I was so afraid I would have to give up my employment.

"I consulted my doctor, and he said he didn't think it would amount to anything. But it kept getting worse. One day I saw a piece in one of the papers about a lady who had the same trouble with her hands. She had used Cuticura Soap and Ointment and was cured. I decided to try them, and my hands were all healed before I had used one cake of Cuticura Soap and one box of Cuticura Ointment. I am truly thankful for the good results from the Cuticura Soap and Ointment, for thanks to them I was cured, and did not have to lose a day from work. I have had no return of the skin trouble." (Signed) Mrs. Mary E. Bregg, 2522 Brown Street, Philadelphia, Pa., Jan. 12, 1911.

Cuticura Soap and Ointment are for sale everywhere, but those who wish to try them without charge may do so by sending to Potter Drug & Chem. Corp., Dept. 6A, Boston, for a liberal sample of each, post-free, together with 32-p. book on the skin and scalp.

LAURIER REPLY STIRS CANADA

Former Premier Breaks Long Silence on Roosevelt

HE ATTACKS THE PRESIDENT

Roosevelt His Friend, He Tells Ottawa Audience, in a Speech Delivered There Yesterday.

Ottawa, June 1.—Sir Wilfrid Laurier's speech at a great gathering of national Liberal leaders at a banquet given by the Reform Club of Montreal, aroused comment throughout Canada yesterday. The Liberal leader reiterated his belief in reciprocity and spoke bitterly of President Taft. It was his first public utterance in reply to Taft's allegation that reciprocity would have made Canada an adjunct of the United States.

"Mr. Taft in that letter only repeated what had been said by the Canadian judges," he said. "For my part I wish to say I am surprised that a man of the eminence of Mr. Taft should borrow such shallow rhetoric from the Canadian jingoes.

"The funny part is that this letter did not convince my friend, Theodore Roosevelt. He did not share the idea that reciprocity would make Canada an adjunct to the United States. Is not Roosevelt as good an authority as Taft's? You have your choice, and I take the Roosevelt idea, which is more in accord with the idea of commercial reciprocity. Yet, in the face of all this, while the negotiations were pend-

ing, Mr. Taft, president of the great American republic, nursed in his heart of hearts a secret which he never communicated.

"I have this to say to Mr. Taft, that he little knew the character of this people. If he harbors in his mind or heart the thought that any such arrangement could make Canada an adjunct, I have to tell him that Canada will never be an adjunct, and I say to Mr. Taft that the consent of the Canadian people to become an adjunct cannot be obtained by all the profits and wealth of the United States.

"He declared that reciprocity would transfer all our important business to Chicago and New York with bank credits and everything else. Mr. Taft needs to explain why it would transfer Canadian bank accounts to the American side of the line. One thing Mr. Taft ought to know is that there is not a single American bank doing business in Canada, while I know of thirty places where Canadian banks are doing business in the United States.

"My reading of history shows that where two nations engage in profitable interchange of trade they become more friendly and respectful to one another. That was our sentiment in negotiating the arrangement and I believe it was the sentiment of Mr. Knox.

"Mr. Taft candidly admits the arguments of the Canadian Tories and he evidently thought that if the Canadian people might also appeal to the passion and prejudice of the American people in favor of reciprocity, which only goes to show the similar weakness of human nature on both sides of the line and the feelings which politicians not actuated by the highest motives will appeal to."

BOARD WALK SCANDAL IN ATLANTIC CITY

Councilman Harry Dougherty Accused of Taking \$500 Bribe in Return for His Vote—Pleads Not Guilty.

Atlantic City, June 1.—Councilman Harry Dougherty arrested on a charge of accepting a bribe of \$500 in return for his vote in the council for the passage of an ordinance providing for a concrete sidewalk designed to cost \$1,000,000 yesterday pleaded not guilty and was held in \$5,000 bonds for the grand jury.

The hearing was expected to be sensational and a great crowd gathered, but little new developed. Detective William J. Burns told how he had been summoned here to investigate alleged corruption and dishonesty in civic matters.

He said he evolved a "fake" board walk scheme to catch city officials, having one of his men pass as a New York contractor, who offered the councilmen \$5,000 each to pass a boardwalk ordinance, paying each \$500 on account. Later, Burns stated, all the councilmen except Dougherty confessed and returned the bribe money. Dougherty refused to confess or return the money and was arrested.

SON SHOOTS FATHER DEAD.

Young Priem Was Abused by Father, if Is Claimed.

Scranton, Pa., June 1.—Herman Priem, 45 years old, a hardware merchant, was shot and killed yesterday by his son, Robert, 21 years old, after a quarrel. The father, it is alleged, abused young Priem and was about to hit him with a pick handle when the latter drew a revolver and shot his father through the body. Young Priem was arrested.

BACKACHE NOT A DISEASE

But a Symptom, a Danger Signal Which Every Woman Should Heed.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Read about Mrs. Woodall's experience.

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.
