

INSPIRATION FROM MAINE

Result of Election Encourages Republicans

AN AGGRESSIVE CAMPAIGN

Much Depends Upon Result in New York - Stimson Much Favored as the Candidate for Governor.

New York, Sept. 12.—President Taft's campaign managers are much encouraged by the Republican victory in Maine and indications point to the injection of a badly needed "punch" into the Republican national campaign.

What to do with Secretary Fisher is a problem for President Taft's managers. When he was sent west last spring the report came back from Nebraska that he had done more harm than good.

Many politicians believe that the candidate who carries New York state will be elected president next November.

Colorado Primaries. Denver, Sept. 12.—Incomplete returns indicate the nomination at Colorado's first primary Tuesday for Democratic and Republican tickets that the latter is dominated largely by representatives of the Progressive element.

12,000 VETERANS MARCH IN PARADE

Los Angeles, Calif., Entertains the G. A. R. Encampment and Affiliated Bodies.

Los Angeles, Cal., Sept. 12.—With heads held high and drooping shoulders square, 12,000 veterans yesterday marched in the annual parade, the main event of the national G. A. R. encampment.

The national convention of the Daughters of Veterans, the Woman's Relief Corps and the Ladies of the G. A. R. were called to order yesterday.

National officers will be chosen tomorrow. Col. Albert Beers of Connecticut may be a woman, as in the case of the chief, though George Tibbets of Washington was being boomed yesterday.

NO HELP FOR MURDERERS.

Spencer and Jordan Cases Not Referred to Council. Boston, Sept. 12.—No action was taken yesterday by the executive council in the case of Bertram G. Spencer, who is sentenced to die during the week beginning Sept. 15 for the murder of Miss Martha Blackstone, a Springfield school teacher.

Governor Foss declined to refer the petitions for the commutation of the death sentence of Spencer and Jordan to the council at its meeting yesterday morning.

BECKER TRIAL IS DELAYED

Stayed Until the First of October

BISCHOFF GRANTS REQUEST

Commission Will Be Sent to Hot Springs - To Take Testimony From the Person Who Met Mr. Schepps.

New York, Sept. 12.—Supreme Court Justice Bischoff yesterday afternoon granted a stay in the Becker trial, delaying the case until Oct. 7. This was granted on application of John F. McIntyre, Becker's counsel, for the appointment of a commission to take the testimony of persons in Hot Springs, Ark., who talked with Sam Schepps, a witness in the case, and his captors in Hot Springs.

Becker was to have been tried today on the charge of slaying Herman Rosenthal, the gambler, in front of the hotel Metropole in July. For several days past there have been persistent reports that Mr. McIntyre would make an eleven-hour move to delay the trial.

MAY FORCE MILK TO TEN CENTS IN BOSTON

Producers Demand 40 Cents Per Eight-Quart Can, as Against 31 Now Received, and They Threaten Hold-Up.

Boston, Sept. 12.—Although the milk contractors of Boston now get more than 100 per cent, more than they pay for milk, there is a strong probability that the price of milk will rise in October to 10 cents a quart.

The producers say that unless the contractors pay the amount demanded when the winter prices go into effect in October, they will strike and have taken a very determined stand in the matter.

The contractors say on the other hand, that they cannot afford to pay 40 cents per can for milk, and that in order to meet the raise of nine cents per can they must in turn demand 10 cents per quart from the consumer.

The producers have their demands on the judgment of experts who met at the chamber of commerce last May. These men, professors from various agricultural colleges and other experts, after discussion decided that the proper price of milk under the present conditions that should be asked by the producers was 40 cents per can.

GERMAN CLERGY TO SCORE KAISER

Declared He Didn't Care Much for Priests and Preachers.

Berlin, Sept. 12.—The German clergy boiled with excitement today at the Paris Temps' quotation of the Kaiser's admission to President Forrer of Switzerland, during the recent visit there, that although he finds in the Bible "a solution of every difficulty" he does not care much for clergymen or priests or preachers because they dilute the gospel with too much of their own brew.

"It's the Borax with the Soap that does the work," and better work with less soap—20 Mule Team Borax softens the hardest water, thus making the soap more soluble, loosens the dirt, cleanses and sterilizes wherever it is used, and without any injurious effects.

ALL AVIATION RECORDS FALL BEFORE FRENCHMAN

Fourty Covers Nearly 500 Miles and Continues His Flight.

Etampes, France, Sept. 12.—M. Fourny, the French aviator, today broke all records for both distance and duration of flight while competing for the maximum prize offered by the French Aero club. Fourny started over the seven kilometres (4.3 miles) circuit of the Etampes aerodrome at 5.53 p. m. At four o'clock this afternoon the aviator had covered 800 kilometres (496.8 miles) and was still going strong.

SPORTING NOTES.

The work of Jeff Tesreau, the Ozark cave-dweller, will bear watching from now on. Tesreau is a fine twirler, but what he doesn't know about fielding bunts would fill an enormous book.

Gregory, the recruit pitcher of the Cincinnati club, has been in the O'Day fold only a week and has been twice given the decision over the Cubs.

The Red Sox are not in the least fearing the much-tooted base stealers of the Giants. In such men as Carrigan and Cady all Bostonians are thoroughly satisfied that the reckless work on the paths by the McGrawites will be stopped.

The Red Sox will have to win nine more games to shatter the mark for games won in a season made by the Athletics back in 1910. The Boston club has nearly three weeks more of playing and if followed with favorable omens should topple over this mark.

Ben Demott, the Lafayette college pitcher, has been bought by Owner Cameron of the New Haven club in the Connecticut league. Demott was purchased from the Cleveland Americans and will not report until next April.

Fred Clarke has said during the past season that Hans Wagner was the "necessary" to make good as a manager and his personality would hold the reins.

Hughie Jennings believes that he has found the man that will fill the missing link in his outfield. Veach is his find.

Miguel Gonzales, a Cuban, has been signed by the Boston Nationals. Gonzales has been catching for the Long Beach, N. J., club this year and in their exhibition games against big league clubs he has been successful in deterring their reckless baserunning.

Candidates for the football team at Dartmouth college have reported for practice. The squad will be in charge of Head Coach Cavanaugh with other assistants well versed in football.

After what the Boston papers termed Joe Wood outwitting Callahan and crossing the great White Sox manager, many baseball enthusiasts are included to censure Wood for his performance and it greatly strengthens the assertion that Wood possesses a yellow streak. Had Wood showed his integrity and stayed over a day to face Ed. Walsh, who was to be sent against him by Callahan, he would have been placed in higher public estimation than pulling off the childish stunt. As it was Wood was not in proper shape after last Tuesday's battle and nearly met his fate, Hall coming to his rescue. Wood is working for a pitching record and his work in the last two weeks shows no indications why he should not have come out ahead of Walsh had they met.

STRATEGY OF EUROPE

Meaning of French Action in Mediterranean

ALLIANCE AGAINST ALLIANCE

England Freed To Guard the North Sea - With Russia in the Baltic Sea Germany Is Smoothed.

London, Sept. 12.—The Daily Graphic suggests that the decision of France to concentrate her fleet in the Mediterranean, taken together with Great Britain's virtual desertion of the Mediterranean in favor of the North sea, is the corollary of the recent Russo-French naval agreement and indicates a practical understanding for a naval triple alliance between Great Britain, France and Russia. Under this, Great Britain will protect the North sea and the English channel, and France the Mediterranean. This is the immediate outcome of the recently negotiated Franco-Russian naval convention, combined with the old Anglo-French convention relating to the Mediterranean seaboard put into practical operation. The French fleet, which heretofore has had its headquarters at Brest, will be permanently transferred to Toulon. This naval move will give to France complete control in the Mediterranean over any possible combination of the triple alliance, and will leave to England the defense of the North sea. Experts point out that with the Russian fleet in the Baltic the strength of the British fleet will be materially increased against any contemplated German attack, while the English channel is considered sufficiently defended by the numerous fleets of destroyers and submarines stationed on both the English and French coasts.

MRS. JACK JOHNSON ATTEMPTS SUICIDE

Wife of Champion Pugilist Shoots Herself in the Head—Ill Health Was the Cause—She May Die.

Chicago, Sept. 12.—Mrs. Jack Johnson, white wife of the world's champion heavyweight pugilist, attempted suicide last night by shooting herself in the head in their apartments. At the hospital where she was taken it is said she may die. The bullet passed through her head.

She has been in ill health for a year and so despondent that two maids for several months watched her continually. Johnson, hoping a change of climate would benefit her, planned to leave with her last night for New Mexico. He was purchasing tickets when she was seized with a fit of despondency and while the maids' attention was diverted she got a revolver. They tried to get the gun away but she fought desperately and succeeded in shooting herself.

AN ALL WOMAN TICKET IN IDAHO

They Say They Are Tired of Political Wrangling in Republican Party, and Will Go it Alone.

Boise, Ida., Sept. 12.—A Republican ticket made up entirely of women candidates will be placed in the field in Idaho this fall against the regular Republican and Progressive tickets. The women members of the Republican party in Idaho announced last night that they had become disgusted with the wrangling within the party and had decided to place a ticket of their own before the people. The women will hold their convention here this week.

AVIATOR FALLS TO HIS DEATH.

Chicago, Sept. 12.—Aviator Paul Peck of Washington, D. C., holder of the American duration flight record, was fatally hurt in a fall with his biplane last night while flying in gusty winds. He attempted too steep a spiral and when he struck the ground his engine came through the wreckage, striking him in the neck. Peck was making a trial flight preparatory to the international aviation meet here today. His skull was fractured and he is internally injured and expected to die at any time.
