

GOV. WILSON MEETS LEADERS

Talks With Governor Dix at N. Y. State Fair

HE EVADES STATE POLITICS

Governor Dix Declares Once More He is a Candidate and Expects Renomination in New York State—Tells His Reasons Why.

Albany, Sept. 13.—Determined not to interfere in the political tangle of any state, Woodrow Wilson admittedly steered a cautious course yesterday at the state fair at Syracuse, where Governor Dix, Charles Murphy and many Tammany hall men gathered.

Gov. Wilson met Mr. Murphy but had no conference with him. Gov. Wilson talked with Gov. Dix, who is seeking a renomination, but gave him no encouragement. Unaware of the program for the day, Wilson did not know until the last moment that he would be thrown together with New York politicians. He showed plainly his discomfort.

Gov. Wilson declared that had he known the Democratic state committee and the Association of Democratic County Chairmen were to meet at Syracuse yesterday he probably would not have accepted the invitation to visit the fair, because he does not wish to meddle in state politics.

Though in his speech at the fair grounds he was given a great reception he confined himself to national issues. Later at luncheon he was confronted at the table with Dix, Murphy, Norman E. Mack and other state politicians. He ate some bread and butter and then left the table.

Last night Gov. Wilson said Gov. Dix sought a private interview at which Dix stated his views about state politics. Wilson said he himself expressed no opinion.

Wilson said of his meeting with the politicians, "Nobody can make use of me by merely meeting me. I merely met New York leaders, met them in public and came away as absolutely free as when I went."

Governor Dix, who is seeking renomination at the hands of his party, has not changed his attitude on the subject. "I am a candidate," he said yesterday, "and expect to be renominated and re-elected."

"Full crew bill" and the New York City transfer measure, which he says are being used as arguments against his renomination, were justified. He says the full crew bill was defective and the transfer measure dealt with a subject which he believes should be handled by the public service commissions.

BRYAN TO CAMP ON ROOSEVELTS' TRAIL

The Peerless Leader to Follow the Colonel Everywhere That He Goes.

New York, Sept. 13.—William J. Bryan will take the western trail of Theodore Roosevelt next Saturday, starting from Denver. He telegraphed the Democratic national committee his intentions yesterday, saying that he would leave Denver and speak wherever Roosevelt has spoken, returning to Lincoln Oct. 2 for a couple of days' rest. After that he will go back on the Roosevelt trail and stay there until election. The first trip is made at Bryan's own initiative, and he will pay his expenses.

NOTES ON NATIONAL POLITICS.

Brief Bits of News and Crisp Comment on Men and Measures.

Senator La Follette has left Washington for a western tour, where it is expected he will enter actively the campaign for Progressive candidates on state tickets.

Governor Johnson of California will be in New Hampshire on Sept. 26.

Ralph C. Otis, wealthy lawyer, pioneer of the Bull Moose party in Chicago and treasurer and general manager of the Roosevelt convention in this city, declares he is through with the Progressive party. Too many "issues," with radicalism as the leading "ism," is given by Mr. Otis as his reason. Enos Porter of Indiana, who represented that district in the Roosevelt convention at Chicago, also has returned to President Taft.

William G. McAuliffe, vice chairman of the Democratic national committee, has asked that the use of his name be removed from discussion in connection with the Democratic nomination for the governorship of New York state and declared that under no circumstances could he entertain the nomination.

Eddie Clotte has been very unfortunate against his former teammates. He has lost every time that he has faced them, but has performed remarkably against all other teams.

GIBSON IS ARRESTED

New York Lawyer is Formally Charged With Murder

LODGED IN JAIL LAST NIGHT

Claims Woman Met Death By Accidental Drowning—Declares That the State Cannot Substantiate Charges Against Him.

Middletown, N. Y., Sept. 13.—Burton Gibson, the New York lawyer, was arrested yesterday at his office charged with murdering his client, Mrs. Rose Menschik Szabo, and was locked in a cell here last night to await arraignment to-day.

From the time he left his home in Rutherford, N. J., for his New York office, a mob has been at his heels. After his arrest Gibson declared the dead woman was not Mrs. Rosa Szabo but Mrs. Rosa Ritter and that she is not a Viennese, that she had no brothers or sisters and that she introduced to him as her mother the woman who was beneficiary in her will and who signed the waiver which he attached to the will when it was probated. Mrs. Szabo left an estate of \$10,000.

Gibson detailed how the woman met death in Greenwood lake, claiming accidental drowning. "They cannot substantiate the charges they have brought against me," Gibson said. "It will ruin my life, but I will not be the first American whose life has been ruined by such a charge. I am innocent of any crime."

MOTION DENIED.

To Set an Earlier Date for Trial of Becker.

New York, Sept. 13.—Justice Goff denied yesterday a motion of District Attorney Whitman to set the Becker trial for some time next week, notwithstanding the stay of proceedings until Oct. 7, granted yesterday.

It was said this afternoon that Mr. Whitman might accompany Assistant District Attorney Rubin to Hot Springs to interview witnesses there, but this could not be confirmed.

ALL BATTLESHIP SPEED RECORDS GO TO GERMANY

The Dreadnought Kaiser Makes 23 3/5 Knots an Hour During Trial.

Berlin, Sept. 13.—The official trial trip of the German battleship Kaiser, which was launched at the imperial dockyard at Kiel in June, 1911, was made to-day. The warship's average speed under forced draught over a measured mile was 23 3/5 knots an hour.

The Wyoming of the United States navy claimed the previous record over a course of a single measured mile. She covered the distance at a rate of 22.04 miles per hour.

SECOND TRIAL OF LEWIS OCT. 16.

University City Publisher Will Come Before Judge Willard at St. Louis.

St. Louis, Mo., Sept. 13.—The second trial of E. G. Lewis, University City publisher and promoter, on charges of using the mails to defraud, will be on the docket of the United States district court for Oct. 16. An order to that effect was received yesterday in a letter from Federal Judge Charles A. Willard, who will preside. The jury in the first trial failed to agree.

CANADA TAKING 175,000 AMERICANS IN A YEAR

Setting Everywhere Across the Border Where Land is Available, Says Immigration Inspector.

Ottawa, Ont., Sept. 13.—Americans are settling everywhere in Canada that land is available, says Immigration Inspector White, back from an inspection of the Canadian immigration agencies in the states. Mr. White estimates that 175,000 people from the states will cross the border into Canada this (fiscal) year.

EXTERNAL VIOLENCE.

Was Responsible For Death of "Bugs" Raymond.

Chicago, Sept. 13.—Arthur L. Raymond, known to the baseball public as "Bugs" came to his death from "internal hemorrhage and injuries to his brain, due to external violence," according to a verdict of a coroner's jury yesterday.

Frederick Cigranz, 26 years old, was held for the grand jury, accused of causing Raymond's death. Witnesses testified that Cigranz kicked Raymond into unconsciousness in a fight on Sept. 1. Raymond was found dead in a down town hotel last Saturday.

SPORTING NOTES.

"Jake" Malcolm, the university of Vermont pitcher, has been sent into two of the games of the series for the championship of the Twin-State and Berkshire county leagues. Malcolm lost the first by a narrow margin, but came back strong on the second, winning by holding his opponents to four hits.

Peters, who has been with the White Sox all season, has been shipped to the Sacramento club in the Pacific Coast league.

Archer, the Cubs' catcher, will not be back in the game for some time yet. It was thought that Archer was ready to report for action, but having fully recovered from his injury; but he is walking with the aid of a cane.

Manager Connie Mack has given seven reasons why Philadelphia Americans failed to repeat this year. They are as follows: (1) The Boston Red Sox are a better team; (2) certain Athletics failed to keep in condition; (3) failure of Cy Morgan to make good; (4) young pitcher failed to fill in when most needed; (5) injury to Manager-Captain Danny Murphy in Chicago June 2; (6) two weeks' absence of Jack Barry at short; (7) Derrick's failure to make good in Barry's place.

Schalk, the find that the White Sox picked up from St. Paul, would have been with the Cincinnati Reds had Manager O'Day had the chance to work with. As it was, O'Day had to be consoled without the youngster and now the management of Redland are in a sorry plight for not snatching the American association man when they had the opportunity.

If the big league magnates are permitted to continue their present modes of securing options on promising youngsters, children will be pledged at their christening to some big league organization. The many scouts are entering vehement complaints that they are unable to secure players owing to the fact that strings have already been placed on them. And the peculiar thing of it is that the winning clubs have the greater number of options.

Borton, the White Sox' new first baseman, was the only man to land effectively on Collins Wednesday. This youngster pounded out three of the six hits made by the Chicago lads.

FORTY-SIX VESSELS NOW BUILDING FOR OUR NAVY

Six of These in Constructors' Hands Are Dreadnoughts, 11 Destroyers, 17 Submarines and Four Colliers.

Washington, Sept. 13.—Forty-six war vessels—quite a respectable little navy in themselves—are just now in the builders' hands in various stages of completion intended for the United States navy, according to a report issued by the naval construction bureau. The list includes six battleships (all dreadnoughts); eleven torpedo boat destroyers, seventeen submarines, one submarine tender, two seagoing naval tugs, four naval colliers and one gunboat. In work on the big ships the New York navy yard constructors have far surpassed the private shipbuilders, having advanced the big battleship New York 4.8 per cent., or a total of 53 per cent, during the month of August. Outside of the battleships Wyoming and Arkansas, already practically complete, the Texas, standing at 73.6, is further advanced than any of the other dreadnoughts now under construction.

BRITISH ARMY SUSPENDS THE USE OF MONOPLANES

Result of the Four Fatalities Which Have Occurred During the Past Week.

London, Sept. 13.—On account of the recent casualties to aviators of the British army flying corps, four lieutenants having been killed within a week, the war office has suspended the use of monoplanes in the service. Army aviators consider that biplanes are safer and more stable than monoplanes. Machines of the latter type have been used, however, because they are speedier.

MAINE VOTES FOR GOOD ROADS.

Provision for \$2,000,000 Bond Issue Is Carried, Four to One.

Augusta, Me., Sept. 13.—Returns received from nearly four hundred towns and cities on the two referendum questions show that both questions were carried by a large majority. The question relating to the use of uniform ballot boxes and preservation of ballots at the state house was carried by a vote of two to one, while the proposed constitutional amendment providing for a \$2,000,000 bond issue for the purpose of building and maintaining state highways was carried by a vote of four to one.

CATTLE PRICES STILL RISING.

Steers Sell at \$10.90 at Chicago—An Advance of 15 Cents.

Chicago, Sept. 13.—Steers continued their upward trend yesterday, when for the third time this week all previous price records at the Chicago stock yards were broken. One load was sold at \$10.90. This was 15 cents higher than the high market of Tuesday, which too was a record.

Predictions are being made that the 11-cent steer will be a thing of history within a few weeks.
