From 12 to 15 acres of land about one and one-half miles from the city near the Douglas Roben farm; one acre of tillage, balance woodland; estimated 300 to 500 run wood; land lays well. A good piece of land to buy and make a dollar on. Price low for immediate sale. The D. A. Perry Real Estate Agency, Barre, Vt.

The service of forty hours' devotion, which has been in progress at St. Sylvester's church in Graniteville this week, came to a close this forenoon and most of the visiting priests left for their homes this afternoon. Rev. P. M. McKenna and Rev. James Penders of St. Monica's church were among the clergymen who assisted at the service.

William Mears of South Main street returned last evening from Boston, where he has been spending the past few days on business. Mr. Mears brought to this city a colt, the brother of Bettie Dean, the Magnaghi horse, which made such a successful showing during the past season. The colt will be kept in this city during the winter.

I have a car of hand-picked Lake Ontario Baldwin's, shipped in bulk, due in Barre Oct. 21. These apples will be sold by your best dealers, who will have samples of them for your inspection at their stores. Give them your order and have them delivered direct from car. The fancy No. 1 in barrels, out of this same orchard, will arrive about Oct. 30. Sidney E. Spafford, dealer in fruit and produce. Wholesale only. Positively no goods retained.

With the hunting season in full swing, City Clerk James Mackay reports that he has thus far issued 680 hunting licenses. At the clerk's office the season officially begins July 1, and registrations in the total number mentioned above include a few licenses granted to woodchuck hunters and farmers out gunning for crows. Now that the trees are nearly stripped of their foliage, numbers are making for the woods in great numbers, and it is within the last two weeks that the largest demand for permits has been made. At the end of the fiscal year, the number of licenses issued usually totals 800, and it is believed that the call for permits which the open season for deer creates will bring this year's list well up to that of former seasons.

How to Gain Vigor and Vitality

You cannot have great vitality and vigor unless your body is well nourished. The food you eat in many instances does not contain the nourishment that it should, hence it is necessary to give nature a lift now and then by taking a good tonic, which furnishes in assimilable form nerve, bone and tissue making ingredients.

Drown's Compound Syrup of Hypophosphites

makes tissue, tones up the nerves and fortifies the framework of the body. It contains in concentrated form elements that your system requires of food stuffs, therefore it is a nature tonic and one that co-operates in every way with nature. It rebuilds run down systems, stops coughs and wasting diseases. 88c per bottle.

SUES INDEMNITY COMPANY.
Milton Man Claims Damages of \$400 for Long Detention from Work.

Burlington, Oct. 23.—Late yesterday afternoon in county court the case of Joseph W. Robinson of Milton vs. the Masonic protective association was begun. This is an action in which the plaintiff seeks to recover damages of \$400 by reason of an alleged breach of contract by the defendant to indemnify the plaintiff under a policy issued by the defendant.

The plaintiff claims that about July 8, 1911, he received an accidental injury which resulted in 20 weeks' total disability. He claims that the policy provided for indemnity at the rate of \$20 per week for total disability.

Cowles & Stearns appear for the plaintiff and R. E. Brown for the defendant. The plaintiff's lawyers expect to show by their evidence that the plaintiff received accidental injury to the

ring finger of his left hand which resulted in a "frog" felon, and because of which he was totally incapacitated.

The jury was speedily secured and two witnesses were heard. They were Dr. I. S. Coburn of Milton and Mr. Robinson, the plaintiff.

BRAKEMAN PINCHED.
J. W. Higgins of Rutland Is Expected to Recover from Experience.

Rutland, Oct. 23.—J. W. Higgins of this city, a brakeman on the Rutland railroad "butter" train, a freight, was caught between two cars while the train, southbound, was at Brandon yesterday, and was injured about the chest and left arm. He was brought to this city in a caboose drawn by a locomotive and taken to the hospital. No bones were found to be broken and unless internal injuries develop he will recover. Mr. Higgins has a wife and child.

1,000 MEN LAID DOWN TOOLS.
Because of Breakage at Power Plant Which Deprived Stonesheds of Power.

Owing to a breakdown which occurred at the Consolidated Lighting Co.'s steam auxiliary plant in Montpelier this forenoon, business operations in a large number of stonesheds were paralyzed for the day. In fact, all of the concrete depending upon the Consolidated company alone for power were obliged to suspend this morning shortly after 9 o'clock. The power company reported that an accident had happened to one of the pumps in use at the Montpelier station and that it would be later before the break could be repaired. Later it was learned that the repair would take longer than was at first apprehended. Consequently the sheds will probably remain closed until to-morrow morning.

Plants affected by the accident are located at the south end, in Burnham's meadow, Depot square, and at the north end of the city. In all, it is estimated that nearly 1,000 men were compelled to lay down their tools for the day. When the water is too low for the Consolidated company to generate its power entirely from that source, the auxiliary steam plant at Montpelier is used. Just now, and, in fact, throughout a greater portion of the year, the Montpelier station is pressed into service on account of the shortage of power.

LARRY GARDNER'S HOME COMING.
Welcomed at Enosburg Falls With Great Joy Last Night.

Enosburg Falls, Oct. 23.—All the red fire and railroad torpedoes in this place were burned up last night in the effort on the part of enthusiastic admirers to express their delight at the return from Boston of Larry Gardner, third baseman of the world's champion baseball team.

The gritty little Red Sox player arrived here on a specially decorated train which bore colored lights and ran over exploding torpedoes every few feet. Amid the red glare and tooting of horns Gardner was escorted to a waiting automobile owned by G. F. Greenwood. Fifteen other automobiles lined up in the procession and headed by a drum corps, a trip was made through the principal streets. Gardner's father occupied a seat beside his son in the automobile and the other machines were filled with business men and fans.

The procession drew up at the Burley block where short speeches were made. P. A. Irish welcomed Gardner home on behalf of the village trustees and Olin Merrill, who was introduced as a fan who traveled 300 miles to witness the games, made a neat speech. Gardner also made a few remarks expressing his games, made a neat speech. Gardner's mother and sister accompanied him home. Plans are on foot for a reception and supper for Gardner to be given by the Philomathean club of which the Red Sox player is a member.

GAS NEARLY KILLED HER.
Mrs. P. E. Whitcomb of Burlington Breathed Much of it.

Burlington, Oct. 23.—The accidental overturning of a small gas range in the apartments of Mrs. P. E. Whitcomb in the Walker block on St. Paul street, nearly cost her her life yesterday afternoon.

Mrs. Whitcomb, who is over 80 years of age, had evidently started to cook something on the stove and sat down to wait for it. While waiting she must have fallen asleep and in some manner the stove was overturned. Mrs. Robert Noble, who occupies apartments on the same floor, smelled gas in the hall and, upon opening the door, found Mrs. Whitcomb helpless. Dr. G. M. Sablin was called and restored her to consciousness.
