

RIOTS LASTED ALL THE NIGHT

In Coal Regions North of Victoria, British Columbia

MILITIAMEN ORDERED TO THAT SECTION

One Village of 1,000 People Is Reported to Have Been Burned

Vancouver, B. C., Aug. 14.—After a night of rioting in the provincial districts of Manaimo on the east shore of Vancouver island, three hundred militiamen were ordered by Governor Bower from Victoria to take a strategic position in the coal fields to-day.

All night rumors and messages poured into Victoria, telling of violence offered to non-union miners. Besides dynamiting at Ladysmith, 50 miles north of Victoria, where the mayor called for the militia early in the night, it was reported that a track near Wellington had been torn up and that the homes of non-union miners at Extension, a village of 1,000 persons, had been burned.

The skeleton was found by a museum party headed by Walter Granger, and according to Professor Osborn it represents the beginning of mammalian life on this continent.

Evanston, Ill., Aug. 14.—Residents of Evanston, who have been complaining about the telephone service this summer, were informed that Cupid was the cause of the trouble. During the past month seventeen operators out of 70 employed at the exchange resigned to marry, and half the remaining operators are reported to be engaged.

GIRL CONTINUES STORY.

Marsha Warrington Testifies in the Diggs Trial.

San Francisco, Cal., Aug. 14.—Marsha Warrington continued to be the chief witness yesterday in the trial of the government's case against Maury I. Diggs, former state architect of California, charged under the Mann act with having transported her from Sacramento to Reno for immoral purposes.

She picked up the unfinished story of her intimacy with the defendant and carried it through to the end. Diggs, she said, had induced her to leave home against her wishes and judgment. It was he who had bought her transportation on their trip to Reno, which had not been merely an episode in a platonic friendship.

During the cross-examination, Diggs prompted questions of his attorneys and steadily kept his eyes on the girl's face, but she as constantly avoided his gaze.

CHILDREN SEE TRAGEDY.

In Chicago House When Man Killed Woman and Himself.

Chicago, Aug. 14.—Three small children were witnesses to a double tragedy on the West side yesterday, when Henry Beeson, an aged watchman, shot and killed Mrs. Lulu Climie, and then committed suicide in the back yard of a neighbor's home.

NEW CLUE FOLLOWED

In Connection With Narragansett Pier Jewel Robbery.

Narragansett Pier, R. I., Aug. 14.—Rumors were current here last night that a new clue had been discovered in the \$125,000 jewel robbery at the home of Charles Cary Rumsey. A detective came here yesterday and after visiting the Rumsey cottage left, accompanied by one of the servants. Neither Mr. Rumsey nor Mrs. Rumsey, who was formerly the daughter of the late E. H. Harriman, would say anything about the case and the detective was equally as reticent. It is understood the detective and servant went to New York.

THRILLING SPORT OFFERED.

At Grand Circuit Races Held in Detroit Yesterday.

Detroit, Aug. 14.—"Pop" Geers won his sixth Merchants and Manufacturers stake yesterday when after five hard-fought heats he landed Reusens victor in the classic race. Tenara, the Kentucky mare, winner this year of three big stakes, could not withstand the terrific rushes of Geers' gelding, and after taking first place in two heats was unable to do better than second.

Cabel won the 2:20 pace and Flower Direct the 2:05 pace, both in straight heats, while Dr. Burns, Jr., captured the 2:08 pace after dropping the first heat.

No. M. and M. in recent years furnished more thrilling sport than yesterday's renewal. Every mile was hotly contested. Tenara in the first heat led all the way but had to be driven out to win from Santos Maid by half a length.

Judson Girl and Reusens finished noses apart four lengths behind. Tenara repeated in the second heat but won with less effort at the end when both Judson Girl and Santos Maid, who had been contenders all the way, lost their stride within 100 yards of the finish. Reusens broke at the far turn and was a poor sixth at the end of the mile.

The excitement came in the next heat, Tenara and Judson Girl were half a dozen lengths ahead of the field from the start until the stretch was entered, the other horses being close together. About half way down the straightaway Reusens shot out of the bunch, in a marvelous display of speed came on even terms with the leaders, showed in front of the tiring Tenara and beat her to the wire by the narrowest of margins.

Judson Girl was third and Star Winter next, the four horses being so closely bunched it was difficult to pick their positions from the stands.

Reusens went out in front in the next heat but fell back to fourth place before the half mile post was reached. In that position he remained until half way down the stretch when Geers again sent him through to another close decision.

Geers and Andrews had no competition in the final heat. They sent their charges out ahead, the mare showing a trifling lead. Nearing the finish, Reusens once more responded to the master driver's call and flashed ahead. The victor is owned by Z. de Rider of Louisville, Ky.

AUTO'S WILD DESCENT KILLED 3 PERSONS

Driver Lost Control and All the Occupants Either Were Killed or Were Injured, but Machine Stopped Right Side Up.

Westfield, N. Y., Aug. 14.—Three persons were killed and two injured last night when a large touring car got beyond control on a steep hill between Mayville and Westfield.

The dead are: The Rev. Peter C. Bommer, pastor of the German Evangelical church of Buffalo; Mrs. Bommer and Miss Alice Pagels of No. 275 Avenue A., Rochester.

The injured: Miss Louise Bommer, collar bone broken, internally injured; Mary Whocansen, Mrs. Bommer's maid, concussion serious.

Mr. Bommer was president of the Young People's league of the German Evangelical synod of North America. He visited Chautauqua with his family yesterday and was returning to Buffalo when the accident occurred.

Miss Winnie Button, the daughter of a farmer, was the only eyewitness. She said that one of the rear tires blew out just as the machine turned the crest of the hill. Mr. Bommer, who was at the wheel, seemed to be unable to check the speed of the car as it dashed down the steep incline, careening from side to side. Some of the occupants jumped, Miss Button thought, and the others were thrown out by the violent swaying of the machine.

When the car came to a standstill at the foot of the hill it was turned completely around, but did not overturn.

WHITMAN WAS EJECTED.

From Healy's Restaurant in New York City This Morning.

New York, Aug. 14.—Carrying out Mayor Gaynor's curfew order directing that all places where liquor is served shall close at one o'clock in the morning, police officers for the fourth time this week visited Thomas Healy's restaurant an hour after midnight this morning and ejected the patrons. District Attorney Whitman was among those thrown out.

The police made their visit, notwithstanding the announcement of a police magistrate yesterday that warrants charging oppression and assault would be issued against the police if they again invaded Healy's. The police were believed to be acting with the mayor's knowledge and consent.

GLENN CLAIMS TO BE GOVERNOR

Gov. Sulzer, However, Proposed to Fight the Contention

WILL USE EVERY EFFORT TO HOLD PLACE

Articles of Impeachment Presented to Senate Yesterday Afternoon

Albany, N. Y., Aug. 14.—The complex machinery of state government, over which both William Sulzer and Martin H. Glenn claimed authority, bade fair to-day to be thrown out of gear by their rival attempts to direct it. The heads of many departments divided into two groups, one under the leadership of Sulzer, adhering to his contentions that his impeachment yesterday was unconstitutional and prepared to continue in obedience to his instructions as if there had been no impeachment; the other holding that Sulzer ceased to be governor when the Senate received the articles of impeachment, marshaled under the standard of Glenn, ready to carry out his orders and ignore any which the impeached governor might see fit to issue.

Never in the history of the state has its army of employees been more demoralized. The great seal of the state of New York was still in the possession this forenoon of Governor Sulzer, notwithstanding the claim of his opponents that it legally passed into the custody of the lieutenant-governor yesterday.

Although Sulzer and counsel planned to ignore the impeachment formally for a time on the ground of unconstitutionality, the governor will make a spirited defense before the court of impeachment which meets September 18. The governor's wife, the star witness for the defense, was seriously ill at the executive mansion to-day.

As soon as the articles of impeachment, adopted at an early hour yesterday morning by the Democratic majority in the assembly, were presented to the Senate shortly after 3 o'clock in the afternoon, Lieutenant Governor Martin H. Glenn announced his intention of occupying the executive chamber.

Friends of Governor Sulzer declared that the governor intended to continue in office and use every weapon in his power to maintain his position on the ground that the assembly had no constitutional right to consider impeachment at its extraordinary session.

Some asserted that the governor would go as far as to summon military protection if necessary to prevent the lieutenant-governor from occupying the executive chamber.

Judge D-Cady Herriek, who will act as chief counsel for the governor at his trial, said that "talk of resort of force is the merest rot."

"He will meet the charges against him in an orderly and dignified way," said Judge Herriek, "and will do nothing unbecoming to the dignity of the state. He will engage no physical scramble to assert his rights to discharge the functions pertaining to the office of governor."

"Counsel for Governor Sulzer," said Judge Herriek last night, "have no desire to be interviewed or try the merits of his case in the newspapers or have no desire to make statements in his behalf. They have advised the governor to refrain from making any statement at the present time, likewise his wife. We have engaged in his defense, not for William Sulzer, but as a professional duty to the governor of the state, and to preserve, so far as it can now be preserved, the good name and fame of the state."

"After an examination of Mr. Sulzer in relation to the transactions disclosed by the Fraxey committee, we are satisfied that there is no ground for a partial revelation of the facts so far, and we are satisfied that he has been guilty of no willful wrong doing. We ask the public, in his behalf, for a suspension of judgment, until all the facts can be disclosed before the proper tribunal, and in an orderly way."

Impeachment Read to Senate. At 3 o'clock yesterday afternoon the Senate met and 15 minutes later the committee of managers, in whom is entrusted the duty of prosecuting the trial, were solemnly ushered into the Senate chamber. They stood in the center aisle while Assemblyman Levy, in dramatic style, read the eight long articles of impeachment, consuming fully half an hour.

The senators listened, loling in their seats with seeming indifference. Most of them had already read the articles in the early editions of the evening newspapers. In the galleries throngs of spectators, more than half of whom were women, watched the proceedings with eager attention.

Senator Wagner, majority leader and president pro tem of the Senate, then declared the articles of impeachment "hereby received" and announced that he would summon the court of impeachment "to meet at the capitol in the city of Albany on the eighteenth day of September, 1913, at the hour of noon."

White River Junction, August 14.—The town of Sharon celebrated its 21st annual old home day yesterday with the usual good attendance. This town is a pioneer in this old home movement, the idea of which originated with one of its former pastors, the late Rev. Mr. Palmer.

Taft as its most prominent citizen was made known yesterday through the report of the collector of taxes in the ward in which he formerly resided. The assessor reported that he had never received a report from Mr. Taft as to his taxation.

Thereupon, the board of review took the matter up with ex-President Taft at his summer home and he replied that he is now a citizen of New Haven and had already paid his taxes there.

HONOR CARDINAL GIBBONS.

American Federation of Catholic Societies Meets Next at Baltimore.

Milwaukee, Wis., Aug. 14.—The American Federation of Catholic societies yesterday closed its annual session by selecting Baltimore as the next meeting place. Baltimore was chosen out of respect for the wishes of Cardinal Gibbons, it is said, and the claims of other cities were not even presented.

One of the surprises was the decision not to form a new woman's auxiliary, the movement being discouraged by all the leading clergymen, largely because it was feared that the new organization was intended to promote woman suffrage, to which Cardinal Gibbons and other prelates are opposed.

WAYWARD WILLIE SALLS WAS LOCATED AT WHITE RIVER JUNCTION.

Franklin, N. H., Aug. 14.—Willie Salls, the 16-year-old Franklin boy, who ran away Saturday with a show, was located yesterday at White River Junction, Vt. where the show is playing this week. He was sent here by Deputy Romane A. Spaford of that town, who acted upon instructions from the Franklin police. The boy was returned to the home of his mother, Mrs. William W. Towne.

St. Johnsbury, Aug. 14.—J. B. Williams and Peter and Henry Mornin, all of Nashua, are under arrest here, charged with entering and robbing the store of George Wallace at East Ryegate, on August 7.

WENT INTO HOUSE AND DIED.

David T. Jameson Had Been Out in His Garden This Morning.

Death came unexpectedly to David T. Jameson as he crossed the floor of the kitchen at his home, 92 Maple avenue, this morning at 9 o'clock. A physician who was called while Jameson was applying every known household remedy in a futile effort to revive her husband, said that death was due to cerebral hemorrhage. Mr. Jameson arose at the usual hour this morning and went about the duties which he was accustomed to perform after breakfast. He did not complain of feeling ill and around 8 o'clock he went into the garden to pick some peas for a neighbor. It was after he had returned to the house that he started across the kitchen, only to fall suddenly. He expired instantly, it is believed.

ANNUAL FIREMEN'S MUSTER.

Burlington, Aug. 14.—The executive committee of the Vermont State Firemen's association held a meeting yesterday afternoon in front station one and made most of the arrangements for the annual muster, which is to be held on Thursday, Sept. 18, as a feature of the state fair at White River Junction. It begins to look as though the muster would be a big one, for a large number of companies have already announced their intention of entering the contests.

The prize for this will be \$300, the second \$175, the third \$100 and the fourth \$50. Members of any of the hose companies represented may enter the ladder climbing contest. The first prize in this will be \$10, the second \$5 and the third \$4. The hose races will be run from the three-quarters turn on the track and the couplings made directly in front of the grandstands. This will permit the spectators viewing the races from start to finish. With the large number of teams sure to compete for the liberal prizes, spirited contests are promised.

The companies which have already been heard from and who have announced their intention of entering are two from Winoski, and one each from Montpelier, Barre, Vergennes, Randolph, Johnson and Lebanon, N. H. It is also nearly certain that Middlebury will send one and that two more will come, one each from Massachusetts and New Hampshire. The annual convention will be held the night previous to the races.
