EFFICIENT SERVICE and LOW PRICES are our working foundation. RELIABLE MERCHANDISE and HONEST GOODS for your investment are principles that have made this store dependable.

Our recent change in business methods does not signify that our display this Christmas is not up to the standard. In fact, we are better prepared to offer the public a choicer line than ever before, comprising the cream, so to speak, of former lines carried by us. By discontinuing smaller lines we can devote much more time to our growing trade for BETTER GOODS.

Whatever your gift may be or suggestion desired, we urge everyone to inspect our displays. Compare quality with prices; consider our lines with others; then you will more fully know that we aim to offer you the best lines of merchandise that money can buy; little or big your investment, we use the same selection on all lines.

## Where Will YOU Go?

There are two ways in which you can do your Christmas shopping:

- 1---You can pay a transportation company to take you to a place where you will be jostled by crowds and over-charged by strangers; or
- 2---You can do your shopping economically and in comfort right at home in Barre and enjoy the feeling that you are showing your loyalty to your friends and local institutions. It should be easy to make your choice?

## Always Something New!

We have installed in our store a new **Royal Electric Coffee and Peanut Roaster and Coffee Grinder and Pulverizer**

This machine is equipped with steel knives, which cut the berry into fairly uniform, clean-cut particles, instead of crushing it as by the old method. The old style coffee mills crush the berry, mutilating the minute oil cells, allowing the coffee oil to evaporate, and in a short time coffee becomes rancid and sour. This is one reason why a pound of coffee cut in this mill will make more cups of full-strength coffee than will any coffee ground in the old way. Your coffee will be free from dust and you will always have a clear cup of coffee, instead of a muddy effect, and by buying fresh roasted coffee you get the full strength of the coffee, as coffee loses its strength after being ground a long time.
