

APPROVES OF "PICKETING"

Labor Wins Its Fight in the Vote on Trust Bill in House

PEACEABLE STRIKES, BOYCOTTS, PICKETING

Are Not to Be Construed as Illegal Acts

Washington, June 3.—Strikes and peaceful picketing were sanctioned by the House yesterday afternoon when the Webb amendment to the Clayton anti-trust bill was agreed to almost unanimously, making such acts of strikers not unlawful under the Sherman law.

Labor's so-called "bill of rights"—immunity from injunction rule and legalizing strikes and secondary boycotts—was considered in the House. Submitted as an amendment to the administration anti-trust bill by Chairman Webb of the Judiciary committee, it embodied, he said, the ideas of both President Wilson and officials of the American Federation of Labor.

The amendment was to section 18 of the Clayton bill, which provides that nothing in the section—which permits strikers, peaceful picketing and assembling—shall be unlawful.

Consideration of the amendment was sidetracked for some time by the word "or," which Representative Murdock, Progressive of Kansas, insisted must be inserted in the first part of the section to make it apply to strikers.

Representative Henry of Texas, who opened the debate to-day, declared section 18 is "labor's bill of rights." He said it had been submitted to the president and to the A. F. of L. and that both concurred with the judiciary committee that it should be passed.

"This amendment ought to be added to preserve the rights of labor," said Mr. Henry, "and to restrain the courts from interfering with labor at times of dispute."

Chairman Webb said the amended section would legalize only "secondary boycott."

Representative Moore of Pennsylvania declared the House was "terrorized and bulldozed" yesterday when it voted 20 to 0 immunizing labor and agricultural associations.

THAW FIGHTS FOR FREEDOM.
His Case Has Finally Reached Supreme Court.

Washington, June 3.—Harry K. Thaw's fight against return to Mattawan has reached the United States supreme court on appeal from New Hampshire.

On the judges' decision another application for release on bail will be made while the case is pending, it is expected.

THREATEN TO TIE UP ALL RAILWAYS WEST OF CHICAGO

72,000 Men Will Vote to Strike Unless Their Wages Are Raised.

Chicago, June 3.—A majority of the 72,000 engineers, firemen and engineers employed on railroads west of Chicago will vote to strike unless their demands for increased wages are conceded by the railroads, in the opinion of officials of the various trainmen's organizations yesterday.

Following the breaking off of negotiations with the general managers committee Monday, the committee representing the employees opened an all-day executive session here yesterday. Plans for taking a referendum strike vote were to be discussed. It was expected that the committee of the employees would issue a statement later in the day, answering that given out last night by the railroad managers.

The managers declared the demands of the employees were not warranted by business conditions and that to grant them would increase their yearly pay rolls by about \$33,000,000.

ARE SATISFACTORY.

Suggestions of Governor Walsh Agreeable to Administration.

Washington, June 3.—New Haven railroad affairs were discussed at length in the cabinet meeting yesterday, particularly the dissolution plan.

It was said the recommendations of Governor Walsh to the Massachusetts legislature to carry out certain plans necessary to the disposition of New Haven holdings were satisfactory to the administration.

THE BALKANS RUNNING RED

Slaughter and Rapine Are Going on Throughout

RENEWED VIGOR SHOWN IN CONFLICTS

Thrace and Macedonia Menaced by Famine—Worse in Albania

London, June 3.—The formal ending of the Balkan war has brought no rest to that long suffering region. Thrace, Macedonia and Albania are boiling with racial and religious strife. Stories of fighting, of persecution and of massacres are continuous. The changes of boundaries and of sovereignty which resulted from the peace treaties, and the launching of Albania as an autonomous state, are responsible for the new era of struggle and butchery. Every power concerned in the new allotments is trying to impress not only its laws, but its own state religion upon those who have become its subjects.

Forcible "conversions" by wholesale seem the order of the day. Between the Christian and the Mussulman dispensations, between Greeks, Turks, Bulgarians, Roumanians, Servians and Albanians, there is little choice of standards of civilization. Much of the information comes from Athens which presents events only from the standpoint of Greek interests; much is disseminated by the newspapers of Vienna, which is a fountain of canards.

The Turkish government is determined to drive the whole Greek population from Thrace, according to accounts from Greek sources. It has organized a campaign of oppression which is making life impossible for people of Greek affiliations in the country about Kirk Killise, Lule Burgas and all the land which Bulgaria conquered in the first war and lost in the second one.

Irregular troops, who get their living by loot, and hands of so-called brigands, all supposed to be acting under inspiration from Constantinople, are overrunning the country. Burning villages light the sky, as during the days of war; cattle and sheep are driven away; pillage and ravishing go on. Life is made so intolerable that Greek inhabitants are glad to escape to the coast with what bundles they can carry on their backs. Athens reports that 25,000 refugees have arrived at Salonica by ship, and that 15,000 more are waiting on the coast to get away.

The Greek government, on its part, does not lack enterprise in oppression, if witnesses from non-Greek sources may be credited. Restrictive laws against the Jews in Salonica have been made so strong that 80,000 are leaving that once prosperous port. The battalions of Greeks from Thrace seeking asylum, and

of departing Jews, number between two and three thousand persons daily, so that all shipping is crowded and the normal life and business are as much disturbed as they were during the days of the war. An important factor of the upheaval is that both the Greeks of Thrace and the Jews of Salonica were the most prosperous peoples in those communities, and their expulsion means disaster and ruin to both.

Meanwhile Albania is seething. The Greeks claim 400,000 adherents out of the 550,000 inhabitants of the southern portion of the new Albania. These people of Epirus known as Epiotes refuse allegiance to the Mirov. Epiote fighting has been going on about Koriza, and the rebellion is said to be led by officers from the Greek army. The worst tale of atrocity which the near East has yielded in many days came from this field. The bodies of 200 Albanian Mussulmans were reported to have been found in a church at Corda all crucified alive. So many stories of similar stripes come from prejudiced sources that this has been taken as a great exaggeration at the worst.

One fact stands above impeachment. Famine prevails throughout the Balkan peninsula as it has intermittently for many years. The war for civilization proclaimed by the Balkan league wrought no cure of the old racial feuds; only new phases of the same disease.

IN THE FIELD OF SPORTS

I. D. McKenzie has been elected captain of the Princeton track team for 1914. McKenzie has been one of the consistent point getters for the Tigers for the past two years. He comes from Hartford, Conn. In the mile run at Harvard on Saturday he finished third.

Rankin Johnson still holds the upper hand of Walter Johnson, his namesake. The Boston Johnson won his first battle against the mighty Walter, but in the second encounter lost. He came back on Monday, winning a pitcher's battle by the score of 2 to 1.

Doc Crandall, the former Giant pitcher, still retains the supremacy of the federal league pitching department. He has won six games and lost none.

Baseball patrons of Pittsburgh have entered a petition to President Tener of the National league, protesting against Empire Rigger appearing on Forbes field at Pittsburgh. This is practically an unheard of procedure in the major leagues. Britton of the St. Louis team has made a similar petition to Pres. Tener.

George Stallings, the Brave manager, is of the opinion that both the National and American clubs of the major leagues are well represented. Stall was content that St. Louis should beat out Buck Herzog's bunch of Reds.

Last week's games proved disastrous for the Pirates. The Pittsburgh team opened the week with a win and then lost the following five games in succession. By this the team dropped out of first position.

George Burns, the little outfielder of the Giants, is leading the National league in hitting. Burns is hitting for .366. He is closely trained by Catcher of the St. Louis team, who is batting for .352. Byrnes and Wagner of the Pirates follow in the order mentioned. Wagner is hitting for .342, a rather poor average for an old man like the Dutchman. Boston fails to land a single batter in the 250 class.

Old Sam Crawford, another veteran, is the leader in the American league batting order with .358. Clyde Milan of the Washington team is second with .340. Joe Jackson fell to .326, while Cobb is still stationed at .324.

Ray Fisher, the Middlebury college twirler, still holds his prestige in the American league among the pitchers. He stands in second position with four wins and one loss. Johnson is well down the list with eight victories and four losses. He will undoubtedly be well up in the list towards the close of the season.

Charlie Herzog is playing the game of his life and is handling his team in fine order. Herzog is making the Red land aggregation play pennant winning ball.

President Somers emphatically denies the rumor that Joe Birmingham is to be replaced as manager of the Cleveland club of the American league. He is perfectly satisfied with the way Birmingham is handling his team. It is possible, he says, that some of the old timers may give to youngsters who can hit.

One St. Louis paper says that St. Louis will be weakened to such an extent, should Jack Miller jump to the Feds, that they will be lucky to finish ahead of Boston. Boston people claim that they will be lucky anyway to finish ahead of the Braves.

Benz, the Chicago pitcher, twirled the first no hit game of the season against Cleveland on Sunday. Errors behind him permitted Cleveland to score one run.

SPORTING NOTES.

James P. Kelley, who captained the championship Exeter team in football last fall, has gone to his home at Duth, Mich., preparatory to leaving for West Point military academy. Kelley is a registered voter at Exeter and was appointed to West Point by Senator Hollis. Kelley should be good material for the Army football team in the fall.

Ty Cobb will be able to join the Tigers either the latter part of this week or the first part of next week. The announcement was made by his medical attendant, after an examination of his injured rib.

Walter Tolson, a right handed pitcher secured by the Red Sox from the Roanoke club of the Virginia league, has reported to Boston for practice. He has been coaching Georgetown university up to date. Georgetown has been rated as one of the best college teams in the country. He was one of the best twirlers in the Virginia league last season.

Steven Evans is still leading the Federal league in hitting with a percentage of .416. Joe Tinker is only hitting for .274.

Johnny Mack, the Yale trainer, attributes the prevalence of pulled tendons this spring to hurried preparations in the cold, unseasonable weather for the dual meets.

Vermont academy defeated Brattleboro high school in baseball on Monday by the score of 6 to 3.

Calgary and Edmonton are expected to be represented in the Northwestern league next season. Both of these cities have a population of over 75,000 people and would prove suitable clubs for that league.

Johnny McGraw says that the Pirates will not be formidable until O'Toole and Hannon get to working nicely.

The Chicago Nationals have sold Pitcher Knoestner to the Cincinnati club. He was sold at the waiver price. He is considered a fairly good twirler.

Nunamaker, the catcher purchased by the Highlanders from the Red Sox, may be used at first base by Chance because of the big fellow's hitting. Since he joined the Chancemen he has been one of the most consistent hitters on the team.

The Columbia-Syracuse game of Monday had a very peculiar ending. Nichols held Columbia hitless for eight-innings. In the ninth Columbia scored a run on two hits to win the game.

The no-hitter pitched by Benz, the Chicago pitcher, on Monday, was the first of its kind twirled in two years. Last season pitchers in the major leagues failed to achieve that performance. In 1912 there were three no-hit games pitched by Mullin of Detroit, Hamilton of St. Louis and Tresreau of New York.

Jack Miller, the St. Louis National player, has decided to remain with his club. He has been threatening to jump to the Pittsburgh Feds for some time, but this week signed a three-year contract with the Cards. The 10-day clause was removed and Miller is said to have received a substantial increase in salary over his previous contract.

Edward Fabre, the French-Canadian long distance runner, has been suspended indefinitely by the A. A. U. of Canada. The reason for his suspension was that he ran for Richmond A. A. at Boston while he had his card taken out to run with the National A. A. He finished second in the Boston marathon.

Bed Sores Healed Like Magic by Comfort Powder

Miss Frieda M. Auer, trained nurse, of Fort Wayne, Ind., says: "I recently had a case of an old lady who had to lie flat on her back and was developing a bed sore in spite of all my efforts to prevent it; but when I used Comfort Powder it healed her back like magic." Comfort Powder is a skin-healing wonder.—Adv't.
