## Operated by the Quarry Savings Bank and Trust Company

These Thrift Clubs are known and operated all over the United States. They are nothing new; have been used in European countries for many years.

Thrift Clubs are organized by corporations and societies for the purpose of encouraging thrift in their communities, being one of the most prominent elements in the building of prosperous cities and towns.

Societies are assisting in forming Thrift Clubs for the benefit of the young, believing that boys and girls who form the habit of saving regularly, a part of their earning or allowance, are more sure of making honest and prosperous citizens, it giving them a definite object in life that is sure to shape their course for good in future years.

You now have an opportunity to become a member of our THRIFT CLUB at once, giving you the privilege of selecting the class which seems most suited to your wishes, whereby you can pay the sum of 25c, 50c, \$1.00 or \$2.00 per week for fifty weeks, at the conclusion of which you will receive the principal which you have paid in, plus 2 per cent. interest on the same. **Join now.**

Our THRIFT CLUB will assist you to save your money for your next year's Christmas Gifts. Call and allow us to explain our method of conducting our THRIFT CLUB.

### FIRST OF COMPETITION WON BY VINCITIA

Defeated Apollo Club of Montpelier Last Evening By Nine Points to Eight, Deciding Point Being Secured in Whist.

Vincitia club took the first leg from the Apollo club of Montpelier in the opening tournament of the interclub series in the rooms of the Barre club last evening. The clubs were tied in the pool and billiard contests, each winning three matches in each competition; but the Vincitia club had a shade the better of its opponents in whist with three matches to two for the Apollo club. The totals, therefore, give the Barre club nine points as against eight points for the Apollo club.

The tournament was one of the four interclub competitions to be held in Barre and Montpelier during the winter. At the end of the season the club having the greater number of points in the four tournaments will be awarded a cup. The cup is to be contested for only once and once it is won it becomes the permanent property of the winning club. A buffet luncheon was served after the games.

A large number of Montpelier club members were present and because of the closeness which marked all three competitions there was a good deal of keen interest displayed in the outcome. Follows the scores of the three matches in detail:
