#### PLAINFIELD

##### Who Pays for These?

Many mail order catalogues read as much as \$1.25 each. Easily one in each family comes to this from about each season, twice a year. That's a large amount a year. Then multiply that by the number of towns in the United States and add thousands of dollars for postage. Some money, isn't it? That's a part of the enormous cost of doing a mail order business.

Someone has to pay it.

At our store you can get the identical merchandise listed in these catalogues and save from 3 per cent. to 20 per cent. The list numbers are the same, so you can bring in your catalogue and give your order.

Mrs. Bertha A. Moore, Plainfield, Vt.

Everything is offered that will afford rest to the weary business brain of men and women. "Mutt & Jeff in Mexico" comes to the opera house to-night. Go and see them. Certainly, the show is nonsensical, so are the cartoons, but you've laughed at them for four years, and you'll continue to do so—Alv.

## Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping-chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. LILLIE WATERS, 530 Mechanic Street, Camden, N.J.

From Hanover, Penn.

HANOVER, Pa.—"I was a very weak woman and suffered from bearing down pains and backache. I had been married over four years and had no children. Lydia E. Pinkham's Vegetable Compound proved an excellent remedy for it made me a well woman. After taking a few bottles my pains disappeared, and we now have one of the finest boy babies you ever saw."—Mrs. C. A. RICKWOOD, R.F.D. No. 5, Hanover, Pa.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (POST OFFICE) LYNN, MASS., for advice. Your letter will be answered, read and answered by a woman and held in strict confidence.
