## 94 in the Shade is Some Weather

That is the kind that we were entertaining last week. This week freezing weather. September almost gone. October nearly here. A quick jump from summer until late fall.

Winter next! Are you prepared for the cold weather? Very few are.

We have the largest and best selected stock of heavy goods that has ever been in our store. We are ready to care for you and do it well. This time we can a little more than please you. We can make you feel that you have a most satisfactory store to trade in. Wouldn't the following be of interest to you?

### Hoagknit Sweaters

There is a growing demand for a better Sweater, one that is heavy and has a high roll collar—a Sweater that will wear for seasons, wash when soiled, and still keep its shape and color. You cannot afford to speculate—not when you can buy our very heavy Shaker Sweater for \$5.98.

Our \$5.98 Sweater has sleeves and pockets all knit in (not sewed as many are). This is the reason for durability and shape. Let us show you. Any color you want. All sizes in stock.

### Bed Blankets

Cotton Bed Blankets are very much cheaper than last season, so that we can sell you a good-sized pair of Blankets at 59c per pair.

Our 98c Blanket is as good as \$1.25 last season's Blankets.

Wool Blankets are reported very much higher. Ours will be sold at a little less than last season.

### Winter Values

Scotch Yarns are listed to sell at 45c per skein. Our price on what we have at 35c.

The best Underwear that we know of is Munsing Underwear. It costs no more than poorer kinds, will wear longer and has a perfect fit. That fit remains after the wash.

Munsing Wool Underwear has the wool so closely identified with fine cotton threads that both look wool and wears for seasons of hard wear.

Munsing Underwear has revolutionized the Underwear business. It has learned lots of manufacturers the art of better Underwear.

Munsing for children, 50c to \$1.00.

Munsing for ladies, 50c to \$3.00.

Munsing Union Suits were the first that were made to fit. At that time but very few Union Suits were being sold, while to-day nearly all wear them. They fit. People like them. Munsing still holds that lead.

### Ladies' Tailored Suits

Suits at \$15.00 to \$18.00—We have some extra good numbers that are made in a variety of different models and in Blues, Browns, Greens and Blacks—Poplins, Serges and Gabardines.

In the better grade Suits, we can give you the largest and best variety we have ever shown. Many Fur-Lined Suits in all grades.

### Ladies' Separate Coats

The plain Cloth Coat is made in a variety of very popular styles. These are Coats that are made for service as well as style, and in these Coats you will find some of the season's best values.

We have this season a line of large sizes in Coats. These garments are made by people who make a specialty of stylish stout Suits and Coats, and they are built on the right lines to fit and come in sizes up to 53.

We have just received some extra good values in Ladies' White Linen and Muslin Waists. These are Waists that are made in both the medium and the high-low neck, is a fine embroidered front. Our line of Muslin and Voil Waists at \$1.00 are extra good styles and quality. We have just received another lot of those Smocked Middies.

The members of the teacher training class of Spaulding high school, with their supervisor, Mrs. Snyder, took their first trip of the season yesterday afternoon to East Brookfield, for the purpose of rural school observation. After the visit at the school, the party were invited to the home of Miss Ruie Angell, one of the members of the class, where a bountiful lunch was served. The trip was made in Clark & Perry's new auto truck.

Employees of the Barre & Chelsea railroad, the Montpelier & Wells River road and the Barre branch of the Central Vermont railroad were at the capital Wednesday evening to listen to a lecture on high explosives by W. P. Leighton of the United States bureau of explosives. All railroad men in this vicinity, from the section gangs to the operating crews, were urged by their respective employers to attend the lecture and to the end that all might be accommodated a special train was run over the Central Vermont line. Forty-two railroad men who make their headquarters in this city made up the passenger list and all of those who listened to Mr. Leighton felt well repaid for making the trip. The special train returned to Barre immediately after the close of the lecture at 10:30 o'clock.
