HAD LOADED REVOLVER.

St. Johnsbury Man Got Into Trouble at Haverhill, Mass.

Haverhill, Mass., Oct. 12.—Bert H. Arien, who claims St. Johnsbury, Vt., as his home, last night in the street loudly accused Henry L. Paradis of Haynes street, Nashua, N. H., of having stolen a suitcase from him.

A NEW DISINFECTANT.

Comes at Right Time When Coal Tar Derivatives are Short.

As a result of experiments conducted at the hygienic laboratory of the United States public service it is announced that a new disinfectant, possessing qualities superior to ordinary disinfectants, has recently been discovered.

The new preparation is derived from pine oil, a by-product in the manufacture of turpentine. It is easily prepared by mixing certain proportions of the oil with rosin and sodium hydroxide solution, rather thick and oily in appearance but free from turbidity. With water it makes a perfectly white emulsion, much resembling milk. It has a pleasing odor, no objectionable taste, and attacks neither fabrics nor metals. It possesses over four times the disinfectant properties of carbolic acid and is altogether nontoxic, so that it may safely be used as a throat spray or mouth wash in solutions of the ordinary strength. The cost of composition of this nature constitute a fraud. A second class of proprietary preparations are of guaranteed strength, thus putting a legal responsibility upon the manufacturer, but the cost of these per unit of disinfecting power is frequently excessive. The householder is therefore often at a loss to select a disinfectant which is efficient, economical and of standard strength and it is believed that this new composition, which is to be known as "Hygienic Laboratory Pine-oil Disinfectant," will become one of the most useful preparations of that character.

Under the auspices of Cobble Hill grange, an illustrated lecture will be given by A. L. A cleverly constructed rick, designed after the ricks which dot the harvest fields in Scotland after the harvest each fall, is shown in the north display window at the Marriou Cigar store on Depot square. With fine regard for the smallest details that enter into the erection of a rick, the replica was built by two members of the Glenugie club, which held its annual fall festival in Clan Gordon hall Saturday evening. Two Buchanan's as the explanatory card over the rick states, are the makers of the miniature rick.

The following clipping from the Portland Sunday Telegram of Oct. 10 will be of interest to Barre people: "Among the engagements announced during the week was that of Miss Bessie Evelyn Jones of Spring street, daughter of Mr. and Mrs. William Coburn Jones, and Clyde Allan Leasure, son of Mrs. Dwight A. Leasure of Fitzburg, Mass., and friends, and the young people are receiving numerous felicitations. It is understood that the wedding is to take place the last of November." Miss Jones is well and favorably known in Barre, and her many friends here will join in extending congratulations.

The first of a series of social affairs to be given by the glee club of Spaulding high school in the assembly hall was held last evening. Nearly 45 couples at one time or another enjoyed a delightful dance program and everyone was satisfied that they had a very pleasant evening. Besides several alumni and students, many of the teaching staff were present and acted as chaperons. Carroll's orchestra furnished the music for the occasion. Punch and wafers were passed out from a daintily decorated booth in the corner of the hall, by the Misses Mavis Barnett and Loraine Loranger. For the glee club Miss Cleora Morse and Edward Loranger had charge of the arrangements. The proceeds will go towards school work.

Visitors in the city yesterday and today included: Mrs. R. S. Gorham of Cambridge, Mass.; Mrs. J. W. Richards, J. W. Darling, Mrs. Darling and two children of Chelsea, who are registered at Hotel Barre; William Adrian of Quincy, Mass.; Mr. and Mrs. H. C. McCall of Milton, E. C. Crowley of Burlington, A. A. Carpenter of Winooski, Frank A. Samson of Montpelier.

Banks, retail stores and barber shops were closed to-day, the anniversary of the discovery of America by Christopher Columbus. Sessions in the city schools were suspended last night and will not be resumed until to-morrow morning. Students at Goddard seminary also postponed the appearance of the little Columbus Boat of the Paljanas by studiously avoiding the class-rooms on the hill. There was no formal observance here in Barre, as indeed there has not been since Columbus day became a legal holiday in 1911. The busy hum of industry in the granite manufacturing belt was not disturbed by the state holiday, and most of the daily newspapers in Barre, it is said, were out with their usual baseball editions. Among football fans in the city, interest centered about the games at Lincoln school campus, where Spaulding high was due to play Montpelier high, and at Goddard campus, where the seminary team was looked for a match with the Norwich seconds.

Why? Hoke—Why do you think Harradippe is the best? He isn't particularly industrious, is he? Folks—Oh, no; it isn't that. But surely every one he touches gets strong.—Town Topics.

Preparations are nearly completed for the beginning of a course in domestic science at the North Barre Methodist mission. Ranges and tables have been installed and the kitchen where the course is to be pursued has been connected with gas.

Lawton Witt, who recently signed with the Philadelphia Athletics, arrived in the city yesterday and has enrolled for a post graduate course in commercial work at Goddard seminary. Mr. Witt will remain at the seminary until March, when he goes south with Connie Mack's recruits.

Saturday is an open date on Spaulding's football calendar and efforts on the part of Manager Hale to arrange a contest for Oct. 16 have been unsuccessful thus far, although negotiations are in progress for a gridiron attraction. St. Johnsbury academy, defeated by Spaulding late in September, is down for a game at Gospel Village one week from Saturday.

TALK OF THE TOWN

Joseph LaFranche, who has been employed in Blackstone, N. H., returned to Barre this morning for the winter.

The regular monthly meeting of the trustees of the Barre City hospital will be held at the hospital building Wednesday evening at 8 o'clock.

Mr. and Mrs. Frank McWhorter and children of Richardson street will leave the city late to-morrow afternoon for Whittier, Cal., where they expect to make their home.

A. M. Troup, the photographer, has leased an apartment on the top floor of the Worthen block and will transfer his studio to that building from the Gladding block, so called. Carpenters and glaziers are engaged in getting the apartments ready for studio purposes.

All members of the Bebekah lodge wishing transportation to attend the district meeting at Williamstown on Wednesday evening, Oct. 13, will please notify O. E. Philbrick, chairman of the committee. Tel. 321-4. Automobiles will leave Old Fellows' hall at 7 o'clock.

Owing to a conflict of dates, it has been found necessary to postpone the first ladies' night of the season which was to have been given by Vincitia club Thursday night. A district meeting of the Order of Eastern Star will be held on that evening, so it is probable that Vincitia club will not have its ladies' night until next week.

Funeral services for John Gallagher, a well known resident of Barre, whose death early Monday morning followed a week's illness, will be held in St. Monica's church Wednesday morning at 7 o'clock, the parish priest, Rev. P. M. McKenna, officiating. Over the Central Vermont railroad at 8:25 o'clock the remains will be taken to Burlington for interment.

C. S. Hubbard, a former resident of Montpelier, but now residing near Milwaukee, Wis., was in Barre yesterday taking note of the changes which have been made here since he left for the Middle West. Mr. Hubbard has not been back in Montpelier for a score of years and, naturally enough, he found a great many changes in both Barre and Montpelier. That which struck him most was the change which had taken place on his former property now embraced by parts of upper Barre street and Sibey avenue in Montpelier, which are thickly covered with residences, business places and stonehedges. When he went toward the West there were very few structures on the property.

Invitations were received in Barre announcing the marriage of Miss Bernice M. Holmes, daughter of Mr. and Mrs. Lawrence R. Holmes, formerly of this city, to George O. Fountaine of Montpelier, son of Mr. and Mrs. O. G. Fountaine. The marriage took place at 9 o'clock this forenoon in St. Mary's church in St. Albans, the pastor, Rev. D. J. O'Sullivan, officiating. Until a few years ago the bride resided with her parents in this city, where the latter conducted the Eureka restaurant. More recently they have resided in Swanton, where Mr. and Mrs. Fountaine are to make their home. Mr. Fountaine recently resigned a position which he held in the Cross bakery at the capital.
