

Resinol

heals itching burning skins

WHAT relief! The first application of Resinol Ointment usually stops all itching and burning and makes your tortured skin feel cool and comfortable at last. Won't you try the easy Resinol way to heal eczema or similar skin eruption? Doctors have prescribed it for 20 years. Sold by all druggists. Use Resinol Soap to clear a bad complexion.

PLAINFIELD.

The Mothers' club will hold a fair Dec. 4, afternoon and evening, at the Lanciault schoolhouse in Plainfield. There will be a nice program in the evening and many useful and fancy things on sale, also home-made candy, peanuts, and a fishpond for the little children. There will be no admission fee, so the public is invited.—adv.

GRANITEVILLE.

Miss Mayme McLellan of upper Graniteville is visiting her sister, Mrs. Joseph Antell of Peterboro, N. H., for a few weeks.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its luster, its strength, and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—the hair falls out fast. A little Danderine-to-night—now any time—will surely save your hair. Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, luster and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—now hair—growing all over the scalp.—Adv.

"The Machine with a Personality"

No matter what your touch—this new Royal Master-Model 10 will fit it. Just turn the set-screw and regulate the touch of this new Royal to fit YOURSELF! Make it light and smooth as velvet—or firm and snappy as you like. Built for "Big Business" and its Great Army of Expert Operators. Every keen-witted stenographer—every expert operator on the firing line of "Big Business" will grasp the enormous money-saving value of the new Royal's Adjustable Touch. Get the "grind" out of typewriting! But the new Model 10 has many other big, vital new features. Investigate them! Get the Facts! Send for the "Royal Manual" and ask for a DEMONSTRATION. Or write us direct for our new brochures, "BETTER SERVICE," and "One Problem Solved"—a postal brings them free of charge. Price \$100. ROYAL TYPEWRITER CO., Inc.

RANDOLPH

Central Vermont Pomona Grange Met Thursday.

The following is the program given by the Central Vermont Pomona grange at this place Thursday, December 3: 10:30 a. m., fifth degree meeting report of subordinate granges and necessary business. Dinner and social hour. 1:30 p. m., public session opened with music, West Randolph quartet; words of greeting, J. L. Hutchinson; response, L. L. Stone, Brookfield; music, quartet; recitation, Esther Hutchinson; paper, "What the Grange Can Do To Increase Intelligence and Elevate Standards of Living," Mrs. George Meigs; music, quartet; paper, Mrs. C. L. Pervier; vocal solo, Mr. Good-liffe; discussion, "That the Distribution of Food Products of New England is One of the Greatest Problems Confronting the Producers and Consumers To-day"; music, followed by an address by E. S. Brigham, commissioner of agriculture; music, 8 p. m., conferring fifth degree in form, followed by program as time permitted. Mrs. Arthur Washburn, lecturer.

Mrs. E. W. Carlisle, after passing several days here with her son, Dana Luce, left Thursday for her home in Richford, expecting to stop off at Brantree and Northfield for short visits with relatives. Mrs. Frank Thomas went to Burlington to remain over with friends till the first of the week.

Miss Nellie Billings accompanied one of her patients to her home in Northfield Wednesday for a short stay with her.

Mrs. Banyea, matron at the sanatorium, was summoned to Highgate Wednesday by the sudden illness of her grandmother, and on a later train Dr. F. E. Grand, physician of this place was called to Highgate by her for medical attendance or consultation.

Mrs. Dora Clark of Tiffin, O., arrived here Thursday for a visit with her cousin, Mrs. J. E. Cass, whom she had not seen for the last 16 years.

Mrs. W. A. Jones went to Rochester Thursday, having been called by the illness of a cousin, Clayton Hubbard, who the next day was obliged to submit to the amputation of one of his limbs, which had been seriously troubling him for several months.

L. G. Tracy, who since the death of his wife several weeks ago, has been with a son in Roxbury, came on Thursday to visit relatives here for a few days.

Miss A. F. Clarke was in Montpelier Wednesday night to attend the meeting of Rob Morris chapter, O. E. S., when there were six candidates who received the degree. D. V. Stone, D. D. G. P., was also present at the annual visitation.

News has been received from Mrs. C. J. Rumrill who is with her sister, Mrs. Nellie Avery at West Campton, N. H., and who the first of the week was stricken by some trouble similar to a shock, that she is improving somewhat.

A basketball game between the Randolph and Bethel boys at the Pastime theatre Wednesday night resulted in a victory for the local team, the score being 20 to 12. The second game will soon be played, the time and place to be given later.

WAITSFIELD

Lena May Buzzell was operated on for adenoids last week in Randolph and will be unable to attend school for the present.

Miss Esther Skinner returned Wednesday to Johnson and spent the night at Mr. William and Elvin Graves spent Tuesday and Wednesday in St. Johnsbury.

Winifred Joslyn has returned from Heaton hospital. Rev. F. J. Roberts and wife were in town Wednesday and Thursday. Mrs. Henry LaBelle has returned from Fanny Allen hospital.

What the War Costs.

Economize, economize, economize! This is the cry now heard above all others in the country, and that at war. Not even the richest of them can see a way to face the enormous war expenditure unless every citizen cuts down his personal expenditure and lets the government have the saving. This must be had for the nation's sake; it must be obtained through taxation, if not otherwise. There is no alternative but national bankruptcy, unless it be defeat in war for want of its "sinews." And the latter might not be an alternative, but an addition. The vastness of the present war expenditures is far beyond any that the world has known. According to The Economist's estimates, which do not err on the side of excess, the daily cost of the war is thus distributed: Great Britain, \$22,500,000; Germany, \$20,000,000; France, \$12,500,000; Russia, \$12,500,000; Austria, \$12,500,000; Italy, \$7,500,000; Belgium, Serbia and Turkey, \$2,500,000. Not less than \$9,000,000 a day is being sunk in the sea of war. Let the struggle last another year, and at this rate the warring nations will be burdened with additional debt to the amount of \$32,850,000,000. The British expenditure is the heaviest—heavier than estimated above, the prime minister having held out no hope of its being kept under \$25,000,000 a day. This is not all going to the British army and navy, a part of it being given to aid allies, but it has all to come out of the British exchequer, which must be replenished from the taxpayer's pocket. And it will amount in a year to \$9,125,000,000, which is equal to three-fourths of the total national income. Professor Crwick, an authority on economic science, puts this point sharply before his countrymen, saying: "The war requires now the equivalent of three-quarters of our whole income," and he drives it home with these comprehensive words: "The Crimean war cost \$10, the Boer war cost about what she is spending in eight weeks, and the 12 years' Napoleonic war cost less than she is spending in nine weeks. It follows that right economy on the part of every citizen has become a duty, if not also a necessity. And reimbursement for war waste need not be expected. What nation will be able to pay an indemnity?"—Boston Herald.

WILLIAMSTOWN. Mrs. H. T. Martin will hold a public demonstration with her electric washer Saturday at 2 p. m.—adv.

YOU'RE BILIOUS! CLEAN LIVER AND BOWELS TO-NIGHT

Don't Stay Headachy, Sick, or Have Bad Breath and Sour Stomach

Wake Up Feeling Fine! Best Laxative for Men, Women and Children

Enjoy life! Remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, breath offensive, and stomach sour. Don't stay bilious, sick, headachy, constipated, and full of cold. Why don't you get a box of Cascarats from the drug store and eat one or two to-night and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. You will wake up feeling fit and fine. Cascarats never gripe or sicken like salts, pills and calomel. They act so gently that you hardly realize you have taken a cathartic. Mothers should give cross, sick, bilious or feverish children a whole Cascarat any time they act thoroughly and are harmless.—Adv.

BETHEL

Two Men Arrested on Charge of Lugging Off Hugh Allen's Deer.

Hugh Allen of East Barnard shot a deer in Norwich a few days ago, and when he returned after bringing his automobile as near as possible to the body of the deer, he found that it had been carried off. Then he recalled meeting some men in a wagon with what he believed was a concealed deer. He gave information to the officers and two men were arrested last Tuesday by Deputy Sheriff J. M. Whitney of South Royalton, on a body writ in civil suit, brought by Mr. Allen, to recover the value of the deer. The suit will be tried in Barnard before Municipal Judge Arthur G. Whitlam. Miss Victoria Morse, who recently finished her first term as a teacher, has been re-engaged for the winter term in the Rيفord regraded school in Brantree. Miss Josephine Emery, formerly of Bethel, recently of Baltimore, Md., has returned to Vermont and is teaching a school in Brantree. Miss Susie Wilson of Boston has been here for a short visit. Henry Watts and Miss Julia R. Hathorn, were married in Woodstock last Tuesday. They will make their home in Barnard. Curtis Hathorn and Fred Watts each shot a buck in Barnard Wednesday. State Highway Commission S. B. Bates of Derby was here yesterday on his way to Gayville to address a Pomona Grange meeting. The sophomore will hold a social at the schoolhouse next Monday evening. Miss Ann Todd returned yesterday to her home in Boston, after spending several weeks here, caring for her sister, the late Miss Jane Todd, during her last illness. Though past 80 years of age, Miss Todd lives an active life, being constantly engaged at her trade as tailoress in homes of well-to-do Bostonians. Mrs. Albert Blake of Niagara, N. C., who has spent several months with her mother, Mrs. Mary Abbott, went yesterday to South Royalton to make final arrangements for her return in about a week to her southern home, to which her husband's mother, from South Royalton, will accompany her. The Universal ladies' annual fair opened yesterday afternoon at the town hall, and a good crowd attended. The hall was prettily decorated with colored lights and a variety of booths, which were presided over as follows: Fancy goods, Mrs. C. D. Cushing and Mrs. W. G. Shaw; candy, Misses Mary Cushing, Mildred Shaw and Katherine Rogers; variety, Miss Shaw's class of young ladies; ice cream, Mrs. Alice Hall and Mrs. Robert Noble; roller tree, Miss Georgeanna Cummings; aprons, Mrs. O. D. Greene and Mrs. P. L. Martin. A chicken-pie supper was very well patronized last evening. It was in charge of Mrs. W. C. Clifford. The kitchen operations were in charge of Mrs. W. T. Rogers. Orchestra music during the supper was much enjoyed.

The Mothers' club will hold a fair Dec. 4, afternoon and evening, at the Lanciault schoolhouse in Plainfield. There will be a nice program in the evening and many useful and fancy things on sale, also home-made candy, peanuts, and a fishpond for the little children. There will be no admission fee, so the public is invited.—adv.

Make the School Attractive.

If the outside of the school was uninviting, the inside was even more so. While at first the children were quite unconscious of their surroundings, they were gradually led to desire something better. The boys put in the missing panes of glass; the girls washed the windows, blacked the stove, and did many things to make the room cleaner. In the arithmetic class the older children estimated the cost of putting in a new ceiling and walls. They also decided upon the color scheme which they wished to use. They then submitted their plans to the school committee, who fortunately favored the plans and who immediately set about making the changes. The result was indeed a great transformation, and soon these new, clean surroundings seemed to have a silent influence for good on the children.—Ethel Harriet Nash in the Countrywide Magazine for December.

WATERBURY

The steam mill of Edward Slimes on Colton brook, about eight miles from this village, was consumed by fire Wednesday evening. Very little lumber was burned and the mill was insured. At the regular monthly meeting of Winook Lodge, No. 49, F. & A. M., the third degree was conferred. Among the visitors were E. E. Grant of the Lafayette lodge, No. 41, Manchester, N. H., and Albert Bradley and George H. Tabor of Fairhaven, Mass. Joseph Conner, who has been quite ill at his home on Crosssett hill, is more comfortable. Mrs. Richard Demeritt was in Burlington Tuesday and Wednesday, a guest of Mr. and Mrs. Homer Demeritt.

PAGE'S PERFECTED POULTRY FOOD

THE STANDARD FOOD FOR A QUARTER OF A CENTURY.

If you add in your place, send me \$2.00 for 12 1/2 lb. each or \$12.00 for 10 lb. each and I will forward you a sample of my new Food, and you will get a complete list of my Food Supply. (All other foods are inferior.)

Warding Off Autumn Colds.

With the approach of cold weather comes the time for wariness in wearing apparel. The early autumn and early spring are the gala times for colds, says the Irish World, because no one is quite so sure just what to wear. When the weather is cold one day and warm the next it is scarcely to be wondered at that we are constantly changing from heavy to light clothes. But danger lies in that direction. We should stick as closely as possible to the same weight in clothes, if we wish to avoid that early autumn cold which is apt to cling all winter.

Warding Off Autumn Colds.

This idea of appearing in furs and heavy suits one week and summer weight frocks the next cannot be too severely condemned. To its door may be laid almost three-fourths of the autumn colds, sore throats and bronchial coughs. There are plenty of medium weight suits which will be suitable for wear until the first week in November, when the really cold weather usually begins. It is absurd to trot out your winter clothes from storage until the winter actually arrives. Winter lasts long enough without beginning to wear its apparel too soon.

You must not, however, judge from this that it is advisable to dress too lightly in this changeable weather. Not at all! The autumn suit should be sufficiently warm to keep you from being cold even on the bluest days. But the point to make is to avoid the change from one weight apparel to another. The average city girl reverses the health rules in her dressing. She swatches her throat in furs and leaves her ankles exposed to the sharpest winds, instead of the opposite treatment. The ankles are the most susceptible part of the whole body. The blood runs nearest the surface there and the cold can chill the entire body, no matter how warmly it is clad, if the ankles are unprotected.

THE AVERAGE CITY GIRL REVERSES THE HEALTH RULES IN HER DRESSING.

The first cold days should find the sensible woman's feet shod in high shoes, or low shoes and spats. Low shoes should be tabooed after the first of October by the girl who wants to be free from colds. There is really no surer way of catching them than by leaving the ankles covered with thin silk when the air is cool. The throat, on the contrary, should never be covered, even in the coldest weather. Once begin to wear your furstight around your neck, and you will have to continue the practice whether the weather is warm or cool. Sore throat and tonsillitis follow in the trail of the girl who bundles stoles about her throat one day and leaves it open the next. It is only unfortunate that the rage for high collars seems to have struck the town, for the healthiest collar for the throat is the simple Dutch neck, which leaves the throat open but covers the chest.

Recipes That Are Different.

North Carolina Dabs—One pint of cornmeal, two eggs, one dessertspoonful of butter, one wineglassful of milk. Scald the meal with boiling water and while it is hot rub in the butter; stir in the milk with a little salt, beat the eggs very light and stir them in. Drop the mixture from a spoon upon a tin sheet and bake in a moderate oven.

Orange Fritters—Make a batter as for fritters of almost any kind, with two eggs, a pint of milk, and four enough to make quite a thick batter. Peel three oranges and cut them in slices, removing the seeds. Dip the slices in the batter and fry in hot butter; serve hot with powdered sugar sifted generously over them.

Who Will Claim Them?

Letters uncalled for at the Barre post-office for the week ending December 2, were:

Men—Arthur P. Adams, Clifford Catepaugh, Angelo DiBenedetto, William C. Jones, Frederick Raymond, Frank Verdell.

Women—Mrs. Emily Bisbee, Miss Etta Bailey, Mrs. Vera Page, Miss Gertrude Wilman.

Topics of the Home and Household.

Use a whisk broom to sprinkle plants in the house. When the broom is dipped in water and shaken over plants it makes a fine spray which is effective in overcoming the dry heat of the room.

Fish-line for picture cord was used with much satisfaction in a college girl's room, where every picture had to be hung from the molding. Fish-line is strong, inconspicuous, and hangs straighter than wire when attached to small pictures.

The Forty-Pound Cow.

This week we publish along the list of 40-pound cows in the cow testing associations of Waterbury, Stowe and Northfield. We also call attention again to the desirability of having the cow testing associations of Caledonia county make similar reports. Every farmer who has a cow making 40 pounds of butter in a month could well afford to pay advertising rates for the publication of the fact in his local newspaper. It would create a much more profitable market for his calves or cows. But we are willing to publish without charge each month for a year the name of the owner, the amount of butterfat and the profit of every cow in this county that makes 40 pounds of butter during the preceding month. There is one other piece of information we would like to see published and that is the number of cows in each association, so we could show the percentage of 40-pound cows.

We are convinced that 40-pound cows are much more common than formerly. We also believe the 40-pound cow will show much more profit than common cows. The cow giving 40 pounds of but-

ter per month is yielding more than twice as much as the ordinary cow and we are sure it does not cost twice as much to keep her. The 40-pound cow is desirable because she is a source of pride to her owner. This legitimate pride gives him enthusiasm for his work, broadens his methods and aids in making him a good farmer and a good citizen. The 40-pound cow is certainly a progressive influence in her community and may her numbers and influence increase and continue to bless the land that harbors her.—St. Johnsbury Caledonian.

New Herbal Balm for Skin Disease

So many alleged cures for skin disease are now on the market that care is necessary. We sell all the well-known skin remedies, but we will say this, that when we advise you to use D'EXMA, the new herbal balm, we are advising you right. We have found nothing that begins to equal this formula, made exclusively from Nature's healing herbs—cure after cure and from reports all cures seem to be permanent. The best part is, it gives instant relief from the most intense suffering. The Lakeview Laboratories of Chicago have just given us the exclusive right to sell D'EXMA in our home town. We like this because D'EXMA is going to make us many friends through giving satisfaction to skin sufferers. Come in today and get a box on our personal guarantee that if it doesn't soothe and cool you and begin healing at once, it will be refunded, come and get your money back. Red Cross Pharmacy
