Allen E. Mehuron was born May 1, 1838, in Hinesburg, living for many years in Fayston and later in Waitsfield. Jan. 2, 1865, he married Margaret Maxwell, who died in June, 1917. He served in the Civil war as private in Co. G, 6th Vermont Volunteers.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives' (or Fruit Liver Tablets) I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED

When Cross, Feverish and Sick in "California Syrup of Figs"

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely. A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste. Your little one becomes cross, half-sick, feverish, don't eat, sleep or feel naturally. Breath is bad, system is full of cold, has sore throat, stomachache or diarrhea. Listen, mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

RANDOLPH

Luther T. Sparhawk Died Monday After Ten Days' Illness.

Luther T. Sparhawk, who has been ill about ten days, died at his home on Pleasant street at about noon on Monday, the result of a bronchial trouble.

Mr. Sparhawk had been remarkably active and well till he was taken with grippe and this trouble, but at his age it was impossible for him to rally. Deceased was the son of Rev. and Mrs. Samuel Sparhawk, the father being a Congregational minister, who was formerly stationed here. For years he had conducted, with the assistance of his daughter, Miss Blanche Sparhawk, a photograph studio on Pleasant street, and had also engaged in the coal business quite a good deal.

He was active and energetic and will be missed by many, he being a familiar figure on the street. Two sons survive him, George Sparhawk of Beaver, Pa., and Rev. W. T. Sparhawk, who is pastor of the Congregational church in Barre, and Miss Blanche Sparhawk, who has lived with him since the death of her mother several years ago.

Miss J. G. Sumner, who returned to Montpelier on Friday of last week, was called here again on Monday, news having been received that her brother, who was in camp training for service, was ill.

EAST MONTPELIER CENTER

Winoski Valley Pomona grange, which was held here Saturday, was well attended, though many of the officers were absent. However, their chairs were filled acceptably and a very interesting session was held, both morning and afternoon, when the fifth degree was worked with a class and the work well carried out.

With the closing of the degree work, a program was announced and a pleasing song was sung by Mrs. Tracy of Capital City grange, followed by a song and encore by Mr. Lewis Hammett of East Montpelier grange. An interesting talk was given by Mr. Brown of Berlin grange, and C. A. Badger of East Montpelier, who is president of the Washington County Farmers' association, told of the meeting last week in the executive chamber at the State House of many county agents and others, with Governor Graham, to discuss some of the farmers' problems and plan for relief if possible.

Mr. Badger said the county work had gone on by leaps and bounds until now it took up much more of his time than he felt as though he could give, with so much work to be done at home. Many carloads of chemicals have been and are now being bought for members of the association, over \$5,000 worth of seeds alone. More help is needed for the clerical work, as it is getting to be too much for those who do the work gratis, or for the honor of being useful to the farmers of the county. The meeting was closed with singing "America" by all, and then Master Russell Collins announced that the next Pomona meeting will be held with Montpelier grange the first Saturday in May.

Mrs. J. R. Young attended a meeting of the Daughters of the Revolution in Montpelier Saturday. She recently joined the order.

On Watch! Prepared for German U-Boats Somewhere on the Atlantic

Our ships and men are prepared and waiting for the deadly attack of the U-Boat. Our men at home in their ordinary life-work should be prepared for the hidden enemy as well. The body, like our dreadnaughts, is a highly organized machine of complicated parts in which the stomach, liver and kidneys work for the common good. Damage to any one of these organs interferes with man as a motor mechanism. If you will clean the stomach, liver and bowels occasionally with a gentle laxative you can keep well. Too much fuel in man's machine, such as eating too much meat, or alcohol or tea, nervous overwork, and lack of exercise in outdoor air bring constipation and bad health. Eat less meat, plenty of vegetables, and with fresh air and good exercise you need little else. If the liver needs rousing—and most of us need this once a week—take a safe vegetable extract of the leaves of aloe, Mayapple, root of jalap made into a tiny sugar-coated pill, sold by almost every druggist as Dr. Pierce's Pleasant Pellets—first put up nearly fifty years ago and largely used by almost everyone today.

Most people do eventually of an over-acid condition. If the blood can be rendered more alkaline, the longer we live. With regular hours, 6 to 8 glasses of water between meals, sensible coarse food and a chance to get the poisons out of the system, a man will live to be a hundred. But, unfortunately, our highly nervous way of living brings increased storage of uric acid in the blood. This acts as a poison, and when it accumulates in system we suffer from headaches, backache, neuralgia, lumbago, aches or pains any where, irritability of the water or burning sensations or the painful twinges of rheumatism and gout. Get rid of this uric acid poison by taking a harmless medicine called Anurie, which throws out the uric acid by stimulating the kidneys. Drink a pint of hot water before meals and take Anurie (double strength) after meals and at bed time. Anurie is a recent discovery of Dr. Pierce, Chief of Staff at the Surgical Institute, Buffalo, N. Y. Anurie can be obtained at almost any drug store. In tablets, 60c, or send 10c to Dr. Pierce for trial package and test it yourself.

Improve Your Complexion. Get your blood pure, keep the liver active and the bowels regular, and disfiguring pimples and unsightly blotches will disappear from the face. For improving the complexion and putting the blood in good order BEECHAM'S PILLS are safer, better and surer than cosmetics. They eliminate poisonous matters from the system, strengthen the organs and purify the blood—bring the health-glow to the cheeks, brighten the eyes, improve and Beautify the Skin. Directions of Special Value to Women are with Every Box. Sold by druggists throughout the world. In boxes, 10c., 25c.
