REFUSING TO PLANT CROPS.
To Be Sold in Vienna and Other Cities of Austria.
Vienna, May 12.—Complaint that farmers refuse to plant food crops for sale to Vienna and other cities is frequently heard here.
At a meeting of the Vienna Medical association it was charged that the Alpine farmers are confining their planting to just what they will need themselves and that even less produce than last fall will be available for Vienna at the next harvest. One speaker said that while Austria had more milk cows than Switzerland, children were dying here for lack of milk. In the provinces it was being fed to pigs.

AWAIT ATTACK AT MATAMOROS

Carranza Troops in Entrenchments but May Surrender

AGREEMENT MAY BE MADE SATURDAY

That Will Prevent Threatened Clash Between the Two Forces

Brownsville, Tex., May 12.—Troops loyal to President Carranza in Matamoros, opposite here, the last large town in that section of Mexico not under rebel control, awaited in entrenchments early to-day for the expected attack by a force of approximately 500 men reported last night as 25 miles west of the city.
From reliable sources in Matamoros it was reported, however, that the city might capitulate without bloodshed. It was said there was a general desire among the army officers to avoid a conflict.
It was said that General Rafael Colunga, Carranza commander at Matamoros, had been in telegraphic communication with revolutionary headquarters at Rio Bravo, 47 miles west of Matamoros, and that an agreement that would prevent fighting probably would be made by Saturday. General Colunga refused to discuss the matter, however, the reports said.

Juarez, Mexico, May 12.—Francisco Villa's last acts of violence before the reported surrender of a large part of his force to the Sonora revolutionists' army at Chihuahua City, were the firing of three ranch houses at the Meoqui settlement near Ortiz and the carrying off of the owners for ransom, according to reports reaching here to-day.

Resinol
will probably clear away those pimples

It is really surprising how a few days' use of Resinol Ointment and Resinol Soap will improve most poor complexions! Unless the trouble is due to some serious internal disorder, pimples, redness and roughness quickly disappear and the skin usually becomes clear and fresh again.

ers whom he abducted, Villa was said to have collected a ransom of 5,000 pesos. It is not known how much he obtained from the third. Villa is said to have given up 200 of his 300 soldiers. He was last reported near Ortiz, about 20 miles southeast of Chihuahua.

WOOD HASTENS TO SEE SENATOR LODGE
General Says There is a Big Demand Throughout the Country for the League of Nations.

Washington, D. C., May 12.—Major General Leonard Wood, here yesterday for a hurried conference with Senator Lodge and other Republican leaders, declared that in his recent trips over half the country he had found no evidence of dangerous unrest.
"The most we find to-day, he said, "is the unrest growing out of the industrial situation, with the high cost of living and realization that increased wages do not give all one needs in the face of high prices. Present conditions are due more to our own indifference."
The cry of the country to-day was for radical national economy, he declared.
"The people are more interested in the cost of living than any other thing," he added.
"The great sentiment throughout the country to-day is for a league of nations with reservations that would completely Americanize it," he said. "If the Lodge reservations don't answer they want reservations that will. There is a big demand, however, to get the whole league question off the slate."
General Wood said the thing that had impressed him most after months of campaigning was "the need of a uniform primary law and a uniform primary day."

CLEVELAND SIX

It Adds a Wealth of Joy to Family Life

The Cleveland Six adds joy and recreation to the family life in a most unusual degree. It is such a comfortable car, so easy to drive, so distinguished in its refined appearance, that the mother and the children find real delight in it.

And the Man of the House, no matter how critically inclined he may be in mechanical matters, finds in the Cleveland Six a triumph in motor car construction, a car which he will drive with enthusiasm.

The Cleveland Six touring car seats five in comfort. The soft cushioning and the low, under-slung spring suspension, wipe out the road-bumps. The car is handsomely finished and the upholstery is of genuine hand-buffed leather.

And the motor! If you want to know what a motor it is come in and see the car. Ride in it. Drive it yourself. Then you will know. There are few motors indeed that can compare with it in actual performance.
