

Garden and Lawn Furniture

This is the time of year to be thinking of fixing up the LAWN and GARDEN with suitable FURNITURE for the summer.

A LAWN SWING will be a great joy to the children, affording them many hours of pleasure, as well as delighting their elders.

What is more beautiful than an Arbor or

Sullivan and Thompson, together with Coach Joseph Leahy. McMahon, the left hander, pitches against St. Michael's to-day. Steve Slayton against U. V. M. seconds to-morrow, and America Polt against the Barre town team Saturday afternoon at the Goddard campus.

George Stone of the Montpelier road was brought into court the afternoon of June 8 on a charge of non-support of his wife. He pleaded not guilty, so bail was fixed at \$200, which his attorney, A. A. Sargent, furnished. Yesterday morning the case was brought up again for a partial hearing. Judge E. L. Scott presided at the court, which ruled that the respondent should pay E. R. Davis, attorney for his wife Della Stone, \$5 a week until further hearing and order of the court. The case was held open.

A very enjoyable entertainment was given last evening at the Carleton school, east hill, when the children presented the play, "The Magic Curtain." It was very well acted out and pleasing as well. The most important feature was the dancing of the Virginia reel, which brought hearty applause from the audience. The school room was prettily decorated with flags, jack-o-lanterns and lilacs. Refreshments of cake and lemonade were served. The music on the viols was very fitting for the entertainment. On Friday, June 11, the school closes for the summer vacation. Much praise is given the teacher, Miss Cornelia Dewey, as this completes the sixth year she has served as the competent teacher at the Carleton school.

An interesting exhibition of what has been accomplished by the girls in the home economics classes at Spaulding during the year, under the instruction of Miss Marion Page, was given in the rooms of the classes at Spaulding high school yesterday afternoon. A dozen girls in their white caps and aprons served refreshments of sandwiches and lemonade to the visitors who came to inspect the work done by the class during the year. Thirty high school girls and about 100 girls in the eighth grades have taken the home economics course this year, studying cooking during the first half of the year and devoting the second half to sewing. Each high school girl who has taken the course had on exhibition a dress which she completed herself, after making some article of underwear. The eighth grade girls had each made an article of undergarment also. The girls in these classes have fitted out their rooms with long sewing machines, an electric flatiron and all the equipment necessary for dress-making with the money which they have earned, selling during the year. They also gave \$25 to be used in buying furnishings for the teachers' room at Spaulding.

Hooks And Eyes.

The examination of minute living creatures by strange contrivances to light. Look at a bee's wings under a strong microscope, then look at a dress that fastens by means of hooks and eyes. The two wings on each side of a honey bee have to be hooked together before the owner spreads them wide for flying, making one big wing of the two. Then, when it returns laden with honey, to the hive, and packs into the chamber with myriads of others, it unhooks both pairs and lets them down out of other people's way. Get the strongest magnifying glass within reach and watch the bees in your garden hive when they hook their wings together to start on the day's work, then watch those which return unhook theirs. It is a fascinating occupation.

Reflections of a Joy Rider.

In the bright lexicon of youth there is no such word as jail.
Never too late to start.
A ditch in time kills nine.
Auto-accidents are the cause of more accidents than any other variety of incompetence.
Where there's a car there's a way.
Don't jump a bridge until you come to it.
One good ride deserves another.—New York Evening Post.

USING UP VITALITY

The struggle for success uses up vitality in America at a greater rate than any other thing. Fighting to keep away from the poor-house, we shorten the distance to the grave.

Especially in middle age, at forty or thereabouts, do we become impressed with the necessity of laying up a competence and with that feeling in time comes worry, nervous breakdown, neurasthenia. The entire system feels the result of the nervous strain. The digestion resents things that it accepted before, the heart palpitates on slight exertion, the muscles of the back ache after a day's work. Your blood is thinner and not so bright a red.

When these things occur, whether you are fourteen or forty, you need a tonic. Dr. Williams' Pink Pills suit most people's need, because they are non-alcoholic and they really build up the blood and strengthen the nerves. They are useful for growing children and for men and women whose nervous energy has been overtaxed.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent by mail, postpaid, on receipt of price, 60 cents a box, by the Dr. Williams Medicine Co., Schenectady, N. Y. Write for the free booklet, "Diseases of the Nervous System."—Adv.

NORTHFIELD

Word was received here last week of the death of Rev. Allen Judd, which occurred in Quincy, Fla., after a short illness. He was the brother-in-law of Mrs. Sarah Cushman of this town, and was very well known here as he and his family had spent many summers in Vermont. One summer Mr. Judd had charge of St. Mary's parish in Northfield. The deceased is survived by his wife, one daughter, Miss Myra, of Quincy, Frank and Donald Judd of Des Moines, Ia.

Warren J. Greenwood, son of Mr. and Mrs. William Greenwood of Northfield Falls, and Miss Mabel R. Penell of Swanton, were married Wednesday morning in the Church of the Nativity, Rev. E. M. Salmon performing the ceremony. They were attended by Miss Helen T. Penell and Aloysius Penell, sister and brother of the bride. A wedding breakfast was served at the bride's home at which about 60 relatives and friends were present. After two weeks' wedding trip they will reside in Montpelier, where the groom is employed in the freight office of the Central Vermont railroad. Mr. Greenwood is a former member of the 101 Ammunition train, 26 division, and saw service with that outfit in France. Since his discharge about a year ago he has been employed in the freight office at Northfield, receiving his transfer only a short time ago.

Hilamton Walter, aged 84 years, passed away Friday night at the home of his daughter, Mrs. W. W. Hartwell, after only a few weeks' illness. Funeral services were held Saturday morning from the home, Rev. F. T. Clark officiating. The remains were taken to East Burke for burial in the family lot. Mr. Walter has been a resident of Northfield for about eight years, coming here with Mr. and Mrs. Hartwell. He was a very active man for one of his age and made many friends and acquaintances.

Mr. and Mrs. Heffernan and sister, Mrs. Mullin, of Montreal have been spending a few days in town, guests of Mr. and Mrs. Alex Eddie. They left here for Old Orchard beach, Me., accompanied by Mrs. Eddie, who will be their guest for a short time.

Newell Byam of Randolph, a former resident of this town, was a visitor here last week.

W. H. Houghton was called to Bakerville last week by the serious illness of his father, S. C. Houghton, who died the following day. Mr. and Mrs. Houghton spent the winter in Northfield at the home of their son on Vine street.

Charles Quimby, who has been in India for the past few years doing branch work for a large concern in the United States, has returned, after three years' absence and is visiting in town. Mr. Quimby was a Norwich man.

For the Onlooker.

"Who was it that wrote the line: 'A little learning is a dangerous thing'?" asked the old fogey.
"Must have been some man who was trying to run an automobile for the first time," replied the grinch.—Cincinnati Enquirer.
