## FIFTY YEARS AGO

It was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for indigestion, constipation, liver, kidney and stomach disorders.  
 Dull pains in the back, often under the shoulder blades, poor digestion, heartburns or flutterings, sour risings, yellow skin mean liver troubles, and you should take SEVEN BARKS; it will relieve you, as it will make the liver active, tone up the digestive organs and cause the bowels to act normally.  
 SEVEN BARKS is not a cure-all, but a very reliable remedy that will act on the liver, stomach and bowels, sets them to right, tones and strengthens the general health.  
 If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At druggists, 60 cents a bottle. Don't put it off; get it to-day.—Adv.
