

RESOLUTE'S VICTORY DUE IN LARGE MEASURE TO CAPT. ADAMS' SKILL

Yankee Skipper Praised for Nearly Faultless Handling of the American Defender of the Cup in Series Which Closed Yesterday.

VICTORIOUS SLOOP WILL BE DISMANTLED

The Third Victory of Resolute Was Most Decisive, Shamrock Being Left Far in the Rear—Sir Thomas Lipton, Owner of Latter, Disappointed But Not Discouraged.

New York, July 28.—Resolute, which decisively defeated Sir Thomas Lipton's Shamrock IV in the deciding yacht race in defense of the America's cup yesterday, probably will not run another race, said H. DeB. Parsons, a member of the race committee of the New York Yacht club to-day.

There will be no special celebration of the victory by the New York Yacht club. Yachtmen to-day highly praised the handling of the Resolute by Captain Charles Francis Adams, second, in all the races off Sandy Hook.

The Resolute's crew of 22 Norwegians, seven Swedes and one Dane—all American citizens—also came in for unstinted praise. Captain Chris Christensen, the sailing master, won the last race against Shamrock III in 1903.

Resolute won by 19 minutes. Overcoming 42 seconds lead and the advantage of a windward berth which Shamrock IV had taken at the start, the fleet defender held a lead of four minutes and eight seconds at the half way stake of the 50-mile course, and crossed the line first 13 minutes and five seconds ahead.

In capturing the series and retaining possession of the America's trophy Resolute's came from behind after Shamrock had taken two races, and won out by registering three straight and impressive victories. Shamrock IV won the initial race when the defender was forced out by an accident to her rigging and captured the second in a fluke wind that left Resolute becalmed most of the way.

Sir Thomas Lipton, owner of the green challenger, voiced what appeared to be unanimous verdict of yachtsmen who had seen the seven races, when he declared last night that "the best boat won."

CONGRATULATE LIPTON

Southerners Generous With Praise Even Though He Was Loser. New Orleans, La., July 28.—Congratulations on the showing of Shamrock IV were sent to-day to Sir Thomas Lipton by members of the Southern Yacht Club and persons who remembered the days in the late sixties when the baronet, then a lad, drove a mule cart over the streets of New Orleans, and dispensed hot coffee at the Poydras Market restaurant.

Sir Thomas recently sent the Southern Yacht Club, of which he is an honorary member, a loving cup, which will be competed for by southern yachtsmen in a series of sloop races next season.

DISORDER CONTINUED IN JAPANESE HOUSE

On Charges of Improper Use of Office By Indulging in Stock Gambling the Members Resorted to Fists.

Tokio, July 27 (By the Associated Press).—Disorder, which characterized yesterday's session of the house of representatives to-day when the allegations that Baron Takahashi, minister of finance, and other ministers had improperly used their offices by indulging in stock gambling were again discussed. Several members of the opposition rushed to the rostrum, followed by governmental members and fist fighting was started. Guards were obliged to interfere.

To-day's trouble started when spokesmen for the government party rose to approve the decision to send M. Shinada, who made the charges against ministers, before a disciplinary committee and offered a motion to this effect, saying his idea was to secure Shinada's expulsion from the house.

Replying to this Shinada, who is a famous orator, declared his charges were made in the hope of "clarifying the contaminated atmosphere of officialdom," and that the denials of the ministers failed to satisfy him. Yikio Ozaki, former minister of justice, suddenly participated in the discussion, saying it was impossible to be content with the replies of the cabinet ministers.

The house adopted the anti-Shinada motion 264 to 157. Outside the diet building at the same time an exciting mass meeting against the cabinet was in progress. A thousand policemen were present and a number of arrests were made.

Neff of Waco maintained their respective ratios as leaders of the four contestants for the Democratic gubernatorial nomination, when 381,730 votes of approximately 600,000 cast in Saturday's primary had been tabulated to-day.

The figures were: Bailey 128,358; Neff 124,199; Robert E. Thomason 86,358; B. F. Loney 42,875. Mr. Bailey campaigned in favor of the "open shop" idea in labor matters.

AMERICANS GET MEDALS

And No Protest Made on the Grounds of Professionalism. Antwerp, July 28.—American trapshooters yesterday received their Olympic medals. At the ceremony incident to the presentation there was no hint of a protest against the Americans on the grounds of professionalism, which, it was stated in Etolie Beige Monday, might be made.

Captain Jay Clarke of the American team questioned on the subject, said: "We left some of our best American shooters at home just to guard against any hint of professionalism."

The American deer-shooters went to the Beverloo camp to-night to join the rifle team, which begins its match tomorrow. Lieutenant James Jackson of the marine corps yesterday took the place of Commander Osburn on the deer-shooting team. Otherwise the line up remains the same.

ASK TURKS TO VACATE

War Office at Constantinople as It Will Be Needed By Allies. Constantinople, July 28 (By the Associated Press).—The entente to-day asked the Turks to vacate the war office, which is to be used by the inter-allied commission for controlling the straits zone. All arms and ammunition factories and the military school have been closed by the Turks, as they will not be needed by the small army permitted Turkey under the peace treaty terms.

RESENT PARLEY WITH SOVIETS

British Press Not Favorably Inclined to Decision of Premier

"SURRENDER TO THE BOLSHEVIKI"

French, on the Other Hand, Take Pleasure Over the Outcome

London, July 28.—The decision reached by Premier Lloyd George and Millerand at their Boulogne conference yesterday—to stand by the original plan for a peace conference with the Russia soviets and that the London conference, which the soviet demanded, could not take place unless the bolsheviks reversed their present attitude and agree to discuss at the conference peace with Poland and with all qualified representatives of Russia and the soviet government, which we especially detest and dread."

Premier Lloyd George is sharply criticized, as one of them puts it, "for surrendering to the bolsheviks and creating by his policy a very serious situation."

The London Times declares the matter "too grave for irrevocable decision behind closed doors," and maintains that it must be submitted to the parliament of the allies. The paper sympathizes with the French view that America must have a voice in the question, implying its belief that America would repudiate an agreement based on bolshevik conditions.

PARIS PRESS GRATIFIED.

Over the Results of Boulogne Conference. Paris, July 28.—The Paris press is gratified over the results of the Boulogne conference. Most of the papers unite in considering the outcome a "feather in M. Millerand's cap," pointing out that he persuaded Premier Lloyd George to adopt the French views both on the Russian and coal questions.

"The financial agreement concluded at Spa," says Pertinax, political editor of the Echo de Paris, "remains to be made, but there is now a light on the horizon, and if the reparations commission knows to play the part assigned it, the blunders of a fortnight will be reduced to the dimensions of temporary mistakes."

NICKEL A RIDE.

More Busses Scurry Through Streets Bridgeport. Bridgeport, Conn., July 28.—Street transportation in the absence of trolley service continued to-day, as yesterday, with additional busses running on fixed routes at a nickel a ride. On some suburban routes patrons claimed the jitney men had slightly increased fares.

off with pay, to-day explained the reason of notices to report for duty on Saturday. The Connecticut Co. will try to extend from New Haven to the beaches east of here the service usually supplied from the Bridgeport lines.

Jitney men were notified by the state motor vehicle department that the overcrowding law would be strictly enforced. John B. Schwarz, president of the Bridgeport Bus Owners' association, said: "That makes the proposition impossible. The department is putting a crimp in us and our efforts to handle this emergency service."

"It isn't the jitney men who want to crowd the busses but it is people who insist upon being carried. There are 5 o'clock and we ask the public to bear with us. We have carried the people up to this minute and have had will be great delays at the rush hours. Little complaint but with all the stores will be a severe blow to the service."

COX IS DICTATING HIS AUG. 7 SPEECH

Democratic Presidential Candidate Will Not Give Out Advance Copies of the Article.

Dayton, O., July 28.—An all-day stretch dictating to his secretary his address for August 7, accepting the Democratic presidential nomination, was the exclusive but formidable affair to-day before Governor Cox. It was the first day since his nomination that his engagement list was blank and he planned to make the most of the opportunity to work uninteruptedly on the acceptance speech.

Installments of the address were to begin going to the governor's print shop to-day, with arrangements for strict secrecy. The governor has stated that he desires to have his address "live copy" in its news features as delivered August 7, without being discounted by advance statements.

With the party platform silent on prohibition, friends of the governor here, who have been associated with him for years, express the belief that he will not mention it in the speech of acceptance, but with what they say is characteristic fearlessness, he will have no hesitation in discussing the subject in his campaign speeches.

Because of his newspaper training, the governor was reported to-day to be making fast work on his address. But he is exercising great care, as indicated by composition of a few of the main subjects in pencil. The length of the address was to-day said to be still problematical.

WANT TO CONFISCATE COAL.

In Order to Meet Shortage Occasioned By Illinois Strike. St. Louis, Mo., July 28.—Appointment of a fuel conservator here with authority to confiscate and distribute coal belonging to the railroads in order to meet the shortage occasioned by the strike in the Illinois fields will, it is expected, be announced by Governor Morrow of Kentucky, to discredit our organization, if possible, and break the strike in Mingo county. He charges that "the constituted authorities" were responsible for the march "for permitting coal operators to create private armies to function in place of the police power of the state as conferred by its citizens."

VERMONT DEMOCRATS SELECT F. C. MARTIN

As Their Candidate for Governor of Vermont—Will Try to Get Democratic Newspaper Organ.

Burlington, July 28.—At a meeting of prominent Democrats from all parts of the state held at the Sherwood hotel in this city yesterday afternoon it was voted to put a ticket in nomination at the fall primaries and a big effort to get out a large vote will be made.

Fred C. Martin of Bennington was selected to head the ticket as candidate for governor. The other names which will be placed in nomination are: Lieutenant-governor, George F. Root, Newport; state treasurer, Otis C. Sawyer of Sharon; secretary of state, H. A. Pond of East Berkshire; auditor, Harry C. Shurtleff, Montpelier; attorney general, James P. Leamy of Rutland; congressman from district No. 1, J. C. Durick, Fair Haven; congressman from second district, Harry V. Witters, St. Johnsbury; United States senator, H. W. Varnum, Cambridge.

One of the principal matters brought before the meeting was the proposition of a Democratic newspaper. It was stated that The Swanton Courier was spreading the gospel of democracy and speakers urged on those present the importance of getting the paper before the public. A committee, consisting of H. C. Comings of Richford, H. W. Witters of St. Johnsbury and P. C. Dodge of Randolph, was named to look into the matter of securing a Democratic organ. Several speeches were made urging the members of the party to stand together and not vote for Republicans in the primaries or at any other time.

Mr. Martin, the candidate for governor, was born in Bennington 38 years ago. He was a delegate to the recent convention at San Francisco and was also a delegate at large to the Baltimore convention in 1912. He was Bennington and was elected to the legislature in 1912. He is connected with the Holden Leonard Co., manufacturers of woolen goods.

1,500 DESERTERS IN PARIS.

This Number of Men from American Army in That City. Paris, July 27.—Deserters from the American army that came to France still number 1,500 in the Paris district alone, according to a report made by the Paris police to Captain J. A. Warden, who is supervising apprehension of the deserters in addition to investigating bills still being presented against the American Expeditionary forces.

As these deserters all have the reputation with the French police of carrying guns and being bad men generally, the police simply notify the American authorities from time to time of their presence in some particular place, but do not attempt to arrest them.

In some weeks the arrests of deserters have averaged as high as 10. The men most often carried guns but were armed with remarkable sets of personal recommendations, including forged army orders. With these papers it was simple to obtain the necessary French identity cards. The men often are Americans of foreign birth.

The lairs of the deserters are mostly in Montmartre, in secret underground passages in which the Apaches of Paris have managed in the past to hide from the police. Their communications are so well established that instantly a raid is carried out by American military police from Coblentz, the alarm is given in every quarter.

The deserters virtually are penned up in Paris not daring to stir outside the city. If they leave Paris it means leaving an income which often comes before the illicit sale of drugs, being separated from the communication system, which is their safety, and being investigated by the French police again.

ATTEMPT TO DISCREDIT

Was Charge Made Against Investigator of Coal Mine Conditions. Charleston, W. Va., July 28.—In a statement to-day, C. F. Keeney, president of district 17, United Mine Workers, charges that the report of Mr. J. T. Davis of his investigation of Guyan valley coal field conditions is designed to "discredit our organization."

In his report, made public yesterday, Major Davis declared that the armed march of miners toward the Guyan field to enforce organization last September was started by the United Mine Workers. Mr. Keeney, in his statement, said the allegation that the union was responsible for the invasion is "a preparatory step in an understanding between Governor Curnwall of West Virginia and Governor Morrow of Kentucky, to discredit our organization, if possible, and break the strike in Mingo county." He charges that "the constituted authorities" were responsible for the march "for permitting coal operators to create private armies to function in place of the police power of the state as conferred by its citizens."

BUILDING PERMITS WERE GRANTED

And Other Miner Matters Were Attended to By the Board of Aldermen.

After a half hour session in public, the board of aldermen went into executive session last night. During the public session a small amount of business was transacted.

The building inspector reported applications as follows: David Devecchi, to re-model barn at 16 Cambrid street; No. Barre Granite Co., to build addition, 12 by 18 feet, off boxing room, Blackwell street; Catto Bros., to build addition to storehouse, 16 by 18 feet, on Seampin square; Rioux Granite Co., to build addition, 12 by 25 feet, to boxing room on Blackwell street; A. Sanguinetti, to build addition to a barn at 59 Crutcher street. These permits were granted; and the report of the inspector, showing 17 minor permits granted in June, was accepted.

The gasoline business continues good in Barre, judging by the continued applications before the city for permits. James J. Hastings, who already has a tank and pump in on North Main street, was given a permit to install a "modern" pump; G. A. Lane was given a permit to place a tank and install a pump on North Main street, the application having been presented last week and referred to the fire committee; H. Habeb applied for a tank and pump permit on Prospect street, and the application was referred to the fire committee.

Residents of an unaccepted street leading from Merchant street south-easterly asked that the street be accepted, and the matter was referred to the street committee and city engineer. Mrs. Barber and Mrs. Turner represented the petitioners. There are three houses on the street. The name of "Williams lane" was given to the street running from Depot square to the gas plant.

Owing to the fact that several of its members are away, the Barre Pipe and Drum band (the Kilites) asked that its contract with the city for a series of concerts be cancelled this year as the band could not do itself justice under the conditions. The contract was ordered cancelled.

Bills paid included one of \$37,000 to the Lamoille County Savings Bank and Trust Co. for money borrowed; street pay, \$494.80; engineering pay, \$47.73; water pay, \$179.48; fire pay, \$185.05; police pay, \$85.85; C. L. Booth, \$20; Miss Gridley, \$26; J. F. Spencer, \$30.

Miss Lydia Sarah Gove, daughter of Mrs. Frank Gove of this city and Santa Cruz, Cal., and Alfred Montgomery Isenberg of Boston were united in marriage at Lancaster, N. H., Monday at 10:30 a. m. in the Congregational church, the single ring service being used. They were unattended. Only the mothers of the bride and groom, Mrs. Gove and Mrs. Goodwin Isenberg of Cambridge, Mass., a few invited guests and pupils of the Lancaster schools witnessed the ceremony. The church was beautifully decorated with ferns and roses by the high school pupils.

The bride wore a traveling suit of blue, with hat to match, and carried white sweet peas and ferns. Immediately after the ceremony Mr. and Mrs. Isenberg left for Wollaston, Mass., where they will be at home at 271 Farrington street, planning to spend their honeymoon in their new home.

The bride, who was one of Barre's best liked young people, graduated from Spaulding high school in 1917 and from the Gram Normal Institute of Music, Potsdam, N. Y., in June, 1919. She at once accepted a position as supervisor of music in the Lancaster schools, where she has been very successful and made a host of friends.

Mr. Isenberg for two years has been an instructor in the Lancaster schools, but in June received a government appointment as training teacher in the vocational training schools in Boston, his work being that of placing returned soldiers in places suiting their condition and ability. He at once entered upon his new duties. Both he and his bride were very popular in Lancaster, as elsewhere, which was evidenced by the bountiful gifts of cut glass, silver and linen which were presented them.
