

AMERICANS ARE RUSHED UP

Kosciusko Air Squadron Sent to Defend Polish Capital

TRANSFERRED FROM SOUTHERN FRONT

Because of the Desperate Situation on Front Nearest Warsaw

Warsaw, Aug. 5, 8:30 p. m. (By the Associated Press).—Owing to the desperate situation on the front nearest Warsaw, the Kosciusko squadron, the air force composed mostly of Americans, attached to the Polish army, is being transferred from the southern front. The squadron will aid in the defense of the Polish capital.

The American consulate in Warsaw will be closed on Friday and Consul Benkin is making preparations to depart Friday night. Most of the records already have been shipped away. The American legation is also prepared to close within a very few days. The legation employes have sent their baggage to Camp Grappe, the emergency headquarters of the American typhus expedition.

HOPEFUL REPORT FROM POLISH STANDPOINT

Advance of the Bolsheviks on Warsaw Has Been Stopped Through Determined Defense of the Poles.

Paris, Aug. 6.—Russian bolshevik forces which have been attacking the Poles northeast of Warsaw for the purpose of cutting communications between that city and Danzig seem to have been checked for the time being by the desperate defense of the Polish armies. Dispatches received here appear to indicate an improvement in the military situation in that sector of the front.

Observers are inclined, however, to look on the fighting near Brest-Litovsk, east of Warsaw with some concern, as the bolsheviks have massed large forces in an effort to break through there. It is felt that the outcome of the battle now being waged in that region may decide the fate of Poland.

It is possible the apparent slowing of the soviet attack in the north may be due, however, to difficulties encountered in bringing food, munitions and reinforcements to the front over coun-

try roads that are believed to have been thoroughly wrecked by the Poles. If this is the case, the Poles may be given only a brief breathing spell before being called upon to meet the impact of another tremendous drive toward their capital.

While their comrades were launching a counter offensive in the north, the Poles fighting on southern sectors of the line have struck back at the bolsheviks and have driven them from territory that they had won in Galicia. In this region, however, there is reason to believe the soviet armies are not so strong nor so flushed with victory as they have been further north, where the Polish line has been crumpled up by the attacks launched against it.

Rumania has begun the concentration of forces in Besarabia. Whether this move is for the purpose of relieving the pressure against Poland or to force the withdrawal of soviet troops now on Rumanian soil has not as yet developed. A Geneva dispatch indicated considerable bolshevik unrest in Rumania.

Conversations between the French and British governments relative to steps to be taken to induce the bolsheviks to halt their attack, or to help Poland went on all day yesterday, but no official announcement on the subject has been made.

POLES LEAVE OSTROV.

Evacuated Town 55 Miles Northeast of Warsaw.

London, Aug. 6.—A semi-official message from Warsaw, filed last night, says the Poles have evacuated Ostrov, between the Bug and the Narew rivers, 25 miles southwest of Lomza and about 55 miles northeast of Warsaw.

The dispatch declares that Polish officials believe that the present rate of advance if maintained would bring the Russians into Warsaw in from seven to 10 days.

PICKETING AGAINST BUYING.

Berlin Attempts to Reduce Prices by Refusing to Purchase.

Washington, D. C., Aug. 6.—Picketing against unnecessary buying has developed in Berlin in an effort to reduce the high cost of living, according to a report from the American commission in Germany yesterday to the department of commerce.

Attempts are being made to discourage purchasers until prices fall. A slight drop in prices has stopped buying rather than stimulated it, the report stated, as purchasers are awaiting further reductions.

GOING TO AID LEAKING BOAT

Four Steamships Sent in Response to Appeal From the Supartco

WATER IS GAINING, SAYS MESSAGE

Disabled Steamer Is Heading for Halifax With All Speed

Boston, Aug. 6.—Four steamships today were hurrying to the aid of the new freighter Supartco, which sent a radio message last night saying she was leaking badly and was heading for Halifax. The water was gaining on the pumps to-day, the Supartco reported and, although her officers did not consider her in immediate danger, they asked that the vessels stand by ready to lend her assistance if needed.

The Supartco was launched two months ago. She was bound from New York for Harve and, when she first reported her trouble was 100 miles south of Halifax. The steamers, which responded to her call were the Bristol, Norden, Western Main and West Nohno. She arranged to keep in touch with them hourly through the Outer Cliffs radio station.

41 STRIKE LEADERS INDICTED.

Charged With Conspiracy to Tie Up the Necessities of Life.

Chicago, Aug. 6.—Indictments against 41 leaders in the recent railroad strikes which Judge Samuel Alschuler refused to receive Wednesday because the names of those indicted had become public through a "leak" several hours before the federal grand jury completed its report, were returned yesterday.

Judge Alschuler ordered the indictments placed under seal until investigation of the "leak" is completed.

The indictments, as drawn up, charge the men with conspiracy to tie up the necessities of life through the strike last spring. Indictments were also voted against the Chicago Yarden's association of which Grunau is president and the United Enginemen's association, according to reports given out yesterday. All those named in the indictments are members of the two organizations.

Grunau was reported to have told the federal authorities he was willing to settle the strike provided the government took some action to persuade the brotherhoods to restore the senior-

PLACING GERMAN SAILORS.

Proposal Made to Put Them in State-Owned Plants.

Berlin, Aug. 6.—A practical suggestion to solve the vexed problem what to do with 100,000 army men who, in compliance with a Spa undertaking, are facing discharge, is offered by the "economic union of German professional soldiers" which has worked out a scheme to distribute the men in different state-owned plants which are at the present moment lying idle. The German government is to subsidize working expenses of these plants and fix a scale of wages.

The operation of the plants would constitute a novelty because they would be worked on the principle of "mutual comradeship," and the relationship of employer and workmen would be eliminated. The government would take over the main output of the plants and there would be planned extensive land settlements on state-owned lands, which workers would cultivate and on which they would build their own dwellings after performing eight hours' daily factory work. The promoters claim that the scheme has already secured official support on principle.

All Prussian district presidents have been summoned to meet Minister Severing to confer on matters affecting the security police.

GOLFING STARS GATHERING.

For the National Open Tournament at Toledo, O.

Toledo, O., Aug. 6.—Golfing stars from various parts of the country are arriving for the national open tournament under the auspices of the United States Golf association over the Inverness course here next week.

J. Douglas Edgar, Canadian open champion, is here, and already has gone over the par 72 course in 74; Joe Mitchell of Montclair also has arrived and will give the course a plan today.

The tournament committee, which expressed disappointment over the reported failure of Charles (Chick) Evans to enter, learned to-day that Evans' name has been omitted through a mistake of his secretary.

S. J. Jermain, head of the committee, has received a telegram from Evans, which said that the player instructed his secretary to enter his name, but the secretary neglected to mail the letter until last Monday. It is understood that Evans has appealed to Secretary Vanderpool to place his name on the list. Mr. Jermain also has appealed to the U. S. G. A. secretary.

PRINTERS' CHAMPIONSHIP.

Detroit and St. Paul Meet at St. Paul to Decide Title.

St. Paul, Minn., Aug. 6.—Detroit and St. Paul meet in the final game for the Printers' national baseball championship at Lexington park here today. The Detroit team easily defeated the Boston nine yesterday 12 to 6 at Minneapolis.

The winner will get possession of the Garry Herrmann trophy won by Chicago at the tournament several years ago in addition to several other prizes. The tournament began last Saturday.

Ride Farther on Goodyear Tires in Your Small Car

It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.
