In correction of the item in yesterday's paper regarding a police and firemen's call to 571 North Main street Sunday evening, a woman stated over the telephone to The Times office today that Mrs. Cora Somerville keeps a boardinghouse and that Charles Buxton is a boarder at that place instead of Buxton being the man of the house and Mrs. Somerville being the housekeeper, as the reporter got the information from the officers.

Word received in this city by friends of Joseph Merlo and Antonio Fasola, two Barre business men, who are at present touring through Cuba, carries the information that the young men are enjoying to the limit the sights, places and customs of a new country. In speaking about many of the novelties with which they have come in contact, they were particularly struck with the Cuban prisons. These prisons are for the most part built on islands, sufficiently distant from the main land that any prisoner trying to escape must be an efficient swimmer, and clever enough to dodge a large force of guards who patrol the opposite shore as a sort of secondary defense. The two men mention the presence of a great part of the population in military uniforms. It would appear to them that every Cuban's ambition was to become a soldier. In making the trip to the southern island, Messrs. Merlo and Fasola journeyed from New York to Havana aboard one of the United Fruit company's steamers.

From cities and towns in various parts of the United States and from one town in South America, Peter F. Landi, manager and owner of the oKo novelty shop on Pearl street, has received orders for his toys, and the orders continue to come in with such rapidity that he has found it necessary to install a hand saw, air compressor, two small wood lathes and several air brushes. The toy soldiers are made of a metal composition that will endure all kinds of abuse without much damage. At first these toys were painted by hand, but increased orders caused Mr. Landi to design moulds whereby they could be painted with air brushes in quick order. From Chicago, he recently received an order for 4,000 specially painted toys, an order which, with several others, he is working upon now. Mr. Landi has increased his variety of toys and besides the metal toys he now manufactures wooden donkeys that move the head and tail as they roll along, circus wagons and cages with small animals, Noah's ark, airplanes, electrical train sets, and he has recently designed a wooden bed room lamp post. Electricians, several of them, were installing an electrical motor yesterday, and within a short time all the work will be accomplished by electricity.

WINTER COLDS

Why is it that one person catches cold in winter on the slightest provocation while another can undergo all sorts of exposure without contracting a cold?

The answer is to be found in the condition of the system. Thin blooded people take cold easily. They need a tonic to strengthen the body to resist disease.

A cold that hangs on for weeks and stubbornly resists ordinary remedies may prove the entering wedge for serious illness. Such a cold generally results in loss of weight, thinning of the blood and general weakness.

This condition emphatically calls for a tonic to build up the blood. Rich, red blood will tone up the entire system, strengthen the nerves and give health and vigor to the body.

Begin treatment at once with the non-alcoholic tonic which Mr. Walter Whitford, of No. 63 Paris street, Everett, Mass., endorses.

"I caught a severe cold last fall," says Mr. Whitford, "and it hung on from week to week until I began to despair of getting rid of it. I suffered a general breakdown in health and was tired and languid. I lost my appetite and could not sleep well. There was a pain in my back and I felt sick all over."

"A friend recommended Dr. Williams' Pink Pills so I got a box and began to take them. In a short time I began to regain my strength. My appetite improved in a few days and now I feel even better than I did before I had the cold. I strongly urge anyone in need of a tonic to try Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills for Pale People are sold by your own druggist or will be sent direct by mail, postpaid, on receipt of price, sixty cents per box. Write to the Dr. Williams Medicine Co., Schenectady, N. Y., for free booklet, "Building Up the Blood."—Adv.

CHELSEA

Enoch Lyford Killed at Wilder.

Enoch Lyford, a former Chelsea boy, who has had an accident at the paper mill at Wilder, met with an accident on Jan. 21 which proved fatal a few hours after it happened. About 8 o'clock on the evening, while working on a coal crusher, he slipped and fell into the machine and, before the machine could be stopped, one leg was torn and crushed the entire length and it was nearly two hours before the crusher could be taken apart sufficient to extricate him. He was rushed to the hospital at Hanover, N. H., but lost consciousness before he arrived there and died soon after. His remains were brought here Monday, Jan. 24, and placed in the receiving vault to await interment when spring comes. Mr. Lyford was the youngest son of the late Henry B. and Erce Lyford. Besides his wife, who was Miss Lila Day, formerly of this town, and one child, the deceased who was 29 years old, is survived by five brothers, Orrin and Herman Lyford of Washington, Harry H. Lyford of Wilder, James Lyford of West Fairlee, George D. Lyford of Chelsea; two sisters, Mrs. J. F. Ripley of Bethel and Miss Lina Lyford of Lebanon, N. H., and a half-sister, Miss Kate Whitney of Washington.

Mrs. Susan V. Avery.

Mrs. Susan V. Avery, who has made her home more or less of the time for several years at the home of her nephew, Frank E. Bixby, died there Monday, Jan. 24, after a long illness with heart disease and other complications. She had nearly reached her 80th birthday at the time of her death. Mrs. Avery was born in Northfield and was the daughter of Edward and Mary (Webster) Nary and is survived by two sisters, Mrs. Rose M. Bixby of this town and Mrs. Ellen Huntley of Northfield, also by two sons, Frank L. Avery of New York City and Charles, who resides in Plainfield, N. J., but who is spending the winter in Florida.

The funeral was held from the home of Mr. Bixby on Wednesday afternoon, Rev. John A. Lawrence officiating, and the remains were placed in the receiving vault in Highland cemetery. In early life Mrs. Avery spent several years in teaching school and in later life was matron in several institutions, including a children's home in Burlington and one in St. Paul, Minn., and also an old ladies' home in Minneapolis. Her son, Frank, came on from New York to attend the funeral.

L. Milo Towner Died Jan. 25.

L. Milo Towner, one of our oldest residents and a man who enjoyed the confidence and respect of all who knew him, died at the home of Mr. and Mrs. Fred C. Waldo Wednesday morning, Jan. 26, after an illness of about three weeks, and the funeral was held from Mr. Waldo's home Thursday afternoon, Rev. John A. Lawrence officiating. The remains were placed in the receiving vault, the bearers being F. C. Waldo, T. H. Spear, Almon Burgess and Milo L. Sleeper.

Mr. Towner had always followed the vocation of farming and spent the greater part of his life in Orange, coming to Chelsea several years ago, after selling his farm and retiring from active life. However, during his life here he has never been idle when his health would permit of labor, and his whole life has been one of honest toil. He was of that old school type, whose every act was dictated with that sincerity of purpose and absolute integrity which made him a good friend and neighbor, always giving 100 cents' worth of labor for every dollar he received.

He is survived by his wife, who lives with a daughter, Mrs. Ida Hopkins of Sharon, and two other daughters, Mrs. Abbie Sleeper of Chelsea and Mrs. William Prescott of Plainfield. He was 87 years old.

LEGISLATIVE ACTIVITIES AT MONTEPELIER

(Continued from first page)

Governor Hartness shortly before 8:30 o'clock last night.

The executive session of the Senate followed a 45-minute routine session, in which four bills were passed in concurrence and eight went to a third reading without debate. There were a large number of visitors in the Senate last night, many of them ladies.

The bills passed in concurrence by the Senate last evening: H. 27, changing the name of Stone pond to Snowflake; H. 28, prohibiting fishing for pickerel in Parker pond in the town of Glover; H. 34, fixing the powers of officers and commissioners in other states to take depositions, and H. 53, fixing the penalty for burglary.

Three of the bills which went to a third reading were the military measures introduced in the House by Mr. Webb of Shelburne: J. 60, fixing the pay of members of the National Guard; H. 62, fixing the status of members of the National Guard discharged from federal service, and H. 64, providing a sum not to exceed \$100 for burial expenses of a veteran of the World war, where the estate is not sufficient.

In connection with the consideration of S. 21, relating to absent voting, Senator Vilas of Chittenden questioned the committee as to whether or not the secretary of state had been consulted as to whether his office would have sufficient time to return to the towns absent voter ballots in 15 days, as the bill provides cutting down the time from 30 to 15 days. Senator Kingsley replied that the secretary of state had been consulted regarding the provisions of the bill and it was understood that he would have plenty of time to get the

votes, if the towns were prompt in sending their requests.
