To Stop Coughing at Night.

When anyone is suffering from a bronchial affliction or has a cough that lingers on and grows worse at night, the loss of sleep tends to weaken the sufferer and grows more serious the longer it is neglected. Mrs. M. Stratford, 647 Longwood Ave., Stratford, Conn. writes: "Foley's Honey and Tar has given me great relief from a severe attack of bronchitis." Miss Quin-lan wishes to thank publicly all who assisted and furnished decorations for the hall. The music was excellent. Such a splendid sentiment that is for us to have in mind when sending a contribu-tion this year to the Barre City hos-pital. What would we do now with-out that institution which, in spite of every effort to keep down expenses, is operated at a considerable loss—like most hospitals in this country and abroad. MONTPELIER

Arthur Bagley Accused of Stealing \$200 Worth of Goods. Arthur Bagley appeared in city court this morning on the charge of grand larceny. His room in the Burr Leno house at Blackwell street, at the Pioneer, was searched Wednesday evening and some \$200 worth of tools owned by Edward Fougere, which included 15 drills, typewriter, some ladies' furnishings and other articles, were taken. Bagley, the police say, admitted that he took the articles; but this morning took a different stand in the mat-ter. F. E. Gleason appears for him. Bail of \$300 was fixed and he went back to jail, pending getting the bill.

A. W. Wright of Paine mountain appeared this morning in court, plead-ing guilty to the charge of breach of peace, which was noted on the com-plaint, and bail of \$100 was fixed, after which the man furnished it and was released, pending sentence when Judge W. E. Gleason appears for him. He was arrested by Officer Sloan last night on complaint that he was making life un-comfortable for the family of E. To-masi. It appears that he went into the Tomasi block to collect a bill and that he had some words and flourished a couple of revolvers, and that he fol-lowed a clerk of Mr. Tomasi to his store, where he made further com-plaint, resulting in his arrest. Cider is said to have been the primary cause. A man, who gave his name as Kelle-her, was lodged in jail about 2:30 this morning by the night police, having been taken from a vacant room over Mrs. Jennie Morse's millinery store on State street. The man apparently had gone there to get out of the wind of the cold night and was preparing to stay there when taken out. Mrs. Morse said she had seen him walking about and reported the matter to the police. The man was in no shape to go into court this morning.

Martin Fitzgerald of Montpelier was arrested a few days ago on State's Attorney C. B. Adams' warrant, charg-ing him with operating an automobile when under the influence of liquor. He was brought before J. G. Prattini, clerk of the city court, and was released on bail to appear for pleading when Judge W. A. Lord recovers. Partitions in a barn on Harrison avenue were burned and some har-nesses were damaged by fire early yes-terday afternoon. The barn is owned by Isaac Heindlemen. The fire, which started in an unknown manner, was extinguished by a bucket brigade be-fore it had time to do much damage. Box 56 was rung in and the truck made a fast trip, the recall being rung in two minutes after the alarm sound-ed. Vermont stands third in the list of states in number of herds of accredited cattle, according to a report received by State Commissioner of Agriculture E. S. Brigham from the Vermont, with 780 accredited herds, is led by Wisconsin, with 1394 herds, and Min-nesota, with 1271. For the number of cattle in the three states, Vermont stands far ahead in proportionate num-ber of herds accredited, as the state has only 435,480 cattle to 3,050,829 for Wisconsin, and 3,021,461 for Minne-sota.

Secretary W. H. Jeffrey of the board of probations and charities has received more than 20 applications for the po-sition of matron of Kinestead, the new state shelter home which is being erected on Seminary hill outside of Montpelier. A matron will probably be chosen at the February meeting of the board of charities and probations. The building has not been turned over to the board by the contractors as yet, and will probably not be open for oc-cupants until the latter part of Feb-ruary. Private contributions from or-ganizations for the furnishing of the home amounted to \$490 last week. Pascal C. Ricci, a Rutland contrac-tor, has been awarded the contract for the Cambridge federal aid road job, his bid having been \$73,276.28. The secretary of state has been no-tified of a proposed stock issue of \$10,400 by the Pharmaceutical Extract company, Inc., of Rutland. The stock will be issued for cash amounting to the par value. The notice is signed by Alfredo D. Pannaci, Lucien Truett and Orlin M. Jofforde of the board of di-rectors. Camp Jeshurum, Inc., a New York corporation, has registered with the secretary of state for the purpose of establishing a summer camp at Wil-lington. The concern has a paid up capital of \$3,000.
