

Little Children Brighten Homes

EVERY young couple starting out in life has visions of joyful hours spent before the fireside with healthy, happy children; but, alas, how often young women who long for children are denied that happiness because of some functional derangement which may be corrected by proper treatment. Lydia E. Pinkham's Vegetable Compound is just the medicine for these conditions, as the following letters show:

Chicago, Ill.—"You surely gave women one good medicine when you put Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. ADRIEN TOMSHEK, 10567 Wabash Ave., Chicago, Ill.

Chubbuck, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I went to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without this Vegetable Compound."—Mrs. FRED MINKA, Box 102, Chubbuck, N. Y.

CORINTH

Many Met to Congratulate Mr. and Mrs. Bert Gilman at Reception.

Mr. and Mrs. George A. Parker gave Mr. and Mrs. Bert Gilman a wedding reception on Thursday evening, Oct. 26. Mr. Gilman is Mrs. Parker's son by a former marriage. The bride was Florence Clark, daughter of Mrs. Clark at Bradford Center. The marriage was solemnized Oct. 11 at Littleton, N. H., by Rev. James McKenzie. There were 84 people in attendance at the reception and many of them brought gifts of silver, glassware, china, towels and other useful articles. Two well-laden tables were displayed. The bride's mother gave each of them a \$5 gold piece. Her mother gave them a handsome Red Cross quilt and pillow slips. The bride was attended by her sister, Mrs. Henry Chapman of Littleton, N. H., and the groom by his brother, Forest Parker. They stood in front of a bank of fir trees and ferns and under a canopy of evergreen festooned with pink. They all wore pink flowers. The bride was handsomely gowned in a navy georgette dress which was elaborately beaded, and her sister was gowned in like manner.

A bounteous lunch of cake and coffee was served, after which a social hour was enjoyed, interspersed with music and singing. Herbert Dowse recited, "Curfew Shall Not Ring To-night" and "John Brainerd." This was followed by dancing until 3 o'clock when the company returned to their homes. A large part of them were from adjoining towns, relatives of the happy couple.

Mrs. Avery Thompkins returned to her home in New Haven, Conn., last Saturday. She was accompanied by her parents, Mr. and Mrs. William Peberdy. They are to spend the winter with their son there.

There were Halloween exercises at the academy hall on Friday evening.

Rev. B. M. Bridges Gives Facts in His Case

It is doubtful if there has ever been a medicine endorsed by so many ministers of the gospel as has Tanlac. Indeed, there is scarcely a faith, creed or denomination in all the land in which one, or more, of the clergymen has not publicly expressed their indebtedness to the Premier Preparation for the benefits they have derived from its use.

One of the latest to speak out in this connection is Rev. B. M. Bridges, a widely known and beloved Baptist preacher, residing at Mooresboro, N. C., whose statement follows: "Tanlac has given me a good appetite, toned up my system and renewed my strength in such a gratifying way that I am glad to recommend it to anyone who is in a run-down condition. For ten years past I have had such a severe case of indigestion that I could not find anything to eat that agreed with me. Finally I became very nervous and could get but very little sleep or rest.

"It seems that I took nearly everything trying to get myself right, but nothing helped me until I ran across Tanlac. My nerves are so much better now that my sleep is sound and refreshing. I enjoy my meals and have also gained weight. I can say from experience that Tanlac is a splendid medicine and tonic, for it has built me up wonderfully."

Tanlac is sold by all good druggists.—Adv.

Thoughts For Mothers Who Wish To Safeguard Their Families

There is a simple, inexpensive way that 300,000 mothers have of providing a safeguard against colds, coughs, croup, and catarrhal ailments. These ailments are not serious if given prompt attention—but many mothers, through the loss of a dear one from pneumonia, diphtheria or influenza.

"A stitch in time saves nine"—is a truism as it relates to a common cold. First, avoid any medicine containing chloroform or opium of any kind. Such medicines are not necessary—and may do more harm than good.

Devoted mothers save about \$3.00, and make a pure, effective medicine at home and avoid expense and anxiety. They purchase 50c vial of the pure concentrated Essence Mentho-Laxene, then make a syrup of sugar and water and have a full pint of the very best cough syrup to be obtained at a cost of less than \$1.00.

A few doses given when a cold or cough first starts, soon checks it and drives it out of the system and the danger of pneumonia and other fatal or lingering disease is avoided. Painful coughs and croup are relieved. Mentho-Laxene is so simple and easy that a child could make a full pint in less than 30 minutes. Good doctors and druggists recommend it.

"Best ever sold for Cough and Cold". Send 5c in stamps for trial bottle to The Blackburn Products Co., Dayton, Ohio.

"FORWARD, MARCH!"

The happiest people are those who, in whatever sphere of life, continue to go forward.

The inventor is happy so long as he can overcome new obstacles, devise new mechanisms, go forward.

The business man is happy when his business shows a healthy growth and a balance on the right side of the ledger. Everybody finds satisfaction in getting ahead financially—in being a little better off this year than last.

Herbs Used in Medicines.

A Manchester, England, paper urges the renewed cultivation of old-fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.—adv.
