

The Brattleboro Reformer

DAILY

VOL. 1. NO. 1.

BRATTLEBORO, VERMONT, MONDAY EVENING, MARCH 3, 1913.

PRICE, 2 CENTS.

IN FAVOR OF LOWER LIMIT

Twin State League Held Annual Meeting Yesterday

SAME FOUR CLUBS IN THE CIRCUIT

Magnates All of the Opinion That Weekly Salary List Should Be \$200, This to Include Pay of Manager—Schedule of Eleven Weeks Favored.

(Special to The Reformer.)

BELLOWS FALLS, March 2.—Drastring action toward putting baseball on a basis within the means of towns in this section was taken at a meeting of the Twin State league directors in Bellows Falls today. Representatives from the Brattleboro, Bellows Falls, Keene and Northampton clubs discussed the problem at length and finally decided in favor of a four-team circuit like that of 1912. They also declared unanimously in favor of reducing the weekly salary limit to \$200, this to include the salary of the manager whether or not he is a player. Furthermore, a bond of \$500 will be required from each club to insure no violation of this compact.

In the course of the discussion it developed that all of the clubs ended last year in debt and that during a part at least of the season every club exceeded the salary limit. The Northampton representatives stated that they had hoped to see the league enlarged, but that after hearing all the details they were willing to continue with four clubs under the conditions outlined in the foregoing paragraph.

The directors voted unanimously in favor of the following propositions:—

That the league shall consist of four clubs—Brattleboro, Bellows Falls, Keene and Northampton; That on or before May 1 each club shall furnish to the president of the league the names of players whom it wishes to reserve, and as each player is signed for the coming season that his name and the amount of his proposed salary shall be forwarded to the league president, and that when these shall have aggregated the salary limit agreed upon all reservations on men shall expire.

That the treasurer of each club shall

forward to the league president every Saturday a list of all players and their salaries of that week;

That no man shall be eligible to play on a team until his name and the amount of his salary has been sent to the league president;

To pay the umpires \$7 a game, they to pay their own expenses;

To have a season of 11 weeks to conform as nearly as possible with that of last year.

The league president was instructed to prepare a tentative schedule, to be acted upon at the next meeting to be held after the 1913 organization is perfected.

The following were at the Twin State league meeting: Eugene M. Keyes, president of the league, and Dr. James B. Duffy of Keene; George L. Beals, George Swift, Ernest M. Torber and Michael J. Doyle of Northampton; Harold E. Whitney, treasurer of the league, and Michael J. Moran of Brattleboro, and Charles J. O'Neil, Thomas E. O'Brien and Herbert A. Morse of Bellows Falls.

DYNAMITE EXPLODED

LOSS TOTALS \$150,000

Warehouse and Railroad Station Wrecked in Lufkin, Texas—Railroad Clerk Probably Killed.

Lufkin, Texas, March 3.—The Houston East and West Texas freight warehouse and passenger station were wrecked during last night by an explosion of dynamite stored in the warehouse. One railroad clerk who is unaccounted for is believed to be dead. The explosion wrecked or damaged several adjoining buildings. The total property loss is estimated at \$150,000.

MRS. TAFT WILL TAKE ALBUM

Precedent to Be Followed When She Leaves Whitehouse Tomorrow.

Washington, D. C., March 3.—When Mrs. Taft leaves the White House tomorrow she will follow the precedent of previous administrations and take with her the autograph album in which notable visitors have inscribed their names during her husband's administrations. The President will take with him the chair in which he sat while presiding over the deliberations of the cabinet.

Frank B. Putnam is in St. Johnsbury today on business.

Kenneth E. Mosher went to Keene, N. H., this morning on business matters.

Miss Pauline Putnam went to Wardsboro Friday to see her brother, Guy Putnam, who was injured in a hunting accident Thursday.

HUNDREDS OF STRIKERS

On Picket Lines When Non-Unionists Went to Work Today

POLICE WERE CALLED TO RESTORE ORDER

Three Persons Were Arrested for Assault—Manufacturers and Strike Leaders Claimed Accessions to Ranks and Professed to be Satisfied.

Boston, March 3.—The disturbances in connection with the garment workers' strike were repeated today at the re-opening of the shops against which the strike is in force, and three persons were arrested for assault. Hundreds of strikers were on picket lines and for some time attempted by peaceful persuasion to prevent the non-unionists from going back to work, but as the number of the latter increased the strikers began to crowd in, and soon both sides began to support their arguments by a display of force. The police were called upon to restore order.

Both manufacturers and strike leaders claimed accessions to their respective ranks today and each side professed to be satisfied with the outlook.

New York, March 3.—The bulk of the 50,000 garment workers affected by the settlement with employers reached last Friday returned to work today according to statements by both manufacturers and union leaders. The reconciliators who denounced the agreement planned a parade of protest this afternoon, but Thomas Rickert, president of the United Garment Workers of America, said that in his opinion such action would not be sanctioned by organized labor.

PROBLEMS FOR VERMONT VOTERS

Town Meeting Day Tomorrow to Be Memorable—Eight Constitutional Amendments to Be Voted Upon—Referendum on School Inspection.

The acceptance or rejection of eight proposed amendments of the constitution and the vote on a referendum is expected to make town meeting day in Vermont tomorrow one of the most important since the adoption of local option 10 years ago.

Of the eight measures submitted to the people by the recent legislature four are considered of unusual interest, as they directly affect procedure in this state in operation for more than half a century. These proposed changes are:

Requiring a two-thirds instead of a majority vote in the legislature to override a veto.

Changing of the date of the state election from September to November and the session of the legislature from October to January.

Giving the legislature equal power with the governor in granting pardons.

Giving the legislature authority to pass a workmen's compensation act.

The other four would change the title of supreme court judges to justices; require a request from five members for a roll call in either branch of the legislature; provide for the incorporation of religious, charitable, educational and penal institutions without a special act of the legislature, and a revision of the constitution on the basis of the acts accepted at this year's town meetings.

The referendum would permit the city and town accepting it to appropriate \$200 for school inspection.

The 246 cities and towns will select their officers for the year, vote on the proposed amendments, and the referendum and settle the license question.

Since local option went into effect 10 years ago the number of license towns has been gradually decreasing and in 1912 only four out of six cities and 17 out of 240 towns voted in favor of liquor selling. Ten years ago 92 out of the 246 cities and towns voted Yes.

SIDEWALK FOR VERNON STREET

Sum Left from Special Appropriation Could Well Be Spent There.

An effort will be made at tomorrow's town meeting to pass a resolution instructing the sidewalk commission to use the balance of the \$20,000 appropriation not already laid out, for the construction of a concrete walk on Vernon street as soon as the change of grade of that thoroughfare has been made.

Those who favor this plan point to the fact that Vernon street is one of the busiest avenues of traffic in town and that immediate provision should be made for the convenience of the working men who traverse it daily. This includes most of the employees of the White River Chair company, the Crosby elevator and the Last lock factory as well as many railroad men.

Your temper will improve with disuse.

WREN STILL FIGHTING EXTRADITION

Evidence for Respondent All Presented—Experts Say Stains on Clothing Are Those of Human Blood.

So far as can be learned in Brattleboro or Hinsdale, John Wren, who is in Halifax charged with the murder at Hinsdale of James Stewart Hamilton, is still fighting extradition. The last of the evidence for the respondent was heard last Friday. At the same session of the court the announcement of the experts was made that the stains on the clothing of Wren were human blood.

Under the laws of the province, unless Wren should suddenly announce his readiness to return without extradition papers, he will be held two weeks after the last hearing to enable him to present papers in habeas corpus proceedings. Should he do this, it is believed by the officials directly concerned in the case, it will merely postpone for a few days his ultimate trip to New Hampshire to answer to the crime of murder.

BRYAN ARRIVES AT THE CAPITAL

But Will Not Admit That He Comes As The Next Secretary of State He Simply Smiles.

Washington, Mar. 3.—William Jennings Bryan arrived in Washington today and was escorted by the reception committee to the so-called presidential suite in a downtown hotel. Mr. Bryan would not say whether he arrived as the future secretary of state. When addressed as Mr. Secretary he merely smiled and said: "Thank you. I am watching the newspapers with great interest to learn who are to be members of the next cabinet."

FRANKLIN LANE FOR INTERIOR SECRETARY?

Congressional Leaders Close to the President Say That the California Man is to Be Named.

Washington, March 3.—Franklin K. Lane of California, chairman of the interstate commerce commission, has accepted the post of secretary of interior in the Wilson cabinet according to congressional leaders close to the president-elect.

AMERICANS KILL MEXICANS.

Skirmish Over Boundary Line Between Federals and Members of 9th Cavalry.

DOUGLAS, ARIZ., March 3.—Four Mexicans were killed in a running fight on the border near here early yesterday, between Mexican soldiers and troops of the 9th United States Cavalry. None of the Americans were killed or wounded.

Four American army officers walking on the American line three miles from Douglas, were fired on by 40 regular Mexican soldiers patrolling the border. Sixteen of the negro troopers rushed to the place of the firing and a spirited skirmish ensued.

The American soldiers were holding their position at the international line when reinforced by two troops of the 9th. The Mexicans were routed, leaving four killed on the field and others straggling through the brush wounded. It is said that the American troops became so excited that they overstepped the boundary and pursued the Mexicans for some distance.

The fight caused great excitement. The townspeople armed themselves and went to the boundary believing that the Mexican soldiers were attempting to invade the United States. Within a few minutes hundreds of citizens were at the place armed and ready. Cowboys rushed in from nearby ranches.

Merrill is "Willin'".

The only officers whose terms expire this year, except those holding office which are filled each year, are Selectman A. E. Merrill and three trustees of the Brattleboro free library, O. L. French, E. L. Crane and M. J. Carmody. Probably all of these officers will be re-elected. When asked if he was a candidate Mr. Merrill said: "I am willing to serve if elected, but if the voters are not satisfied with me I shall not feel it if they tell me so."

Town meeting will open at 9 o'clock and continue until 3 o'clock. Meanwhile the other articles of the warrant will be disposed of.

R. Irving Miller, who has been Dr. A. I. Miller's chauffeur some time, has bought the milk route of his brother, A. L. Miller. He took possession Saturday, with headquarters at his brother's farm in West Brattleboro.

Two still alarms this morning gave the permanent men at the fire station something to do. They answered a call at 7 o'clock for a slight fire in the bakery of Hal I. March on Elliot street. About 11 o'clock they were called to Spruce street for a chimney fire in a tenement owned by Mrs. John Grady and occupied by Roy E. Jones. No damage was caused at either place.

Lawrence Elick Howe, 10, son of Mr. and Mrs. Harry H. Howe of 84 Frost street, died there this morning in the home of his grandfather, Elick E. Penor, of diphtheria. The boy was born in East Jamaica and had lived in Brattleboro with his parents the last six years. The burial took place this afternoon in Meeting House Hill cemetery.

SUPPLY BILLS IN CONGRESS

Clearing Decks to Get Ready for Various Big Measures

HOUSE LEADERS IN CONFERENCE

Smoothing the Way for Appropriation Bills and Other Big Measures That Remain for Disposition Before the 62nd Congress Passes Into History.

Washington, D. C., March 3.—When Congress reassembled early today most of the supply bills for the coming fiscal year were still in conference between the two houses. The leaders on both sides are very busy smoothing the way for appropriation bills and other big measures that remain for disposition before the sixty-second Congress passes into history. To clear up the pending bills both houses are expected to remain in session continuously until noon tomorrow.

WM. L. CHAMBERS CHOSEN ARBITRATOR

Former Chief Justice in Samoa Will Decide Wage Dispute Between Eastern Railroads and Firemen.

William L. Chambers of Washington, a former chief justice of the international court in Samoa and a former member of the Spanish treaty claims commission, was today chosen third arbitrator in the wage dispute between the eastern railroads and their firemen. The other arbitrators are W. W. Atterbury, vice president of the Pennsylvania railroad, and Albert Phillips, vice president of the firemen's organization.

CONGRESS GOOD TO VERMONT.

Federal Buildings at Richford, St. Johnsbury and Brattleboro Assured—Latter will Cost \$140,000.

Vermont has fared well during the present session of Congress, no less than three new public buildings being assured, including a custom house and postoffice at Richford, a postoffice building at St. Johnsbury to cost \$100,000 and a postoffice and United States district court building at Brattleboro, for which appropriations totaling \$20,000 have been made.

The last two building projects have been followed closely by Representative Embley, and aided by Senator Dillingham, who introduced and put the last \$20,000 bill through the Senate for the Brattleboro building. The original appropriation for this building was secured through former Representative Haskins, but the project has been held up for the reason that it was found that, through some oversight, the courthouse section had been omitted.

The necessity for these buildings is well known in the several localities, and all will be fine additions to the state.

Permanent United States district courts will now be held in Burlington, Rutland, Windsor and Brattleboro.

LAW FIRM DISSOLVED.

Gibson & Waterman Announce That Partnership Terminated Feb. 1.

Ernest W. Gibson and Ernest J. Waterman, who for the past six years have been associated in the practice of law under the firm name of Gibson Waterman will retain the offices on Spruce street, and public today the announcement of the dissolution of partnership which was agreed to and has been in effect since Feb. 1. Mr. Gibson, who for the past six years has been in effect since Feb. 1. Mr. Gibson, for the present at least, will continue to have his offices on the third floor.

THE WEATHER.

Cloudy. Probably snow flurry in Northern Vermont tonight or Tuesday. Moderate to brisk Southwest and West winds.

PUTNEY.

Small Fire at Fred Hannum's.

An alarm of fire was sounded about four o'clock yesterday afternoon, when the house of Fred B. Hannum was found to be on fire. Mr. Hannum's sons, about 10 and 12 years old, were at home alone when they discovered the fire around the stove pipe in the kitchen. They rang in an alarm, but the blaze was extinguished in a short time. The road in front of the house was crowded with men in a short time and others on the way were turned back when word came that the fire was out.

The wind was blowing a gale at the time and if the fire had gotten under headway it probably could not have been stopped.

SPECIAL COMMITTEE REPORTS TOMORROW

Will Recommend That Main and Flat Streets Be Improved When Barber Builds New Business Block.

The committee appointed at the last town meeting to consider the matter of widening and straightening Main street and Flat street will report at tomorrow's town meeting. Their recommendations have not yet been made public but it is understood that they favor widening Main street by continuing the west side straight from the southeast corner of the Cox block to the south corner of Flat street at its junction with Main, and that Flat street be made 55 feet wide between curbs.

The committee, which consists of C. R. Crosby, J. H. Estey and S. A. Richmond, will recommend that these changes be made when the property owned by H. G. Barber is improved. It has been known for some time that Mr. Barber intended to erect a business block on the site of the present Ray and Judge buildings, but the probabilities are that the new structure will not be started for another year at least.

It is understood that the report contains no recommendation as to what the town should pay Mr. Barber for the slice of his property that will be necessary to make these improvements. The committee believes that this is a matter that will best be settled through a court's commission.

PLANS FORMING FOR A BETTER PUTNEY

Electric Power and New Sidewalks Among Things Wanted—Enthusiastic Meetings of Citizens Held Friday.

Putney, Mar. 3.—An enthusiastic meeting of citizens was held Friday night to discuss and make plans for a better Putney. John L. Howard presided and there were present from the Brattleboro board of trade President Major C. Houghton, Secretary Carl Hopkins and Ex-President Dennis Cowles, who addressed the meeting. They said Mr. Pitts assured them that a power line would go through our town this season from the newly acquired property of the Connecticut River Power company at Bellows Falls, where electric current will soon be furnished to Brattleboro. The keynote which they sounded and which is needed by the town is "co-operation."

Sidewalks were discussed, not necessarily cement ones, but good cinder walks above the road bed would be enjoyed by the public.

A. M. Corser was chosen secretary and G. D. Aiken treasurer, and a committee consisting of C. A. Poland, chairman, J. L. Howard and Rev. A. F. Trice were elected to investigate and report at some future meeting.

The outlook is good for the town if the power can be obtained here that is so much needed. The business prospect is much brighter than for some time.

Mr. Hopkins gave some good advice, to the effect that policies be kept out of the question. "Forget that you are a republican, progressive or democrat," he said, "and work for the interests of the town."

A number of our citizens are planning to join the board of trade in Brattleboro.

BARBER IS OPPOSED.

Believes Several of the Amendments Shouldn't Pass.

Senator Herbert G. Barber is generally opposed to the several proposed amendments to the constitution upon which the voters of the state are called to vote tomorrow. Especially is he opposed to the amendment with relation to the vetoing power of the governor, believing that it is as safe to trust the people through their representatives as to trust the decision of any one man even though he be the governor.

He is very decidedly opposed also to the proposition to change the election date. He believes that Vermont obtains from the early election a distinction and advertising that can be obtained in no other way or so cheaply, even admitting that there is the expense of the second election each year.

As for the proposed amendment calling for the printing of the journals he says that as these are now published in the records he sees no reason to go to additional expense on that account.

He favors decidedly the amendment taking from the legislature the power to commute sentences. This he believes should be left with the courts on the ground that those in close touch with cases are better judges of the merits of the case than legislators possibly could be.

The seventh proposal of amendment giving the general legislature the power to pass laws compelling compensation for injuries he favors.

The proposed amendment regarding the substitution of "justices" for "judges" in the constitution he says that it is of absolutely no importance. The eighth relating to the revision of a portion of the constitution is in the same class and will do no damage if it is passed and no harm if it is not.

INJURIES MAY BE FATAL.

Engineer and Fireman Hurt When Washington Special Is Wrecked.

Philadelphia, March 3.—A locomotive drawing a special train carrying 250 members of the Second Corps cadets from Massachusetts to Washington for the inauguration festivities, blew up at East Rutherford, N. J., on the Pennsylvania railroad this morning. The engineer and fireman were probably fatally injured but none of the passengers were injured. The tracks were badly blocked and officials fear that special trains to Washington may be seriously delayed.

CHAIR CO. ASSIGNMENT

Readsboro Concern in Financial Difficulties—to Reorganize.

BRATTLEBORO MAN ONE OF TRUSTEES

Charles A. Boyden, W. H. Pritchard of North Adams and C. H. Keith of Greenfield Have Taken Possession for Benefit of Creditors—E. J. Waterman, Assignee.

The Readsboro Chair Manufacturing company, one of the largest chair manufacturing concerns in New England, has assigned for the benefit of creditors, E. J. Waterman of Brattleboro is the assignee.

The trustees who are W. H. Pritchard, president of the North Adams National bank, Charles H. Keith, cashier of the Franklin County National bank of Greenfield, and Charles A. Boyden, treasurer of the Brattleboro Trust company, have taken possession of the factory under a mortgage and are operating it.

The assignment for the benefit of the creditors covers the bills receivable which amount to about \$35,000 and the equity in the real estate, which is an unknown quantity.

The plant employs about 200 hands and manufactures a high grade of chairs. It is expected that a re-organization of the business will be effected as soon as possible.

Miss Mary Brown is housed with grip. Miss Emma Mixer and Miss Beatrice Howard began work for the spring season this morning in Donnell & Davis's store.

Mrs. George Hodgkins went to Greenfield today to attend a Christian Science lecture which will be held there Tuesday evening.

Ellsworth Kemp, who has been employed on A. L. Miller's milk route, entered the employ of Dr. A. I. Miller Saturday as chauffeur.

Mrs. Julia Bartlett has given up dress-making. She will vacate her apartments in the Leonard building March 10. She will remain in town.

The Brattleboro Creamery association is having its ice house filled. W. L. Sylvester and E. E. Mather of West Brattleboro have the contract, which calls for 200 tons. Ten teams are engaged.

The women of the Vernon Union church realized \$22.25 from the food and fancy articles sale they conducted Saturday in Pentland's store on Elliot street. This sum will be added to the fund to pay for the new bell in the church.

G. Wilbert Rockwell suffered a severe attack of acute indigestion yesterday afternoon at the railroad station as he was waiting to board a train with Mrs. Rockwell. He was taken to his home in the ambulance and attended by Dr. G. R. Anderson. He was much improved today.

C. S. Hopkins, secretary of the Windham County Agricultural association, received a letter this morning from L. G. Dodge, superintendent of the county advisors of New England, recommending a candidate to become advisor for Windham county who is a graduate of the Connecticut agricultural college. He is expected to visit Brattleboro and Bellows Falls at an early date relative to the position.

AS TO DELIVERIES

The Daily Reformer will be delivered in Brattleboro by boys, who will start from the office every afternoon as soon after 3 o'clock as possible. These boys are authorized to take subscriptions at the regular rates. The boys and their routes are as follows:

Henry Lawton—Route 1, including the east side of Main street from the American building to the post office, and that part of the town North of High street and as far west as Forest street.

Henry Harlow—Route 2, including the west side of Main street from Elliot to the Brooks House corner, High, Green and intervening streets, Western avenue to F. E. Barber's house, Spruce, Myrtle, Cedar and Union streets.

Clinton Graves—Route 3, including the west side of Main street from the bridge to the Peoples bank, Elliot, Flat, Frost and Elm, Williams street, Esteyville and Oak Grove section.

Alvin Wright—Route 4, including east side of Main street below American building, Reed, Vernon, Canal, Clark and Brook streets, Prospect hill and South Main street.

Clarence Covey—Route 5, including the upper end of Western avenue and adjoining streets, and West Brattleboro.

The boys will make every effort to deliver papers as quickly as possible although it will necessarily take them a little time to become familiar with their routes. Co-operation on the part of subscribers will be appreciated by the boys and the Reformer management.
