COL. JOHN HAY, the newly appointed United States ambassador to the court of St. James received unusual distinction on Monday while presenting his credentials to Queen Victoria at Windsor castle. During the morning a royal carriage drove up to Col. Hay's residence, with a coachman and two footmen in the royal scarlet livery, to convey Col. and Mrs. Hay to Paddington station. At the station they were met by the marquis of Salisbury and the master of ceremonies, Sir James Colville, who accompanied them to Windsor. At the Windsor railroad station Col. and Mrs. Hay found a royal carriage in waiting to convey them to the castle, where luncheon was served. Col. Hay first had an audience with the marquis of Salisbury and then presented his credentials to her majesty. The audience was brief and formal, but the queen was specially gracious and exchanged with the ambassador mutual expressions of good will and amity between both nations. Mrs. Hay was then received in audience by the queen, being presented by the countess of Erroll, the lady in waiting. As the wife of an ambassador, Mrs. Hay took precedence over the Portuguese and Chinese ministers, who also presented their credentials upon this occasion.

SUMMARY OF NEWS.

Vermont.

CECIL, the five-years-old son of George Guinan of Westfield, Mass., was drowned last week in the raceway of the saw-mill of the Bristol Manufacturing Company. The body was recovered.

PENSIONS have recently been granted to the following Vermonters: Original, Cyrus D. Stebbins, Vergennes, Frank Marcott, Brattleboro; supplemental, Daniel Fordham, Waterbury; reissue, James Herimen, Moretown.

THE Vermont Live Stock Company of Brattleboro has received advices from John Stevens, manager, that from 3,000 to 5,000 head of cattle on the company's large ranch in South Dakota perished during the past season on account of deep snow fall. The snow came early in the season, and continued till this spring. The total number of cattle on the ranch last fall was about 7,000. The company was organized by Brattleboro men, and its operations had been very successful for several years until last winter.

PENSIONS have recently been granted to the following Vermonters: Original, John N. Friable, Pawlet; increase, Alfred H. Batchelder, East Corinth; Melvin Watson-Randolph; Gardiner R. Shippi, Morrisville; Steele McAllister, Williamstown; reissue, Rufus D. Gaskill, Waterford; original, widows, etc., Delia Faneuf, South Royalton; Clara A. Depar, Burlington; Rhoda R. Ripley, Lyndonville; Solon J. Madden, Winooski, minor of Oscar F. Burnham, Montpelier.

INDUCEMENTS have been offered the Keene Furniture Company of Keene, N. H., with a view of bringing about its removal to Bethel. It is understood that the company is disposed to consider the project favorably, especially because the change would bring the works within easy reach of the large lumber tract in Pittsfield, which the company owns. Under the Vermont laws the company will be granted a five years' exemption, if it establishes a new factory in the state. At Bethel there is a plant near the depot, consisting of two three-story buildings, each over one hundred feet in length and forty feet or so in width, equipped with boilers, engine, shafting, electric lights, heating apparatus, outbuildings, etc. This plant is offered to the furniture company for a nominal sum—perhaps for nothing—if it will move its business to that town.

STATE'S ATTORNEY ROBB of Windham county is on the war path after violators of the prohibitory law. At Brattleboro last week a raid was made simultaneously on the American House and G. J. Burpee's restaurant. At Burpee's 100 bottles of beer and several gallons of whiskey were found. At the American House two dozen bottles of beer and several demijohns of rum, whiskey and gin were secured. Three men who were drinking and the bartender were arrested at the American House. Mr. Burpee's restaurant was never raided before. The American House has been raided twice within two years. State's Attorney Robb says that hereafter he will accept no pleas of being a common seller, and that the second offence of selling will mean imprisonment. Mr. Robb also says that he shall proceed against the owners of buildings in which intoxicants are sold as they are liable under the Vermont law, although this provision has not heretofore been enforced.

Domestic.

THE Tennessee centennial exposition was opened at Nashville last Saturday with imposing ceremonies. President McKinley touched an electric button at Washington at noon that set the machinery in motion.

THE Kentucky Senate special committee appointed to investigate the affairs of the state penitentiary at Frankfort has already discovered that the prison is short a million feet of lumber, worth $17,000. It is charged that at least a dozen men are involved in the embezzlement.

DEPUTY UNITED STATES MARSHAL FLYNN captured four Chinamen on the line north of Malone, N. Y., last Monday. They were endeavoring to steal into the United States. He also secured a quantity of opium which they had secreted in the lining of their clothing. They were lodged in Malone jail pending examination. They will doubtless be returned to China.

A DISPATCH from Albuquerque, N. M., says that Aldace F. Walker, chairman of the board of directors; R. S. Hayes, director, and Victor Morawetz, general counsel of the Santa Fe system, have arrived there to purchase the Atlantic and Pacific railroad and will leave for Gallup in that county, where Mr. Marron will sell the Atlantic and Pacific road and its outfit to satisfy a judgment of the freight mortgage bondholders, whose claim is $16,000,000 with accrued interest for almost two years.

Foreign.

A BILL introduced in the Dominion parliament by Senator MacDonald of British Columbia in the Senate, making the 24th of May a perpetual holiday in Canada, and to be known as Victoria Day, was read a third time and passed on Monday.

A FIRE on Tuesday afternoon in the crowded charitable bazaar at Paris, France, at which many notable people were present created a terrible panic. Many were burned to death and many more injured. Thirty bodies were recovered and thirty-five injured cared for.

WAR preparations go on at Constantinople with unabated vigor. Two commissians, composed of officials of the ministries of public works and of war, have been formed for the purpose of facilitating dispatch of troops to the frontier. It has been decided to extinguish the torches in all the lighthouses on the gulf of Smyrna as far as Karaburun during the continuance of the war. It is officially announced that the Greeks resident in Turkey may become naturalized as an alternative to leaving the country. This will be compulsory for all Greeks officially employed in Turkey.

FIVE more of the anarchists, who last December were convicted in Barcelona of complicity in bomb throwing in that city in June, 1896, were sentenced to death last Saturday. The crime for which these men are to suffer death was committed on June 7, 1896, on the occasion of a religious procession in celebration of Corpus Christi. Just as the procession was entering the church of Santa Maria de la Mar a bomb was thrown into the crowd that was watching the ceremony. The missile exploded, killing twelve persons instantly and wounding about fifty others, some of whom subsequently died.

A DISPATCH from San Salvador states that a terrific explosion of dynamite in that city last Saturday resulted in the destruction of two entire blocks, and caused the loss of many lives. Four wagons were being driven down Conception street, one of the principal thoroughfares of the city, each loaded with several boxes of dynamite. In some unexplained manner one of the boxes of dynamite exploded with a deafening roar. In an instant every other box on the wagon was blown up. Then, with an awful crash, the dynamite on the three other wagons, which were near, exploded simultaneously. This last explosion was followed immediately by the crash of timbers, and the two blocks of buildings opposite on each side of Conception street fell away like houses of cards.

Vershire.

A daughter was born on April 1 to Mr and Mrs. George E. Stacy. ═══ Professor A. L. Fuller of Cleveland, Ohio, arrived last week to visit his mother, who is expected to live but a short time. Mr. Fuller returns to Cleveland, but his wife and little son will remain in Vershire. ═══ Mr. Clement is to move from Vershire Center to the brick house on the brook road owned by Mr. Robinson. ═══ A. J. Cross and son have returned from Haverhill, Mass. ═══ George Hood has moved to Corinth.

Williamstown.

C. M. Seaver has returned from the purchase of a summer stock of goods, in Boston.

Frank Lathrop is learning the art of polishing granite in the Lynde & Cheney mill.

A budget of Williamstown news is printed on page three of this issue of the WATCHMAN.

Mrs. Patsy Elliott was called to her old home last week, in the south part of the state, by the illness of her mother.

Rev. J. O. Sherburne now enters on his fourth year as pastor of the Methodist church. We do not recall another instance of the kind here.

Mrs. John Lynde was in town last week clearing the late family residence for its occupancy by the new purchaser of the place, Windsor G. Ditty.

Warren S. Covell moved back here last week from Berlin, whither he went some years ago to care for his parents. We all welcome his return.

Landlord Brown, of the Monument House, will provide a banquet for the Masonic lodge on Wednesday evening, on the occasion of the installation of its officers.

The Nixon Brothers, granite dealers, are to occupy a portion of the Grearson & Beckett sheds. For some time past they have had the Lynde & Cheney sheds at Mill village.

Mrs. Chester Martin is expecting the pleasure of a visit from her daughter, Mrs. Dr. George E. Maloy and children, now of St. Cloud, Minnesota, after an absence of five years.

We have just been shown an autograph letter from Oliver Wendell Holmes to one of our ladies, in which he writes that although he may have sometime written the word "wound" to rhyme with "found" he would pronounce it as if "woond."

Word is given out by the Capital Creamery Company that if our people will sheathe the K. L. Watson shop and pay the rent for one year the company will establish a creamery here at once. If our citizens prefer, they can take stock, to the amount of $500, in the creamery and that will secure it.

While Bert Bruce and brother were driving, on Sunday afternoon, up the Brockway hill, north of Mill village, a double bicycle, returning to Barre, met them frightening the horse so that it turned and ran down the hill and up to Mr. Brockway's buildings, with the result that Mr. Bruce had two ribs torn from the backbone, and one of the bicycle riders suffered a severe bruise. Other damage was also done.

Rev. J. K. Thompson, who has preached acceptably here to the Congregational church for several Sundays past, has begun a series of meetings in the granite district of Barre. He is a Scotchman, born on Prince Edward's Island forty-one years ago, and as full of Scripture, vim, and downright earnestness as one often sees. He only needs to see "a head" of what he believes to be "sin," to aim a sturdy blow at it. Success to his labors.

The Edson Martin farm, willed, years ago, to the use of the Methodist church here, and occupied of late by Messrs. Wesley Demerritt and Ernest Riddell, is to be sold at auction on Thursday of this week. It has long been one of the valuable farms of the town, and is exempt from taxation. We believe the disposal first made of it by the Methodist society was in consideration of a payment of one thousand dollars in hand (the yearly income of which accrues to the society), and an annual rent of $150, for a long term of years. Any bonus that might be realized in disposing of a lease of this farm accrues to the holder of it. Mr. Demeritt, we believe, secured quite a handsome bonus in a transfer.

Much interest just now centers in the matter of a new postmaster here, whether it shall be the present assistant postmaster, George L. Edson, or George Bosworth. The candidates each selected a man, last week, who chose a third man, to prepare together a check list of persons who voted for President McKinley last fall, and who get their mail here. It is expected that a vote by these listed persons will soon be taken, in accordance with a suggestion of Congressman Grout, who we may well expect will use his influence for the person having the larger number of votes. Our citizens ought to know whom they want to serve them, and their wants we may reasonably anticipate will be regarded.

Unconditional surrender, is the only terms those famous little pills known as DeWitt's Little Early Risers will make with constipation, sick headache and stomach troubles. W. E. Terrill & Co., Montpelier, Vt.

West Topsham.

Rover, the faithful old dog belonging to C. F. Smith, was chloroformed recently. He was getting old and feeble and it was thought best to kill him. His familiar figure will be missed by every one in the village as he was a universal favorite.

The caucus for nomination of a postmaster will be held in the village hall on Saturday next. The contestants are G. K. Church and Luther Hight. ═══ Mrs. C. C. Lord and two children of Groton are visiting her parents, Mr. and Mrs. Merrill Wilds. ═══ Mrs. E. M. Collins went on Friday last for a visit of several weeks in White River Junction, Hanover, N. H., and other places. ═══ Charles Poole has sold his farm to Frank Mills.

THE Westfield (Ind.) *News* prints the following in regard to an old resident of that place: "Frank McAvoy, for many years in the employ of the L., N. A. & C. Ry. here, says: "I have used Chamberlain's Colic, Cholera and Diarrhœa Remedy for ten years or longer—am never without it in my family. I consider it the best remedy of the kind manufactured. I take pleasure in recommending it.'" It is a specific for all bowel disorders. For sale by C. Blakely, Montpelier, Vt.

KILL THE WOLF! Dr. Oliver Wendell Holmes in one of his books says, "Coughs are ungrateful things. You find one out in the cold; you take it up, nurse it, make everything of it, dress it up warm, give it all sorts of balsams, and other food it likes, and carry it around in your bosom as if it were a miniature lap-dog. And by-and-by its little bark grows sharp and savage, and —confound the thing—you find it is a wolf's whelp that you have got there, and he is gnawing in the breast where he has been nestling so long." Angier's Petroleum Emulsion will kill that wolf. It is without an equal for the cure of throat and lung troubles.

NO ONE DIES.—No one dies of pulmonary disease who takes "77" in time. Twenty per cent—one in five—die of pulmonary diseases—colds, grip, pneumonia, consumption, who could be saved by the timely use of "77," Dr. Humphrey's famous Specific. Since "77" came into general use the fatality has decreased and it only remains for its adoption as a national remedy, to rob our climate of its terrors. For sale by all drug gists, twenty-five cents.

THE BEST REMEDY FOR RHEUMATISM. From the Fairhaven (N. Y.) *Register*, Mr. James Rowland of this village, states that for twenty-five years his wife has been a sufferer from rheumatism. A few nights ago she was in such pain that she was nearly crazy. She sent Mr. Rowland for the doctor, but he had read of Chamberlain's Pain Balm and instead of going for the physician he went to the store and secured a bottle of it. His wife did not approve of Mr. Rowland's purchase at first, but nevertheless applied the Balm thoroughly and in an hour's time was able to go to sleep. She now applies it whenever she feels an ache or a pain and finds that it always gives relief. He says that no medicine which she had used ever did her as much good. The 25 and 50 cent sizes for sale by C. Blakely, Montpelier, Vt.

The Vermont Dairymen's Association Has had more than one President.

Here is one who made choice upon the merits, and not because he was agent.

We are pleased with the work of the Improved United States Separator No. 5. It proves to be just the right size for our herd of 30 cows. A yearling bull is used for animal power, and after a part of the cows are milked the bull is put into the power and the Separator started, and at the close of the milking we come out about even, and so the capacity is right. The work is thorough and the Separator is easily cleaned. We find no fault in it.

The cream is easily handled, and there is more butter than when we used the old process. The butter sells for 30 cents per pound.
