heated to prevent the possibility of cracking.

The road to success is up hill. It calls for energy, push, self denial, pluck and will power every day. The best aid to the climber is a savings account. One can have both saving and checking account at the Brattleboro Trust Co.

The Woman's Home Companion gives a good hint for baking apple pies: Put them first into a very hot oven, and keep it very hot for 20 minutes, when the pastry becomes so firmly set that the juice cannot leak out. Then reduce the heat allowing the pie to bake slowly until the apples are done. This rule would work well with other fruit pies.

The President has proclaimed October 10 as Fire Prevention day. Why not observe it as protection day and consult Daniels, the insurance man, about adequate insurance on your property to protect you in case of loss by fire?

If kerosene is spilled on carpets, books or manuscripts, try removing it by sprinkling flour thickly over the article.

Do you know how complete and well stocked the corset department is at Goodnow, Pearson & Hunt's? The well-known makes they carry and the convenience of their fitting room have earned for them a large number of satisfied patrons. Tell them your corset trouble. They will know how to remedy it.

Small molds of very tart lemon jelly make a good relish and garnish. A few nut meats in each is a good addition.

For an ideal sport and outing shoe you should see those "Moccasins" at Dunham Brothers Co. They are made with leather or fibre soles and with heels like regular shoes. "Moccasins" may not sound stylish, but they have style as well as comfort and durability.

Potato Puff: To two cups of hot mashed potatoes add 1/2 cup of milk, two beaten yolks of eggs, 2 tablespoons butter, salt and pepper to taste. Beat well and bake in buttered whites. Pile lightly in buttered baking dish and bake until puffed and brown.

Who doesn't like doughnuts for breakfast? Fairbanks's, in their sanitary wrapping, are sold at all grocers. On Tuesdays and Thursdays one can have a change by buying the raised or jelly doughnuts. They are all good.

Sweet Red Pepper and Lettuce Salad: A very good salad can be made by using small leaves of head lettuce with strips of bright red sweet pepper. This salad is especially attractive when served with a small cheese ball on each plate. Roll the cheese into balls about the size of a walnut. These cheese balls may be made of cottage cheese or pimento cheese.

For the observation of National Candy day, the Brattleboro Drug Co. has a wonderful supply of Samoset, Fish's Green Seal and Page & Shaw's fine chocolates and a large number of those Whitman Samplers. If you have never had a Whitman Sampler you have missed something in the way of confections.

Apple Butter: One and one-half cups of strained apple sauce (windfalls or bruised fruit may be used), 1/2 cup of grape juice, 1 cup of crystal white corn syrup, Add sirup and grape juice to apple sauce and boil until thick enough. Season with cinnamon to taste.

Perhaps you have been thinking of a rug in plain color which will complete some color scheme. Let me suggest that you see the Kleenax rugs at the Emerson Furniture store. They have them in small and large sizes and in colorings to suit almost any interior decoration.

Holes in straw matting can be mended with strands of raffia.

Good sense demands that you give your eyes the best of care. Heed nature's warnings. If you have headaches, if print blurs, if your eyes tire easily, consult Jordan, the optician, and see if you need glasses or if those you may already have are correct.

Beefsteak Stuffed With Potatoes: Bone a large steak, scatter over it bits of butter, pepper, salt and finely chopped onion. Then add a thick layer of mashed potatoes, well seasoned; roll up and tie. Put into a baking pan with a cup of stock or gravy poured over it, and cook slowly, basting often. Serve with a rim of mashed potatoes around the platter.

An extra pair of blankets, please, for these chilly nights. If your supply needs replenishing look over the new stock of the F. W. Keuch Co. They have just received a big line of woolen blankets priced from \$5 up. Beautiful, soft, fluffy ones are priced at \$10 the pair.

The weekly wash is so often a bother and a burden. Mondays seem to get bluer and bluer. What's the remedy? Ask Sparks Steam Laundry. They have the answer and will answer promptly if you so desire by calling for the clothes and soon returning them washed and ironed and ready to wear.

When repairing wallpaper do not put on a square patch, but cut the edges as nearly as possible after the pattern. If a plain paper, it is a good plan to tear it, as this makes a thinner edge, which will stick better.

A cozy chat between friends over a cup of tea or a dish of ice-cream is always pleasant. The booths and tables at Hall & Farwell's offer a convenient place for such refreshment.

When white dresses are hung away, pin them into a sheet or large pillow slip which has been heavily blued and dried. The blue sheet will keep the dress white, and if it is carefully hung it will not have to be laundered again before it is worn.

Studebaker

LIGHT-SIX TOURING CAR NOW \$1150

This is a Studebaker Year

The car that is converting thousands to the SIX

The popularity of the six-cylinder automobile is universal. Everyone admits that there is great pleasure in driving a Six, and the six-cylinder motor is now recognized as the most satisfactory unit of power.

The Studebaker LIGHT-SIX motor embodies the most advanced engineering developments—

—it is powerful. Its 40-horsepower motor supplies much more than the usual power per pound of car weight.

From the first moment you sit behind the wheel you get that velvety feeling of a strong, continuous flow of overlapping power impulses.

—it picks up quickly and smoothly, affording a quick getaway in traffic; it throttles down to a snail's pace in high gear.

—it is freer from vibration, up to 65 miles per hour, than any car of its size and weight yet produced in Europe or America.

The LIGHT-SIX is the most evenly balanced car you can buy. Its light weight (only 2500 pounds) is so equally distributed that if the chassis were halved or quartered each section would weigh practically the same. This means tire economy, and steady road-holding at high speeds.

See this car—drive it—test it. You will be won by it. You will understand why it is the Studebaker ideal of what a light, six-cylinder car should be.
