**French Learned in School Put to Good Use.**

People sometimes wonder if the French taught in the schools does the pupil any real good. To prove that the French learned in school is put to good use we are going to say something about a system which has been in use in many high schools throughout the United States the last few years. Pupils in the advanced French classes are given an opportunity to correspond with pupils in France, of about the same age and interests. In this way our boys and girls are getting acquainted with many of the customs and ways of the people in different parts of France, besides using their knowledge of French to good advantage.

Part of the letters of our pupils are written in French and part in English, as are the letters of the French pupils. Some of the French correspondents live in war-swept areas, and from them we receive many interesting anecdotes and incidents of the late war and of conditions existing there now. Many of the articles would be of interest to people outside of school, and we hope to print extracts from some of the letters which would make very interesting reading.

The majority of the pupils were at the football game last Saturday and saw just what our boys could and did do. They are going to play just such a game this Saturday at Saxtons River. We want a 100 per cent cheering squad on hand. Let's just as many as possible take cars and invite friends to go. Let's all go to the game Saturday to back up our home team and show the spirit the pupils of B. H. S. has toward their team.

The main room floor has a surprising way of becoming cluttered with paper. A suggested remedy for this condition is to have two or more policemen patrol the aisles at the end of every period and to arrest all those who fling the paper into the middle section or who leave a white trail behind them. Pick up the papers! It's splendid exercise!

As long as we have so few clubs in

B. H. S. it is understood that Mr. Brannan, in order to help remedy the situation, is going to start a glee club.

The music department has over 200 voices in the chorus this year, and it is therefore probable that a splendid cantata will be given.

B. H. S. needs a big cheering squad at the game Saturday. Make your slogan, "Saxtons River or Bust!"

If hard work and ambition count for anything, The Dial is going to have a record year.

Don't blame the freshmen for confusion and disobedience to rules. Look out for yourself first.

If you want to remain on the football squad, keep up those marks!

The football team plays the second game of the season against Vermont academy at Saxtons River Saturday. As Vermont academy has a heavy team a hard fought contest is expected from beginning to end. Let's go!

The approaching issue of The Dial reminds us that those students who do not pay their class dues for the first term will not get their Dials.

The new traffic rules are to the point all right, but confusion in passing and to fro from classes is still prevalent. What is the matter with enforcing a few of your rules, Student Council?

What is a dignified senior to do when he sees a freshman, "green" in the ways of the school, shoot a glider across the room or litter the floor with paper? Shall he turn the offender over his knee?

**IMPROVEMENTS IN DIAL PLANNED**

Will Be Enlarged and New Departments Added — Dial Board to Use Room 4 — Harlow Resigns.

Many definite plans for the year's work were made. The Dial board meeting Wednesday afternoon, Howard Rice first showed several samples of paper from the Vermont Printing Co. and gave the approximate prices of different imprints. After some discussion on the subject, the board decided that this year's Dial would have four additional pages, a cover and several cuts; besides some new and very interesting departments.

Helen Woodworth presented a plan by which the entire school's interest and cooperation might be secured. Among the suggestions was a "Dial day," when everyone in school will contribute to some department of the paper. This plan was presented to the school at yesterday morning's assembly.

Lyman Adams reported that it would be possible for The Dial board to use room 4 as an office any afternoon and any study periods when it is not being used for recitations. Another table of desk is soon to be installed.

The resignation of Harry Harlow as one of the associate editors was accepted. His successor will be appointed at an early date.

**French Weekly on List Again.**

It is of interest to advanced students of French in B. H. S. to learn that the miniature French weekly, Le Petit Journal, is to be taken by the high school again this year. The aim of this interesting paper is to give interesting news and at the same time by means of articles and descriptions to give the student an insight into the every-day life and customs of the French people. The paper will be greatly improved this year by an unusual number of good illustrations and instructive articles of French customs, traditions and folklore.

**Personal.**

Howard Rice of the senior class will give a brief account of The History of Columbus Day next week, Oct. 11.

Harold Deyo and Charles Crosby of the sophomore class have been temporarily appointed cheer leaders.

Harry Harlow, the snappy football manager, has resigned his position on The Dial board.

The school is glad to welcome Miss Louise Stanton, who is to succeed Miss Piggott as head of the domestic science department.

**BRATTLEBORO LOCAL**

Rev. H. P. Woodin, D. D., will conduct the chapel service at the Retreat Sunday afternoon at 3 o'clock.

There will be a general rehearsal of Happy Valley tonight in the Auditorium at 7.30 o'clock. It is requested that every member be present.

All members of Sedgwick Woman's Relief corps are requested by the president to be present at the drill in the gymnasium tomorrow evening at 7 o'clock to prepare for inspection.

Mrs. Thomas Geiss has sold through John L. Howarth's real estate agency her two-story house at 37 Williams street, to Edward Goddard of Jacksonville, who is employed by the S. A. Smith Mfg. Co. Mr. Goddard will occupy it as a home.

Miss Helen Mann entertained several friends in her home on North Main street last evening, the guest of honor being Miss Mary Kennedy, who was given a kitchen shower, the affair being a surprise. Music was enjoyed and refreshments were served.

Miss Ruth Alexander was given a shower last evening in the home of Miss Inez M. Stowell of Canal street, when 12 young friends were present. Miss Alexander received several handsome gifts. A social time was enjoyed during the evening. Refreshments were served.

Marriage intentions have been filed in the office of the town clerk by Philip Reginald Johnson, woodworker, 323 Western avenue, and Miss Florence M. Pitts of Marlboro road, Brattleboro; also by Bernard Herley Dunlevy, bookkeeper, of 19 Harris place, and Miss Mary Alice Kennedy of 30 Reed street, Brattleboro.

Schools in town will be in session Monday and Tuesday only next week on account of the state convention of teachers, which will be held in Rutland. The teachers will leave Brattleboro Wednesday, Columbus day, which always is a holiday in the schools. This will be the first time the schools have been closed for teachers' convention in three years, the conventions having been held so far to the north of the state that the teachers could not afford to attend.

**LINDSEY PRESIDENT OF STUDENT COUNCIL**

**Dorothea Vanderveer Secretary — Election Followed by Discussion of Various Subjects.**

Edwin Lindsey, a member of the senior class, was elected president of the Student Council and Dorothea Vanderveer secretary yesterday afternoon.

A discussion was taken up about papers littered on the floor and it was suggested that a boy or girl be appointed to go up down the aisles at the end of every period to see that all papers are picked up. Marion Laughton was appointed to select these students.

Another point that was taken up was the passing from one class to the other. There has been some commotion in such passing, and Philip Wheeler was appointed to look out the system whereby nomination might be avoided.

The Student Council appointed a committee consisting of Marion Laughton, Helen Dalrymple and Charles Crosby to appoint a committee of four or six freshmen passing in 15 hours a week to act as a nominating committee for the freshman class election. This Student Council committee is also to draw up the names of four or six freshman nominees for membership in the Student Council.

It was voted also to have two teachers besides Mr. Caverly and Miss Henshaw to assist the Student Council in co-operation between teachers and pupils.

**VALUABLE EXHIBITS.**

Educational Material Secured by Teacher Training Class.

In connection with the geography projects the members of the teacher training class have written letters to a number of companies which advertise educational material.

Several excellent exhibits have been received. The Waltham Watch Co. has received a valuable exhibit containing every part of the Waltham watch; the Standard Oil Co., an exhibit of seven products of petroleum; the Walter Baker Co., an exhibit of cocoa from the cocoa bean to the finished product; the Bessant Packing Co., an exhibit of peanuts and peanut products; the B. F. Goodrich Co., an exhibit of rubber; the Fort Dunham Mills, an exhibit of cotton from the raw product to the finished cloth. Besides the above material, many educational pamphlets have been received.

The pupils of the high school and grades are invited to inspect this material.

**REPORTS ON TICKET SALE.**

Football Manager Also States Need of Cars for Saturday.

Harry Harlow, manager of the football team, gave a report at assembly yesterday morning on the sale of season tickets. Thus far \$250 has been turned in, although 600 tickets ought to be sold. Manager Harlow again spoke about the need of securing cars for the transportation of students to the game Saturday. Enough cars have been secured to carry 15 men. He made his last appeal, "Let's get behind the team and push it towards the state championship."

Lester Heywood, captain of the team, then gave a short talk. He reported that 50 men came out for football practice at first, and since Saturday the number has decreased to 15. It is up to the students, for there is sufficient equipment. He expects about 40 men out next time.

**Radio Club Elects Officers.**

The following officers were elected at a meeting of the Radio club Tuesday evening: President, Lotin Newcomb; vice-president, Carl Manley; secretary, Lester Heywood; treasurer, Preston Gibson. After John Dunton had given a brief talk on the history of radio, code practice was given. A great interest was shown and it is hoped that a wireless telephone can be installed.

**Senior English Having Debates.**

The senior English class, taught by Mr. Caverly, is having some very interesting debates. Short discussions of local and school interest are being carried on, and probably later some more important subjects will be debated upon.

**BRATTLEBORO LOCAL**

All the banks in town will be closed Wednesday, Oct. 12, Columbus day.

The teachers of the public schools will meet with Miss Roberta Winans at 4 o'clock this afternoon to talk over organized recreation work. Miss Winans will meet representatives of the various organizations and churches at the Chamber of Commerce rooms tomorrow afternoon at 4 o'clock.

The five prize-winning white Plymouth Rocks owned by Arthur L. Rohde are attracting much attention in the north window of the Lovell & Telfer hardware store. The ribbons awarded the birds by the Valley Fair association this year and the cup offered for best pen also are on display at the store.

In Mrs. G. H. Smith's Hat Shop the specialty for Saturday is sport and dress hats. The French trimmer, Corinne Spalding, will show you how to wear them.—Advertisement.

**WORLD'S FASTEST HORSE.**

Peter Manning Trots Mile in 1.57 1/2 On Lexington Track.

LEXINGTON, Ky., Oct. 7.—A new world's champion trotter was crowned at the trots yesterday when Peter Manning, owned by Irving Gleason of Wilmington, Penn., and driven by Tom Murphy, in a trial against the 1.58 record of Uhan, made here nine years ago, trotted from wire to wire in 1.57 1/2. The gelding had equalled the mark at Syracuse three weeks ago, but he no longer has to share the honors with the son of Bingen, standing alone as the greatest trotter in the history of the sport.

Murphy not only drove Peter Manning to this record but with the colt Arion Guy negotiated a mile in 1:59 1/2, a new world's record for four-year-old trotters, beating the 2:01 made by the same colt three weeks ago.
