

STARTS VIGOROUS DRIVE AGAINST RAIL RADICALS WANTED FOR BOMB PLOTS

Police and Federal Officers Ordered to Clean Up Perpetrators of Violence—Disorders, Bridge Burnings and Dynamiting on Increase Throughout the Country

ALLEGED PLOT TO KILL R. R. PRESIDENTS

CHICAGO, Sept. 1.—Police and federal officers here were under orders today to start a vigorous drive against radicals and agitators believed to be behind railroad wreck and bomb plots. Activities here followed 24 hours of increasing disorders, bridge burnings and dynamiting of railroad property throughout the country.

Disclosures of an alleged plot to kill three railroad presidents or kidnap members of their families were made during the investigation of radical plots, according to the Chicago Herald and Examiner today. The three rail heads against whom the alleged plot was made were said to be the president of the New York Central lines, the Pennsylvania system and the Chicago, Rock Island & Pacific.

The home here of the ringleader was said to be under surveillance and his arrest is expected. Deportation proceedings against aliens arrested in connection with plots against the railroads are probable, authorities said.

Among numerous plots and actions against various railroad properties in the last 24 hours were these:

At Ft. Peck, president of the New Mexico state federation of labor, and Andrew Bruno, a plumber, were held at Albuquerque, following their arrest on a Santa Fe train and the discovery of bombs, fuses and caps in their grips. Head officials said they believed Peck and Bruno planned to blow up the Katon tunnel.

Several bridges on the St. Louis, Southwestern railway in Arkansas and Texas were burned and telephone wires were cut.

Bridge burners fired a Santa Fe trestle near Tecumseh, Okla., after saturating it with kerosene. Poses were in pursuit of three men said to have started the fire.

Chicago Home of Alleged Ring Leader Under Surveillance—Union Officer and Plumber Arrested for New Mexico Dynamite Plot—Poses Seek Bridge Burners

Chicago, Sept. 1.—Police and federal officers here were under orders today to start a vigorous drive against radicals and agitators believed to be behind railroad wreck and bomb plots. Activities here followed 24 hours of increasing disorders, bridge burnings and dynamiting of railroad property throughout the country.

Disclosures of an alleged plot to kill three railroad presidents or kidnap members of their families were made during the investigation of radical plots, according to the Chicago Herald and Examiner today. The three rail heads against whom the alleged plot was made were said to be the president of the New York Central lines, the Pennsylvania system and the Chicago, Rock Island & Pacific.

The home here of the ringleader was said to be under surveillance and his arrest is expected. Deportation proceedings against aliens arrested in connection with plots against the railroads are probable, authorities said.

Several bridges on the St. Louis, Southwestern railway in Arkansas and Texas were burned and telephone wires were cut.

Bridge burners fired a Santa Fe trestle near Tecumseh, Okla., after saturating it with kerosene. Poses were in pursuit of three men said to have started the fire.

GOVERNMENT SPENDS OVER \$1,840,000 FOR VETERANS

WASHINGTON, Sept. 1.—More than \$1,840,000,000 has been expended by the government on behalf of former service men through the veterans' bureau, according to a statement showing the bureau's expenditures to Aug. 1.

REPORT GRIFFITH WAS POISONED

Talk of Exhuming Body and Holding Autopsy—Physician Says Death Was Natural

DUBLIN, Sept. 1. (Associated Press).—Reports that Arthur Griffith was poisoned, circulated in Dublin at the time of his death, three weeks ago, have again become prevalent. Physicians who attended the Daily president say that he died from natural causes. A leading physician has, however, informed the correspondent that there is some talk of exhuming the body and holding an autopsy.

FRENCH ARE NONCOMMITTAL

Simply Take Cognizance of Extension of Time to Germany.

PARIS, Sept. 1. (Associated Press).—The French cabinet today simply took cognizance of the decision of the reparations commission on the German moratorium question, neither approving nor disapproving it. It specifically reserves, however, "entire liberty of action" in case later developments make other action necessary.

Daugherty Asks Injunction Against Railroad Strikers

Would Restrain Strikers From Interfering With Rail Operations

CHICAGO, Sept. 1. (Associated Press).—Suit for an injunction against all striking employees of the railroads of the United States and their union officials was filed in United States district court today by Attorney General Daugherty. The suit was filed shortly after the arrival of Attorney General Daugherty in Chicago this morning. The plea for injunction named the railway employees' department of the American Federation of Labor, the six striking shopcrafts and the 120 system federations. The suit seeks to restrain all strikers from interfering in any way with the operation of the railroads.

It was filed before United States District Judge Wilkerson. Soon after the arrival of Attorney General Daugherty in Chicago, Blackburn Eastler, assistant attorney general, appeared before District Judge Wilkerson and began reading a copy of the petition for a restraining order. The application was far-reaching in character and sought to prevent all interference with the operation of trains or with railroad property in any way.

The application specifically names the presidents of the various union organizations involved in the present strike which started July 1, last, following a wage decision of the railroad labor board reducing wages of certain railway employees throughout the country.

The suit seeks to enjoin all railway employees, attorneys, servants, union agents, associates and members and all persons acting in aid or in conjunction with them primarily until final hearings and permanently thereafter from in any manner interfering with, hindering or obstructing railway companies, their agents, servants or employees in the operation of their respective railroads and systems of transportation or the performance of their public duties and obligations in the transportation of passengers and property in interstate commerce and the carriage of the mails.

Methodist Episcopal Church

Friday, Sept. 1, 7:30 p. m.—Prayer meeting. Rev. W. E. Davenport, superintendent, will be present and speak. Services will be held Sunday morning in the vestry, which will be the first service in the newly decorated edifice. The church will not be opened formally for about two weeks. Sunday school will be held Sunday for the beginners, primary and junior departments.

A Rude Suggestion.
"Maria, you'll never be able to drive that nail with a nailron. For heaven's sake use your head," admonished her husband. And then he wondered why she wouldn't speak to him for the rest of the day.—Boston Transcript.

SOLDIERS' BONUS IN CONFERENCE

Measure Passes Senate By Nonpartisan Vote of 47 to 21

VERMONT SENATORS WITH OPPOSITION

Dillingham Votes No and Page Is Paired—Early Report from Conference Expected—Claim Enough Votes to Carry It Over President's Veto.

WASHINGTON, Sept. 1.—Approved by the senate 47 to 21, the soldiers' bonus bill was sent back today to the house where leaders planned to send the measure to conference today with debate sharply limited. Senate and house conferees will be the same as those on the tariff measure, but since there are few points of difference between the two houses on the bonus the managers are expected to lay aside the tariff long enough to frame a report on the compensation measure.

The great benefit to be derived by fathers and mothers from this innovation, and which the management desires to call to the special attention of the parents, is that this entertainment provides a place where children may be left in safety while the parents visit the exhibits and other attractions. This is a provision that, as far as has been ascertained, has not been adopted by any of the other fairs in this part of the country, and it is believed will contribute much toward making this year's fair one of the most successful ever held in Valley Falls history, as well as making it the most popular event of all fairs in this section.

This special children's entertainment will be held in the pine grove near barn B and will be under the direction of F. Brown of Brattleboro Community Service.

OPTIMISM OVER COAL SITUATION

Believed Operators Will Modify Conditions Enough to Reach Early Settlement.

PHILADELPHIA, Sept. 1.—Development in the anthracite coal tie-up today occasioned renewed optimism for an early settlement of the dispute that has continued 135,000 mine workers in idleness for five full months. Much importance was attached to the statement issued by the operators last night that they will yield on the wage controversy if compelled by a "public mandate."

The announcement by the operators that they will meet again on Saturday was taken to mean that their attitude will be sufficiently modified to warrant the resumption of conferences with the leaders of mine workers.

50 PER CENT BACK AT WORK

Textile Strike Lifted by United Textile Workers of America.

LAWRENCE, Mass., Sept. 1.—Thirty per cent of the normal force of operatives in the worsted and cotton departments of the Pacific mills were at work today and optimistic estimates with the lifting of the strike by the United Textile Workers of America. The return of workers was not so marked in the print works, it was said, but the gain over yesterday in the first manufacturing department was approximately 100 per cent.

BOARD HEARS RAILROADS

Wage Decision for Maintenance of Way Men Expected Soon.

CHICAGO, Sept. 1.—Spokesmen for the 105 railroads involved in the hearing on the petition of 100,000 maintenance of way men for a minimum wage of 43 cents an hour had their turn before the United States railroad labor board today. The board is expected to hand down its decision in the case within the next two weeks.

When the first telegraphic cable was laid between England and America a message cost \$5 a word.

THE WEATHER.

Partly Cloudy Tonight and Saturday—Probably Local Showers.

WASHINGTON, Sept. 1.—The weather forecast: Partly cloudy tonight and Saturday. Probably local thunder showers in northern Vermont Saturday. Moderate temperatures and light variable winds.

NO PAPER

Labor Day

The regular editions of The Reporter will be suspended Monday, Sept. 4.

NEW FEATURE ON PROGRAM AT FAIR

Happiland, Free Entertainment for Children, to Be Directed by F. K. Brown—Baby Contest.

An innovation in the interesting program of events at the Valley fair this month, which will prove a decided boon to mothers and fathers as well as of paramount interest to the children, is Happiland, which the Valley fair management has provided. This is a special free entertainment designed to be held on both days of the fair from 10 until noon in the mornings and from 2 to 4 o'clock in the afternoon. The program for each performance will be changed so that the children will have something new and fresh to entertain them. The morning show will comprise a hand concert, parade contest, fortune telling, singing, gypsy story tellers, a bubble blowing contest, Punch and Judy show, and a stunt from the regular vaudeville show. The afternoon performance will include another concert by the band, daylight fireworks, gypsy story telling, a baby show and parade, games and songs, a vaudeville stunt, and athletic contests for boys and girls under 95 pounds. Prize ribbons will be awarded in the baby show.

This special children's entertainment will be held in the pine grove near barn B and will be under the direction of F. Brown of Brattleboro Community Service.

The great benefit to be derived by fathers and mothers from this innovation, and which the management desires to call to the special attention of the parents, is that this entertainment provides a place where children may be left in safety while the parents visit the exhibits and other attractions. This is a provision that, as far as has been ascertained, has not been adopted by any of the other fairs in this part of the country, and it is believed will contribute much toward making this year's fair one of the most successful ever held in Valley Falls history, as well as making it the most popular event of all fairs in this section.

VAN WITH HORSES TWICE STRANDED

Machine with Brattleboro Animals Leaves Road at Two Places

RACERS FINALLY DRIVEN HOME

Machine Goes Off Highway North of Belows Falls and Again at Putney, but Does Not Overtake and No Serious Damage Results.

Two persons, two racers and a show stallion narrowly escaped serious injury early last evening when a motor van, conveying the men and horses left the highway above Belows Falls and plunged down the bank beside the road, the driver of the van having been blinded by the strong lights of an automobile which went tearing by at a speed of 40 miles an hour.

The three persons in the van were A. L. Larrabee of Winchester, N. H., and Melvin Dalrymple of Brattleboro, who was the driver and owner of the van. The horses, which were being conveyed in the body of the vehicle, were Tony C. owned by Mr. Larrabee, Lady Brooks, owned by Mr. Dalrymple, and Payola, owned by R. L. Brooks of Brattleboro. The three horses had been at the Springfield fair, where Tony C. and Lady Brooks had been tried out on the track and where Payola had been exhibited as a show stallion. Mr. Larrabee was riding in the body of the van keeping the horses quiet while the accident happened.

The scene of the accident was about half a mile north of the Walpole line, where the road runs close to the river's edge and is a spot which has been the scene of many accidents. As Mr. Dalrymple was proceeding south at that point a heavy automobile came tearing along the highway in the opposite direction. The blinding lights of the passenger car prevented Mr. Dalrymple from seeing just where his van was moving and in an endeavor to keep out of the way of the oncoming machine the van was driven too far over the edge of the bank and it slid down in a tilted position. Mr. Larrabee was thrown against the interior of the van and sustained several minor bruises. He said this morning that it was impossible to note the number or character of the speeding machine as it went by "like a streak."

SUES RAILROAD FOR SMASHED CAR

Henry G. Thresher Brings Action Against Central Vermont—Caldwell Struck in Railroad Yard.

Henry G. Thresher of Dattolet, R. L. today brought suit through Barber & Miller's law office against the Central Vermont Railway Co. to recover \$1,500 for damages to an automobile sustained Aug. 15, 1921, at the time a ferry was being operated between the railroad yard and the New Hampshire side of the river on account of the destruction of the bridge at Bridge Street. The papers in the suit were filed today with the clerk of the Windham county court. Mr. Thresher's automobile was struck by an engine in the railroad yard while Mr. Thresher and his party were crossing the railroad track at the point where E. L. Hildreth's Ford truck was smashed by a Central Vermont switching engine on Tuesday of this week, when Harold Putnam and Walter Newcomb narrowly escaped with their lives.

Mr. Thresher says the crossing on which the accident happened had been used many years by E. B. Barrows in operating his coal business, the roadway approaching it from the east being between two coal sheds owned by Mr. Barrows, also by the public generally for carting rubbish to a public dump maintained by the village of Brattleboro, and at the time of the accident it was used by the public as part of a detour.

He says the defendant neglected its duty in that it operated locomotives and trains over the crossing in a negligent and imprudent manner; did not keep a man posted there to warn the plaintiff and others lawfully using the crossing; did not give warning signals by bell or whistle when approaching the crossing; which when a careful lookout on its locomotives and trains to warn persons using the crossing; approached the crossing with its locomotives and trains out of full control; and approached the crossing at a high and reckless rate of speed.

On Aug. 15, as stated, Mr. Thresher's Cadillac car was struck at that point and greatly damaged, the radiator being bent and numerous other parts being broken, solely by reason, the plaintiff claims, of negligence by the railroad company.

FORMER METHODIST MINISTER DIES

Rev. Alfred J. Hough, So-Called Poet Laureate of Vermont, Was Connected with Lebanon Bank.

Rev. Alfred J. Hough, 76, pastor of the First Methodist church here from 1893 to 1896, died yesterday at his home in Lebanon after a few days' illness with paralysis.

He was born in Hampshire, England, Sept. 25, 1845. His first charge as minister in Vermont was at Hartland in 1874 and the following year he entered the Vermont conference. He continued in the ministry in Vermont 46 years, retiring in 1921 at Brownville. Since his retirement he had been connected with the Republic Co. in Lebanon, of which his son, Arthur Hough, is treasurer. He was pastor of the White River Junction church at three different periods and of the Montpelier church in Lebanon. He also held pastorates at Lowell, Woodstock, Bradford, Groton, Proctorsville and Brownville.

Rev. Mr. Hough was well known as a poet in New England and was called the laureate of Vermont. He was a 32nd degree Mason, was grand chaplain of the grand lodge of Vermont and was active in Odd Fellowship.

Besides his son he leaves his second wife and a daughter, Mrs. Mary Francis Hough, wife of Frank Ayer of Hanover.

SUNDAY LAST DAY AT BATHING BEACH

Judging of Best Swimming Form by Beginners to Take Place Tomorrow afternoon—Other Plans.

Sunday will be the last open day at the Community Service bathing beach at Island Park, as the beach is to be closed labor day of the summer. It was planned originally to keep the beach open Labor day, but due to the celebration which is to be given by the American Legion this plan has been given up.

With the judging of the best swimming form shown by beginners. Several different strokes will be taken up in judging the swimmers.

Community Service Director F. K. Brown is to have charge of several of the children's events which will come between the hours of the horse racing Labor day. He plans to introduce several new features including a pushmobile for boys under 15. This race will be between express carts, with one boy steering and the other sitting behind and pushing with his feet. There also will be a saw wave obstacle race. The hoop rolling contest, scheduled for that time has been changed to a tire rolling contest.

SMALLER COTTON CROP.

Forecast Shows Reduction of 874,000 Bales This Year.

WASHINGTON, Sept. 1.—A reduction of 874,000 bales in the prospective cotton crop of this year, since the forecast of a month ago, was shown in the department of agriculture September cotton report issued today, forecasting the total crop at 10,575,000 bales.

WASHINGTON, Sept. 1.—A reduction of 874,000 bales in the prospective cotton crop of this year, since the forecast of a month ago, was shown in the department of agriculture September cotton report issued today, forecasting the total crop at 10,575,000 bales.

MAKING PLANS FOR CHURCH OPENING

Services to Begin in All Souls Church Week from Next Sunday—Program Monday Night Also.

While the detailed program is not ready for announcement, plans practically are completed for the special services which will mark the opening of All Souls church Sunday, Sept. 10. The program also includes a meeting the following evening, when well-known speakers will be present.

The service Sept. 10 will be the first of All Souls church, which is the federation of the Unitarian and First Universalist churches. The Universalist edifice was being used by both denominations.

L. W. BUSH AGAIN HEADS VETERANS

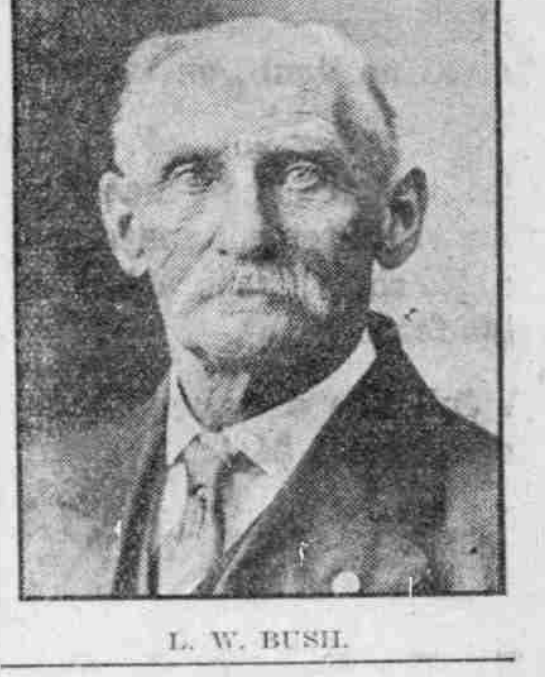

Brookline Man Elected to Presidency at Meeting Here

LOCAL MINISTERS MAKE ADDRESSES

Local Ministers held separate reunions of their respective churches at the Veterans' Association Vets to Meet in Brattleboro Again Next Year—Buffs' Visit Dinner.

The most interesting annual gathering of the Windham County Veterans' Association last night years came to a close at 10:30 p. m. in the

L. W. BUSH AGAIN HEADS VETERANS

Grand Army hall, following a business session and addresses. It was a day replete with reminiscences and reunions, with speak-up and business, and an excellent dinner served by the Woman's Relief corps. L. W. Bush of Brookline again heads the county association, which will meet here again next year.

Company K, 9th Vermont regiment, elected the following officers for the coming year: President, Thomas Hampton, Bennington; first vice president, M. L. Corbett, Bennington, Mass.; second vice president, M. J. Greenleaf, Greenfield, Mass.; third vice president, E. F. Copeland, Colerain, Mass.; secretary-treasurer, L. W. Bush, Brookline.

BIG LABOR DAY

Weather All That is Needed to Make Occasion Successful—Radio Broadcasting Car a Feature.

This year's Labor day celebration, which is in charge of the Brattleboro office of the American Legion, promises to be bigger and better than last year. The only remaining concern is that of weather. The Legion greatly appreciates the fine feeling of co-operation that many of the citizens of the town have shown in getting up a big celebration program. The Legion announces two new features this year, a radio broadcasting car and new contests for the young people.

A radio car will be on the fair grounds during the day to broadcast the concerts given. This will be a new feature and will be of great interest to all those interested in radio.

There will be a sack race, bicycle race and pushmobile contest for the children. A new tire will be the prize in the bicycle race while three prizes will be given in the sack race. First prize, a football; second prize, a catcher's mitt and third prize, a pair of shoes. The only qualifications for these races are that the contestants must be on the race track at the fair grounds not later than 10:30 Monday morning with their express carts for the pushmobile contest and their bicycles.

The horse racing this year should also be of the best as there are 30 horses all have entered to appear in the racing events. Twenty-five cents will be charged for the grandstand this year and automobiles also will be charged a quarter for admission to the grounds.

Just Plain Dog.

(Tampa, Fla., Tribune.)

Some people love horses, some people love birds, some people love cats, some people even love some other people, but people even love a dog? Not a petted, pampered show dog, but just plain dog—nothing but dog from the tip of his nose to the tip of his tail.

Give a youngster a dog for a companion, and the kid will never go to the dogs. A dog will be loyal and friendly, happy and obedient, mischievous and lovable, a doggie friend for anyone. Just a plain dog will do. A dog, without pedigree, without price, without anything to boast of except that he is only a dog, with a dog's instincts, a dog's manners, a dog's sincerity, a dog's unswerving faith in and kindness to anyone who will be loyal and kind to him.

Just a plain dog. In other words, a mutt, a mongrel, yes, a cur. He will love his little master or his little mistress. Every boy and girl, at some time in life, is surely entitled to one plain, everyday, ordinary dog.
