HEALTH! HEALTH!

DR. WOOD'S SARSAPARILLA AND WILD CHERRY BITTERS

The following voluntary testimonial was given to the Agent. Mr. *M.* Wires, at Cambridge, Vt, and speaks volumes in favor of this medicine.

Cambridge Vt, Sept. 1st., 1847.

Mr. M. Wires, Dear Sir:

Having been a great sufferer from that torture of the human race, Dyspepsia, and having at last found relief, I feel desirous that others suffering, [and there are thousands] should know the means by which I was cured. Until within about a year since I had suffered much from Headache, Heartburn and Dizziness, so much so that I was confined to my house the most of the time. The food which I ate distressed me, and in fact, life became almost a burden, was totally unable to attend to the slightest duties required of me, so great was my debility. Having tried all remedies recommended and advertised for the cure of my complaint, visited the springs which are so highly recommended, and taken the advice of *Physicians* without getting relief, I gave up all hopes of ever enjoying good health again; in fact, my Physicians frankly told me they could do nothing for me. At this time my sufferings were very great; all hopes of ever being made comfortable had fled, and I gave myself up to suffer. Accidentally, in looking over a newspaper I noticed an advertisement of Dr. Wood's Sarsaparilla and Wild Cherry Bitters, and on reading it, I thought that I might probably obtain some relief, not thinking a cure of my case was possible; & as a last hope I procured a bottle from your store and commenced taking it, and to my great joy, I at once found relief. Being encouraged by its wonderful effects, I was induced to continue its use. After taking one bottle I was able to be out and attend to the duties required of me, and feeling much better than I had for months, or even years, I was now satisfied that I had at last found a remedy for my disease, and I felt assured, that by continuing its use I should be cured. And such has proved to be the case. I have now taken only two bottles, and can say to those suffering from this disease that I am entirely cured. I keep a bottle in my house, and when I feel the least unpleasant symptom, a dose of this excellent Medicine entirely removes it. I am of opinion every case of Dyspepsia and its attendants can be cured by the use of Dr. Wood's Sarsaparilla and Wild Cherry Bitters.

To those troubled with habitual Costiveness, loss of Appetite, sour Stomach or Headache, I would earnestly recommend them to try it. Its astonishing effects in my case should induce every one suffering from this disease to give it trial: I feel not to fear they will never regret it. You are at liberty to refer any one to me, and it will give me great pleasure to personally recommend the use of that excellent remedy and state the particulars of my case.

Signed MILES BENNETT.

We are acquainted with the above named Miles Bennett and the statement of the cure described in his certificate can be depended upon as being correct.

CONSUMPTION CURED!

Triumphant Success of BUCHAN'S *Hungarian Balsam of Life, the great English remedy for Colds, Coughs, Asthma and Consumption.*

The most celebrated and infallible remedy for colds, coughs, asthma, or any form of Pulmonary consumption, is the Hungarian Balsam of Life, discovered by Dr. BUCHAN of London, England, tested for upwards of seven years in Great Britain and on the continent of Europe, and introduced into the United States under the immediate superintendence of the inventor.

The astonishing success of the Hungarian Balsam, in the cure of every form of Consumption, warrants the American agent in soliciting for treatment the worst possible cases that can be found in the community—cases that seek relief in vain from any of the common remedies of the day, and have been given up by the most distinguished Physicians, as confirmed and incurable. The Hungarian Balsam has cured and will cure, the most desperate of cases. It is no quack nostrum, but a Standard English Medicine, of known and established efficacy.

TO THE CONSUMPTIVE.

Every family in the United States should be supplied with Buchan's Hungarian Balsam of Life, not only to counteract the consumptive tendencies of the climate, but to be used as a preventive medicines in all cases of Colds, Coughs, Spitting of Blood, Pain in the side and chest, irritation and soreness of the Lungs, Bronchitis difficulty of Breathing, Hectic Fever, Night sweats, Emaciation and general debility, Asthma, Influenza, Hooping Cough, and Croup.

In case of actual disease of the lungs, or consumption, it is the only source of hope.

Dr. Townsend's Sarsaparilla.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD.

This Extract is put up in quart bottles; it is 6 times cheaper, pleasanter, and warranted superior to any sold. It cures diseases without vomiting, purging, sickening or debilitating the patient.

GREAT FALL AND WINTER MEDICINE.

The great beauty and superiority of this Sarsaparilla is, where it eradicates diseases it invigorates the body. It is one of the very best Fall and Winter medicines ever known; it not only purifies the whole system and strengthens the person, but it creates new, pure and rich blood; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last two years more than 35,000 cures of severe cases of disease, at least 20,000 of these were considered incurable.

More than 3,000 cases of Chronic Rheumatism,
2,000 cases of Dyspepsia;
4,000 cases of General Debility and Want of Energy;
7,000 cases of the different Female Complaints;
2,000 cases of Scrofula;
1,500 cases of the Liver Complaint;
2,500 cases of Disease of the Kidneys and Dropsy;
8,000 cases of Consumption;

And thousands of cases of diseases of the blood viz: Ulcers, Erysipelas, Salt Rheum, pimples on the Face, &c. &c., together with numerous cases of Sick Headache, Pain in the side and Chest, Spinal affections, &c. &c.

This, we are aware, must appear incredible, but we have letters from Physicians & our Agents from all parts of the United States, informing us of extraordinary cures. R. Van Buskirk, Esq., one of the most respectable Druggists of Newark, N. J., informs us that he can refer to more than 150 cases in that place alone. There are thousands of cases in the City of New York, which we will refer to with pleasure and to men of character. It is the best medicine for the preventive of disease known. It undoubtedly saved the lives of more than

5,000 CHILDREN THE PAST SEASON

As it removed the cause of disease, and prepared them for the Summer season. It has never been known to injure in the least the most delicate child.

RHEUMATISM.

This Sarsaparilla is used with the most perfect success in Rheumatic complaints, however severe or chronic. The astonishing cures it has performed are indeed wonderful. Other remedies sometimes give temporary relief, this entirely eradicates it from the system, even when the limbs and bones are dreadfully swollen.

☞ Hear Mr. Seth Terry, one of the oldest & most respectable lawyers in Hartford, Conn. The following is an extract of a letter received from him,

Dr. Townsend—I have used one bottle of your Sarsaparilla, and it is excellent in its effects upon a Chronic Rheumatic pain to which I am subject, from an injury occasioned several years ago in a public stage. Please send me two bottles to the care of Dr. Seymour. I have conversed with two of our principal Physicians, who recommended your Sarsaparilla.

SETH TERRY.

Hartford, March 12, 1845.

CONSUMPTION CURED.

Cleanse and Strengthen. Consumption can be cured. Bronchitis, Consumption, Liver Complaint, Cold Catarrh, Cough, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweat Difficult or profuse Expectoration, Pain in the Side, &c., have been and can be cured.

Dr. Townsend—Dear Sir: Nearly 20 years ago I took a violent cold, which settled on my lungs and effected me severely, indeed finally, it became a constant hacking cough, but not so severe as to prevent me from attending to my business. Within the last two years it increased on me gradually. At last I became reduced—I breathed with difficulty and raised with my cough much bad matter, and for the last nine months previous to using your Sarsaparilla had regular night sweats, indeed, my friends and myself supposed I would die with Consumption; but I have the happiness to inform you that, to my surprise, after using three bottles of your Sarsaparilla, I find my health restored. It relieved me gradually, and I am now enjoying better health than I have before in 25 years. I had almost entirely lost my appetite which is also restored. You are at liberty to publish this with my name in the papers, if you choose.

My little girl, who is three years old, had a very bad cough the whole of last Winter. We became very much alarmed on her account. While using the medicine I gave her some of it, and it soon entirely relieved her, as well as myself, and she is well now, and hearty as any child I ever saw. She was also full of little blotches; it took them away, and her skin is smooth and fair now, and I am satisfied she recovered her health by using your excellent medicine.

S. W. CONANT.
441 Bowery.

GIRLS, READ THIS.

You who have pale complexions, dull eyes, blotches on the face, rough skin, and are "out of spirits," use a bottle or two of Dr. Townsend's Sarsaparilla. It will cleanse your blood, remove the freckles and blotches, and give you animation, sparkling eyes, fine spirits and beautiful complexion—all of which are of immense value to unmarried ladies.

GREAT FEMALE MEDICINE.

Dr. Townsend's Sarsaparilla is a sovereign & speedy cure for insipient Consumption, Barrenness, Leucorrhœa, or Whites, obstructed or difficult Menstration, Incontinance of Urine, or involuntary discharge thereof, and for the general Prostration of the System, no matter whether the result of inherent cause, or produced by irregularity, illness or accident.

Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it at once become robust and full of energy under its influence. It immediately counteracts the nervousness of the female frame, which is the great cause of barrenness.

It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted that hundreds of cases have been reported to us. Several cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with healthy offspring.

Dr. Townsend—My wife being greatly distressed by weakness and General Debility, and suffering continually by pain and a sensation of bearing down, falling of the womb, and with their difficulties, and having known cases where your medicine has effected great cures, and also hearing it recommended for such cases as I have described, I obtained a bottle of your Extract of Sarsaparilla, and followed the directions you gave me. In a short period it removed her complaints, and restored her health. Being grateful for the benefits she received, I take pleasure in thus acknowledging it, and recommending it to the public.

M. D. MOORE,
Cor. Grand & Lydius-sts.

Albany, Aug. 27, 1844.

TO MOTHERS & MARRIED LADIES.

This Extract of Sarsaparilla has been especially prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "the turn of life," should neglect to take it, as it is a certain preventive for any of the numerous and horrible diseases to which females are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those approaching womanhood, as it is calculated to assist nature, by quickening the blood and invigorating the system. Indeed, this medicine is invaluable for all the diseases to which women are subject.

It braces the whole system, renews permanently the natural energies—by removing the impurities of the blood—not so far stimulating the system as to produce a subsequent relaxation, which is the case with most medicines taken for female weakness and disease.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

THREE CHILDREN.

Dr. Townsend—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrotula by the use of your excellent medicine. They were afflicted very severely with bad sores; have taken only four bottles; it took them away, for which I feel myself under deep obligation. Yours respectfully,

ISAAC CRAIN, 106 Wooster-st.

New York, March 1, 1847.

OPINIONS OF PHYSICIANS.

Dr. Townsend is almost daily receiving orders from Physicians in different parts of the Union.

This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

Albany, April 1, 1845.

UNITED STATES OFFICER.

Capt. G. W. McLean, one of the United States Marine Corps and member of the New Jersey Legislature, has kindly sent us the following certificate. It tells its own story.

Railway, Jan. 25, 1847.

A year since I was taken with the Influenza, and my whole system left in a debilitated state. I was influenced to try Dr. Townsend's Sarsaparilla, and after taking two or three bottles, I was very much relieved, and attribute it entirely to the said Sarsaparilla. I have continued taking it and find that I improve every day. I believe it saved my life, and would not be without it under any consideration. G. W. McLEAN.

THE REV. JOHN SEYER

Of Jersey City, an old and highly respectable clergyman of the Baptist denomination—handed in the following certificate at Dr. Townsend's office, 126 Bulton street, on Saturday. It speaks for itself.

Dr. Townsend—Dear Sir: I am constrained to give you a statement of the benefit I derived from using your Sarsaparilla, believing by so doing I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the dyspepsia, so much that it was much difficulty for me to walk or keep about. I also had a tetter which covered the most part of my head—which was extremely troublesome & sore, it got to be almost a scab, I used quite a number of remedies for both complaints but I received little or no benefit until I took your preparation of Sarsaparilla, which through the kindness of providence has restored me to more than my usual health, as I now enjoy better health than I have for a number of years. I am now 60 years of age, I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister for a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me. JOHN SEYER,

July 11, 1846. Jersey City.

METHODIST CLERGYMAN.

The following was sent to our agent in Rahway by the Rev. J. O. TUNISON, of the Methodist E. Church—one of the most learned and respected in the Methodist connection—and is another evidence of the wonderful effects of Dr. Townsend's Sarsaparilla on the system,

FRIEND PEARSON—Having for some time past as you are aware, experienced great general debility of my system, attended with constant and alarming irritation of the throat and lungs, I was at your own instance, and in consequence of having read Captain McLeon's decided testimony in its behalf induced to try Dr. Townshend's far famed Sarsaparilla. I tried it, I confess, more in the hope than in the confidence, of its proving efficacious; but I am bound in candor now to acknowledge that I had not tried it long before I began to experience its salutary effects; and I may now say with Capt. McLeon, that "I would not be without it on any consideration." It has done me more good than any previous remedy I have tried, & if this statement is deemed by you of any importance you have by full consent to make it public.

Rahway, Aug. 3, 1847. J. O. TUNISON.

FITS-FITS-FITS

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable farmer in Westchester County;—

FORDHAM, August 13, 1847

DR. TOWNSEND—Dear Sir: I have a little girl seven years of age, who has been several years affected with fits; we tried almost every thing for her, but without success; at last, although we could find no recommendation in your circulars for cases like here, we thought as she was in very delicate health, we would give her some of your Sarsaparilla and are very glad we did, for it not only restored her strength, but she has had no return of the fits to our great pleasure and surprise. She is fast becoming rugged and hearty, for which we feel grateful. Yours respectfully,

JOHN BUTLER, Jun.

W. P. RUSSEL, Agent. 41: 1y.

HASTING'S COMPOUND

SYRUP of NAPTHA.

Not only a positive but a warranted cure for Consumption and all diseases of the lungs.

THE GREAT SENSATION which was created among the medical faculty, in the beginning of 1844, by the announcement of Dr. Hasting's discovery of the medicinal properties of Naptha, has settled down into a thorough confidence that his "Compound Sympot Naptha" is a positive and speedy cure for consumption, decay, decline, asthma, and all diseases which involve the wasting away of the human system by excessive sweating, exp erations, and other effects of a contingent nature. It is likewise admitted to be immeasurably superior to any other cough medicine which has been ever introduced, as it almost instantaneously relieves the hoarseness of the throat, softens the cough & removes the hacking and the phlegm. And the activity of its nature is such, that the moment it is taken it pervades the frame—diffuses a general warmth throughout—secures a free circulation of the blood—and opens every pore of the body—thus giving universal egress to the impurities which all systems engender, and which are the true origin of nearly all the diseases to which the human body is liable.

Feelings of modesty, to say nothing of the much hackneyed usage, might restrain the proprietor from speaking of his discovery according to its merits, were it not that the subjects are of far too much importance to the public to be interfered with from personal considerations. He therefore not only recommends his Naptha Syrup but warrants it to cure:—he warrants it to act upon the clyle and purify it—he warrants it to remove all impediments which retard the free circulation of the blood—he warrants it to open the external and internal pores of the body and eject all the obnoxious particles which have accumulated in the system—he warrants it as a never-failing remedy in hectic fever, night sweats, dyspepsia, liver complaint, pain in the chest and asthma; and he warrants it to arrest the formation of tubercles in the lungs, and to heal those already formed, so that persons in consumption may take it with the most positive confidence of a cure; for its great seat of action is the lungs, which it penetrates in all directions, purifying them of every thing in its progress, and which, if applied according to directions, it cannot fail to leave a perfectly healthy condition.

The most ample experience, supported by the testimony of the ablest and most distinguished medical practitioners of the age, justifies the proprietor in speaking thus confidently of his discovery: and he has the less hesitation in being so positive because of the speed of its operations, which is such, that patients who use it immediately feel & acknowledge it to be the slenderatum they were in quest of and gladly accord him all the praise which he claims in its favor. Indeed its action is so energetic that its curative effects plainly manifest themselves in a few moments after it is taken, and a single dose has frequently produced results which bottles of other medicines had failed to effect.

Again the proprietor warrants his Naptha Syrup to be every thing he claims for it; and he only asks the trial of a single bottle, or even a single dose, to convince patients that it is beyond all comparison, the most palatable, speedy, & efficient remedy they ever made use of; for it gives powerful manifestations of its curative qualities almost immediately after it is received into the stomach.

It is a universal purifier; it attacks every spot of disease by penetrating every fibre of the body and expelling all foreign and noxious particles in its progress, and no matter of a corrupt and impure nature can remain in the system when under its influence. "And hence its cures are not only sure but permanent, for not satisfied with destroying the disease, it excels even the most minute seeds of it altogether from the system."

Price one dollar a bottle; six bottles for five dollars. As this is a very expensive preparation, it is not left around on commission, as is the mode with quack medicines, but must be purchased out and out by those who sell again.—This arrangement will in general limit its sale to the larger cities and towns; and, therefore, persons residing where Hasting's Naptha Syrup cannot be obtained, and who can be reached by stage, express, steamboat, or any other public conveyance, should write direct to M. A. F. HARRISON, 149 Greenwich st New York, inclosing a remittance for the number of bottles required, which will be immediately packed and forwarded to them, in a manner to secure their safe and speedy delivery.

NOTICE. Moore & Co., the former agents for this medicine, have, with the consent of Dr. Hastings, of London, sold and transferred the agency of the American Continent to M. A. F Harrison, who is now the sole Agent of Hasting's Compound Syrup of Naptha to the United States and Canada. Sold in Brooklyn by Mrs HAYES.

Nature's own Remedy!

THE INVALID'S BEST FRIEND!!

Let it be borne in mind that Wright's Indian Vegetable Pills are

NO CATCH-PENNY REMEDY.

the offspring of the hour, destined to pass away with it and be forgotten, but a medicine of sterling value. Its reputation is not built upon an isolated cure, effected under circumstances in which the faith of the imagination had quite as much to do with it, as the activity of the remedy itself. Wright's Indian Vegetable Pills lay a claim to real worth, founded on the honest and willing testimony of

THOUSANDS AND TENS OF THOUSANDS.

throughout the length and breadth of the land.

SPRING, SUMMER, FALL, AND WINTER

Each produce, by their variations of temperature peculiar effects upon the human body. The heat expands & the cold contracts the volume of the circulation fluid and when changes take place suddenly, the effects are often serious. Wright's Indian Vegetable Pills counteract the evil influence of sudden changes, by purifying the blood and keeping the stomach and bowels in a natural and healthful condition.

FOR DYSPEPSIA.

Wright's Indian Vegetable Pills will be found very superior In this desease, the gastric juice is weak and deficient in quality. Consequently, the digestion is imperfect and the health impaired. These Pills remove the bile from the stomach, restore its tone, and improve the digestion.

FOR JAUNDICE.

Wright's Indian Vegetable Pills are equally well adapted to the removal of this complaint. As they operate upon the one general and uniform principle, of cleansing the stomach and bowels, purifying the blood, and rectifying the secretions, they remove the cause of Jaundice, and of all other disorders.

GREAT FEMALE MEDICINE!

It would be difficult precisely to tell to which of the two sexes Wright's Indian Vegetable Pills have been the greatest blessing. But it is very certain that these Pills have given health, and spirits, and a good complexion, to hundreds of females, who would, without them, have been in their graves. A box of Wright's Indian Vegetable pills is an inestimable medical companion at certain periods.

VALUABLE ANTI-BILIOUS MEDICINE!

The sensations accompanying liver complaint are the most wretched description. Habitual drunkenness is frequently brought on by liver complaint. A patient suffering from this disease, should not be mocked with pretended cures; yet there are few medicines that are worth a straw in the removal of this complaint. Calomel has hitherto been the chief reliance, but the remedy has proved itself worse than the disease! What then shall be done? We say, give Wright's Indian Vegetable Pills a trial, If they do not exceed all your expectations, we are willing to bear all the opprobrium of failure. And we say to all TRY THEM.

There is no risk run—no money thrown away—you are certain of benefit.

ONE WORD MORE.

When you found that Wright's Indian Vegetable Pills are a "feelle" the best medicine you ever heard of, STICK TO THEM! Don't run after every upstart Remedy, which attempts to bluster itself into notoriety. Above all,

BEWARE OF IMITATIONS.

Of Wright's Indian Vegetable Pills. Previous to the introduction of this medicine, Indian Pills were never heard of. Now what hoax of them? And after all, what are they but miserable imitation of the original medicine: no more like it, than chalk is like cheese! One man advertises, "Improved" Indian Vegetable Pills. This would be a capital joke, if it were less serious. Beware of all such
