Essays For Publication.

To encourage contributors, we offer to our subscribers who shall favor us with the best original essay for publication, $4.00 in cash; 2d best, $3.00; 3d, $2.00; 4th, $1.00. The essays are to be read and decided upon by the discretionary committee of the Lamoille County Agricultural Society at their annual fair in 1881. These articles must not exceed one column in length, must be furnished within one year from September 1, 1880, and must be written on the following topic: "In what way can our race best succeed in their several honorable and commendable undertakings?" The names of the writers of the essays will not be made public until after the committee has decided upon their merits.

MERE MENTION.

—A seasonable question: "How much did your pig weigh?"

—Henry Clement of Hardwick, has been engaged by C. S. Page as book-keeper.

—Read "For Sale" in another column. A good chance to obtain good stock, or a farm, or both.

—Robinson the Morrisville photographer, has a nice assortment of Holiday goods. Go over and see them.

—Settling up time is drawing near, and if you wish to collect your bills easily and promptly, order your bill heads at the NEWS office.

—Don't forget, young ladies, that this is leap-year, and why not leap into some one's affections? Only a few weeks longer for the leap.

—The shortest day of the year will be December 22d. After that the days will begin to lengthen and the cold to strengthen—perhaps.

—The Christmas tree, with appropriate exercises, will be held at the Town Hall, Friday evening, Dec. 24th, 1880. Everybody is invited to be present.

—W. I. Doty is spending a week in town visiting relatives and friends. He has engaged for the second year as book-keeper for a lumber firm at Gaveton, N. H.

—Arthur Sherwin, who has been engaged in a bakery at Munson, Mass., the past six or eight months, has returned to Hyde Park, where he will attend school this winter.

—Rev. R. D. Pierce, of Johnson, preached in Union Church last Sunday morning, the pastor, Rev. Mr. Bushnell, being at Georgia, assisting Miss Knowles in evangelistic work.

—A. A. Adams, former book-keeper for C. S. Page, started Monday morning for Colorado Springs, Col., his new place of business. A large number of friends were at the depot to see him off.

—A. Parker Smalley and family left town yesterday for Philadelphia, where they intend to spend the winter with Mr. J. W. Grant, son-in-law to Mr. Smalley. The West End will look deserted.

—Cards announcing the annual ball at the American House are out. The affair will take place Friday eve., Dec. 31st, and the proprietor, C. F. Randall, will spare no pains to make the event pleasant to all.

—There was zero weather all around Friday, and Friday night was the coldest of the season, the thermometer sounding 18 below zero early Saturday morning. The weather, however, has moderated considerable since.

—Perhaps the following hint from a state exchange is not so inopportune for us might be:—"The columns of a paper are the publisher's stock in trade, and the parties who ask to use them for their special benefit must expect to pay for the same."

—A correspondent writes: "Hinesburgh has a temperance lecture under the auspices of the W. C. T. U., on the evening of the forth Sunday of every month. Cannot Hyde Park 'rally and rescue' by the help of our new temperance laws?"

—We have received a copy of the Kewanee (Ill.) *Courier*, edited and published by Chesley Brothers, one of whom, M. A., was formerly connected with the NEWS establishment. The paper is a six column quarto and is well filled with local and miscellaneous news.

—The result of the count of mail sent from the Hyde Park post-office for the first week in December, shows the following figures: Whole number of parcels sent, 3,946. Of the above number 637 were sealed letters; the remainder was made up of postal cards, newspapers, circulars, &c.

Butter Market.

ST. ALBANS, Dec. 14.—Attendance good, receipts light, market firm. We quote winter butter 20 to 24 cents per lb.; selections 25 cents per lb. Very little fall butter offering.

RICHMOND, Dec. 13.—The market is quiet. Butter sold at 18 to 22 cts. for winter make, and 25 to 27 for Oct. Cheese sold at 11 to 12 cents and pork in the hog 6 to 6 1-4.

Lamoille County Court.

The only case remaining on the jury calendar Wednesday morning was that of Perkins v. West, Aplt., which was continued.

The divorce case of Brown v. Brown was taken up and a bill granted.

Wednesday afternoon the petit jury were excused until Monday morning.

The grand jury rose Friday morning and presented five true bills, and reported on the public monies, and the condition of the jail. Judge Powers congratulated the jury on the expeditious manner in which they had taken up and completed their work. Two of the bills found were, one against Dr. Smith, of Johnson, for manslaughter, &c., and one against Burt Marsden of Stowe, for forgery, both of which were put over until the April term.

Saturday morning the new docket was called and gone through, and like the old docket nearly the entire list of causes was disposed of, either by continuance, settlement or otherwise. The Court thereupon ordered the clerk to notify the jurymen that they were discharged and adjourned the court until the second Tuesday of January, 1881.

Vermont Roads Again.

EDITOR LAMOILLE NEWS:—We are pleased to notice that our communication on the subject of country roads a few weeks ago, has attracted the attention of a very sensible correspondent, who made a good suggestion in last week's issue, and hope he will favor the public with more of the same kind. The intelligent people of Vermont will find a way to remedy the evils of the present state of things, if they once go about it in earnest. We will lay down our pen just as soon as others who feel an interest in the subject are willing to take it up. Our self appointed task is done, just when the attention of the public is aroused. We should be much pleased if others equally sensible of the condition of things and more competent than we are would handle the subject in a practical way, and show us what can be done to improve our roads and how to do it. Whether for instance the State would be likely to help the project of macadamizing our main thoroughfares, by appropriations, or by any kind of legislation, or what would be the most effectual means of bringing the towns to act in the matter, or what experiments might be tried on a small scale: —these and other topics might be handled with advantage by competent writers. Our own suggestions upon any of these themes might be very crude, but we shall offer them unless abler hands are put to the work. We hope to hear from those who are interested.

—Mr. Crippen, of West Rutland, brother of Prof. W. C. Crippen, is employed by Buck Bros. as engineer in their new steam mill.

—Miss Nora Putnam, teacher in Mr. I. Patch's district, was, on account of diphtheria, obliged to close her school for a few weeks.

—The Holiday campaign has now fairly opened and Carpenter Bros. swing into line with a finer stock of Christmas goods than ever before.

—It is expected there will be a union Christmas in Normal Hall, on Friday evening, Dec. 24th, of which notice will be given in next week's paper.

—Mrs. Jaqueth, who has been spending the fall with her sister, Mrs. T. J. Baker, returned to her home in Kansas on Harvey's excursion on Tuesday of last week.

HARDWICK.

—Mrs. G. W. Houston and daughter went on Harvey's excursion Tuesday to join Mr. Houstan and son at Livermore, Iowa.

Parties sick and afflicted run no risk in buying D. R. V. G. Guaranteed by your own Druggist to give satisfaction, or money refunded. Try it.

MORRISVILLE.

—Noble Webster and family have moved to Hardwick.

—Rev. E. W. West preached at the Christian church on Sunday afternoon.

—Rev. W. H. Walbridge, of Stowe, preached in the Universalist church on Sunday afternoon.

—The scholars of the Academy held their usual rhetorical exercises on Friday afternoon of last week.

—The Congregational Sunday-school gave a very interesting concert at the church on Sunday evening.

—B. W. Green has a large force of men getting out timber for a new mill which will be raised as soon as possible.

—The Morrisville House team ran from the depot to the barns on Saturday morning, but no damage was done.

—Prof. Ober, the singing master, held his second school on Friday evening last. Nearly 150 tickets have been sold.

—Tom Belville has moved his family to Green River, and Mrs. Laraway has moved into the tenement vacated by Belville.

—The Methodist people made their pastor, Rev. N. W. Wilder, a donation party on Wednesday evening last. About $40 was left by their presence.

—Simonds, the five and ten cent man, has decided to remain here until Christmas. He has replenished his stock. Call in and see the bargains to be had.

—The Reform Club met at the Methodist Chapel on Friday evening. As but few were present, on account of other entertainments, the club adjourned to meet in two weeks with the same programme.

—The ladies' circle met at the Congregational vestry on Wednesday afternoon. The young people met at the same place in the evening, and organized a society with Prof. Dustin as president, Miss May Noyes secretary and Miss Lilla Noyes treasurer. This society will hold sociables at the vestry on every second Wednesday evening during the winter.

—The entertainment given by the Industrial Society at the Congregational church last night was a very pleasant and enjoyable affair. The tableaux were very artistically gotten up and were highly appreciated. The collection of antiquities was a rare sight, comprising some articles that came over in the *Mayflower*. The committee on this department must have ransacked the county to procure such a collection of articles altogether too numerous to mention. Dr. Dwight's Turkish collection of curiosities added much to the interest of the occasion. Refreshments were served in the vestry, and we did ample justice to them *at that time*, and cannot attempt to do so again, but we think Morrisville ladies know how to get up a treat. The society certainly must feel gratified at the result of the entertainment, both financially and otherwise.

WOLCOTT.

—Mrs. M. R. Hubbell goes to Cabot this week to go into business.

—Squire E. B. Walsh's health has been failing for some time past.

—Lumbering is very lively, teams are in good demand, and every one is in a hurry to get the most work done.

—Benj. Bedford has rented the water power at Potterville and contracted for twenty thousand logs of Cornelius and Henry Reed, which will make business lively in that direction for some time. They have engaged 20 teams to commence as soon as there is snow enough.

—Mr. and Mrs. Whitemore started for Morrisville the other day. When they got on the bridge near Mr. Bugbee's, the horse fell down in such a manner that it tipped the sleigh over into the brook, throwing Mrs. Whitemore and a grandchild out into the water, and on to the hind parts of the horse, tangling his feet in her clothes, and nearly tore them off from her as they lay in the water. Mr. Whitemore managed however to place the child on the bank, and keep the horse's head out of the water until his wife got over the horse into the road, without receiving any injury. The only damage done was a broken pair of thills.

FAIRFIELD.

—James Ryan lost a valuable horse last Monday.

—Miss Helen Northrop goes to Iowa this week for her health.

—Hay is in good demand here, $15 a ton being paid by the pressmen.

—F. M. Northrop writes from Sioux City, Iowa, that his prospects are looking up. Business is improving.

—A. G. Soule and John Rooney very luckily escaped what might have been a serious accident last Monday. As they were driving through the covered bridge, their horse gave a sudden spring for some cause or other and landed plump into the mill-pond some 15 or 20 feet below. The men were tumbled out as the sleigh took the railing, and were just saved from a ducking and perhaps some broken bones. It took a dozen men nearly half an hour to fish the horse out of the water. John has just taken to himself a better half, but we don't think that had anything to do with the accident, for he has no insurance on his life!

LOST.—On street and in halls—pocket books, umbrellas, valises, gloves, hats, handkerchiefs, &c.; also in wash, ladies' and gents' clothing. Mark everything with Howard's rubber name stamps, complete, 50 cents. Business stamps for printing advertising cards, wrappers, bags, envelopes, merchandise, &c., at 25 cents per three inch line or less. Prices free. H. H. Howard, Baxter Block, P. O. Box, 412, Burlington, Vt.

STOWE.

—The weather on Friday morning stood at 20° below zero, the coldest day of the winter.

—Singing school under the conduct of Albert Cheney is announced for this week Wednesday evening.

—The members of the H. H. Smith Post of the G. A. R., hold their annual meeting, for the installation of officers, on Wednesday evening of this week. It is expected that Col. Hooker, of Brattleboro, will be present.

—"Josh Billings" spoke to an audience of about 50 on Saturday night. The price of admission, 50 cents, is said to have frightened thousands away, and left the *enterprisers*, who got him here, about $44 out of pocket. His subject was "The probabilities of life" and he convinced his hearers that virtue of everything, lectures included, were "*mighty onsartin*."

—A harvest gathering for the benefit of Rev. Mr. Smith, will be given at the vestry of the M. E. church on Tuesday evening of next week. It is to be hoped that there will be a large turnout of the friends of Mr. Smith and family, coming laden with the fruits of the field and purse, in fact bringing everything that may be convertable to their use. Come and fill the house.

—Mr. Byington, who has been canvassing this town in the interest of the church, distributing Bibles, &c., spoke at the Congregational church on Sunday evening last, and reported but 25 per cent. of our people who attend religious services on Sunday, 16 families without Bibles, 9 of them being Protestant and 7 Catholic. This report is in keeping with our sparsely attended meetings.

—About two months ago, Mr. Lyman Buzzell, wishing to send about $18 in money to J. C. Griggs, of Waterbury, placed the same in an envelope and handed it to our stage driver, H. B. Faunce, to hand to Griggs. The envelope was neither addressed or stamped. Mr. Faunce, upon arriving at the depot at Waterbury, in a hurried manner, took from his pocket a package of letters and dropped them in the depot post-box, and among them was Buzzell's envelope containing the money. Much worryment has been occasioned by this supposed loss, but minds are now greatly relieved by the return of the money from the dead letter office.

—Col. Bailey gave one of his annual oyster suppers to his many friends of Stowe on Tuesday evening, Dec. 7th. No one knows better how to cater to the taste and pleasure of a social gathering than the Colonel. Things are always as neat as wax and orderly to a fault around his hostelry and he takes evident pleasure in entertaining those who may be fortunate enough to partake of his hospitality. The large dining hall was full of those who knew right well how to do justice to his ample board, and through the Hon. George Wilkins, expressed thanks for the rich entertainment spread before them. The Colonel replied in his happiest mood and gave assurance of his kindly and social feeling towards every one.

—The Rev. Mr. Smith has had sent him by the publishers a prospectus of Holman's illustrated and comprehensive family Bibles. This extensive work of biblical knowledge contains among other things Cruden's complete concordance, chronological and statistical tables, biblical sketches of the apostles and evangelists, extensive topographical views, a fine pronouncing Bible dictionary and many other things which are indispensable to the Bible student. Accompanying the above was a concordance and pronouncing dictionary in a separate volume. These works are to be seen at the parsonage and to those who want them, Mr. Smith would be very glad to extend his aid in procuring them. It is the most comprehensive work ever published.

EDEN.

—W. W. Smith has contracted to deliver Buck Bros.' logs, included in the Ferry job, about 8,000 in number, on the bank of the Gihon.

—How the hearts grow young as the Holidays approach! At the pleasant gathering at the Corners, last Thursday evening, to make arrangements for the Christmas tree, the aged and middle aged composed the majority of the company, and the fire of youth lit up the eyes of age as the project was discussed. It is decided there will be a tree at the Mills Friday evening, Dec. 24th.

BE ECONOMICAL.—In order to utilize our present prosperity, we must not run into extravagant notions about our houses, or our dress, or anything that is *merely* ornamental.—Many young farmers and mechanics find it easy now, to sell their produce and wares for "cash on the nail," and the temptation is greater to indulge in *costly luxuries*, than when money was scarce, but "don't you do it" boys. Just sit down with your wife, and talk up general matters, and see what your united wisdom thinks it is best to do about this, or that outlay. Ten to one she knows just as much as you do about all these matters, and will feel better in practiceing economy that she, herself helps to dictate. First pay all your debts *due*, whether it be taxes, or store bills, or interest. Then see if you can afford the substantial comfort of a new buffalo robe, a warm cloak for your wife, or a heavy overcoat for yourself. After you make another sale perhaps you can afford to add another article of comfort, or utility to the house, barn, or wardrobe. Go slowly in these matters, and don't spend all your spare cash, but keep a little for unforseen emergencies, even if you do wear a well patched garment.—SUB.

Some one calls cider "The Devil's kindling wood."

THAT'S A FACT.—A man can't work unless he feels well. The hard times have made plenty of people sick simply by worrying them almost out of their wits about money and business. Trouble of mind has brought on trouble of body. There is indigestion, heaviness in the head, and all that. Are you afflicted in this way? Go and invest One Dollar for a bottle of Dr. David Kennedy's "Favorite Remedy," and it will make a new man of you. It takes the bile out of the blood, and is worth a trip to Rondout, N. Y.,—the Doctor's home—on foot, if you can not get it more easily. First, however, see if your druggist hasn't got it. 192w2

The *Toledo Weekly Blade* say they are personally acquainted with the managers of the Day Kidney Pad Co., whom they know to be responsible and reliable men.

Old Winter has come with his great white cloak, and his roistering son, Jack Frost, is creeping in at every crevice, even into our systems, and sowing seeds of death. Do not neglect a Cold or a Cough for one day even, for it may be too late. Dr. N. G. White's Pulmonary Elixir is for sale and should be on the medicine shelf of every family; and used as directed, has already saved thousands of lives, and will yet save thousands more. d

THE SUN FOR 1881.

Everybody reads THE SUN. In the editions of this newspaper throughout the year to come everybody will find:

I. All the world's news, so presented that the reader will get the greatest amount of information with the least unprofitable expenditure of time and eyesight. THE SUN long ago discovered the golden mean between redundant fullness and unsatisfactory brevity.

II. Much of that sort of news which depends less upon its recognized importance than upon its interest to mankind. From morning to morning THE SUN prints a continued story of the lives of real men and women, and of their deeds, plans, loves, hates, and troubles. This story is more varied and more interesting than any romance that was ever devised.

III. Good writing in every column, and freshness, originality, accuracy, and decorum in the treatment of every subject.

IV. Honest comment. THE SUN'S habit is to speak out fearlessly about men and things.

V. Equal candor in dealing with each political party, and casual readiness to commend what is praiseworthy or to rebuke what is blamable in Democrat or Republican.

VI. Absolute independence of partisan organizations, but unwavering loyalty to true Democratic principles. THE SUN believes that the Government which the Constitution gives us is a good one to keep. Its notion of duty is to resist to its utmost power the efforts of men in the Republican party to set up another form of government in place of that which exists. The year 1881 and the years immediately following will probably decide this supremely important contest. THE SUN believes that the victory will be with the people as against the Rings for monopoly, the Rings for plunder, and the Rings for imperial power.

HALL'S VEGETABLE SICILIAN HAIR RENEWER

This standard article is compounded with the greatest care.

Its effects are as wonderful and satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff; and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness and making the hair grow thick and strong.

As a dressing nothing has been found so effectual, or desirable.

Dr. A. A. Hayes, State Assayer of Massachusetts, says of it: "I consider it *the best preparation* for its intended purposes."

BUCKINGHAM'S DYE,
For the Whisker's.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade to brown or black, at discretion. It is easily applied, being in *one preparation*, and quickly and effectually produces a permanent color which will neither rub nor wash off.

From a Prominent Physician.

Washingtonville, Ohio, June 17th, 1880.

DR. B. J. KENDALL & CO., Gents: Reading your advertisements in Turf, Field and Farm, of Kendall's Spavin Cure, and having a valuable and speedy Horse which had been lame from spavin eighteen months, I sent to you for a bottle by express, which in six weeks removed all lameness and enlargement and a large splint from another horse, and both horses are to-day as sound as colts. The one bottle was worth to me one hundred dollars.

Respectfully yours, H. A. BERTOLETT, M. D.

ON HUMAN FLESH.

Bakersfield, Vt., Dec. 23, 1879.

B. J. KENDALL & CO., GENTS:—I wish to add my testimony in favor of your invaluable liniment, "Kendall's Spavin Cure." In the Spring of 1862 I slipped on the ice and sprained my right limb at the knee joint. I was very lame and at times suffered the most excruciating pain. I wore a bandage on it for over a year, and tried most everthing in my reach, but could find nothing that would give me permanent relief. When I overworked, it would pain me very much. In April 1878 I began to think I should be a cripple for life; but having some of "Kendall's Spavin Cure" thought I would try it. I used one-third of a bottle, and experienced relief at once. The pain left me and has not troubled me since. I feel very grateful to you and would recommend "Kendall's Spavin Cure" to all who suffer with sprains and rheumatism. Yours truly, MRS. J. BOUTELL.

Kendall's Spavin Cure

Is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach every deep seated pain or to remove any bony growth or other enlargements, such as spavins, Splints, curbs, callous, sprains, swellings and dy lameness and and all enlargements of the joints or limbs, or for rheumatism in man and for any purpose for which a liniment is used or man or beast. It is now known to be the best liniment for man ever used, acting mild yet certain in its effects.

Send address for Illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man.

Price $1 per bottle, or six bottles for $5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price by the proprietor, DR. B. J. KENDALL & CO., Enosburgh Falls, Vt.
