### The Evangelistic Campaign

The Evangelistic Campaign, which began Feb. 8 at the M. E. church conducted by the Evangelistic Trio, Rob't O. Lewis and the Aylesworth sisters, is still in progress. Up to this time there has been manifested a very marked interest in these services and each meeting is proving that many Christian people are determined to make this campaign one of the greatest in the quickening of the church and the salvation of souls that has ever been held in Morrisville. Nearly 75 have already confessed Christ as their personal Savior and many Christians are consecrating themselves anew and are finding a clearer understanding of the Bible truths than they had ever had before.

MISS OLIVE AYLESWORTH, SINGER

Evangelist Lewis preaches the plain, straight Gospel with simplicity, yet with great power. He uses much of the good old Anglo-Saxon language—plain words to express plain truths, and attacks social evils of the day with intrepidity and depicts things as he finds and sees them with a dauntless courage of spirit that is rather disconcerting to those not ready for the truth. A noted divine is quoted as saying that he "did not approve of the methods of the Salvation Army, but that God seemed to." God's approval reduces man's opposition to a minus quantity.

Last Friday evening the Boys' and Girls' Sunshine chorus of about 60 voices occupied the platform and under Mr. Lewis' direction pulled off some very clever stunts, yells and songs. Every one was pleased with the children—they will sing again this Friday night. Don't miss hearing them.

Last Sunday p. m. Evangelist Lewis spoke to a large audience of men, taking for his subject "A Lop-Sided Man." He said some very plain things and most strenuously maintained that a fully surrendered life is one of purity of both mind and body.

Next Sunday at 2:30 p. m. Mr. Lewis will speak to women and girls over 14 only. A plain straight message, subject, "Why men go wrong." Every woman in town should hear this message.

The exceptionally fine playing and singing at each service by the trio is the source of much pleasure and enjoyment to those that appreciate good music. You can't afford to miss hearing these people sing. A traveling man was heard to remark "It was worth a great deal just to hear Miss Aylesworth play the piano."

Evangelist Lewis will give one of his strongest messages; subject, "How much do you weigh?" The subject for Thursday night will be "Is there a Hell, if so, what, where and how long?" Be sure to hear this message. Friday night the Sunshine chorus will sing and Mr. Lewis' subject will be "From Rabbish to Diamonds"—a great message. Saturday night subject, "Is there a personal devil?" Sunday morning at 10:30 subject, "Are you full?" Sunday at 2:30 p. m.—women only—"Why men go wrong."

The date for closing the campaign has not been definitely settled upon but other fields are urging the Evangelists to begin work with them. The closing service will be a very impressive one and the chorus has begun practice upon music for this great "Pink Rose Service," taking its name from the true story how Mrs. B. M. Whittemore, a wealthy New York society woman, by the use of a pink rose, rescued "Delia," one of the worst characters from the sub-cellars of New York slums. The choir for this service is dressed in white and wear pink roses. Every detail of arrangements for the service is in harmony with the beautiful theme. Watch for a special announcement of this service.

Mrs. Mamie Grout has finished work at the Depot Restaurant and Mrs. Boynton is again at the head of the culinary department.

Clarence Albert, two-months old son of Mr. and Mrs. A. R. Denton, who reside on the Stowell farm, died Sunday about noon, after a four days' illness from jaundice and convulsions. Funeral services were held from the home Tuesday at 1 o'clock, Rev. W. T. Best officiating. Interment was made in the cemetery in the Small neighborhood. The afflicted parents and little sisters, Bess and Pearl, have the sympathy of all in their bereavement.

A program of varied numbers on the new Edison Diamond Disc phonograph was given, which was much enjoyed. Cards, billiards, pool and other amusements afforded entertainment for the evening, after which various delicious refreshments, consisting of sandwiches, cake, wafers and ice cream were served. The rooms occupied by Dr. J. F. Jackson across the hall were utilized as dressing rooms and the hall provided room for dancing following the entertainment.

#### Pentecostal Church

At the Sunday morning service, the message brought by Miss Custance was from words found in Jer. 23:28. And he that hath my word, let him speak my word faithfully. What is the chaff to the wheat? Saith the Lord. The evening service which was well attended, was conducted by Miss Allen, who spoke on "Repentance."

Miss Custance and Miss Allen went to Johnson last Friday night to assist Rev. C. A. Roney, who is holding revival services in his church in that place.

Our services next Sabbath will be as usual.

Rev. W. E. Baker was in Burlington Monday.

Gentlemen's Night was observed by the Woman's Club last evening.

News has been received by friends here of the death of A. W. Davis of Minneapolis, a son of the late Mr. and Mrs. Dennis Davis, who formerly resided in the south part of town. Mr. Davis was a graduate of Peoples Academy and will be remembered by many in this vicinity.

### Congregational Church

Last Sunday morning the pastor spoke on "The Judgment Day," a large congregation listening attentively to the exposition of this important theme. Mr. Baker clearly showed that each day is a Day or Judgment. We can never tell when the real test is coming, and not always when it has come. If each day passes inspection under the scrutinizing eye of Conscience, which is God's sentinel within, we need have no fear of any Judgment Day which the future may hold for us. We are tried and sentence is passed upon us each day according to the way we use or abuse the opportunities which Life holds out to us.

Prayer meeting will be held on Thursday evening at 7 o'clock.

There will be a Get-together of the men of the church on Friday evening. Mr. Baker will be the speaker.

The subject for next Sunday's sermon is "Unconscious Influence." Robert Gordon will sing a solo at the morning service.

There will be a Temperance Mass meeting in the Methodist church Sunday evening.

### Advent Church

V. A. Ober of Johnson supplied the desk last Sunday morning. The text of a very helpful sermon was 1 John 1:7, "If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ, his Son cleanseth us from all sin." The "Walk" is our daily conduct, manner of life. "Light" is that which makes manifest. There is physical, intellectual and spiritual light. Jesus and The Word are lights. Are we walking in spiritual illumination, in the twilight, or in the darkness?

The Bible Question course was an interesting part of the Sunday School.

In the evening Rev. G. W. Tabor expounded the 4th chapter of Ephesians, and was followed by an excellent social service.

Miss Kitty E. Boynton is spending a few days with her friend, Mrs. B. A. Palmer, in Wilder.

W. W. Thomas went Saturday to Whitefield, N. H., to visit his son, B. W. Thomas, and family.

## Headquarters for Sewing Machines

The place to buy Sewing Machines is where they have them. Our specialties—New Home and Standard Rotary. Prices from \$14.50 to \$40.00.

No matter what others may say relative to sewing machines, do not be induced to purchase one of unknown value. If you purchase the New Home you will have the one KNOWN value, and a life asset at the price you pay for it. You will not have an endless chain of repairs, which is the reason for the New Home being the cheapest machine in the end to buy.

The New Home has been relieving the burdens of the housewife for the past half century and has proven itself to be the greatest sewing machine value to be had. The reason why it is better than any other is because it is of superior construction. It has the fewest working parts possible, conducive to the making of perfect stitches, fine or course, in all kinds of material in a perfect manner.

The construction of this machine has been thought out and tried out to the limit. In fact they have put so much thought into the working parts to obtain desired results and durable qualities that the purchaser need not think of repairs. This machine is built for a lifetime of service. It possesses every improvement that improves, and is kept free from useless parts, and non-essentials to be used only as talking points.

The New Home machine has ball bearing drive wheel of the most approved style. The woodwork is entirely new, has four side drawers and large center drawer. It is perfectly automatic, the head comes into place with belt on ready for sewing when the top table leaf is lifted and turned into place. Send for circulars.

Time payments can be arranged if desired

### Matter of Friends.

It is good to have a friend, but it is better to be a friend. The gain of being unselfishly loved and sympathized with and helped and cheered, is not to be compared with the gain of unselfishly loving and sympathizing and with helping and cheering another. No glad incoming to one's heart from without can uplift and enlarge it like the expansive love of a generous and self-forgetting love outworking from within.—H. Clay Trumbull.

### Care of Phone.

The most scrupulous care should be given the house telephone. Housekeepers should remember that both the transmitter and the receiver will transmit dirt germs and odors. Unscrew the tops of both and sterilize thoroughly. Warm water with weak carbolic acid, or the suds of carbolic acid soap. What care the public phones need can readily be imagined.

### Surprised by God's Faithfulness.

Amazement and shame are often among the emotion-experiences of even the mature Christian—amazement because of wonderfully answered prayer and the kept promises of our Heavenly Father, and shame because of this amazement. Again and again the glorious surprises come, that ought not to surprise us as revelations of God's love, and again and again the shame because of the doubt of God that helped to make the blessing somewhat unexpected. Some of us are far more ready to accept, without wonder, a sending that we call a trial, than we are to receive, without amazement, a gift that more than fulfills a long cherished desire. But God would have us count upon him to do more than we can ask or think. Our surprise when we get personal evidence that God is as good as his word comes from doubts that really make it harder than it needs to be for God to fulfill his purposes for us and through us. May every one of us be set free from the shame of surprise at God's faithfulness!—Sunday School Times.

### Seeking a Religion?

In the New Patriotism we are beginning to recognize at last that "man cannot live by bread alone, but by every word that proceedeth out of the mouth of God." We realize that it would not be sufficient to give, by legal decree, food and warmth and certain material luxuries to our cold and starving brothers; that discontent and selfish greed are not to be overcome by distribution. Of what significance, otherwise, were the yearning which pervades all elements of the nation today? Art, literature, science, music and philosophy have their place—yes, and religion. Are we not seeking for a religion?—From "The Modern Quest for a Religion," by Winston Churchill in the "Century."

### Mission Schools in Persia.

Miss Annie Stockwell, a missionary in Persia, estimates that there are now at least 1,000 Moslem boys and girls attending the 13 Christian mission schools in Persia. This, she says, is twice as many as were attending these schools five years ago. Of the number given, 700 are paying tuition.

### Queer English Duty.

Americans will be interested to know that from 1660 it has been customary to take a duty as one of the hereditary customs of the crown. In 1660 there was a duty of eight pence a gallon on all the tea liquor sold in all coffee houses—a great inconvenience to tea drinkers, because it was surveyed only twice a day by the excise officers, and so could only be brewed twice a day.—London Mail.

DO YOU know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing?

Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise."

Your store and your goods need more advertising than the railroads need to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world.

The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to **ADVERTISE IN THIS PAPER**
