

Vote for Frank W. Agan

He stands squarely on
two feet and doesn't
straddle.

He stands for the return
of their personal rights to
to all the people of
Vermont.

He believes they are capable of self
government.

He will voice your protest and make
you a good governor.

Agan Club of Ludlow

Allen D. Ball, Secretary

Let Tuesday's result be: Babbitt
for governor, Belknap for senator
and Gibson for congress, and feel
Windham county has made a good
choice.

Rally to the polls Tuesday or
your candidate may be defeated.
Everybody should be there—the
women as well as men!

In another column may be found
Mr. Babbitt's last appeal to the
voters of Windham county. He
well says that the voters owe it to
themselves to give him a full and
solid support.

Now that the fire king has visit-
ed us again, let's not lay down on
the job, but raise ourselves above
our misfortunes and build some-
thing, if not for a hotel. It seems
to the Sifter that the old hotel is
well adapted to take care of hotel
needs for the town after being
renovated and more rooms furnish-
ed.

The Sifter suggests that the dif-
ferent societies get together on some
kind of a mutual plan with the

Library Association, erect a two
story building with an up-to-date
postoffice in one end and a library
in the other end with a kitchen and
banquet hall on first floor and lodge
rooms and a nice large property
room for each society on the second
floor.

Weston

In our report of the Shattuck
picnic last week the type made us
say that Mr. Bryant distributed
"sandwiches" when it should have
read "souvenirs." Beg pardon.

Londonderry

Stone's Platform

Being a candidate for town rep-
resentative, I have been asked my
stand and views. I am interested
in all the people and our town—
not a few of them. That I am es-
pecially interested in schools in
our rural districts and the up-keep
of roads which will induce people
to build up and restore back farms.
That the voters of the town should

have an opportunity to vote on all
important questions before being
made a law. That the voice of the
people should be heard in future
town meetings on the liquor ques-
tion. I am interested in the fish and
game question and believe that the
season for fishing should be short-
ened to make stocking of streams
less expensive, and anything to
make our town more attractive and
desirable place to live in. I have
been asked if I thought I was quali-
fied for a representative. For the
last eight years my business has
been with and among the farmers
and business of this and surround-
ing towns and feel justified in say-
ing that I know better than the
average candidate what the public
want and need, and if elected I will
do all I can to support and protect
their interests.

D. J. STONE.
