WASHINGTON, Thursday, Dec. 11.

SENATE.

Mr. Cass reiterated his opinions on popular sovereignity, discussing the general questions involved in the debate on the President's message.

Mr. Hale proclaimed the future intentions of the Republican party, believing they would attain the power, in 1860, to apply the principle of exclusion of Slavery from the territories.

Mr. Bigler and others replied.

Mr. Bigler denied that he was a speaker at a Democratic mass meeting in favor of Buchanan and Breckinridge and free Kansas, as was expressed in a handbill which Mr. Hale exhibited to the Senate amid general laughter.

Adjourned till Monday.

HOUSE.

Humphrey Marshall made a speech to show the difference of opinions among the Democrats of the North and South, regarding the interpretation of the Nebraska bill, saying their positions were so different there was no finding out where they were.

During his speech, Messrs. Quitman, Keitt, and McMullen, the latter speaking for the Virginia delegation, repudiated squatter sovereignity, as explained by Mr. Cass.

Mr. Orr repudiated that doctrine, and admitted there were differences of opinion regarding it, among the Democracy, saying that Mr. Marshall might make the most of it.

Mr. Letcher essayed to prove that Mr Giddings and the republican party had expressed sentiments advocating Northern interference in the institutions of the South, tending to insurrection. Adjourned.

From California.

The steamship Tennessee left San Juan for New York with $270,000 in treasure.

The vote of California for President was as follows:

Buchanan,	60,000
Fillmore,	35,000
Fremont.	19,000

Buchanan's majority over both, 6000.

The Democrats also obtained a majority in both branches of the State Legislature.

The California markets are generally dull.

The news from Nicaragua is highly important.

Gen. Walker has been successful in a series of battles with the Central Americans.

On the 10th ult. Gen. Hornsby, with 200 men, defeated 1100 of the enemy, under the Costa Rican General, Canas. The enemy lost 200, while Hornsby had only 2 killed and 11 wounded.

Four days fighting at Massaya ended in the entire defeat of the enemy.

Gen. Walker had returned to Granada, and after giving three days notice of his intention to allow time for the removal of valuables, fired the place, not leaving a vestige of it.

The inhabitants of Granada had removed to Rivas, with all their effects, which will hereafter be the capital of Nicaragua.

A naval battle had taken place between the Nicaraguan war schooner Granada, Capt. Payson, and a Costa Rican brig-of-war, three times the size of the Granada. The Costa Rican vessel was blown up, and all on board of her perished.

It is estimated that the enemy have lost 3000 men in various battles since October.

PIGGISH.—Dr. Bugbee of Derby Line, Vt., killed a pig on the 5th, two days less than eight months old, which dressed 271 lbs.

The "Editor" slaughtered one on the 8th, seven months old, which dressed 281 lbs.

Mr. J. C. Butterfield, the same day, killed a pig four days less than eight months old which dressed 341 lbs.—*Stanstead Journal.*

CANADA POSTAGE.—A correspendent at St. Catharines, Canada West, says: "A very great error is made by United States correspondents, who sometimes pay the postage to the line—3 cents—which is of no avail, and is lost, as letters come with full charge, 10 cents. By the postal arrangements between the two countries, it is optional to pay or not to pay; but a partial payment, on either side, is 'struck off' by postmasters."

From the Cincinnati Times.

ADDING INSULT TO INJURY.—A Southern paper, not content with having beaten Fillmore, glories over it by publishing the following as the

FILLMORE PYRMAID.

NO NORTH!
NO SOUTH!!
NO EAST!!!
NO WEST!!!!
NO WHERE!!!!!
KNOW NOTHING!!!!!!

TO TAKE RUST OUT OF STEEL.—Cover the steel with sweet oil well rubbed on. In forty-eight hours rub with finely powdered unslaked lime, until the rust disappears.

"I DIGEST!" SUCH IS THE TRUE MEANING of the word "PEPSIN," or of the two Greek words from which it is derived. This is the significant and appropriate title of the TRUE DIGESTIVE FLUID, or GASTRIC JUICE, prepared by Dr. J. S. HOUGHTON, of Philadelphia, from the fourth Stomach of the Ox, for the cure of Indigestion and Dyspepsia. It is Nature's own remedy for an unhealthy Stomach. No art of man can equal its curative powers. It renders GOOD EATING perfectly consistent with HEALTH.

FRIENDS OF HUMANITY.

To you (always disposed to aid the suffering) it may appear incredible, after in vain trying all the "wonderful" medicines of the day, that one application externally and a few drops taken internally, of my (genuine) "Electric Oil," will so very suddenly relieve the sufferer from the most violent pains; yet it is a fact, as testified by good men and good women, whose names are at my office. Not any have used it without deriving

SOME SPECIAL BENEFIT

within an hour, and many are they who have been perfectly cured of Rheumatism, Neuralgia, Spinal and Bronchial Complaints, Croup, Tic Doloreux, Felons, Cramps, Piles, Sprains and Bruises. Cuts and Wounds, Swelled Glands and Stiff Joints, Scrofula and Erysipelas, Sore Nipples and Sugilated Breasts, Salt Rheum and Cankers in the mouth or stomach, Eruptions and "all kinds of Sores, (Headache or Toothache in five or ten minutes;) also, Chilblains or Sore or Tender Feet. It will be seen that

I do not Profess to cure Everything,

but only a certain class of complaints; all of which are curable on simple Electric and Chemical principles, through the stimulus of my 'Electric Oil,' and the Nerve Vital Fluid of the human body.

The modus operandi of progressing and ever changeable Rheumatic pain, is imperfectly understood by mankind: whether its location is the membrane or covering of the nerves, inflamed by derangement, (like the coating of an inflamed stomach,) or some disturbance of the electric fluid itself, certain it is that my 'Electric Oil' is readily absorbed into, if it does not actually supply a deficiency in, and equalize the circulation of, that great principle of living organization.

Let the skeptical and the humane look into this matter—for if these things are so

ALL ARE ALIKE INTERESTED

I will take any case from the hospitals to test it all. My 'Electric Oil' is pleasant and innocent: no danger of cold or re-action, as all will bear me witness. Come and see for yourselves.

A NEW BOOK.

A TALE OF THE SOUTH!

FOUNDED on Facts, and entitled "The Curse Entailed," by Mrs. H. B. Ingalls, a sister of Bishop Hamline of the Methodist Church. She says in her preface "She conscientiously believes the book was written under the same pressure that St. Paul felt when he exclaimed "for necessity is laid upon me; yea, woe is me if I preach not the gospel!" Feeling that God dominated it, and humanity required it, she has simply done her duty! and of which the Boston Liberator says, "It is the greatest work yet published from 'Uncle Tom' to 'Dred,'" and a book which everybody ought to read. Oh, ye ministers read it and see your responsibility! Oh, ye pro-slavery church members, read it and tremble! Oh, ye office holders and office seekers, read it and blush! Oh, ye mothers with your darling babes in your arms, read it and think that they may be kidnapped and torn from your embrace and sold into perpetual bondage, and then you will see our nation's guilt! Oh, ye children and youth read it and learn to hate slavery with a perfect hatred! Oh, everybody read it, for it is designed to cause a great sensation! one large 12 mo., price $1,25 for sale by CHESTER BROWN.
