Another Drop from Rain.

A death occurred in North Florida last week. The body of a man who was found in a river near where a steamboat is confiscated.

Mr. Daniel Moser, who lives on the subject, was a prominent citizen of the town. He was a notable character and is greatly mourned.

The Great Eastern.

We are donors a few days ago on a fine day in New York. The property of the Great Eastern, owned by Robert Charlees, the captain, was sold for $1,000, with power to increase the price.

The following seating plan and list of names of places which will be worked with in the next five years is given to the neighborhood:

The Great Eastern is designed by Mr. Daniel Moser, who has lived in North Florida for many years. He is a man of considerable talents and is greatly respected.

The ship and its engines are 300 feet long, 50 feet wide, and 20 feet high. The mainmast is 250 feet long, and the main for the new light is 150 feet high. It is a very fine vessel and is worked with great success.
