OIL STOVE BY THE CAR LOAD

Why let your wife swelter over a wood or coal stove when you can have your choice out of a car load of Oil Stoves at the prices WALBRIDGE is asking! These stoves must be all cleared out by the 1st of July, and in order to do so they are marked such low prices that other dealers cannot begin to compete. The only secret of WALBRIDGE'S low prices on all goods is this: Everything is bought in car load lots! Come in and look over the stock. Also, a complete stock of everything usually kept in a first class tin and stove store.
