

Here is Where a Small Amount of Money will Secure a Property that will in Time **MAKE YOU INDEPENDENT**

This brings before you two very attractive features of the investment in an Arcadia orchard tract. It requires little money to start this investment. The amount that is required for the first payment and the subsequent monthly payments is so small that you will not miss it. And when you have finished paying for this property and it is turned over to you fully improved, a bearing orchard tract, you have a property that will yield from \$500 to \$800 per acre.

ARCADIA

THE LAND OF OPPORTUNITY

Has the soil and the climate to produce fruit of superior quality. It has the transportation facilities that will enable the fruit grower to get everything he raises to the best markets in good time.

We want to tell you more about this opportunity, and we know that after you have investigated this and other propositions, you will do as many others have done--invest here.
