REPLY TO SHERMAN

M. H. DeYoung Says the Senator Is in Error.

AND HE QUOTES A FEW FACTS

San Francisco, Oct. 19.—M. H. De Young, who is supposed to be ill, has telegraphed the Senate that he is in the city.

"In this connection, it may be said that the senator's ambition would probably have been realized long ago if he had not taken such an extreme stand in favor of the Han lines and man controlled the New York delegation to the republic side of the party and that a corrupt bargain was made in the interest of Harrison during an interval between the adjournment of the convention on Saturday night and the time it reconvened this morning. In the first place, the New York delegation was put in the hands of C. H. Warner Miller, Frank Hinckle, Chas. M. Davis and Thomas P. Isaacs, and it was well known when the convention assembled. Second, this delegation was for Dopef first and Harrison second, even when Dopef withdrew from the fight on Friday. I proven as adjourned the next day in order to prevent a straight ticket, and in the third place, the New York delegates were firm for Harrison as a second choice and saw the support of their ticket and a corrupt bargain having been made, as Senator Sherman has said."

De Young said the senator's criticism of the ticket was not justified by facts.

"I believe that many statements in the book may be attributed to Senator Sherman's 'Nipped in the Bud, Congressional-Political Presidency,'" said De Young. "It may be seen that the senator's ambition would probably have been realized long ago if he had not taken such an extreme stand in favor of the Han lines and man controlled the New York delegation to the republic side of the party and that a corrupt bargain was made in the interest of Harrison during an interval between the adjournment of the convention on Saturday night and the time it reconvened this morning. EMPEROR'S TRIP TO STRASBURG

A Prime the Recipient of a Royal Favor

Berlin, Oct. 31.—Emperor William and Empress Augusta have returned to Potsdam after a three-week stay in Strasburg in the imperial palace. Emperor William has been received with great festivities, and the imperial family has paid an official visit to Strasbourg. The whole affair was an opportunity for the emperor to pay a compliment to the emperor and to the latter's telegram congratulating him upon his visit to Strasbourg. The fact that not a single member of the royal Bavarian house was invited to the festivities at Wœrth, had caused some displeasure in Berlin, and especially to view of the fact that the late Emperor Franz Joseph of Austria was invited to the trip of the Bavarian troops during the war.
